SPECIAL MAIL EDITION FOR: TUESDAY MORNING, SEPTEMBER 10, 1907. (ON TRAINS, FIVE CENTS.) TWO CENTS.

## JAPANESE INVESTIGATOR WITNESSES THE REAL THING

Came to America to Investigate Anti-Japanese Outrages.

Is Involved in Fierce Rioting at Vancouver, B. C.

International Complications May Arise From the Trouble.

Seattle, Wash., Sept. 9.—A dispatch to the Post Intelligence from Vancouver, B. C., says:

Following a riot Saturday evening, in Vancouver, in which Chinatown and the Japanese quarters were raided and damage done amounting to \$15,000, a further demonstration occurred later in which Koki Yino Ishii, chief of the bureau of foreign commerce and head of the Japanese consular service and Consul Naburo Hisamitsu of Seattle, were the central figures and in which a number of people were killed and injured by broken bottles and flying bricks in the hands of a mob. Baron Ishii and Consul Hisamitsu finally made their escape from the mob and the affair was immediately calmed to Tokyo.

Consent with the riot was the arrival of a steamship having on board at least 500 Japanese. With a common impulse the mob surged to the water front and as seen as the Japanese came down the gangplank, they were met by the rioters. Seven or eight of the Japanese were unceremoniously picked up and thrown into Burrard inlet.

Still further rioting occurred when a crowd of about 4,000 laborers started on the war path, but were finally quelled by the police. About twenty arrests had been made.

Last night Chinatown was roped off and the quarters of the Orientals guarded by the police. Baron Ishii gave out an interview and stated he had called to Ambassador Kuno at London appraising him of the stirring events here.

Indemnity from the city to the amount of \$25,000, the indemnity will not be paid and the affair will be taken up with the Dominion government.

Saturday night's rioting was the worst in the history of Western Canada. International complications are looked for.

New York, Sept. 9.—Akikuro Ishii, the director of the commercial bureau of the Japanese foreign office, who was involved in the anti-Japanese riots at Vancouver, came to this

## "CLOSED DOOR" ASSOCIATION

Which Conducts Camp Meeting Bitterly Opposed by Residents.

Ocean Grove, N. J., Sept. 9.—Property owners and lease holders here to the number of 200 have held a mass meeting to protest against the "closed door" policy of the camp meeting association, which denies them representation in the organization. The meetings are being held in the hall of the building erected for the purpose. It has repeatedly refused to publish a sworn statement of its financial condition. The association, by its charter granted by the legislature thirty-eight years ago, reigns over the resort and its 2,000 permanent residents.

At the meeting the Rev. J. I. Boswell, the leader of the protestants, was successful in having a committee named for the purpose of taking up and framing the grievances the residents declare they have suffered for years under the rule of what they call "Boswell's terms," a religious oligarchy. Resolutions adopted demand a complete financial report for the last decade.

## FISHERY TREATY THE SAME AS LAST YEAR.

Washington, Sept. 9.—The modus vivendi to regulate fishing by Americans in the treaty waters of Newfoundland, which was concluded in London by an exchange of notes between Ambassador Field and the British foreign office, was made public yesterday by Acting Secretary of State Ache.

Mr. Reid's note, reciting the agreed terms of the modus vivendi, is dated Sept. 4, and Sir Edward Grey's reply, while dated Sept. 6, was not delivered to Ambassador Reid until Saturday night. The modus, so arranged, is in terms and fact a substantial renewal of last year's arrangement.

## SOUTH AMERICAN WOULD FIGHT DUEL

Buenos Ayres, Sept. 9.—Deputy Antonio Pizarro has been challenged by Senator Benito Villamava, president of the senate, to fight a duel.

Pizarro, in the chamber, made the charge that the revolutions in the provinces were fostered by certain senators, among the president of the senate, hence the challenge.

TOM JOHNSON, Mayor of Cleveland, Who Will Have the Fight of His Life for Re-election, Being Opposed by Congressman Burton, Who Has the Backing of the Whole Federal Government.

## ADVANCE IN WAGES

In Principal Industries in 1906, Shown by Labor Bureau.

Retail Prices of Food Also Advanced in That Period.

Washington, Sept. 9.—The annual investigation of the bureau of labor into wages and the retail price of food, the report on which has just been placed in the hands of the printer, shows that in the principal manufacturing and mechanical industries the cost of the average wages per hour in 1906 were 4.5 per cent higher than in 1905, the regular hours of labor per week were 0.5 per cent lower, and the number of employees in the establishments investigated was 7 per cent greater. The average full-time weekly earnings per employee in 1906 were 3.3 per cent greater than in 1905.

During 1906 wages were increased generally in nearly all industries, forty of the forty-one industries covered by the investigation showing some increase. The greatest increase was in the manufacture of cotton goods, where the average wages per hour in 1906 were 11.2 per cent higher than in 1905. In the manufacture of electrical apparatus and supplies the increase was 10.1 per cent. In steel and sugar work done by contract the increase was 8.7 per cent; in iron and steel, 8.4 per cent. In the manufacture of bar iron the increase in wages per hour was 6.3 per cent. In the building trades 6.1 per cent. Briefly stated, two industries showed no change.

## MIDDLE WEST MAY CONTROL

Great Trade With South America if Waterway is Built.

Chicago, Sept. 9.—"The great Middle West will control the trade of the entire west coast of South America, when the Panama canal is completed, providing the deep waterway from the lakes to the gulf is constructed. Otherwise it will be Japan, Germany and England which will exercise sway over this vast empire to be reached up."

This statement was made yesterday by John Barrett, director of the International Bureau of American Republics, who has been in Chicago for several days conferring with men interested in the deep waterway proposition. It is his contention that the federal government should lend all the aid necessary for the construction of this ship canal to make the great advantages of the Panama canal available to the Mississippi valley.

Mr. Barrett said:

"It is not excessive to estimate the value of the products which these republics will then be purchasing from foreign countries at \$500,000,000."

"The major portion of these supplies will come from America. If the great manufacturing centers of the Middle West are provided with water transportation, it requires no stretch of imagination to conceive boats or barges loaded in Chicago, Joliet or other points, making the entire trip America has been slow to improve its waterways, much more so than any other of the great powers, and it is time we woke up to the advantages to be obtained."

## OPERATORS ARE UNEASY

Demand Men Now Working Under Contracts be Called Out.

Matter Will be Settled at Meeting on Monday Evening.

Chicago, Sept. 9.—A meeting will be held tonight by the members of the C. T. U. A. to consider the calling out of the operators now employed in the brokers and newspaper offices of this city, and the men working on leased wires.

Yesterday a petition was in circulation among the members of the organization, demanding that the officers call out these men, regardless of the existence of contracts or agreements signed since the commencement of the strike.

The petition says in effect that the signers deem it necessary "that every member of the union be called upon to cease work immediately, notwithstanding any contract which has been signed, believing that any contract made that compels one brother to work to the disadvantage of another is better broken than kept."

Prompt action is demanded of the union officials in calling out the men. The program to be followed will be settled at the meeting tonight.

## SENTENCE IS COMMUTED

Bradford to Serve Four Months and Pay Fine.

Washington, Sept. 9.—The president has commuted the sentence of James Bradford, who was convicted Dec. 23, 1905, at New Orleans, Louisiana, of defrauding the United States out of public lands and sentenced to two years' imprisonment and to pay a fine of \$5,000. Bradford did not begin to serve his sentence, having owing to appeals until June 29, 1907. The president has commuted his sentence to four months' imprisonment, which will expire Oct. 29, on condition that he pay the fine imposed. The reason for the commutation is said to be Bradford's extreme age and physical infirmities.

## STEAMER ASHORE.

The San Gabriel Aground in Fog and Will Be Total Loss.

San Francisco, Sept. 9.—The steamer San Gabriel, which sailed from San Pedro bay before yesterday for Umpuqua in ballast, ran aground one mile north of Point Reyes today during a heavy fog. It is believed that the vessel will be a total loss.

The San Gabriel carried a crew of fifteen men, and she showed no sign of wreckage at the end of her first eighteen-hourly miles.

## Farmers Are Having a Hard Time to Get Help.

---(News Item)

## WIDESPREAD DEMAND MAY CAUSE ROOSEVELT TO RUN

THE FAMOUS CLIFF HOUSE, Located on the Coast at San Francisco, Burned to the Ground Early Sunday Morning.

## FRENCHMEN REQUESTED

To Revoke the Order of Expulsion Against American.

Paris, Sept. 9.—The American embassy has formally requested the French government to revoke its order of expulsion in the case of James Winslow of New York, who recently was given twenty-four hours notice to leave France for alleged violation of the gambling laws in connection with the new club at Dinard. Mr. Winslow claims he did not manage the club, but merely innocently served on the entertainment committee. When the authorities of Dinard took steps to close the club Mr. Winslow was sent to London, where he consulted with Ambassador Field, who officially communicated on the subject with Mr. White, the American ambassador here. Foreign Minister Pichon has instructed the proper authorities to make thorough investigation of all the circumstances in the case.

## O'LEARY'S 1,000-MILE ENDURANCE WALK.

Cincinnati, Sept. 9.—During the night Dan O'Leary, the old time champion pedestrian, continued steadily his endurance test of walking one thousand miles in 1,000 consecutive hours at Norfolk, a Cincinnati suburb. Notwithstanding his 63 years, O'Leary says he will surely complete the unique walk, and he showed no sign of weariness at the end of his first eighteen-hourly miles.

(Continued on page 3, fifth column.)

## GIVES UP HIS SHOOTING IRON

Baltimore Man Feared That He Would Shoot Himself.

New York, Sept. 9.—Lieut. Thomas Flannery, on duty in the Central park arsenal police station, was startled last night when a well-dressed man walked up to the desk, placed a loaded revolver on the desk and said:

"Please take this. I am not feeling just right, and am afraid I might kill myself."

The man said he was Emil Rosenthal of Baltimore, that he had lost his business, and that it had preyed on him to such an extent that for a time his mind became a blank. When he came to his senses he was on a bench in the park.

When taken to the night court, Rosenthal promised the magistrate that he would not kill himself, and that he wished to go back to Baltimore, where he had a wife and several children. He was discharged.

## MILL GIRLS SAVE MONEY.

Taunton, Mass., Sept. 9.—The will of Anna Snow, the Scotch girl who worked in the Fall River mills, filed here, reveals the fact that she and sister Margaret saved \$15,000 from their wages as weavers in the mills for forty-five years. Most of the money is left to Perkins Institute for the Blind in Boston.

## THREE DEAD IN FIRE AT CLEVELAND SPRINGS, N. C.

Charlotte, N. C., Sept. 9.—Fire early today destroyed the hotel at Cleveland Springs, N. C., and three people were killed. They are Miss Smith of Ellboro, N. C., and two unidentified negroes, employed by the hotel. The loss is about \$25,000. Little was saved by the guests. Lightning started the fire.

## KING TO RECEIVE NEGRO.

London, Sept. 9.—Arthur Barclay, the negro president of Liberia, it is announced, is to be received by King Edward at Buckingham today.

## For Nomination as Presidential Candidate for Third Term.

Will Not Do So Unless Entire Country Demands It.

So Says Son-in-Law Longworth, in Honolulu Interview.

New York, Sept. 9.—A dispatch from Honolulu to the American quotes Congressman Longworth, who has just sailed from that port to San Francisco, as saying: "President Roosevelt will not become the candidate for renomination unless the entire country demands it. He has firmly made up his mind to stick to this course, and only a more widespread demand for him to accept the nomination will alter his determination."

## ITINERARY OF TAFT'S TRIP

Secretary Announces His Program for His World's Journey.

Seattle, Wash., Sept. 9.—Secretary of War Taft yesterday announced the itinerary for his trip around the world, as follows:

Leave Seattle, Sept. 12; due Yokohama, Sept. 25; due Kobe, Sept. 29; due Nagasaki, Oct. 4; due Shanghai, Oct. 6; due Hongkong, Oct. 11; arrive Manila, Oct. 14 (via McClellan); leave Manila, Nov. 4; arrive Vladivostok, Nov. 11; leave Vladivostok, Nov. 12; arrive Irkutsk, Nov. 16; arrive Moscow, stopping two days, Nov. 23; arrive St. Petersburg, stopping two days, Nov. 26; arrive Berlin, stopping two days, Nov. 29.

Take steamer at Cherbourg about Dec. 4. Arrive New York about Dec. 10.

## ALCOHOL WILL BE MANUFACTURED

North Dakota Farmers Will Make the Denatured Article.

Verona, N. D., Sept. 9.—(Special to The Herald.)—The farmers are interested in a proposition here to enter extensively into the manufacture of denatured alcohol. H. F. Forket, who is actively interested in the enterprise, in discussing the plans, said:

"We have organized a company at Verona to establish a plant there, if we can get some practical light on the question. I am at the head of the organization, and we don't want to go off half-cocked on anything. We are anxious to get all the facts before us, and if there is a prospect of making a success of the enterprise we intend to tackle it."

"Congressman Marshall has furnished me with some facts, including the addresses of men who manufacture machinery for such plants. I am anxious to get in touch with Senator Hansbrough, and, if possible, to have him address the people of Verona on the denatured alcohol question, as I understand he has more detailed information on the subject than any man in the Northwest."

"The proposition has a favorable appearance to us, and if there is anything in the much advertised idea, we are anxious to take advantage of it. We are especially interested in the growth and experiments being made with the new brand of potatoes, imported from Germany, said to possess exceptional alcohol producing qualities."

## OFFICIAL STANDING

Of the Baseball Clubs in the American Association.

Milwaukee, Sept. 9.—President J. D. O'Brien today gave out the official standing of the teams in the American Association of Baseball Clubs, including games of Sept. 8, as follows:

Columbus won 8, lost 6; Toledo won 55, lost 61; Minneapolis won 74, lost 70; Louisville won 72, lost 74; Kansas City won 70, lost 75; Indianapolis won 70, lost 75; Milwaukee won 68, lost 75; St. Paul won 68, lost 70.

## THREE DEAD IN FIRE AT CLEVELAND SPRINGS, N. C.

Charlotte, N. C., Sept. 9.—Fire early today destroyed the hotel at Cleveland Springs, N. C., and three people were killed. They are Miss Smith of Ellboro, N. C., and two unidentified negroes, employed by the hotel. The loss is about \$25,000. Little was saved by the guests. Lightning started the fire.

## KING TO RECEIVE NEGRO.

London, Sept. 9.—Arthur Barclay, the negro president of Liberia, it is announced, is to be received by King Edward at Buckingham today.

## WEATHER—

Clearing late this afternoon or tonight with possibly light frost in low places. Tuesday partly cloudy. Fresh northerly winds.

**Suitable For Both Wet and Dry Weather**

**\$10 to \$25**

We have always advised our patrons to own a rain coat, knowing it to be the most useful garment one can have in Duluth. Our fall lines are now complete and the prices range the same notwithstanding the great advance in the price of materials.

**ANSWER TO THE GERMANS**  
France Will Hold Morocco Responsible for Massacre.

Paris, Sept. 2.—A special meeting of the cabinet was held today for the purpose of considering the Moroccan situation. The following conclusions were reached:

1. The Moroccan government should be held responsible for the massacre of July 30 at Casablanca, as well as for the damages suffered as a result of the pillage or the repression of disorders.

2. The indemnities should be fixed by and international commission. Incidentally, this is France's answer to the demands of the German exporters at Casablanca that France compensate them for the losses they sustained during the bombardment. The conclusions arrived at are based on the precedent established after the bombardment of Alexandria by the British fleet in 1882.

After the meeting of the cabinet, Premier Clemenceau announced that he had not received any messages from Gen. Dumas, the French commander at Casablanca, or from Vice Admiral Philibert, commander of the naval forces off the coast of Morocco, regarding the result of the armistice. He added:

"M. Malpertuy, our consul at Casablanca, considers it to be a most important fact that a delegation of Moors sought to negotiate for peace, as it indicates that the warring tribes are weary of hostilities."

Casablanca, Sunday, Sept. 8.—Gen. Dumas, the French commander, is suffering from an intestinal inflammation peculiar to Morocco. His illness may postpone his assuming the offensive against the Moors if the armistice fails.

KILLS THE DIRT GERM. WHITE LILY SOAP FOR LAUNDRY OR BATH.

## SIGHT VS. SENSE

Sight tells you that most of those well-dressed men seen by men of all stations in life were made by tailors in Duluth, that know their business. Sense tells you that Mellin & Co., in their new quarters, made them, for they have the wools and give every suit their personal attention, therefore pleasing the most fastidious. In style and workmanship they are unequalled. The Big Medium Priced Tailors can save you money. Gentlemen, give us a call and we will convince you of these assertions.

**MELLIN & CO.**  
404 West Superior Street.

## GRAND JURY INDICTS FOUR; TWO FOR MURDER

Four indictments, two of which were for murder, were returned shortly before 3 o'clock this afternoon, by the grand jury.

John Johnson, the colored man held for the murder of Eva Patterson here on July 19, was indicted for murder in the first degree.

Louis Wodel was indicted for murder in the second degree, the alleged offense being the theft of \$4 from Alfred Treff in Duluth on Jan. 19, and John Pichek was also indicted for grand larceny on the charge of stealing \$40.

## CITY BRIEFS

**Cheap Rate.** We can save you money on shipping your goods to Western points. Call and write. Duluth Van & Storage Company.

**Shares.** In the Twin City and Lake Superior railroad, now selling at \$500, will advance Sept. 10th to \$600, per share. Call or send for literature. 621 Lyceum building.

**Died at Hospital.** The death of Mrs. Cara Beck, aged 40 last evening after a long illness from heart trouble. Deceased was a widow and lived with a friend, Mrs. A. E. Waldron, 275 East First street. The funeral arrangements will be announced later.

**Relatives Missed Her.** A Russian girl who arrived in the city last evening, expecting to be met at the depot by relatives, but they failed to put in an appearance. She spent the night at the union depot, awaiting her friends.

**Cut Hand With Ax.** Anton Pousar, 291 West Fourth street, is suffering from a badly lacerated hand injured while splitting wood. He was holding a piece of kindling with one hand and using an ax with the other when the sharp edge of the ax struck his hand, severing the ring finger from the hand. Several stitches were taken in the injured member.

**Heim Funeral Tuesday.** The funeral of the late Knutson Heim will be held from the Reformed Lutheran church, 26-28 North Twentieth avenue west, Tuesday afternoon at 2 o'clock. Interment will be made at Forest Hill.

**Funeral of Mrs. Stewart.** The funeral of the late Mrs. Jeannette Stewart will be held Sunday afternoon at 2 o'clock from the residence, 327 Fourth avenue east.

**"The Life of Christ."** There were a large number of people at the First Baptist church, Eleventh avenue east and Second street, last evening to hear the lecture by Madame Montague. Tonight she will lecture on "The Life of Christ," which is considered her masterpiece.

**Montreal Merchant in City.** J. J. Teller, of Montreal, Quebec, and Co., a large wholesale firm, is in the city on his way home from Winnipeg, where he has been in business for several months. Mr. Teller makes an annual trip via Duluth, and this year he was surprised at the prosperous condition of Duluth.

**Returns From the East.** After spending several months in New York and Philadelphia, Mr. S. Burrows returned to Duluth yesterday. Mr. Burrows has been touring on business in the East, but he has decided definitely whether or not he will locate there. He says the West has not felt the money stringency as much as it has been felt in the Eastern cities.

**Texas Man Visits Duluth.** A well known Texas hotel man in the person of J. W. Mudge, who comes from San Antonio, is visiting in the city, the guest of W. E. Pich, president of the Duluth, South Shore & Atlantic road. Mr. Mudge has been about the city for several weeks, which has been spent in Northern Michigan, at the Brule river and other places. Mrs. E. W. Pich's daughter, daughter of Mr. Pich, is accompanying her father.

**Three Men Join Marines.** Lieut. H. D. Smith, St. Paul, in charge of the Minnesota marine recruiting office, was in the city today and enlisted three recruits secured last week by the local recruiting officers. The men sworn in were: Lieutenant Patterson, Leve Woods and Ralph Hanson. Lieut. Smith reports that he has secured twenty-two recruits already this month in this district. He went from here to Brainerd.

**Cops on Their Way.** News was received at the police station this afternoon that the Minneapolis policemen, fourteen strong, headed by Chief Corriston, will arrive in Duluth this evening at 7:30 ready for the game with the Duluth cops at Athletic park tomorrow. The Minneapolis cops are on their way.

**TOO LATE TO CLASSIFY**

FLAUGLAND—A daughter was born to Mr. and Mrs. Frank Flaugland, 429 Magellan street, Aug. 27.

HOLMAN—A son was born to Mr. and Mrs. A. Holman, 133 West First street, Aug. 23.

**FUNERAL DIRECTOR.** M. J. Filiatrault, Both phones. W. Dul.

**FLORISTS AND DECORATORS.** EISENBERG BROS., 121 WEST SUP. ST.

## BEARS ARE STILL AT IT

Hammer Prices of Copper Shares Down Still Lower.

No Support to Market and Prices Show Shrinkage.

Heavy selling, pressure and a bearish feeling about the metal market put the price of the copper stocks off today. There was a heavy liquidation in the Greene-Canaan and some of the other leading listed and unlisted shares. The principal selling of Greene-Canaan was by New York shareholders.

The New York metal exchange today reduced the price of Lake copper 45c to 17 1/2¢ cents, and electrolytic copper was reduced 15c, making the bid price 16 1/2¢ cents.

Greene-Canaan was traded in at 11.37 1/2 during the early part of the day, but sold off to 10.87 1/2. The closing price on the stock here was 11 1/2 and 11.12 1/2 asked.

Globe Consolidated sold at \$2.50, went as low as \$1.87 1/2, and closed at \$1.75 bid and \$2 asked. Amalgamated opened at \$7.25, advanced to \$7.25, declined to \$7.07 1/2, and closed at \$7.12 1/2.

Elite Coalfield opened at \$19.50, declined to \$19 and closed at \$19 bid and \$19.50 asked. Calumet & Arizona opened at \$42, declined to \$41 1/2, and closed at \$41 1/2. Anaconda opened at \$45.50, declined to \$45 and closed at \$45 bid and \$45.50 asked.

Superior of Butte sold at \$12.50, declined to \$13 and closed at \$12.50 bid and \$12.75 asked.

Globe Consolidated sold at \$9.50, declined to \$9 and closed at \$9.25 bid and \$9.50 asked. Denn-Arizona at \$7.75, declined to \$7.50 and closed at \$7.50 bid and \$7.75 asked. Warren at \$6.50 and \$7 and closed at \$6.25 bid and \$6.75 asked.

Carman at \$4.25 and closed at \$4 bid and \$4.25 asked. Butte & Superior at \$2 and closed at \$2 bid and \$2.12 1/2 asked.

Keweenaw was inactive and closed weaker at \$7 bid and \$7.50 asked. Hancock at \$7 bid and \$7.50 asked. Copper Queen of Idaho at \$12.12 bid and \$12.50 asked. Calumet & Sonora at \$12.50 bid and \$13 asked. Cliff at \$12.12 bid and \$12.50 asked.

Black Mountain sold at \$4 and \$4.12 1/2 and closed at \$4 bid and \$4.12 1/2 asked.

E. M. Ferguson of Duluth was elected second vice president of the Duluth Business University at the annual election of the company, held at "Paddy's Palace" last week.

A number of students are interested in the company. J. H. Anderson was elected president; E. J. MacDonald, first vice president; S. E. Phillips, secretary and treasurer. The plan is being enlarged, and the outlook for the company is said to be very bright.

Stock Broker Indicted. Washington, Sept. 9.—Allison Jenkins, a stock broker, was today indicted by the grand jury for a violation of the gambling law, it being alleged that he conducted places here for the purpose of securing several new properties for the company.

A NEW TRIAL FOR BECHTEL

Owing to Lack of Witnesses, He May Never be Tried.

Minneapolis, Sept. 9.—(Special to The Herald.)—William F. Bechtel, who was sentenced, June 28, in Minneapolis, to serve five years in prison at hard labor by Judge Dickinson of the district court, after Bechtel had been convicted of grand larceny in connection with his insurance business, was granted a new trial today by Judge Dickinson.

Because of the unlikelihood of the county attorney's office being able to obtain some of the most important witnesses who figured in the prosecution of the first case, it is extremely likely that Bechtel will never be placed on trial again.

NEW ANTI-TOXIN FOR DIPHTHERIA.

Columbus, Ohio, Sept. 9.—Announcement of the discovery of an anti-toxin that will kill diphtheria germs in the living human organism within the short space of three minutes has been made at the Ohio state university.

Prof. Blyle, physiological chemist, as the result of an exhaustive technical and intricate series of tests. The anti-toxin was given tests in hospitals and private practice before announcement of its discovery was made. It is made by infusion and can be applied to the youngest patient.

CAMPBELL TRIAL RESUMED. Chicago, Sept. 9.—The trial of Amasa Campbell for the murder of Dr. Harris was resumed today in the criminal court. Unexpected delay was encountered in the selection of a jury, and it had not been completed up to a late hour today.

Snake Killing Kitten. Williamsport, Gazette: George F. Forburg, owns a cat which, strange to say, will not catch a mouse, but spends its time in the yard hunting for and killing snakes.

So far this season has caught three snakes and brought them to the house, and after laying a snake down on the porch it goes back again in to hunt for more. Two of the snakes it has caught are dead. The other, a day later, while the other was caught a day later. These three are the only ones Mr. Forburg has seen, yet some of the neighbors say they often see the cat with a snake.

Whether or not the animal would tackle anything larger than a garter snake is hard to tell, yet from the light posts it gives hold of one of these smaller species it is evident that it is not very large and is not anything more than a kitten.

See for Yourself. Another coffee hurts you. Stop to day and try well-made POSTUM.

"There's a Reason"

## BRULE IS POPULAR

Many Club Houses Along River Between Ashland and Duluth.

Gov. Johnson's Praise of That Section Helped It Along.

Ashland, Wis., Sept. 9.—(Special to The Herald.)—One of the most noted regions in Northern Wisconsin, at least for clubhouses, is the country along the Brule river, between this city and Duluth.

Those who have been familiar with the river would hardly know it now. There are no less than fifteen clubhouses on the river, within a comparatively short distance, and the number is rapidly increasing. Partly owing to a letter written by Governor Johnson of Minnesota, calling attention to the beauties of the river, which he addressed to Governor La Follette, the Brule region was set aside as a prospective state park.

The clubhouse territory, which practically covers the fishing region of the river, begins where the D. S. S. & A. crosses the river, and extends south to the river several miles. Brule station on the N. P. is about three miles from the clubhouse territory.

Near the South Shore tracks, Hartman of Duluth has just completed a new clubhouse at an expense of probably \$2,500. A short distance away, probably two blocks, are the two houses of J. J. George, the only private clubhouse on the river.

The other clubhouses, as one ascends the river, are as follows: St. Paul clubhouse, owned by Ordean, Hanford, O'Brien and others; the clubhouse of Watson of St. Paul; the clubhouse of Dr. W. H. Watson of St. Paul; the clubhouse of E. N. Saunders of St. Paul, that owned by A. Marshall of Duluth, owner of the clubhouse of Duluth, the Milwaukee clubhouse, owned by Noyes and others; the clubhouse of the Duluth club, owned by Judge Cochran, the McDougall clubhouse of Duluth, including one for the guides, one for McDougall, and one for his mother and sister, and the St. Louis clubhouse.

St. Paul clubhouse, owned by Ordean, Hanford, O'Brien and others; the clubhouse of Watson of St. Paul; the clubhouse of Dr. W. H. Watson of St. Paul; the clubhouse of E. N. Saunders of St. Paul, that owned by A. Marshall of Duluth, owner of the clubhouse of Duluth, the Milwaukee clubhouse, owned by Noyes and others; the clubhouse of the Duluth club, owned by Judge Cochran, the McDougall clubhouse of Duluth, including one for the guides, one for McDougall, and one for his mother and sister, and the St. Louis clubhouse.

## AN IMMENSE SALE OF CHINA

Lovers of Fine Crockery Have a Rare Treat in Store for Them.

Most of the women of Duluth and vicinity will remember with pleasure that for the past two years the Pantan & White company have held at this season of the year a great sale of China, which consisted of Imported Samples of fine French and German China—usually but one or two pieces of a kind.

Their buyer, while in New York, some four or five weeks ago, was able to secure from one of the largest importers there an entire line of imported samples, consisting of three-piece tea sets, sugar and cream sets, breakfast sets, plates, marmalade and condensed milk jars, water, milk and cream jugs, sprig jugs with plates, salad bowls, celery trays, olive dishes and children's sets in finest French and German china, at about 50 cents on the dollar.

The purchase is said to have cost Pantan & White company a little over \$5,000, on this basis, and is without doubt both the most handsome and finest lot of samples ever displayed before the Duluth public.

The entire lot is to be offered for sale Thursday at about half their real value (if bought in the usual way), and the department manager and assistants are working early and late to mark and arrange the goods for the beginning of the sale Thursday morning.

Without doubt this will be a great money saving event for all in need of china for immediate use, and will prove a boon to early purchasers of holiday presents.

## MANY PIGGERS CAUGHT.

Mandan, N. D., Sept. 8.—Acting under the orders from Attorney General McKim, Assistant Attorney General Andrew Miller secured the arrest of seven blind piggers in Glen Ulen Prison and six in Mandan Saturday. The officers had search warrants and secured a large supply of wet goods from the piggers. The men waited examination and were bound over to the court in \$500 each. The raid was a total surprise and consternation prevails, where once more all the towns are now supplied with lids, culinary and otherwise.

## Wedding Gifts

FOR AUTUMN BRIDES

F. D. DAY & CO.,

Established Quarter of a Century. Jewelers, Silversmiths, Stationers.

## SAVED FROM DROWNING

Party of Four Has Narrow Escape on River.

Sailboat Overturned and Sank During the Squall.

Mr. and Mrs. Arthur Barnes, their 2-year-old boy, and John Plotnick had a narrow escape from drowning yesterday afternoon, when the sailboat which they occupied, suddenly overturned and sank.

The four were enjoying a sail on the river near the Spirit Lake branch of the Duluth Boat club at the time of the accident. Suddenly a squall came up and before the boat could be brought into the wind, it overturned, throwing all four into the water. The two men helped the woman and child to the bottom of the overturned boat and then climbed on, but in a few minutes the boat went down, leaving them floundering in the water.

The child threw his arms around his father's neck, and both Mr. Barnes and his companion gave their attention to Mrs. Barnes. Fortunately, another sailboat, which had not suffered in the squall, was close behind and was brought up to the struggling people. The two men succeeded in keeping Mrs. Barnes afloat until the boat arrived, when all four were taken in. No serious results are expected from the accident, which ended most fortunately.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All drug stores sell it.

## 40 HORSES FOR SALE!

Our summer season is over and we have forty horses that we will dispose of at prices that will sell them quickly. If you want a horse of any kind—see us.

BOARD OF TRADE, LIVERY, Nearly Opposite Postoffice.

## ORDER AFFECTS HOMESTEADERS

Need Not Establish Residence on Certain Lands in Dispute.

Register of the local United States land office received a notice from the commissioner of the general land office at Washington and in it there is a ruling regarding the Northern Pacific indemnity lands, which will mean much to forty to fifty homesteaders who filed on the lands last spring.

According to the ruling, any homesteader who filed on land in dispute between the government and the Northern Pacific Railway company need not if they have not already done so, establish a residence on the land until after the order of suspension is again removed. In other words, the homesteaders need not establish residence until he is sure that he can get the land.

These indemnity lands of the Northern Pacific have been in dispute for some time, and there had been an order of suspension until last March when this order was cancelled by the government. Later on in April the Northern Pacific filed a motion for a re-view on the matter and the order was again suspended.

But from March to April, after the order had been cancelled, many settlers filed on the lands thinking the dispute was over, and it is on account of these that the ruling has been made.

**Citizens of Warroad Ask for Railway Extension to That Section.**

Warroad, Minn., Sept. 8.—(Special to The Herald.)—A mass meeting of the citizens of the town was held at the city hall for the purpose of selecting a delegate to go to St. Paul to confer with James J. Hill in regard to the Warroad extension. C. E. Carlquist was elected to represent Warroad at a meeting of the delegates from various towns throughout the county to be held at St. Paul Tuesday. The business men of the city have been requested to write to their wholesale dealers to assist the delegates in all possible manner to get the road completed this fall.

## QUEEN'S AUTOMOBILE IS STOPPED BY AUTO.

Madrid, Sept. 8.—An automobile from the royal stables in which Queen Victoria was driving yesterday, from San Sebastian to Bilbao, was suddenly confronted by a large bull, which planted himself in the roadway, immediately in front of the queen's car, and compelled the chauffeur to put on the brakes hurriedly and stop the machine. No collision appears to have occurred, but her majesty is said to have been greatly affected by the unexpected meeting with the bull.

## THIRTY MEN AT WORK.

Building Camps on Site of New Steel Plant.

Something like thirty men are at work on the site of the new steel plant, between West Duluth and New Duluth. These men are employed by the contractor, who is erecting camps for the Minnesota Steel company's workmen, who will be employed on construction work.

## CONTRACT AWARDED

George H. Lounsberry Will Repair Franklin School Building.

His Was the Lowest Out of Seven Bids Tendered.

George H. Lounsberry will make the repairs on the Franklin school building, Seventh street and Fifth avenue east, which was recently gutted by fire. He has agreed to do the work for \$13,400 and the board of education decided this afternoon to award the contract to him.

The board held a special meeting this afternoon at the office of President Codding for the purpose of opening the bids for the repair work on this building, and five of the members were present. The meeting was called to order shortly after 1 o'clock. In all there were seven tenders received by President Codding and opened at the meeting. The amounts for which the contractors agreed to make the repairs ranged from the \$13,400 bid tendered by Mr. Lounsberry to \$17,375, the bid of Smith & Vokes.

The contractors and their bids for the work are as follows: George H. Lounsberry, \$13,400; Theodore Nauffts, \$15,539; T. F. Johnson, \$14,496; William Fawcett, \$14,630; J. J. Hilliard, \$14,440; and Smith & Vokes, \$17,375. It is seen that in several cases the bidding was very close, although there is a spread of the bids.

It had been expected that bids would be opened at the meeting last Friday, but owing to the fact that the specifications had not been placed in the hands of the contractors until Friday afternoon, only two bids were received that evening. These were returned, and this afternoon set as the date for opening the bids.

As the school building is needed as soon as possible, it is expected that Contractor Lounsberry will begin work on the job immediately. At present, churches and Sunday school rooms are being used to house the various school children, who would have attended at this school.

No other business was transacted at the meeting of the board this afternoon.

Chauncey Olcott Recital

Free, at the Glass Block, Thursday and Friday afternoons.

## RAILROADS THE DELAY IS SERIOUS

Minnesota & International Work Progressing Very Slowly.

May be Month Yet Before Laying of Last Rail.

The delay in the construction work of the Minnesota & International road to the border is even more serious than that reported at first. It is now anticipated that the line may not be completed until well along in October, despite the fact that rails were within the hands of the contractors for some time. The road new has an order in Duluth for a large crew of men, and it is understood it could readily use 100 laborers. The delay is due to the fact that it is very hard to get for it has been pretty well advertised that the contract was practically completed, and laborers are aware of this fact. They feel that it would hardly be worth their while to hire out on the work, because of the chance of their being sent to the front when the completion of the line. From present indications the jobs will be put off for some time yet, however.

The fact that labor is hard to get has been an additional handicap to the work.

## DISCRIMINATION.

Claimed That Great Northern is Favoring Sioux City.

Lincoln, Neb., Sept. 8.—The Willmar & Sioux Falls railway, a part of the Great Northern system, was today directed by the railway commission to cease discrimination against Omaha in grain shipments. The Omaha Grain Exchange company complained that the railroad refused to furnish cars for shipment to South Omaha or Omaha, holding the cars for shipments to Sioux City and Minneapolis. The commission ordered the railway officials to furnish cars in the order required by patrons, irrespective of destination.

## GRAND ARMY MEN ARE ASSEMBLING.

Saratoga, N. Y., Sept. 8.—The arrival of hundreds of Civil war veterans here today for the forty-first annual encampment of the Grand Army of the Republic point to a very large crowd ever assembled in Saratoga. By night 50,000 strangers will be here, of whom 15,000 will be veterans.

## OPERATORS RETURN.

Omaha, Sept. 8.—The telegraphers' strike in Omaha received a blow today when three of the very best chess operators returned to their old positions in the Western Union. A fourth striker, who applied for his position, was refused by the company claiming to have enough men to handle the business promptly.

**Kick Against Depot.**

A formal complaint in regard to the Northern Pacific passenger depot at the East end has been filed with Commissioner Erickson of the state railway commission. It is maintained that the building was never intended as a depot, but was formerly used as a street car barn and is unfit for depot purposes. A hearing will be had in the matter in the near future.

**The Lid on Tight.**

The lid seems to have settled down tight in Superior, and fits so snugly that there is a happy absence of jags and violations of the Sunday closing laws, which is very noticeable. Yesterday things were as quiet as a graveyard, and there was "nothing doing" for thirty cents. There were no arrests and everything points to a wholesome respect for the law here. The new ordinance relative to saloonkeepers removing screens from the front of their places of business, thus permitting a view of the room, is an aid to the police in enforcing the law.

**Make Summer Resort.**

Lake Nebogamon is to be made into a summer resort by the Weyerhaeuser interests. The Wisconsin town was started by the lumber barons, but since the closing of the sawmill the town has become almost depopulated, for there is nothing to hold the residents in the place. The Weyerhaeusers owned a number of cottages, formerly occupied by mill employees. These are now vacant, and will be moved across the lake and placed in the woods along the pretty shore, for rental to summer cottagers. The lake is one of the prettiest in the state, and the place will probably develop into a popular summer resort.

**The Question of Wages.**

To the Editor of The Herald:

Reading articles at different times in The Herald which I think have a tendency to mislead instead of informing its readers, I have in mind the article in last night's issue, entitled "The Iron Law of Wages." I will ask The Herald what wages are and from whence did they originate? Wages have not always existed. Wages are what is known as a product of modern times. Wages as known today are the result of an agreement, and after the fulfilling of the agreement comes the wages. Agreements are made between two or more different persons, one who is in a position to dictate to the other what that agreement shall mean. The small portion of people owning the mines, mills and factories are themselves placed in a position to offer a certain set rule which people may accept or reject. They are fit, knowing full well that the people must work or starve, and their choice is one of concession and not one of freedom of contract, as many suppose. We poor devils do something like this: We go to the office of shop in the place where we are looking for work and act as follows: In the office we go in very meekly, as we do not wish to disturb our lordship to the extent that he may become grumpy and rough, and possibly may order us out of his presence. What I have said so far has been my experience. Now what I shall say more comes from books. The term wages has no meaning except

**FOR Y. M. C. A. PURPOSES.**

Old Board of Trade Building Suggestive as Ideal Quarters.

A project is being considered by which the old board of trade building may be secured for Y. M. C. A. purposes and the project has many advocates who are strongly in favor of it.

tion, signed by every cigar manufacturer and every brewery or other concern using United States revenue stamps located in St. Cloud, Brainerd and surrounding cities and towns, asking the location of an office for the sale of revenue stamps. This request has been forwarded to United States Senator Knute Nelson, who is asked to take the matter up speedily with the department of internal revenue at Washington, D. C.

During the past year there was expended for revenue stamps in the district of Minnesota \$1,000,000. In the present existing condition, manufacturers who are compelled by law to use revenue stamps have to send their money to the United States to be found to purchase in larger quantities than desired in order to avoid a possible rush of business, which would necessitate the purchase of more stamps than they have on hand.

"No meat breakfast for mine! I can hardly wait mornings for the clock to strike—time for *Malta-Vita*." The KID.

Begin the day well by saying "Malta-Vita and cream."

A crispy flake that melts in your mouth—dainty and appetizing, yet full of nourishment. The best cereal that ever went onto a table.

**FREE LECTURES**  
On Character Analysis and Health Culture at Finster's Auditorium, 212-220 West First street, Tuesday, Wednesday and Thursday, Sept. 10, 11 and 12.

**Katherine M. H. Blackford, M. D.**  
President of the American School of Humanities, will deliver a brilliant course of lectures on Humanities, the new Philosophy of Human Life, which teaches Financial Success, Health and Happiness in a new and practical way.

Tuesday Night, 8 o'clock, "Humanities: The New Science of Brain Building."  
Wednesday Night, 8 o'clock, "The Brain Age."  
Thursday Night, 8 o'clock, "Health: How to Obtain and Maintain It." Scientific demonstrations of Character Analysis given each evening.

### HER SHOES WILL PINCH.

New Fall Styles Have the Spike Toe and Straps.

Chicago, Sept. 9.—Women's shoes are going to pinch this fall, according to the styles shown at the second annual shoe and leather fair. They are to be pointed more sharply than in many seasons, and on far from common-sense principles. Masculine leather wear runs to grace rather than comfort, too, but the needle effect is not quite so pronounced. Buckles are decreed by fashion for autumn. Some patterns for men show two buttons and one buckle. Women's pumps are mostly of the strap variety.

### CLAIRVOYANT ACCUSED.

Said to Have Advised Firebugs to Kill a Man.  
Lima, Ohio, Sept. 9.—John Prowant, found with a bullet hole in his head

and his body weighted with stones in a river near Dupont, was murdered. It is alleged, on the advice of a Lima clairvoyant, who informed "firebugs" that a young man stood in their way.

"He must be done away with," was the advice given by the clairvoyant, according to Mamie Powell, sweetheart of Thomas Elmer, who was arrested here for alleged connection with an arson case.

Detectives are searching for another member of the gang of incendiaries who, it is said, assisted in the murder of Prowant.

### FLEET IS UNPREPARED,

Says the Navy, a Technical Journal, Regarding Pacific Cruise.

Washington, Sept. 9.—The Navy, a technical journal devoted to the discussion of naval problems, criticizes the course of the Pacific squadron. The Navy is opposed to the cruise not on account of the supposed offense to the Japanese, but solely on

account of the alleged unpreparedness of the fleet.

"It seems to us," says the article, "that this great fleet should not be sent to the Pacific coast at an extra cost of hundreds of thousands of dollars for coal, when, as a matter of fact, it is not fit for battle. Until the fleet is fully equipped with the control apparatus, ammunition and torpedoes, it certainly ought to spend its time on this side in assiduous practice of battle tactics."

### ROOSEVELT IS ON HIS WAY EAST

President's Son Concludes Visit in Northern Minnesota.

The visit of Theodore Roosevelt, Jr., to Northern Minnesota came to an end yesterday. After spending several days at Coleraine, Minn., as the guest of John C. Greenway, an old friend of the president, the youth arrived over the Missabe road yesterday afternoon and went direct to the Omaha depot to board the limited for Chicago and the East. He traveled alone.

Young Roosevelt has been given so much unwelcome attention by the press that he is shy of all newspaper men, and will have little to say for publication. Much disgust is felt in Duluth over the fact that game wardens are reported to have boasted that the president's son would be arrested if he attempted to hunt in the state without a license. Neither the youth nor Mr. Greenway would admit if their inclinations led that way.

Occasional headache, belching, bad taste in the mouth, lack of appetite and slight nervousness are symptoms of indigestion which, when allowed to go uncorrected, will develop into a case of dyspepsia that will take a long time to get rid of. Kold will make your food do you good and will enable you to enjoy what you eat. All druggists.

### TRUST BUSTER VISITS DULUTH

Frank B. Kellogg Will Soon Continue Standard Oil Prosecution.

Frank B. Kellogg of St. Paul, who is attorney for the government in the suit to dissolve the Standard Oil company, was in the city yesterday, a guest at the Kitchie Casino club. Mr. Kellogg was successful in bringing the career of the paper trust to an end, and became famous because of this success. The Standard Oil case has brought him more than ever into the public eye.

Mr. Kellogg says the taking of testimony will begin in New York on Sept. 17 before Hon. Franklin Ferris, special examiner, appointed by the United States court in St. Louis. Mr. Kellogg expects to arrive in New York next Wednesday. He did not venture an opinion as to how long it would take to complete the case. A year was taken up by the paper trust case.

### OLD WELL DANGEROUS.

Complaint Made of Unprotected Hole on Restormal Street.

Complaints have been made by residents of Restormal street of the danger of an accident from the presence of an old and unused well at No. 307 Restormal street. A gentleman called at the office of the health department recently and stated that the well is not surrounded by an inclosure sufficient to keep the little ones away from it, and he feared that sooner or later some of the many children playing in the neighborhood might fall into the well and be drowned.

The attention of the police has been called to the matter and the well will be filled in or surrounded by a safe inclosure.

### Fell Down Stairs.

Edward Daly, a cripple, sustained severe injuries in a fall down a flight of stairs at the rear of the Northland hotel, Lake avenue, Sunday night. His arms were amputated some years ago below the elbow and he was unable to help himself when he fell. Fred Bentley, another roomer, was in front of Daly when he fell and was knocked down, receiving several bruises. Daly was unconscious for some time and fears are entertained for his recovery.

## INDUSTRIAL SCHOOL NOW

Plans For Irving High Are Along These Lines.

Three Years' Work to Be Carried On There.

The Irving school, West Duluth, opened this morning as an industrial high school, with a complete three years' course of study.

Two year high school work was carried on at the Irving last year, but the school was not then designed as an industrial or manual training institution. The board of education decided to make this of it only last spring. It was then decided to add another year's work there.

The first steps have been taken, and it is expected that in time and when conditions demand it even more than now, the Irving will become a full-fledged high school, with four years of study embracing all of the features of the mechanic arts high schools which have proven so successful in other cities.

The need of such an institution is felt. A majority of the members of the school board and citizens feel as school Director J. L. Washburn does, who said at a recent meeting of the board: "I shall oppose the establishment of any more classical high schools. The industrial high school is the thing to prepare a great majority of the young men and women of the land for the battle of life."

At the present it would seem that West Duluth is the proper location for such a school here, and hereafter, the school work there is to be laid along industrial lines.

Supt. Dondell, in preparing a course of study for the Irving, considered the courses in vogue at the Mechanic Arts high school, St. Paul, and at industrial and manual training high schools in Chicago, Indianapolis and other cities. Following is the proposed course of study at the Irving high school, approved by the school board at its meeting Friday evening:

First year, first semester: Algebra, German or French, history, stenography, typewriting, English, bookkeeping, woodwork, mechanical drawing.

Second year, first semester: Geometry, German or French, history or stenography, English, typewriting, woodwork (turning), mechanical drawing, botany.

Second year, second semester: Geometry, German or French, history, physics, English, ironwork, mechanical drawing, commercial law.

Third year, first semester: Solid geometry, German or French, physics, English, ironwork, mechanical drawing, commercial law.

Third year, second semester: Trigonometry, German or French, physics, English, ironwork (forge), mechanical drawing, civics.

## WARM CONTEST IS PROMISED

In Campaign Between Johnson and Burton for Mayor.

Cleveland, Sept. 9.—The contest between Mayor Tom L. Johnson and Congressman Theodore B. Burton as the Democratic and Republican candidates respectively for mayor of Cleveland, promises to be a most exciting political event. The endorsement of Mr. Burton's candidacy by President Roosevelt, it is said, may be followed by a speech here by the president later in the campaign. The president is to start from Cleveland on the coming trip of the Inland Waterways commission on its tour of investigation down the Mississippi river, and Republican leaders believe that while here he may be induced to make a speech urging Burton's election.

The Democratic executive committee has called the city convention, at which Mayor Johnson and the ticket with him is to be named, for Sept. 19. Mayor Johnson has declined to discuss the matter since the announcement of Burton as a candidate, but it is said he has assurances that W. J. Bryan and other leading Democrats from various parts of the country will come here to make speeches in his behalf.

Cleveland is regarded as normally Republican by from 7,000 to 10,000 majority in national election, and up to the advent of Mayor Johnson

SEVENTY-FIVE persons of Swedish extraction formed the Wennerberg Memorial association at an informal meeting held last evening at the office of Dr. J. J. Eklund, 5 East Superior street. The association's aim is to raise money to buy a statue of the great Swedish composer, Gunar Wennerberg, to be erected in one of the city parks.

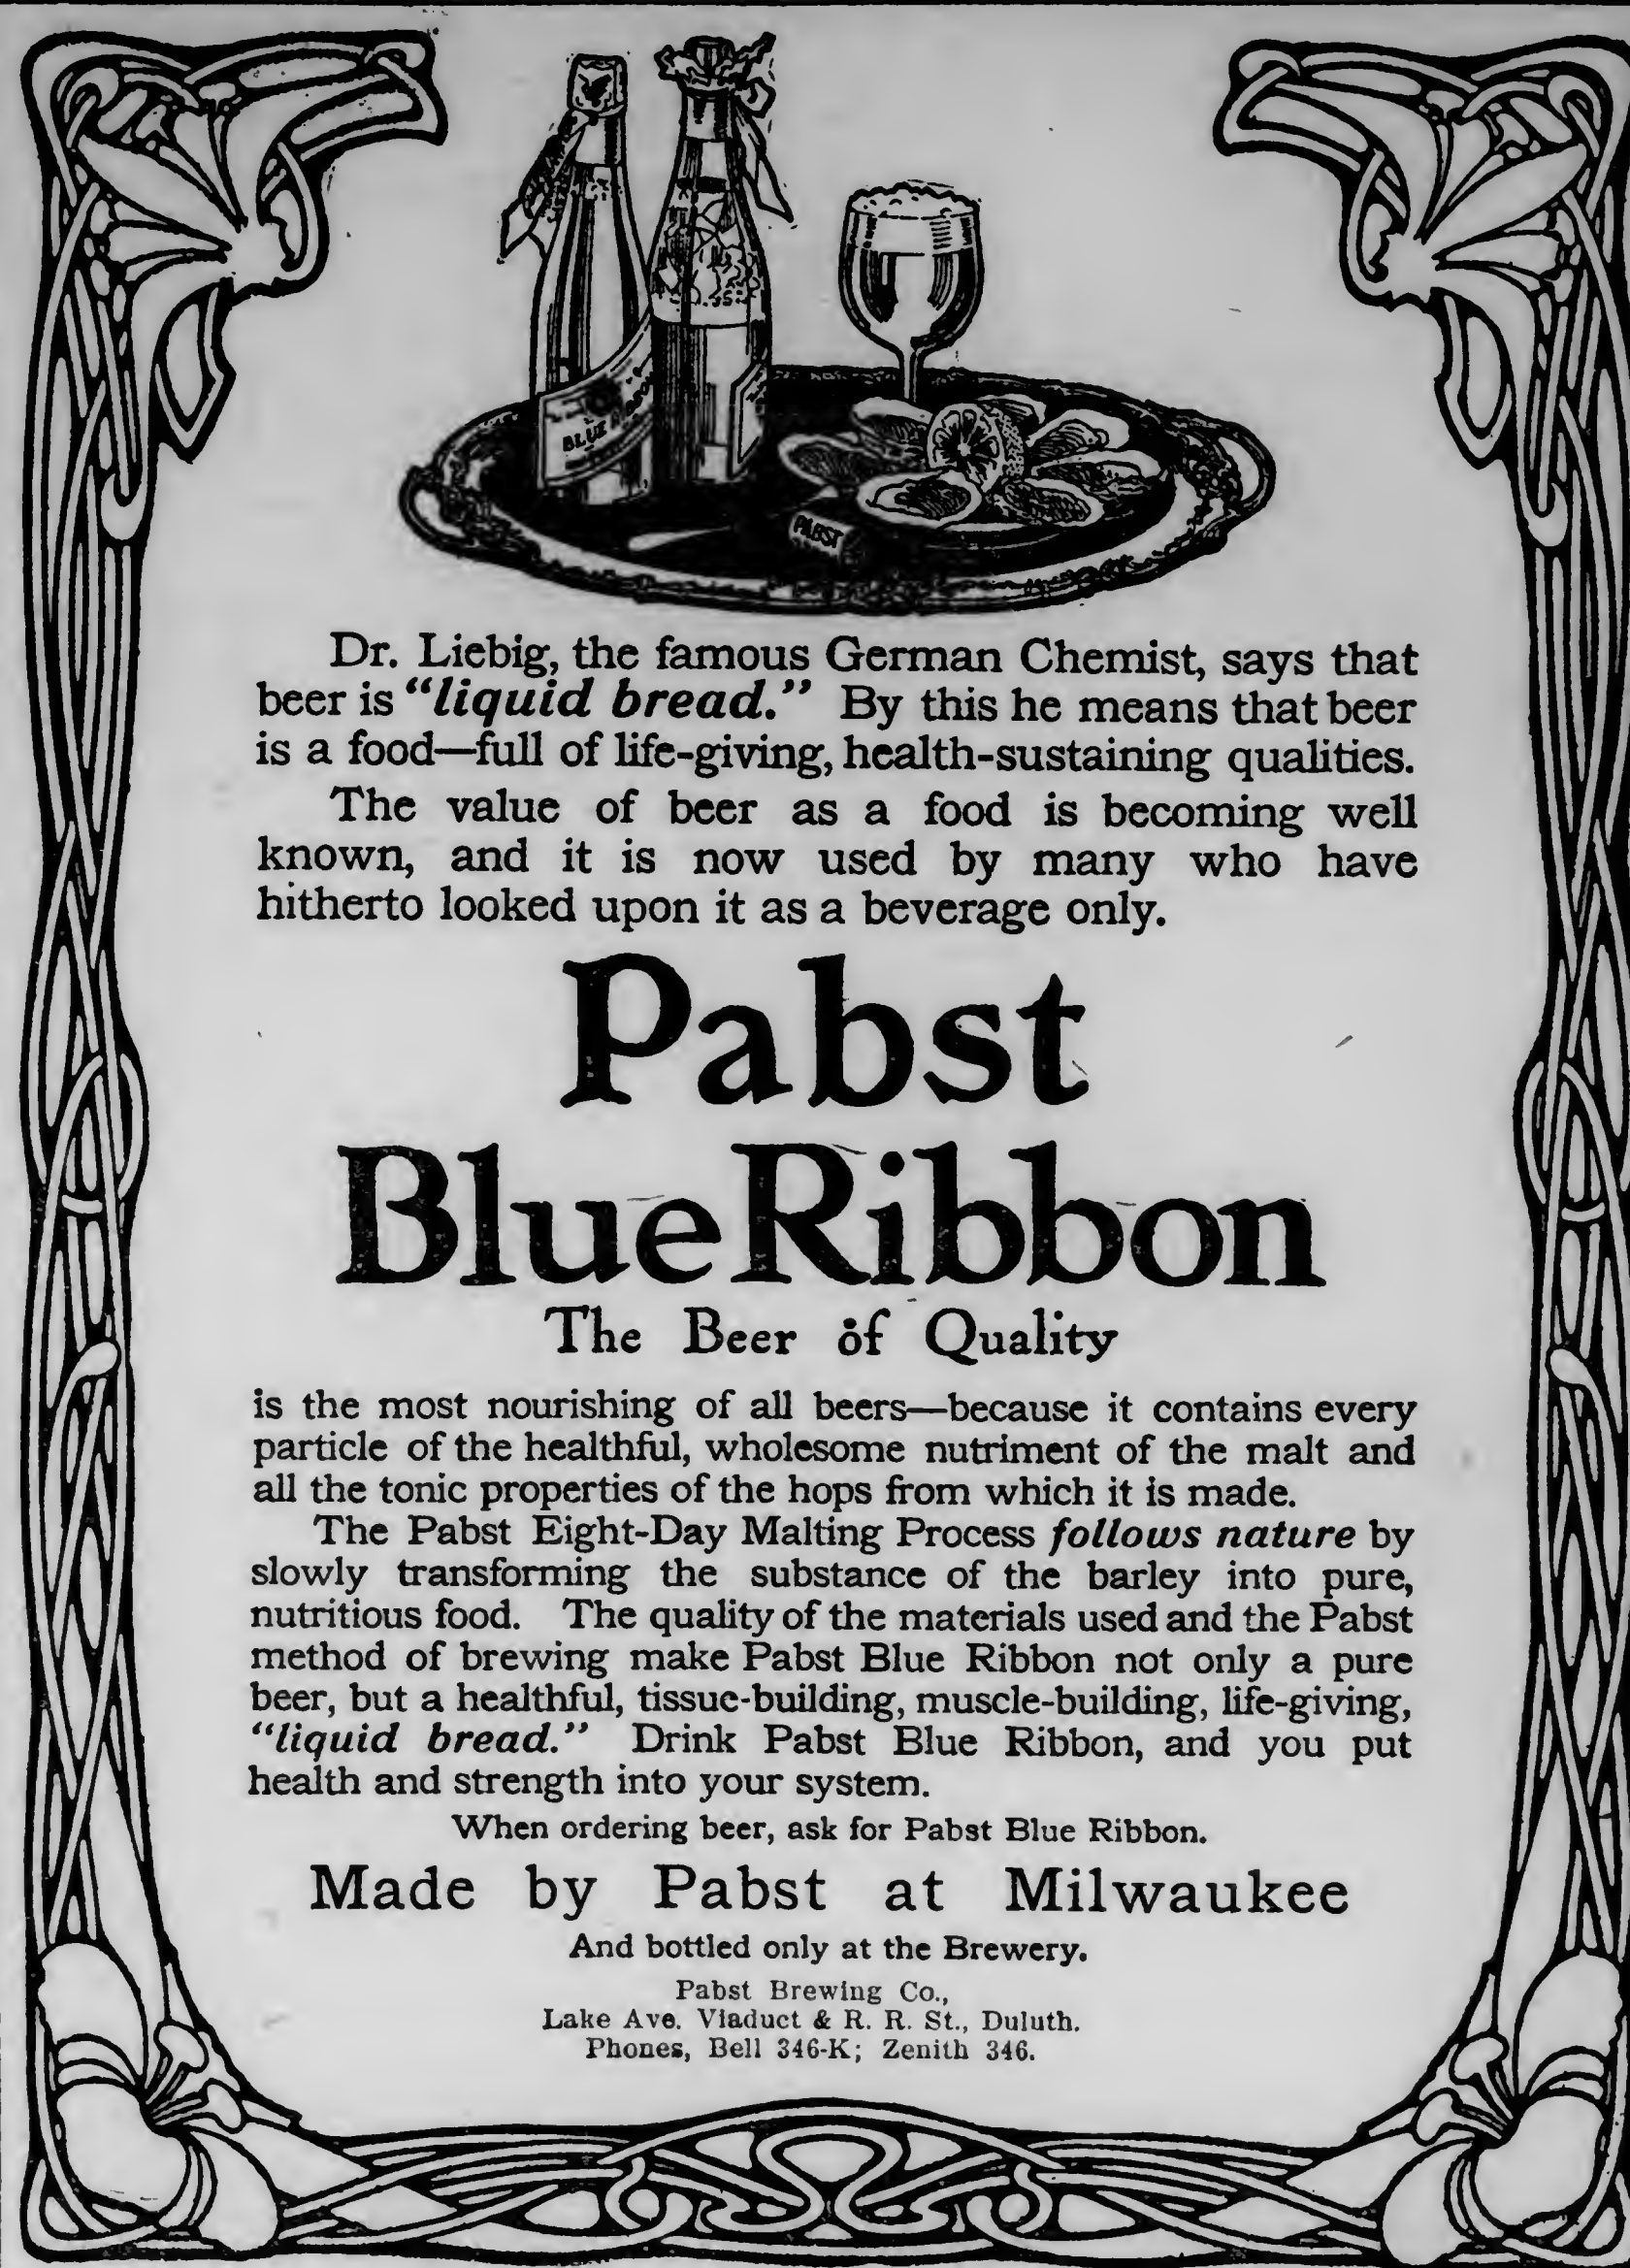

Dr. Eklund was elected chairman of the meeting and Hjalmar Ahl secretary. The chairman is to appoint an executive committee, which will elect a treasurer, the only other officer of the association.

It was decided to hold a Wennerberg concert in Duluth Nov. 8. Some intimation of it was given in The Herald last week. At this function only the compositions of Wennerberg will be heard.

**LAND NEARLY ALL GONE.**  
Land Office People Say It Will Not Last Two Years.

In the opinion of the officials of the United States land office in Duluth there will be very little government land available for homesteads two years from now. There now remains 515,000 acres in this district and at the rate it has been taken during the past two years the officials think it will be pretty well gobbled up by the summer of 1909.

Homestead land to the amount of 265,000 acres has been taken up in the northern part of the state during the last two years, and it is said by the officials that most of those who have taken claims are actual settlers and

Dr. Liebig, the famous German Chemist, says that beer is "*liquid bread*." By this he means that beer is a food—full of life-giving, health-sustaining qualities.

The value of beer as a food is becoming well known, and it is now used by many who have hitherto looked upon it as a beverage only.

## Pabst Blue Ribbon

The Beer of Quality

is the most nourishing of all beers—because it contains every particle of the healthful, wholesome nutriment of the malt and all the tonic properties of the hops from which it is made.

The Pabst Eight-Day Malting Process follows nature by slowly transforming the substance of the barley into pure, nutritious food. The quality of the materials used and the Pabst method of brewing make Pabst Blue Ribbon not only a pure beer, but a healthful, tissue-building, muscle-building, life-giving, "*liquid bread*." Drink Pabst Blue Ribbon, and you put health and strength into your system.

When ordering beer, ask for Pabst Blue Ribbon.

Made by Pabst at Milwaukee  
And bottled only at the Brewery.  
Pabst Brewing Co.,  
Lake Ave. Viaduct & R. R. St., Duluth.  
Phones, Bell 346-K; Zenith 346.

### Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workers needed to construct the Panama canal. Many are restrained, however, by the fear of malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by all druggists, etc.

## Women Avoid Operations

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

The very thought of the hospital, the operating table and the knife strikes terror to her heart.

It is quite true that these troubles may reach a stage where an operation is the only resource, but a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after an operation has been decided upon as the only cure. The strongest and most grateful statements possible to make come from women who by taking

**Lydia E. Pinkham's Vegetable Compound** made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 26th St., N.Y. She writes: "Dear Mrs. Pinkham:—'Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I doctored and doctored with only temporary relief and constantly objecting to an operation which I was advised to undergo. I decided to try Lydia E. Pinkham's Vegetable Compound; it cured me of the terrible trouble and I am now in better health than I have been for many years.'"

This and other such cases should encourage every woman to try Lydia E. Pinkham's Vegetable Compound before she submits to an operation.

**Mrs. Pinkham's Standing Invitation to Women**

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.

## SPORTING NEWS OF THE DAY

EVEN BREAK  
AT HIBBING

Sox Tie Up on Series by  
Winning Sunday  
Game.

Took an Awful Wallop-  
ing From the Bushers  
Saturday.

Hibbing, Minn., Sept. 8.—(Special to The Herald.)—After taking a walking Saturday by a score of 16 to 1, the Duluth White Sox turned around yesterday afternoon and trimmed Hibbing. They had to go to do it, though, getting the big count of 2 to 1 score.

Wix Tredway, who started in to pitch Saturday, and was yanked out of the game in the second inning, went back yesterday. He took a big collection of the stuff that goes to make a writer and he dashed it out in wild concoctions that made the Hibbing men dizzy. It was a complete reversal. They hit him merrily for the short time he was given up to the sacrifice Saturday, but yesterday he had them hooked completely with men on bases.

Jack Glaze didn't put out his best by any means. He had one bad inning, the fourth, but in the other innings, he showed the Sox that they were only taking four hits from him and two of them came in the fourth inning.

Pat Flaherty, erstwhile manager of the Hibbing team, who is wearing a Duluth uniform in the homecoming trip, was responsible for the victory. In the fourth inning, he induced grounders by Thompson and Hickey, errors placing both men on base. Pat Flaherty came up with a big pole, swung it viciously and sent the ball sailing for two sacks, scoring McDonald and Thompson for the only two runs. It gave the Sox the lead and there was never another chance for Hibbing.

Duluth.....099200000-16  
Hibbing.....001000000-1 6 3  
Batteries—Tredway and Monroe; Glaze and Carroll.

Saturday's game was a farce, a nightmare and a violent attack of delirium tremens all gathered into nine horrible innings. The Sox won't there a little bit. Brady's club hit the ball all over the lot and scumpered around the bases while the Sox muffed, batted and made a terrible mess. Tredway started in to pitch, but his work was on the line of Mother Casey throwing stones at her children. After he had passed a few men and there were some hits, he was yanked out to act the leading comedy role. He acted in and Hibbing finished up with action big scores. Jim Hickey kept the oval mark out of the Duluth column by swinging one over the fence in the seventh inning. Score: R. H. E.  
Duluth.....099200000-16 3 0  
Hibbing.....001000000-1 6 3  
Batteries—Tredway, Summers and Monroe; Glaze, Rosevear and Carroll.

TO APPOINT OFFICIALS.

Central Board of Football Officials Will Meet Sept. 27.

New York, Sept. 8.—The central board of officers, a sub-committee of the intercollegiate football rules committee, yesterday announced that it has decided to continue the practice inaugurated last season of appointing officials for all games when requested to do so by the colleges contesting and to return an official list of officers approved by the board, which was made last year. The board will meet Sept. 27.

MILITIA TO  
PLAY BALL

Indoor Game Will Flourish in Duluth This Year.

League of Four Teams Will Probably be Formed.

With the close of the league baseball season in Duluth, and the approach of the time when outdoor ball of any kind will be made impossible by weather conditions, the indoor baseball enthusiasts are becoming active and preparing for a record season in Duluth.

It is very probable that indoor baseball will be fostered principally by the members of the two companies of the National Guard, to play weekly at the Armory. The Armory is well adapted for the indoor game, and in the rainy days of the sport in Duluth was used by the teams of the old city league. The league was fast, and the game flourished, but gradually the militia needs required the Armory more evenings each week, and the league was frozen out of existence.

The militia boys will be able to use the Armory after drill on drill nights, and they will play one game a week in the four-team league. It is not very probable that any outsiders will be taken in, but the teams will be made up wholly of members of the militia companies.

As soon as the season gets well under way efforts will be made to bring some of the crack Twin City teams to Duluth, and games may also be arranged with teams in Superior and some of the smaller towns. A large number of professional ball players remain in Duluth during the winter and they will probably get into the game.

The professional ball players, who make their home in Duluth, have been talking the game, but unless they can break into the league, there is little hope for them. There is no place to play other than the Armory, and the league will probably require the entire use of that.

The professionals could certainly get together a fast team. Al Cummings and Frank Summers make their home in Duluth. Newt Randall, the Boston National outfielder, will be home for the winter. St. Louiser, the Edmonton team of the Western Canada league will also probably be back, and Jimmy Leighty, who is shortstop, is to make his home in Duluth this year. The remainder of the team could be chosen from the results from the big band of outdoor ball players in the semi-professional and amateur teams, and a corking good game would be the result.

LADY JANE IS WINNER.

R. B. Odell's Ona-O Defeated in Close Motor Boat Race.

In probably the most exciting motor boat race of the year, Charles Fitzgerald's Lady Jane won from R. B. Odell's Ona-O Saturday evening on the Duluth Boat club. The boats raced about three miles and at the finish the Lady Jane had a lead of about 100 feet.

The race was exciting from start to finish. The boats got away together and it was nip and tuck all the way. There was scarcely ever open water between them. They made the turn and raced for home together. The Ona-O pulled to the front a little as they neared the boathouse, but the Lady Jane came up in the final quarter mile and crossed the finish line with the bow of the Ona-O lapping her stern. It was one of the prettiest finishes ever seen at the boathouse, and the winner was vigorously cheered by the assembled spectators. The race was 14 minutes and 30 seconds for the three miles.

COPS ARE BEATEN.

Courthouse Crowd Falls on Thorsen in Eighth.

Five errors, two passes and four clean hits, all bunched into one inning, gave the courthouse baseball team five runs in the eighth inning of the game with the policemen Saturday, and the cops went down to defeat by a score of 7 to 3.

It was a great finish. For seven innings Thorsen, the big finger of the red-clad guardians of the peace, had the county minors where he wanted them. The cops gave him beautiful support and at the end of the seventh the score stood 3 to 2 in favor of the policemen.

Something dropped in the eighth. A couple of the police fielders fell down on easy chances and Thorsen began to open up. He passed two men in succession and the courthouse crowd began to cheer. They rapped it heartily, handclapped the police fielders and errors began to pile up with hits. At the finish they had scored five runs and it was all off with the cops.

Wharton pitched nice ball for the courthouse team all the way.

FALL SUITS

It will be to your interest if you intend getting a fall or winter suit to call and see our stock. On both suits

And Overcoats

We can save you money and guarantee you will be thoroughly pleased in every way.

MORRISON

8 LAKE AVENUE SOUTH.

COPS WILL  
PLAY BALL

Minneapolis Policemen Will Meet Troyer's Men in Game.

Proceeds Will Go Toward Fund for Emergency Hospital.

Who unto the unlucky disturber who starts a riot tomorrow. If anything should happen to call out the entire police force, the guardians of the law would be tempted to do most of the rioting themselves.

For no more cops will be on duty tomorrow than are absolutely necessary to care for the welfare of the city and the safety of its citizens and property. Every surplus man will send his way to Athletic park and there will don a red uniform and do his best to down the clan of Corriston.

The big chief from Minneapolis will arrive tomorrow with his copper ball players and tomorrow afternoon at Athletic park there will be war between the enemies of disturbance. The cops of the Mill City have been beating everything in their class. But Chief Troyer says their class isn't very much and, though misfortune has attended some of the efforts of the Duluth team on the diamond, the amount at stake tomorrow will key their nerves to such a pitch that an error will be an unpardonable crime and a hit an achievement for a Carnegie medal.

To get down to facts, it shouldn't be a bad game. The cops can play some ball. Thorsen isn't a false alarm pitcher, by any means. There are few of the amateurs of Duluth, who have anything on him. The game will be for blood and the intensity of the rivalry will add zest to the conquest. The proceeds will go toward emergency hospital fund and the worthiness of the cause promises a good crowd in the stands.

The Duluth team will line up as follows:  
Thorsen, pitcher; Harwood, catcher; Walsh, first base; Towse, second base; Hannett, third base; Rothie, shortstop; Wosterland, left field; Lahli, center field; Bartlett, right field.

BETTING IS  
GUESSWORK

Joe Gans and Jimmy Britt Are Both in Good Shape.

Men Easily Make Weight and Good Go is Expected.

San Francisco, Sept. 8.—Joe Gans and Jimmy Britt are both ready for the clang of the gong that will summon them this afternoon to enter upon the contest for the lightweight championship of the world. Both claim to be in perfect condition, and to all outward appearance, both are fit.

The fight is scheduled to go twenty rounds, and it will be called promptly at 2 o'clock. Both men are to weigh in at 133 pounds. The ring is being prepared for the fight at the Hotel Hamilton. The fight will be a main event of the evening.

It is also contended that Britt has shown wonderful improvement in cleverness and hitting power since he was thrown into the discard one year ago. In his training Gans has given evidence that he is where he was when he won the championship from Ernie five years ago. This time he has made the weight easily.

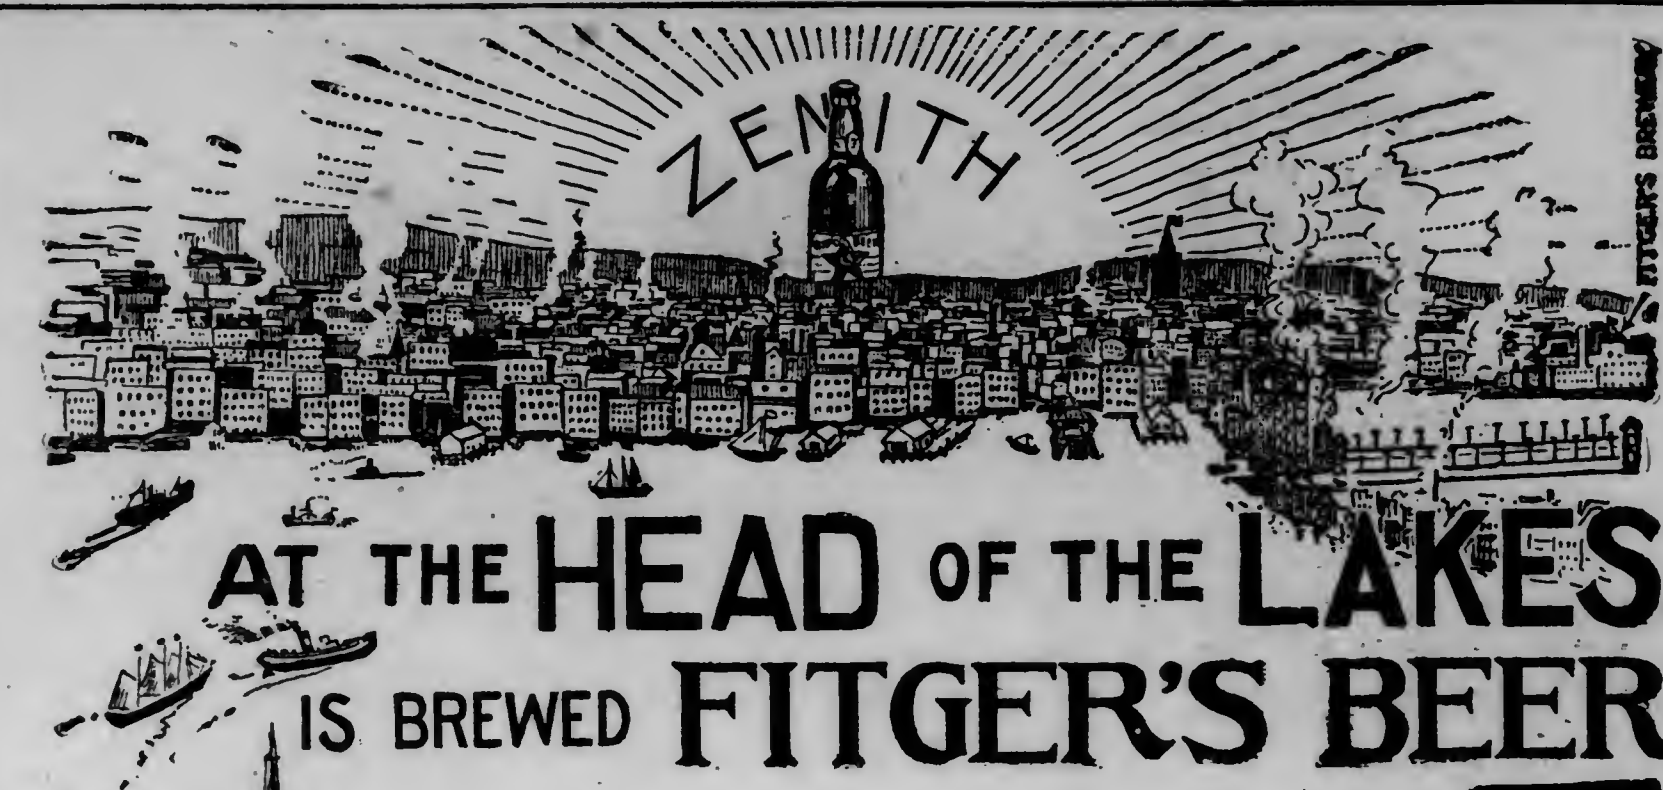

Britt believes that Gans' weakness is his strength and part of his preparation has been to practice body blows with which he expects to wear the champion down. While both are conceded to be game, they are entirely opposite in temperament. Britt is aggressive and mercurial, while Gans is patient and methodical. On form the situation is full of perplexities.

In the betting, it is largely a guess on one side that Gans has lost his stamina and on the other that the colored man has not yet begun to deplete his strength. The betting is mostly at odds of 10 to 5, with Gans the choice. Both men did light work yesterday.

LOWERS THE RECORD.

Champion C. W. Daniels Swims 100 Yards in 25.5 Seconds.

Manchester, Sept. 8.—Charles M. Daniels, of the New York Athletic club, in a race here Saturday lowered the world's 100-yard swimming record, swimming the distance in 25.5 seconds, going practically

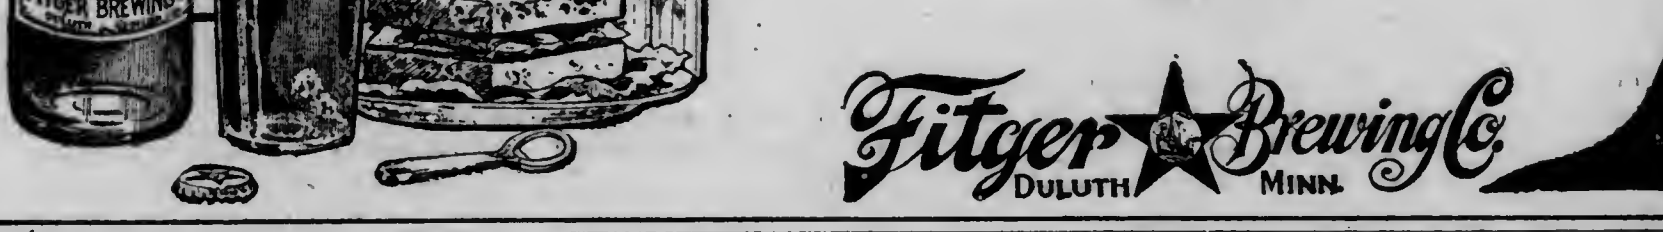

AT THE HEAD OF THE LAKES  
IS BREWED FITGER'S BEER

ON LAKE SUPERIOR, whose waters have been proven by scientific tests to be the best adapted to beer brewing of any in the world, the Fitger Brewing Co. have, for the last twenty-five years, been brewing their famous beer. Famous for its

Sparkling Color  
Delicacy of Flavor  
Unequaled Healthfulness

Healthful because of its absolute purity, being made from the best materials obtainable and by the most advanced processes. You will find in FITGER'S BEER a delicious tonic that will build up your wasted tissues, and the very small amount of alcohol contained (from 3 to 3½ per cent) will materially aid digestion.

Order a case for your home—let your family share in its healthfulness and thereby decrease doctor's bills.

SURPRISE AT  
TENNIS COURTS

Paine and Kennedy Win Finals in the Doubles.

Paine and Kennedy sprung a surprise on Bissontette and Washburn at the Endon tennis courts Saturday, winning in easy fashion in successive sets by the score of 6-0 and 6-3.

The winners simply rushed their opponents off their feet and won without difficulty. Bissontette and Washburn should have been the favorites, but they were in wretched form and did not play their usual game, while the winners played hard and consistent tennis.

The battles of the winners for the right to challenge Finch and Loren Kennedy for the Head of the Lakes championship cup. If the latter win, the cup will be theirs, as they have already won it twice. The game will probably be played this week.

## GET AN EVEN BREAK.

Fitwells and Coleraine Each Win One Game.

Coleraine, Minn., Sept. 8.—(Special to The Herald.)—Coleraine and the Fitwells of Duluth broke even in a double-header here yesterday afternoon, the Fitwells winning the first game by a score of 11 to 6 and the Coleraine the second by 3 to 1. The ground was wet and soggy from the recent rains, and the games were not exhibitions of truly high-class ball.

The battles of the winners for the right to challenge Finch and Loren Kennedy for the Head of the Lakes championship cup. If the latter win, the cup will be theirs, as they have already won it twice. The game will probably be played this week.

## CLIFF HOUSE IS DESTROYED

Famous San Francisco Hotel Burned to the Ground.

San Francisco, Sept. 8.—The famous Cliff House, built on a bluff overlooking the Pacific ocean, was burned to the ground Saturday evening. The fire broke out in the building about 5 o'clock and an hour later a blackened heap of ruins was all that remained of the historic structure.

## BUY LARGE TRACT.

Marquette, Wis., Sept. 8.—A Chicago syndicate, headed by O. K. Munson, and including the president of the A. C. McClurg company and the secretary and treasurer of the Chicago Traction company and some fourteen others, has purchased of the Grimmer Land company of this city a tract of 6,000 acres of land in Amberg township, this county. It was reported that a large sheep ranch was to be started on it, but this has not been confirmed.

## REMOVES S.S.S. BLOOD HUMORS

When the blood becomes infected with unhealthy humors the effect is shown on the skin in the form of pimples, rashes, eruptions, or some other type of skin disease. These humors circulating in the blood, come in contact with the delicate tissues and fibres of the skin and produce irritation and inflammation, and often excessive itching and burning. Trying to cure skin troubles with external applications is treating the effect instead of the cause. Such treatment perhaps allays some of the itching and discomfort, but does not reach the blood where the real source of troubles lies. A thorough cleansing of the blood is the only cure for humors in the blood. S. S. S., a gentle acting, safe blood purifier, is the proper treatment. It goes down into the circulation and neutralizes the humors and removes them from the blood. S. S. S. supplies the blood with the fresh, healthy properties necessary to sustain the skin and keep it free from disease. S. S. S. cures Eczema, Tetter, Acne, Salt Rheum, pimples, boils, rashes, and all other skin affections and diseases, because it purifies the blood and removes the humors which are responsible for the trouble. Book on Skin Diseases and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

WEATHER MAN  
IN THE SULK

Rain and Raw Winds  
Mar Sunday—People  
Stay Indoors.

The weather man sulked yesterday and Duluth people were obliged to remain indoors, read books and papers and gaze out of windows upon a murky sky and the dreary sight of muddy streets and driving rain.

Parks were deserted and only those who found it necessary went down town in the morning.

The rain fell at intermittent periods during the day and into the night, and the air was raw and chilly.

The Hebrew New Year came in yesterday and thousands of Jewish people attended worship in their synagogues. The theaters drew good audiences in the afternoon and evening, however, the rain ceasing for a time and with the dreary aspect out of doors the playhouses were all the more alluring.

furnished, for light housekeeping; in-  
quire 626 West Third street.

## NEWS FROM THE WEST END

LITTLE BOX  
BLOWS UPSupposed Electric Battery  
Proves Infernal Ma-  
chine For Boy.West End Lad Is Severely  
Injured by the Ex-  
plosion.

An old electric battery he was playing with proved an infernal machine for Willie Ekholm, for it exploded and injured the boy so severely that part of his right hand must be amputated and there is danger of one of his eyes being injured. The accident occurred yesterday afternoon.

Young Ekholm is about 14 years of age and lives with his parents at 2105 West Superior street. He had just returned to the West end and to school after a visit with relatives in the country. There he found what he thought to be an electric battery, but it proved as dangerous as the inevitable "mou can" on the Fourth of July.

Yesterday afternoon young Ekholm was conducting an investigation over the supposed battery when it exploded. His right hand, which held the deadly instrument, was terribly torn, and pieces of flying metal and other substances blew in his eyes. There is danger that the acids, which the battery contained, may permanently injure the eyes and cause trouble in the other wounds.

The noise of the explosion and the cries and the maimed lad brought other people to the spot, and the bleeding boy was carried into the house. Dr. Greeley was summoned, and he found it necessary to amputate one finger at once. The thumb on the right hand will probably have to be amputated today.

While the boy is seriously injured, he has a good chance for recovery, unless grave complications caused, perhaps by the acids in the battery, set in.

## West End Shortfalls.

Edward Thompson has returned from a three-weeks' trip through the East. He visited friends in Buffalo and Toronto.

The Epworth League Sewing society of the First Norwegian-Danish M. E. church met last evening at the home of Miss Mary Otterson, 2125 West Second street.

Mr. Hartwick O. Hanson will give a party tomorrow evening at her home, 2015 West Third street, for Miss Anna Hanson, whose marriage takes place in the near future.

The Ladies' Aid society of the First Norwegian-Danish M. E. church will meet Thursday afternoon at the home of Mrs. Andrew Jenoff, on Twenty-first avenue west.

The Young Ladies' society of the First Swedish Baptist church will hold its regular monthly meeting at the church this evening.

The Young Ladies' society of the First Swedish Baptist church will hold Bible study Thursday afternoon at 3 o'clock at the home of the pastor, Rev. A. Edman, 114 Nineteenth avenue west.

In connection with the regular literary program of the Epworth league, at the First Norwegian-Danish M. E. church, this evening, Madame Montford will deliver her lecture on "The Shepherds of Palestine."

The Missionary society of the First Norwegian-Danish M. E. church will hold a session at the church tomorrow evening.

The parochial school of St. Peter and St. Paul's Catholic church has opened with a large attendance.

L. A. Johnson has moved into his handsome new residence at Third street and Twenty-sixth avenue west.

Mr. and Mrs. Frank O. Lundberg of 1916 West Second street are rejoicing in the arrival at their home of a baby boy.

A daughter has been born to Mr. and Mrs. Robert McClements of 2715 West Fourth street.

A daughter was born yesterday morning to Mr. and Mrs. E. Berglund of Carfield avenue.

## ROY M. PRYTZ CO.

1927-1929 WEST SUPERIOR STREET.

WILL HOLD  
A JUBILEESwedish Sick Benefit So-  
ciety Plans a Monster  
Celebration.Committee is Appointed  
to Make Preliminary  
Arrangements.

Some time in November the members of the Swedish Christian Sick Benefit society will hold a ten-year anniversary jubilee. At the last meeting of the organization, which is almost altogether a West end affair, it was decided to properly observe the tenth anniversary of the organization, and a committee was appointed to make preliminary arrangements for the celebration.

The committee comprises A. Thoren, president of the society; Andrew Horgren, financial secretary; Gust Lundgren, John Sundeen and Nils Persson. This committee will determine upon a date and the nature of the entertainment to be held. The committee will hold its first meeting Sept. 18 at Thoren's store.

Neither the members of the special committee nor the other members of the society have decided just what form the celebration will take. It will probably be a banquet and an entertainment, however.

The officers say that at the end of the tenth year of its existence, the society was never in better condition, having more than \$1,000 in the treasury.

At the last meeting, held Friday evening at Sloan's hall, the attendance was large and several new names were accepted as members.

## A DOUBLE WEDDING.

West Enders Bidden to Pleasant Ceremony at Columbia Hall.

Many West enders have received invitations to a double wedding, which will be held Saturday evening, at 8 o'clock, at Columbia hall, Twenty-sixth avenue west and Superior street.

At that time Miss Emma Mattson will become the bride of Herman Althanson, and Miss Ina Mattson will wed Arthur Abrahamson. The prospective bridegrooms are brothers, and the prospective brides are also related, although they are not sisters.

A large number of invitations have been issued.

## Back From Auto Trip.

Alfred Swedberg, the West end druggist, who went to Minneapolis last week, returned yesterday. His machine came back by freight, but not because of any indisposition. It was a part of the original plan to have it come back that way.

While Mr. Swedberg was away, he traveled more than 1,000 miles in his machine. He says that the trip to Minneapolis returned yesterday. Mr. Swedberg rode all about the Twin Cities in his car, and went from Minneapolis to St. Cloud and back.

## A PROMINENT WOMAN SHOT

(Continued from page 1.)

more recently promoted and transferred to the United States cruiser Tennessee, now with Admiral Evans's fleet off Provincetown, Mass., on target practice, was absent.

The shots awakened the oldest boy, Frank, Jr., and the mother cried to the boy to get up and see what was taking in my pistol and shot me. Go quickly for help.

The boy rushed for help, but when he returned with neighbors his mother was dead. An effort was made to inform Lieut. Rorschach by wireless of the tragedy.

The Rorschach home is immediately in

the rear of the naval hospital woods in Portsmouth and near a lumber mill to which negroes frequently pass. A new boy who lives near the home, saw a negro shortly after the tragedy running rapidly by his home towards the small footbridge, whence the bloodhounds went when they caught the scent. The negro was taking off his coat.

While Mrs. Rorschach had a lamp in her hand the burglar was in the kitchen and when she was found lying with her head on the second step. The pistol had slipped close to her left breast over her nightdress and discharged. It was a five-shooter and only three chambers were empty. Of these two were fired by Mrs. Rorschach, and one fired by the burglar. Her money and jewelry were untouched.

The victim's youngest child, Lawless, slept through the excitement. Mrs. Rorschach was a handsome woman, about 32 years old and one of the most accomplished musicians in Virginia.

Lieut. Rorschach was formerly of Kansas, but was appointed to the navy from Virginia.

BABY WILCOX  
IS RECOVERING

Scarlet Fever Patient in  
Section House Doing  
Well.

Baby Wilcox, the infant who has been treated for scarlet fever in a section house of the Duluth & Iron Range road, has about recovered and will soon be discharged and the quarantine from her temporary hospital raised.

The little one, in spite of the unfavorable conditions which surrounded her first sickness, the hurried trip to this city, failure to obtain quarters and the final disposition of her in a deserted section house, has hung between life and death for several weeks but finally made fair to score a victory over the Grip Reeper.

The child was taken ill at Clouet and the parents hurriedly came to Duluth bearing their sick baby with them. A physician pronounced the case one of scarlet fever and application was made at the hospital but accommodations could not be given the tiny sufferer. The child spent a portion of the night in the office of a physician when the father, after vainly trying to locate a suitable place for his little one, took possession of the section house and there the child has been treated through the long weeks of a serious illness. The father purchased the supplies for the family and brought them to the old house, left them at a certain spot and then retired while the mother came out for them. The family, according to the health officers, has been very considerate in their strict observance of the quarantine placed on the recovery of their little one is the cause of much rejoicing.

There is more Catarrh in this section of the country than all other parts put together, and until the last few years was supposed to be incurable. A great many years doctors pronounced it a chronic disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by druggists, or  
Take Hall's Family Pills for constipation.

WILL LAY  
THE STONEJoyous Event for the  
Presbyterians at Hun-  
ter's Park.Cornerstone of New  
Church Will be Put  
in Place.

At 5 o'clock this afternoon the cornerstone of a new Glen Avon Presbyterian church will be laid before a gathering of the members of the congregation and their friends. The services will be conducted by the pastor, Rev. C. J. Faries.

The services will be opened with the invocation, pronounced by Rev. Faries, and will be followed by the singing of a hymn, "Christ is Made the Sure Foundation." An historical sketch of the church will be read, and "The Church's Own Foundation" will be sung immediately before the laying of the cornerstone. The articles to be placed in the box in the stone will be copies of today's local newspapers, a copy of The Interior, a denomination paper published at Chicago, the historical sketch of the church, a role of the officers and members of the church, and a role of the officers, teachers and members of the Sunday school, a copy of the Bible and the last church manual. The pastor will officiate at the laying of the cornerstone, and the services will close with prayer, singing of "Praise God From Whom All Blessings Flow" and the pronouncement of the benediction.

The present church structure was erected by A. Macfarlane at his expense and presented to the church body, which met for organization, Oct. 25, 1933. With twenty charter members the church was organized at that time by Rev. T. M. Findley. The first pastor was Rev. H. A. Montgomery, whose term was from November, 1886 to Aug. 1, 1894. Rev. J. W. Jones was the next pastor, having been at work on their program for months. Their first thought was to back Judge George Gray of Delaware, but the judge would not consent. Then there was some talk of taking up Judson Harmon of Cincinnati, but it did not crystallize. Finally it was decided to try to get a Southern candidate in the field. An emissary was sent from New York first to see Senator Daniel of Virginia, but the senator was unwilling to become a party to the program. This emissary then went all the way to Texas to try to persuade Senator Culberson to enter the race. The Texas shock his head. "Texas Democrats are for Bryan," said he, "and if I should become a candidate I would be charged that I was disloyal to Bryan."

Other Southern possibilities were considered, but all were rejected, after an absence of six weeks, returned and reported that it was impossible to get a Southern candidate in the field. There was "nothing doing" for a month, and then the name of Chanler was sprung. As far as can be seen he has not caused a single thrill. The one thing that makes him impossible as a candidate is the very gentlemanly and the men who are trying to get him into the race are the same men who brought out Alton Parker and succeeded in nominating him.

CANADIAN GOVERNMENT  
WILL APOLOGIZE.

(Continued from page 1.)

It developed that Ishii did not want time to spend in Seattle and he went through to Vancouver. Simultaneously with his going, the leaders of the anti-Japanese society went north. They were in Vancouver when the outbreak occurred and though announced private letters from anti-Japanese leaders that they harangued the mob not to do violence, the society itself believes that they had to do with their presence. It was impossible to present a big anti-Japanese petition to Ishii here, and the petition long enough for the Vancouver demonstration, Sept. 12. There is no question whether Seattle, Portland or San Francisco agitators took part. The great bulk of the marching and rioting throng was composed of Canadians, and the Japanese officials ignored American participants in the telegram of protest to the Ottawa government.

Fall and winter struts at the "Fitwell," \$3 to \$5.

WOULD CLEAN  
OUT A SALOON

Charles Peterson, Crazy  
Drunk, Made Things  
Lively for Police.

Charles Peterson, a young man about 25 years of age, who has been a terror to the residents of the West end for some time, was arrested last evening by the police.

Peterson was arrested shortly before 9 o'clock last evening in the saloon of Andrew Peterson, 122 West Superior street, where he had moved his cot and was preparing to clean out the place.

The man was crazy drunk, according to Officer Olson, who arrested him and showed him to the rooming house to remove him from the building. As he was being hustled down the street, screaming at the top of his voice and fighting against the police, he had to have been in several fights last evening before he was placed under arrest. He sukked in court and made no defense.

## TO ATTEND MEETING.

Duluth Odd Fellows Will Attend Gathering at St. Paul.

The meeting of the Sovereign Grand Lodge of the Independent Order of Odd Fellows, to be held at St. Paul on Sept. 16, will be attended by a number of Duluth members of the order. Prizes to the amount of \$7,200 will be distributed in various ways. The contests will include drills, the biggest membership in attendance, bonds, etc. With the military branch of the order the prizes in some cases run as high as \$500.

Duluth has arranged to have a staff committee for a degree work, but the executive committee thought it best to exclude Duluth and the Twin Cities from these contests. The smaller

JOHN A. JOHNSON  
IN FAVORPresidential Stock of  
Governor of Minne-  
sota Looking Up.The Man Upon Whom  
the Party, Probably,  
Can Unite.

Indianapolis, Ind., Sept. 10.—A Washington special to the News says: The presidential stock of John A. Johnson, governor of Minnesota, is looking up. Students of the democratic situation take this view. If William J. Bryan wants the nomination he can have it. If he shall make up his mind eventually not to run again, Governor Johnson is the man upon whom the party can, probably, unite. Among some of Bryan's close friends here the impression is growing that he may decide not to take the nomination. They say he does not desire to lead his party to another disastrous defeat and he is not at this time at all certain that he can be elected. His friends here say he may not give his final decision until next spring. He wants to wait and see what comes of the session of congress. He may keep his party in suspense until a few weeks before the convention meets. One thing he has determined on, and that is that the coteries of Eastern and Southern Democrats who have been busy for several months trying to break his hold on the party shall not elude him. He proposes to do the eliminating himself, if any is done, and he wants to be in a position to have an influential part in naming the candidate.

The latest move on the part of the Eastern and Southern representatives of the party—that is, in favor of Lieutenant Governor Lewis S. Chanler of New York—is regarded by most persons in the national convention, and they hope to keep him out of support from New Jersey, Delaware, Maryland and some of the Southern states. They have been at work on their program for months. Their first thought was to back Judge George Gray of Delaware, but the judge would not consent. Then there was some talk of taking up Judson Harmon of Cincinnati, but it did not crystallize. Finally it was decided to try to get a Southern candidate in the field. An emissary was sent from New York first to see Senator Daniel of Virginia, but the senator was unwilling to become a party to the program. This emissary then went all the way to Texas to try to persuade Senator Culberson to enter the race. The Texas shock his head. "Texas Democrats are for Bryan," said he, "and if I should become a candidate I would be charged that I was disloyal to Bryan."

Other Southern possibilities were considered, but all were rejected, after an absence of six weeks, returned and reported that it was impossible to get a Southern candidate in the field. There was "nothing doing" for a month, and then the name of Chanler was sprung. As far as can be seen he has not caused a single thrill. The one thing that makes him impossible as a candidate is the very gentlemanly and the men who are trying to get him into the race are the same men who brought out Alton Parker and succeeded in nominating him.

If there is one thing the Democratic party does not intend to do next year it is to take a candidate for president picked by the crowd that backed Parker. The coteries of Democrats on the one side and the coteries of Bryan on the other will hardly make a final stand for Chanler, for they must see that he has no strength, but no one is willing to predict what their next move will be. They have thought of Governor Johnson, but they prefer an Eastern or a Southern man as a candidate.

Johnson's strength lies in the fact that he is a plain, unassuming man, accepted by the Eastern and Southern Democrats who are so much opposed to the nomination of Bryan again. Persons who have been in communication with the Minnesota governor recently say he could not be persuaded to be a candidate against Bryan. Perhaps the knowledge of this has prevented the Eastern conservatives from turning to him. The governor, according to the information from Minnesota, holds to the view that it would be foolish for anyone to try to take the nomination away from Bryan if he really wants it. It is very well understood here that if any time Bryan should decide to step aside, the governor would permit the use of his name. Johnson's friends have reason to believe that Bryan looks with favor on the Minnesota man, but they do not know whether he would be willing to go out and help nominate him in case he himself decides to stay out of it.

Politicians declare there can be no reunited Democratic party with Bryan as the candidate. Neither can there be a reunited party with a candidate named by the elements that controlled the convention in favor of Parker three years ago. Johnson offers a compromise that might be satisfactory to everybody. An announcement from Bryan that he will not run again would open the way for harmony. It might not bring it, but it can not come until he does make an announcement of that kind.

## SHIRT WAIST SUITS—NEW

AT \$25.00

Strictly tailor made describes them to a dot. The waist is a plain little affair with bias bands, balanced with large tucks. The skirt is bottle gored with panel pleats both fore and aft. Folds at the bottom—1 or 2 or more, complete the description of these popular priced friends for street wear and shopping expeditions.

## NEW AUTUMN WAISTS

Gradually they are creeping in—soft, shimmering silks, fine nets and beautiful laces. They hint at frosty days to come.

One of the interesting new models is of a very superior Black Taffeta Silk and costs \$2.25 to \$19.50.

## THE NEW EVENING COATS

for women are lovely things of pale colored broadcloths, interlined, and trimmed with jeweled and enameled or mosaic buttons of great novelty. One of a pale yellow of Japanese inspiration reminds one of those famous Mandarin Coats that are, in far-away Canton, a badge of royalty. The groundwork of the trimming is Black Satin. The gold buttons with indistinct tracings carry out the ancient effect. The coat costs \$75.00.

## A CORSET DEMONSTRATION

of the famous Redfern makes, opens—Saturday, September 14th—for a short period. The Redfern people send Miss Adelaide McCauley of New York, for the occasion.

Silverstein & Bondy  
Company.

The Stripe and the Tailored Suit are as inseparable this Fall as Damon and Pythias. Sometimes by the weave, often by a contrasting color. Length of coat as you like it, tho the longer ones are decidedly the favorites. Cutaway Coats are good; very, so are corners that whisper cutaway. Braids are the smart trimming, the tailored bound edge being decidedly chic and dominating. Rich and warm looking colors that soothe overwrought nerves.

A large and complete line of semi-fitting 26-inch length check suitings. The full skirt, ornamented with buttons and finish with a deep fold.

This is just the beginning of the story, but perhaps we'd better not tell everything.

The  
**BAYHA STORE**

THE STORE THAT OFFERS THE GREATEST VALUES IN FURNITURE AND HOUSE FURNISHINGS.

And when we say—greatest values—we mean it and are here to prove it.

The proof of it lies in comparison and we ask you to compare the splendid offerings here mentioned with other stores' special offerings. Come to the store and make comparisons—and see if the Bayha store isn't the "low priced Furniture Store of Duluth"—and the one—because of its "greater value giving"—to be favored with your patronage. We are always more than pleased to show our goods.

Try the  
**Bayha Store**

**Three Piece Parlor Set**  
Upholstered in Real Leather

**\$14.85**

And it is a mighty good set too—a very neat suite—panels either golden solid oak or mahogany—seats upholstered in genuine leather.

Compare this suite with three-piece suites of a similar description elsewhere and see if Bayha's isn't the store that sells it for less.

Our line of Parlor Goods (one entire floor devoted exclusively to them), is by far the most complete in the city.

**BAYHA & CO** **BAYHA & CO** **BAYHA & CO**

**We Carry Everything Needed For The Furnishing of Your Home**

A complete line of Furniture, Carpets, Rugs (Oriental and Domestic), Draperies, Lace Curtains, Stoves and Ranges, Crockery, Tinware, Lamps, and a music entertainer in the shape of a Talking Machine or Phonograph.

**A Handsome Sideboard, \$8.75**

This Sideboard is made entirely of hardwood, golden finish; is a good roomy board, having large linen drawers, two silver drawers and cupboard for dishes, top contains beveled plate mirror; a board that is handsome in design, thoroughly well made and finished; couldn't be duplicated elsewhere for less than \$17.00 or \$18.00.

**The Davino Bed Sofa**

The picture at the right illustrates this fine Bed Sofa—it is by far the finest and best Sofa Bed on the market—has separate seat and bed springs—and a separate bed mattress. We have it in several designs—weathered oak—mahogany and oak frames—velour and leatherette upholstery. If you would have the very best Bed Sofa—one that will give greater service than any other made and cost you no more—buy the "Davino." We will be pleased to show them to you at any time.

**Our Partial Payment Plan**

Buy on the Bayha plan of long, liberal credit. It's the easy—the satisfactory—the "Bayha" way. It's easy to trade at this store; it's pleasant, too; buy on the Bayha plan, which simply means that you pay a small amount at the time of your purchase and the balance can be paid in a "comfortable," satisfactory way to you—by a small payment each week or month. It is the idea that is covered by our widely known store mark, "your credit is good," and applies on any purchase made here, whether three or four articles or a complete house outfit. We believe there is not a store in the country which offers more liberal terms of credit than we do; we are quite sure that there is one feature in connection with our Bayha plan of easy buying not to be found anywhere in the country, and that is that positively no advance over all of the plainly marked store prices is made for the installment buyer—you are just as welcome to buy whether it be for cash or credit, and the percentage added by other stores throughout the country is yours here.

**TRY IT**

**Victor Talking Machines**

**Edison Phonographs**

Let us place one of these superb Home Entertainers in your home. We carry all size Victors, from the Victor Junior at \$12.00, to the fine Victrola at \$200.00—all sizes of Edison machines and a complete list of English, Foreign and Grand Opera Records.

Our stock is the most complete in the Northwest.

**OUR \$27.50 EDISON OUTFIT**  
Consists of Edison Standard Phonograph, with fine morning glory horn, painted brass, a fine Edison record and 1 dozen Edison records.

**OUR \$20.20 VICTOR OUTFIT**  
Consists of Victor Machine No. 1, with painted brass, a fine horn, a fine Victor record and 1 dozen Victor records of your own choosing.

**OUR \$35.50 VICTOR OUTFIT**  
Consists of Victor Machine No. 2, with black flower horn, a fine oak case, a fine Victor record and 1 dozen Victor records of your own choosing.

Terms: \$5 cash and \$5 a month.

**A Handsome Quarter-Sawn Dining Table \$4.98**

A table similar in design to cut here shown—top 42 inches square—legs are heavy—table extends six feet—a rare, good bargain at the price named.

**The Rex Inner-Tuft Felt Mattress \$15.00**

The finest high-grade Felt Mattress on the market—try one—if not perfectly satisfactory your money back. Guaranteed to keep their shape.

**The Standard Sewing Machine**

The sewing machine question—have you settled it? Or are you undecided which machine to buy? If the latter is the case, we urgently ask you to call and see the **STANDARD ROTARY** in operation at our store. This machine (the only perfect rotary on the market) makes both lock and chain stitch—with it you can accomplish in four hours' time the same amount of work that it requires seven hours to accomplish with the old-fashioned machine.

This machine is full ball bearing—a noiseless and very light-running machine—and you'll find, if you take time to compare our prices, that our prices will save you money.

**WE SELL ALL MACHINES ON VERY EASY PAYMENTS.**

**The Universal Stoves and Ranges**

Soon be heater time and when you think heater we want your thoughts to be of the **UNIVERSAL**.

If you want to be a Base Burner we invite your attention to the Imperial Universal Base Burner—the finest Base Burner on the market.

The Imperial is a three-flue heater but unlike other "three-flue heaters" the flues are entirely surrounded by "hot" air. We will guarantee that an Imperial will positively give more heat, and at the same time use less fuel, than any other base burner made. Pretty strong, do you think? Not one bit, and we're right here to back it up. Let us place a Universal in your home—if it isn't satisfactory, your money gladly refunded.

**We will place one in your home and arrange easy terms of payment for you.**

**ACTIVITIES RESUMED**

**Auto Ride for Members of the Boys' Department.**

**Number of Events Arranged for This Month.**

With the reopening of school, the boys' department of the Y. M. C. A., also begins its fall activities. The committees, which will have charge of the different events for the year, have not yet been chosen, but the cabinet, composed of the chairman and secretaries of the different standing committees will be appointed. The work for the winter will be outlined and preparations made for the opening of the regular work Oct. 1.

While the regular work will not begin until the first of next month, several events have been arranged for the entertainment of the boys during September. The first of these will be an automobile ride next Friday night. The owners of a number of touring cars have been asked to loan them to the department for the evening and nearly all of them have replied favorably.

An outing of this kind is always popular, so the crowd will necessarily be limited. Each owner will stipulate the number he will carry and, as the boys register, they

**McMillan's PURE KETTLE-RENDERED LARD**

**PARAGON HAM & BACON**

**MUST HAVE HOSPITAL**

**If Tax Levy is Not Raised, Funds Will be Diverted.**

**Council Will Use Board of Public Works Funds.**

Everything points to one of two things at the conference committee meeting Thursday. Either the tax levy will be increased 1 mill, or the balance of \$14,500 from the board of public works fund will be diverted to be used for the construction of a hospital for contagious diseases.

The special committee appointed by the council to make recommendations to the conference committee made another report last evening, supplementary to the previous one, in which it was expressed as the sentiment of the committee that the separate funds of the city should not be diverted for this purpose, but that a tax levy increase of 1 mill should be made.

The committee submitted a resolution in support of its report, addressed to the mayor as chairman of the conference committee, to the effect that the full

**Diarrhoea**

When you want a quick cure without any loss of time, and one that is followed by no bad results, use:

**Chamberlain's Colic, Cholera and Diarrhoea Remedy**

It never fails and is pleasant to take. It is equally valuable for children. It is famous for its cures over a large part of the civilized world.

**TAXATION OF ORE PROPERTIES**

**Schedule of State Tax Commission Opposed by Mining Men.**

St. Paul, Minn., Sept. 10.—The hearing by the state tax commission on its tentative valuation of iron ore properties for purposes of taxation was continued yesterday afternoon, when addresses in opposition to the schedule of assessments were made by Frank B. Kellogg, Joseph B. Cotton, Thomas F. Cole, J. L. Washburn, ex-Congressman Snyder of Minneapolis and others.

"In fixing a cash value on mining property," said Mr. Kellogg, "it must be considered that in taking out ore year by year, the company is eating up its invested capital. Real estate in Minnesota is assessed above 50 per cent of their value. There is also the fact to be remembered that only a limited amount of ore is taken from a mine in any one season, but that it costs interest money to carry the whole investment. Mining must be carried on on a basis to cover interest as well as the cost of the ore, which is continually taken out. Then there must be considered the years when the mines paid

**GAIN IN RECEIPTS.**

**South St. Paul Stock Yards Make Good Annual Report.**

St. Paul, Minn., Sept. 10.—(Special to The Herald.)—Receipts of live stock at the South St. Paul stock yards for August numbered 2,002 cars, against 1,966 for the same month last year. There were 33,417 cattle, 5,002 calves, 30,824 hogs, 22,221 sheep and 2,882 horses.

The shipments numbered 984 cars, against 960 for the same month in 1907. In these shipments were 22,383 cattle and 12,256 sheep.

## FACTS SPEAK FOR THEMSELVES

visit to our establishment any of these early Fall days will readily illustrate the point we wish to emphasize

—That, notwithstanding the superiority of the clothes we sell, notwithstanding the fact that the styles are exclusive as well as authoritative—our prices are really no higher than the usual "Dry Goods" or department stores ask for the more ordinary kinds.

—The fact that we specialize in Women's Wearing Apparel—devoting our entire energy and experience in gathering together the best and most fashionable from this country and abroad, and placing them before you in Duluth at no higher cost than they could be bought for at the high-class stores of New York or any other important city in the East—is something that Duluth women fully understand and appreciate!

—We do the largest high-class garment business in the West because women have come to a realization of the fact that we are absolute masters of the garment situation in our section of the country.

—New Suits, Coats, Skirts, Waists and Fixings galore—direct from the "makers who know."

—Furs, too, are ready.

## ONE DEAD AND TWO INJURED

Result of Two Accidents in Auto Races Near Pittsburgh.

Pittsburgh, Sept. 10.—One man is dead and two others more or less seriously injured as the result of two accidents at a series of automobile races at the Bruno's Island track, near this city, yesterday. The dead man is Rex Rainersten, aged 35, president of the Automobile Repair company of this city, who died of a fractured skull while being taken to the hospital.

Walter Christy, aged 26, of New

York city, has a fractured right arm, and scalp wounds and bruises of the body. He is probably internally injured. Clarence Dastion, who was a mechanic for Rainersten, received serious injuries to his spine.

Rainersten was driving in a race when at a turn, one of the three cars came off and the machine turned over.

Rainersten and Dastion were caught beneath the car. The wrecked car was left at the edge of the track and after order had been restored, Christy attempted to make a new track for a mile. He was cautioned to beware of the wrecked car. He started at a speed that could hardly be estimated.

He ran into the back of the wrecked car while going at a frightful speed. His racer bounded fully fifty feet in the air and Christy was buried like a catapult a long distance ahead of his car. The steering wheel caught him as he was thrown out, and it is feared he is internally injured. As he struck the ground the machine came down on top of him and he lay buried under a mass of wreckage.

Is the joy of the household, for without it no happiness can be complete.

How sweet the picture of mother and babe, angels smile at and commend the thoughts of the aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of

## CONCERNING WOMAN.

The call for the annual meeting of the Minnesota Federation of Women's clubs will be mailed tomorrow from this city by the president of the federation, Mrs. J. L. Washburn, and the corresponding secretary, Mrs. H. S. Ely, both of Duluth. The important business of this annual meeting will be the election of officers and the consideration of changes in the by-laws which will be recommended by the committee. The call which will be sent to the club women of the state, is as follows:

Duluth, Minn., Sept. 12, 1907.—To the Minnesota Federation of Women's Clubs: The thirtieth annual meeting will be held at Faribault, Oct. 1 and 2, 1907. The council will meet at 10:30 a. m., Tuesday, Oct. 1. The executive board will meet at 11 a. m. The opening session of the convention will be at 1:30 p. m. Morning and afternoon sessions will be held at the Guild House, except on Wednesday afternoon, when the convention will assemble at the institution for the feeble minded. Evening sessions will be held in the Congregational church. Clubs of less than 100 members are entitled to two delegates; clubs of 100 or more are entitled to three. Clubs whose dues are unpaid will not be entitled to vote. Mrs. J. L. Washburn is chairman of the credentials committee. Important amendments to the constitution and by-laws are to be considered. The following officers are to be elected: President, vice president, recording secretary, auditor and historian.

Report of committee on constitution and by-laws. Amendments to constitution.

Art. IV.—Officers.—

Sec. 1.—To be amended by striking out "and" between "and a custodian," and adding "and a custodian."

Amendment to by-laws.—

By-laws 2.—Election.—

The president and vice president-at-large shall be elected at alternate annual meetings. The meetings of president, corresponding secretary, federation secretary, historian and vice presidents for districts from one to five inclusive shall alternate with the vice presidents-at-large, the recording secretary, auditor, custodian, treasurer and vice presidents for districts from six to nine inclusive. The term of office shall be two years.

By-laws 3.—Dues.—

Amended to read: The annual dues of clubs having a membership of from fifteen to thirty shall be three dollars (\$3.00) and all clubs having a membership of fifteen or less shall be two dollars (\$2.00) a-b-c-d-e-f-g unchanged.

By-laws 4.—Finance.—

Amended to read: There shall be no salaries for officers. Necessary expenses incurred by officers in the service of the federation (amended) "including traveling expenses of the president to the state meeting," shall be refunded from the general treasury—by order of the executive board. Respectfully submitted,

MRS. M. B. LEWIS, CH.

MRS. AMANDA TUTTLE,

MRS. ISABELLA MCGILLAN,

MRS. LILY J. FREEMAN,

MRS. J. S. KEARNEY.

The chairman of the committee on information and transportation is Miss Louise R. Mott, 415 East Second street, Faribault.

MRS. J. L. WASHBURN, President.

MRS. H. S. ELY, Corresponding Secretary.

PHYSICAL CULTURE

To Be Continued by Duluth Gym. Club Members.

The Duluth Gymnasium club will resume its work, entering Oct. 1 upon the second year of its existence. Miss Ruth Roberts will again be the physical director of the club, and the rooms above Giddings will be the headquarters of the club again this year. Miss Roberts returned yesterday from her vacation, passed in the East. She will be the guest of honor at a shore picnic on Park Point this

evening. The regular classes will be resumed Oct. 1.

**Mickelson-Maginnis.**

Announcements have been received in this city from Mr. and Mrs. C. Mickelson of the wedding of their daughter, Miss Florence May Mickelson, to Charles Henry Maginnis of Portland, Or., formerly of this city. The wedding took place Wednesday of last week, at the home of the bride's sister, Mrs. Ernest Meyer, of Portland. Mr. Maginnis and his bride will be at home after Nov. 4 at 441 East Fifteenth street north, Portland. Both Mr. and Mrs. Maginnis are well known in this city.

**Mrs. Hollister Here.**

Mrs. Lillian M. Hollister, supreme commander of the Ladies of the Macabees of the World, arrived in the city this morning from Detroit and is registered at the Spalding until tomorrow morning.

Mrs. Hollister is a widely known woman, who has been prominently associated with women's social and literary organizations for many years. She will leave tomorrow morning for Hilbert where she will initiate a class and will be back in Duluth Thursday afternoon. Upon Friday afternoon a joint initiation of the Ladies of the Macabees will be held at the rooms of Five No. 1 at 224 West First street. Mrs. Hollister will preside at this meeting.

Mrs. Barton, deputy supreme commander of this city, will accompany Mrs. Hollister on her visit to the range.

**Engagement.**

The engagement of Miss Bessie Cole of Seventh avenue east and Second street to Maxwell Shapiro of this city has been announced.

**Events of Interest.**

The ladies of Garfield Circle, No. 4, will entertain the Ladies' Aid society at the home of Mrs. W. F. Bailey of 1220 North Central avenue, West Duluth.

The regular monthly meeting of the Missionary society of the Pilgrim Congregational church will be held tomorrow afternoon at the home of Mrs. W. A. McGonagle of Hunter's Park.

Mrs. W. Morgan and Mrs. W. D. Deane will entertain the Ladies' Aid society of the Park Methodist church tomorrow afternoon at 2:30 o'clock at the home of the former on East Superior street.

**Personal Mention.**

Mrs. J. U. Sebenius and son are at the Hixson cottage at Cass lake for a month.

Misses Ethel Phillips, Bessie Garvey and Nan Holmes will leave this evening for a visit at the Twin Cities.

Mrs. D. A. Duncan and Miss Mabel Duncan left this afternoon for a two-weeks' visit in Canada.

Mrs. F. A. Kohlhaas of Calumet, Mich., is the guest of her sister, Mrs. E. Morgan, of 124 West street.

Miss Emily Yahuks, who has been their sister, Mrs. John J. Richter, has returned to her home at Chicago.

Mr. and Mrs. A. H. Gibson and daughter, Dorothy, have returned from an outing at Deerwood.

Mrs. Anna Wilson and son, Clayton McKee, have gone to Alpena, Mich., for a visit with friends.

Mr. and Mrs. J. M. Gidding have clearing their belongings at the hotel for the season and will be in the city for the winter.

Mr. and Mrs. Garfield Blackwood and Dr. James McAuliffe and son left today for a month's hunting trip at Prairie Lake, Minn.

Miss Mary Butchart has returned from her vacation in the East.

**WHAT RETAIL MARKETS OFFER**

Nectarines, 35 cents a box.

Red cabbage, 10 cents each.

Spinach, 20 cents a peck.

California quinces, \$1 a dozen.

Celery, 5 cents a stalk.

Log of lamb, 25 cents a lb.

The sweet potatoes which sell for 8 cents a pound are the most things in the market. There are plenty of people who are not fond of meat until it comes to roast pork and sweet potatoes, and then the ecstasy of heaven is the price.

Nectarines and quinces are to be found among the available fruits for those who want them. Red cabbage is to be had, and so is very fine looking celery.

mobile accident," said Chauncey Olcott, who arrived here this morning for a five days' engagement at the Lyceum, beginning tonight. "It is merely a scratch, but I was fortunate to escape without any broken bones."

"You see, when my wife and I were in Ireland last summer, we engaged a rosy Irish lass, to whom we took a fancy, to come over here to work for us. She landed a few days ago and came directly to the apartment house, following our instructions. When she stepped into the elevator, however, and the man closed the door and started up, she rebelled. It did not meet her ideas of propriety to be shut in a room with a solitary man. She opened up on the poor fellow with her fists, as well as her tongue. He ran the car up to our floor as fast as he could and tried to put her off, but it was like letting off a wildcat. She was not like the looks of the strange place any better. She continued her pounding until I rushed to her aid and in my efforts to separate them from her prey I received this slight scar; but the elevator man was a sight."

"I should think you'd be rather afraid to have such a belligerent maid."

"Oh, we shall not have her long. She is to be married next month to the elevator man."

**Looks Like Lillian Russell.**

In the one-act burlesque "A Hotel Thespian," which the New Century Girls present as a part of their entertainment at the Metropolitan this week, May Belle is supposed to be Miss Lillian Russell, the famous American beauty and queen of comic opera. As a matter of fact, Miss Belle does not resemble the fair Lillian. She

is not quite so wide, but otherwise, the resemblance is great. Miss Belle has been called "the original Henry Hutt girl," and looking very much like some of the pen and ink creations of that clever artist.

**Chamberlain's Cough Remedy One of the Best on the Market.**

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended. Sold by all druggists.

effect, and had to be paid before the register of deeds could accept the trust deed for filing.

**SKELETONS ROSE FROM GRAVES**

Peter Deueault of Hibbing Suffers From Hallucinations.

Because he saw skeletons rise out of their graves and shake their heads at him when the earth trembled under his tread, and because he was at times suffocated by a dense smoke when there was no fire, Peter Deueault, aged 26, an employee of a Hibbing contracting concern, was found to be insane and was committed to the state hospital yesterday afternoon.

Deueault was born in Canada and came to this state a few years ago. It seems, according to his statements, that he made a solemn vow to attend the St. Anne de Beaupre celebration this year. He claims that he could not get his money, and that he walked from Hibbing to Chisholm and then to Virginia, determined to walk to Canada if necessary.

The young man told the examining physicians that while he was walking across the country, one of his legs became broken, and that a million uses afterward it was made well again in an instant. He claimed that at every step the ground shook and when he passed the cemetery the dead bodies popped out of their graves and nodded at him. Asked by the examiners if the sight did not frighten him, Deueault replied:

"No, I laughed at them, they acted so funny."

Deueault said that while he was walking to Virginia the smoke almost choked him, and there was no sign of a fire anywhere.

The young man's brother, who lodged the information of insanity, will probably be appointed guardian for Deueault, as he has some money still coming to him for his services as a laborer.

**WILL FIGHT BIG TAX ON MORTGAGE**

Protest Is Filed by the St. Croix Lumber Company.

It is understood that a protest was made by the St. Croix Lumber company against the payment of the \$5,000 tax to the county treasurer, when the \$1,000,000 trust deed, running from the lumber company to the Minnesota Loan & Trust company was filed a few days ago. The protest was made with a view of contesting in the courts the validity of the mortgage tax law, providing a similar action which is said to be in the courts at the present time is not pushed through to a decision of the supreme court. The tax is the largest one that has been paid since the new mortgage tax law went into

effect, and had to be paid before the register of deeds could accept the trust deed for filing.

**H. M. Gerson, LADIES' TAILOR**

1522 Jefferson St. Duluth, Minn. Zenith Phone 2089 Y. Old Phone 1721-L.

continued at Buffalo, N. Y., Monday. The Rev. G. A. Schulte of New York, in his report on missions, stated that work in South America had been fruitful and that the membership of the church in this country had increased 4,000 during the last year.

Florence Morales and Bernardo Mora, who, on June 6, were convicted and sentenced to death for the murder of Porfirio President Barrios of Guatemala at Mexico City, April 7, were executed in the Indian prison Monday. This ends an international episode, which at one time threatened war between Mexico and Guatemala.

The American rifle team, which won the Palma trophy at Ottawa, Canada, Saturday, was received by President Roosevelt Monday. The president expressed much interest in the recent contest regarding about which he questioned the visitors closely, in an informal chat he emphasized the importance of the individual rifleman, both as a shot and as an instructor in time of war.

The finding of the body of Gertrude Shaughtnessy, formerly of Harrisburg, Pa., in the waters of Spring Garden lake, Md., Sunday, was followed by the recovery Monday of the bodies of three remaining members of a boating party, which had not been heard from since Princeton and William O'Leary of this city, and an unknown woman.

**BRIEF TELEGRAMS.**

Vice President Fairbanks attended a dinner Monday night, at the Brown Palace hotel, Denver, given in his honor by Republican leaders, and departed over the Burlington at 9:30 for Chicago. He was in town about four hours.

Kermit Roosevelt, son of President Roosevelt, arrived in Chicago Monday, in company with Marvin Haight, Jr., chief traffic manager of the Chicago & Northwestern railroad, after a hunting trip in South Dakota. Young Roosevelt will go to Oyster Bay, after passing a day or two in Chicago.

The fifteenth general conference of German Baptists of North America, was

**MANY SICK HORSES.**

One Hundred and Fifty Killed on Account of Glanders.

Fort Berthold, N. D., Sept. 10.—(Special to The Herald.)—There is a regular epidemic of glanders among the horses on the Fort Berthold reservation and the owners of those animals in this vicinity are very much worked up over the spread of the disease. Recently 150 horses were killed because of glanders and scabies.

**Men's Linen**

In no article is inferior starching so conspicuous as in men's linen. Ladies who excel in this difficult branch—who make their work equal to that of the famous French laundries—owe their success to the genuine

**KINGSFORD'S OSWEGO Silver Gloss Starch**

Begin next wash day to use it. The peculiar properties of this wonderful starch insure a superfine, unusually pliable, beautiful, snowy finish, not only men's shirts but on every garment or article where faultless work is essential. Prevents linen from turning yellow. The standard of quality for over half a century.

BEST FOR ALL KINDS OF STARCHING

For general use hold as directed. For light starching use equal as a cold-water starch, requiring no boiling. Made for over fifty years at Oswego. All grocers, full weight packages.

## Brain Fog and Insomnia

Cured by This Simple Prescription  
Made in Your Own Home.

The following prescription, composed entirely from the active principles of rare tropical fruits, can be filled by yourself from the ingredients carried in stock by every first-class druggist.

This simple prescription is a positive cure for all manner of nervous debility, mental lassitude, insomnia, brain fog, lost vigor, vim and vitality, and the allied and kindred diseases arising from nerve exhaustion. It contains no alcohol, narcotics, animal or mineral matter, and is a positive cure for chronic constipation and stomach trouble, for the reason that its fruit principles build up the nerves which control the stomach and bowels.

Mix one ounce Olibrit Compound Extract, and seven ounces of port wine, or, if you prefer, unfermented grape juice; shake well and take deserts: spoonful three or four times a day, before meals and at bedtime.

This simple prescription will be found very effective, yet absolutely harmless. It is composed only of those qualities which nature readily partakes of and agreeably lends herself to, and is very beneficial in assuaging food.

It is wise to buy your port wine or unfermented grape juice of the same druggist from whom you purchase the Olibrit Compound Extract. This will insure purity in all the ingredients.

Our readers will find Olibrit Compound Extract at any drug store.

## House Cleaning

Houses thoroughly cleaned from basement to attic. Carpets and rugs also cleaned at factory and returned promptly. Will not injure the finest fabric. Old carpets made into handsome new rugs. Take no chances with cheap methods which prove very expensive. All our work is guaranteed.

## NIGHT SERVICE IS VERY POOR

Theater Patrons Have  
Long Wait Before  
Car Comes.

Theater patrons recently have been greatly annoyed at the poor street car service afforded after the close of the performance in the evening. The street car in front of the theater, at the last week of two has been well patronized, the house being crowded in most instances, and yet, when the people started home, they found only one or two cars waiting.

Last night there was a big crowd at the Lyceum, and there was only one car waiting in front of the theater, and that was an Eastern Express. The Lakeland people had to wait nearly half an hour for a car, and residents of other parts of the city were also seriously inconvenienced because of the inadequate service.

Sunday night even worse conditions prevailed, for it was raining. The only car in front of the Lyceum when the curtain was rung down on the last act was a West Fourth street car. For people who could not board that car there was a long and dreary wait.

## CONTRACT OPERATORS WILL REMAIN AT KEYS.

Chicago, Sept. 10.—Telegraph operators working under contract with brokerage firms and newspapers will continue at work. This decision was reached at a meeting of such operators, held last night, to discuss a petition which had been circulated, asking that the local executive board call out all union operators now at work, regardless of contracts or agreements signed since the beginning of the strike.

## MARK TWAIN MAY PILOT PRESIDENT.

Chicago, Sept. 10.—A dispatch to the Tribune from Memphis, Tenn., says: Should Mark Twain accept the invitation to be present at the waterways convention in this city next month, he may man the pilot wheel of the steamer that will bear President Roosevelt down the river. Capt. Elsie, a noted ante-bellum river pilot under whom Mark Twain "cubbed," has promised to be in the pilot house when Mark Twain shall take the pilot wheel.

Of Interest to Many.  
Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. Sold by all druggists.

## RECONSIDER THE MOTION

Aldermen First Refuse  
Prindle Permit and  
Then Grant It.

A Sudden Change of Attitude  
is Brought  
About.

The modest frame building at 118 East Superior street, work on the repair of which was stopped by the city attorney some two weeks ago, acting upon instructions from the council, was the subject of discussion at the council meeting last evening and proved to be of sufficient interest to keep that body until 11 o'clock, call forth the eloquence of every member of the body, and remarks from the representative of the company, G. G. Newton, Building Inspector Kelley and the city attorney.

After denying a motion to grant the second permit asked by the company, the council decided to reconsider the matter and the permit was finally granted by a vote of 11 to 5.

**Explains Situation.**  
G. G. Newton, representing the firm of W. M. Prindle & Co., was present at the meeting last night and addressed the council. Mr. Newton stated in substance that it was not the wish of his company to violate any ordinance or avoid the law in any respect; the application had been made in good faith; the request of the building inspector to the effect that the board of five commissioners be consulted had been complied with and authority from that body secured; the building was purchased after first explaining to the inspector that repairs were needed and that it was upon the supposition that such repairs could be made that the purchase was made. He made it plain that Prindle & Co. relied upon the permit being granted, when they made the purchase. The council had not inspected the ordinance relative to buildings, relying upon the knowledge of the proper city official in this respect.

**Inspector Kelley's Attitude.**  
Inspector Kelley took the floor and stated that he was surprised at the statement made by Mr. Newton to the effect that he had talked with him relative to granting a permit before the building was purchased. He said that the contractor having the repair work in consideration called upon him and asked how much repair could be made within the ordinance. He said that he was told at that time that Prindle & Co. had purchased the building and that he stated emphatically that he would oppose granting a permit to make repairs to the extent mentioned. He stated that he had had several complaints from people relative to allowing a building of the kind to be practically erected within the fire limits.

**City Attorney Talks.**  
City Attorney Foster addressed the council, stating in substance that he had given the matter careful consideration and was anxious to learn the sentiment of the council before going further. He said that Prindle & Co. had obtained a permit, followed the law as far as he could see and that if the ordinance relative to buildings within the first district was being violated, he could not see wherein the blame could be laid to the company. The company had gone on acting in good faith as to the value of the permit and made repairs amounting to about \$50, and the members of the council had passed by the scene of operations daily. The ordinance stipulated that where a building has been damaged 40 per cent of its original value either by fire or other causes, it can not be reconstructed, but must come down.

**Wilson Favors It.**  
Considerable discussion followed. Alderman Wilson moved that the second permit be granted, that is the one permitting the improvements to the extent of about \$50. This was the amount mentioned in the second application of the company owning the building.

Alderman Staples addressed the council, opposing the granting of the permit. He cited a case in which a poor man had been denied the privilege of erecting an old house that he had purchased across the street, as it would then be in the fire limits. He had paid \$50 for the house but when it was torn down it was practically worthless to him. He said that rich and poor alike should receive the same consideration relative to building permits. His argument carried weight and the motion to grant the permit was turned down.

**The Matter Reconsidered.**  
A motion to amend the ordinance governing the width of cornices on buildings brought the Prindle matter up again and was responsible for its reconsideration and the final granting of the permit.

It seems that the Northern Shoe company building now in course of construction on Lake avenue south is ready for the cornice work and that this cornice is about six inches wider than the ordinance permits. The law regulating the size of cornice work stipulates that it shall not exceed three feet. The cornice for the building mentioned is three and one-half feet in width.

In view of the fact that the building is a credit to the city and will be an addition to the buildings of the manufacturing portion of the city in which it is located, it was advocated by several aldermen that the change in the ordinance should be made, as the size and height of the building would warrant wider cornice work than in a smaller one. The Wolvin building was cited as an example. Under the present ordinance, the cornice work on it would not be allowed, but it was admitted that it was a well-proportioned and handsome structure.

**Wilson Opens Discussion.**  
Alderman Wilson addressed the council again. He was of the opinion that it would be unjust to discriminate, and that if the building ordinance was to be respected in the case of the Prindle building, then in the case of the cornice of the Northern Shoe company building it should be observed. He objected to making an ordinance "raucous for one and pickles for another," and moved to reconsider the Prindle matter, which motion was carried.

**Opposition Takes an Uplung.**  
The Prindle permit now again before the

## DOCKHAND IS DROWNED

**Backs Off Ore Docks While Tying Up Steamer.**

**Darkness Prevents Finding of the Body Until Morning.**

Frank Kelly, employed at the ore docks, was drowned in the slip at dock No. 4, last evening, at about 8 o'clock, and the body recovered this morning. Deceased was single and his relatives live in Chicago. They have been notified, and the disposition of the remains will depend upon instructions expected today.

It appears from the reports that Kelly was thrown a line from the steamer Frank C. Ball, making the slip, and in attempting to run the line about a pile, stepped back off the dock into the water. The night was dark and efforts to help the unfortunate man proved futile. He sank almost immediately, and the search was abandoned until this morning, when the body was recovered a short distance from the spot where he went down.

Coroner McCuen visited the scene of the tragedy this morning, but an inquest was deemed unnecessary, death resulting, according to the evidence, from accidental drowning.

## TREATY OF EXCLUSION

**Between United States and Japan Now Seems Certain.**

**Event at Vancouver Will Undoubtedly Hasten Matter.**

Washington, Sept. 10.—That a stringent exclusion treaty between America and Japan is measurably nearer realization than the most optimistic administration official could have believed forty-eight hours ago, is the judgment of the members of the diplomatic corps here. The long sought object of a treaty that shall limit the number of Japanese coolies coming to America as an indirect result of the mobbing of the Japanese at Vancouver in British Columbia last Saturday night. Officials here deplore what they view as an unfortunate and unwarranted infraction of the treaty rights of the Japanese, but they do not fail to perceive at once the important bearing that this incident will probably have upon the negotiations between the state department and the Japanese ambassador looking to the form of a treaty that shall limit the incoming Japanese coolies instead of allowing the subject to be dealt with in the matter of restricting Japanese immigration.

The belief that a treaty is now within sight is based on the conviction of officials that the Japanese government will now be brought face to face with the fact that as it cannot discriminate between Great Britain and America in the matter of demands for the right of a treaty that shall limit the number of Japanese coolies coming to America as an indirect result of the mobbing of the Japanese at Vancouver in British Columbia last Saturday night.

For though the British government may, and doubtless will, apologize for the Vancouver affair and even pay an indemnity, a reputation of the incident is believed to be almost certain unless the British government yields to the demands of the British colonies. The Vancouver incident will, it is believed, hasten the negotiations to a conclusion and if Japan enters into treaty relations of that kind with Great Britain it cannot refuse to do so with America.

To take any other view, it is pointed out here, would mean a breach of the alliance with England which the Japanese have been so proud of and which they regard as so necessary to the development of their ambitious schemes for the exploitation of the East.

For though the British government may, and doubtless will, apologize for the Vancouver affair and even pay an indemnity, a reputation of the incident is believed to be almost certain unless the British government yields to the demands of the British colonies. The Vancouver incident will, it is believed, hasten the negotiations to a conclusion and if Japan enters into treaty relations of that kind with Great Britain it cannot refuse to do so with America.

## WILL MEET IN DULUTH

**National Guard Association Convention Here Next Week.**

**About 125 Militia Officers Will Be in Attendance.**

The annual meeting of the Minnesota National Guard association will be held in Duluth next Monday and Tuesday, Sept. 16 and 17, at the Commercial club. The organization is made up of the officers of the national guard of the state, and its members number about 250. It is expected that between 100 and 125 will attend the meeting in Duluth.

These annual gatherings have been held in St. Paul every year for the past twenty-seven years, and usually are called in December. The change of date in favor of Duluth was made because the weather is very pleasant here about that time of the year. If the weather is pleasant, an excursion on the Gopher will be a feature of the program.

The annual election of officers will be held, and papers relating to national guard affairs will be read.

**NO REAL CHANGE.** Comptroller Metz of New York, said the other day of a bill that he disliked. "I object to this bill because it would accomplish nothing. It would make no real change. It would be like the case of the actor and the canal boat captain."

"There was once upon a time an actor who, after an intermission of two months, was lucky enough to secure an engagement in a town twenty-five miles away. The actor was a hurry-up one. The actor had to reach the distant town that night. He had to hurry, then his part would be assigned to some one else. Well, the actor patched his worn boots with patent tire, pinned up his few belongings in a newspaper, and set out in the early morning on foot along the tow-path. He had only a few coppers, hence the train was an impossibility. But after the poor fellow had covered some six or seven miles, his boots gave out. Blisters rose on his feet. Fatigue overcame him, and in despair he threw himself on the grass. He lay there in a bitter mood, a canal boat hove in sight. It drew near slowly, and an idea seized the actor. "Captain," he shouted, rising hurriedly, "I am tired and my boots are worn. If you will assist me, I will work my passage on your boat."

"The captain gave the actor a kindly nod. "Right 'ere," he said. "Lead the horse." "Thank goodness," cried the actor, "I am saved."

**Chauncey Olcott Recital.** Free, at the Glass Block, Thursday and Friday afternoons.

**To Saratoga Springs and Return \$22.50.** Via the South Shore and connections, account national encampment, G. A. R. Leaving Duluth Sept. 5 and 7, return Oct. 17. Extension until Oct. 3 on payment of \$1 at Saratoga Springs will permit of side trip excursions to New York, Boston, etc., at low rates. For particulars apply to A. J. Perrin, general agent, 430 West Superior street, Duluth.

**Is Permanent Structure.** Work on the construction of the Duluth Box factory, which was destroyed by fire several weeks ago, is progressing well. The company has been in active operation for some time and is taking care of the business nicely. A temporary structure was first constructed and now an addition is being built and the whole will be made a permanent building.

**Doyle Pleads Guilty.** Michael F. Doyle, the Bay View Heights contractor, against whom complaint was made for assault and battery by Ole Torgenson, an employee, was arrested yesterday. He was arraigned before Justice J. B. Flack yesterday afternoon, and pleaded guilty.

**STOVES.** Radiant Home Heaters. The Fuel Savers. SOLD BY F. H. WADE. 229-231 CENTRAL AVENUE.

**COLUMBIA PHONOGRAPH CO.** GEN'L. 18 Third Ave West.

**YOU.** Should place your order now for a SUNBEAM PORTABLE LAMP. We will have another lot in this week. Most of them are spoken for already. WATCH OUR WINDOW. Northern Electric Co. 210 West First St.

**FINISHES TESTING GROUND.** O. W. Olson Reports on Excavating Necessary for Federal Addition. O. W. Olson, who had the contract of testing the ground back of the present government building to determine the amount of excavation that would be necessary for the proposed addition, completed his work yesterday, having sunk drills at four different places.

Three of these spots were in that part of the lot which had been particularly excavated when the present building was erected, and in these places the rock was found to be eight to ten feet below the surface of the ground.

Higher up on the small elevation back of the federal building Mr. Olson went down for a distance of twenty feet before he struck rock.

This work is only preliminary to the letting of the contract for the excavating work later for the new addition. It is seen that considerable excavating will have to be done before the actual construction work can be commenced.

One of the worst features of kidney trouble is that it is in insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. Sold by all druggists.

**BARRED FROM TRAINS.** Commercial Travelers Allege Discrimination by Union Pacific Railroad. Lincoln, Sept. 10.—Claiming that they represent 45,000 members of the United Commercial Travelers, J. W. Stanton and F. W. Hawken, of Fremont, today charged the Union Pacific railroad with gross discrimination in passenger travel and demanded that the state railroad commission make an immediate investigation into the matter.

Hawken and Stanton submit proof that they treat notes for its subjects, and claim that the Union Pacific has barred local passengers from trains No. 4, 2, 1 and 3 between Council Bluffs and the Wyoming line.

The railway officials claim that the interstate traffic demands that the local traffic be barred. "A hearing will be granted."

**WANT POLES REMOVED.** A Ramsey Street Resident Objects to the "Forest."

**Wants Action Taken Before Completion of New Paving.**

"With all the improvements being made, one serious drawback to the appearance of Ramsey street will be allowed to exist," said a Ramsey street resident this morning, as he watched the progress of the paving work.

"It is this forest of poles. There is probably nothing more unsightly than a line of crooked poles littered with wires. Regardless of how much a street may be improved by paving and curbing, it cannot be made to look like a thoroughly up to date thoroughfare unless the poles and wires are removed entirely."

"Those iron poles of the street railway company are neat and they are an absolute necessity. But those tall, unsightly telephone poles, which just as well be moved back into the alleys or the wires placed underground. The street will never look right until it is done, and now is the time for action to be taken. The street, narrow at best, is being widened at the expense of the sidewalks. The change will improve it little, while the poles take up the room vacated by the walks and leave a narrow strip of road. I am in favor of action being taken immediately to have the telephone companies remove their poles from Ramsey street entirely. The thoroughfare is too narrow already, and the space now occupied by the poles cannot be well employed."

The question of removing the poles from Ramsey street was brought up at a meeting of the West Duluth Commercial club recently. No definite action had been taken on the paving matter at the time, so action on the removal of the poles was deferred. Now, however, when the street is made wider, and the possibilities of beautifying are more clearly brought out, there is more of a clamor for the removal of the poles and the council will probably be requested to call upon the telephone companies to take the step.

**Exhibition of Paintings.** By David Ericson, at Rooms 14 and 15 Columbus block, over Gidding's store.

**J. S. Lane's Editorial.**

Are you after style and value in suits and overcoats? If so, that is all the more reason why you should be particular who makes your clothes. I offer special inducements to the careful dresser in both style and quality and fulfill his wants and requirements at safe and sane prices. My expenses are much below those of other tailors. I have no bad debts to collect, and I am satisfied with a small profit. For \$30, \$35 or \$40, I'll make you a suit or overcoat that no other tailor in Duluth would make for less than \$40, \$45 or \$50—a garment that no "guess-fit" chap could give you at any price. I am showing a beautiful selection of Fall and Winter wools—the production of the best mills in the world. Won't you let me show them to you? You won't be urged to buy. Yours truly, J. S. LANE, 217 West Superior Street.

### Here's a Natural Strength-Giver

You'll find the beneficial effects of this tonic are permanent—because it helps you to build up your body and become strong and healthy in a natural way. The effects of other tonics are only temporary because they supply a false stimulation to the system. As soon as you stop taking them, you remove this stimulus, and the feeling of exhaustion returns.

### DR. D. JAYNE'S TONIC VERMIFUGE

brings lasting health and strength, because it helps your body to build up its own building up—through the stomach. It puts your digestive organs in perfect condition, and enables you to get every bit of nourishment and strength out of the food you eat.

It is also an excellent child's medicine and a safe Worm Cure.

Sold by all druggists.

## SPORTS OF THE DAY

### GANS WINS IN FIFTH

Britt Breaks Arm and Decision Goes to Negro.

Britt Outclassed and Victory for Gans Was Inevitable.

San Francisco, Sept. 10.—A left swing to the body, cleverly blocked by Joe Gans, cost Jimmy Britt any chance he might have had to win the lightweight championship of the world yesterday, and brought to a close five rounds of fast fighting, witnessed by a crowd of about 14,000 people at Recreation Park.

The blow caught by Gans on his elbow was struck in the middle of the fourth round. It broke Britt's wrist and though he went on again in the fifth round, he was helpless in both offense and defense. It was not until this round that he informed his seconds of the mishap.

"What's the use of my going on? I can't fight. I am helpless," he said to Tim Krelling, Captain of Police Gleson was notified at the ringside, and stopped the fight. Referee Welch then gave the decision to Gans.

Three doctors, after an examination, stated that the injury was a fracture and dislocation of the lower end of the ulna, the innermost bone of the wrist. Whether it was a genuine fracture or not, Britt showed such intense suffering while the doctors were manipulating his wrist that the tears rolled unheeded down his cheeks.

"I was utterly helpless," he said. "I couldn't even hold up my left hand after I broke it. I had no guard for Gans' left and had no punch except with my right."

The fight, while it lasted, was a slugfest, but it was perfectly evident to every trained observer that Britt had no chance to win from the negro. For the first time in his life Britt was outmatched.

Britt's lack of coolness was partly responsible for the miserable ending of the fight. From the first tap of the gong he appeared overcast. He was not content to take the advice shouted to him by his seconds to make Gans do the landing, but he rushed headlong into quarters that developed an inevitable slugfest, in which the champion had by far the advantage.

In the first round Britt staggered Gans to the ropes with a left swing on the neck that had lots of force in it. In the same round he also used left and right successfully to the body and face, but took in punishment a straight left on the nose that showed him down.

The second round developed a mix-up at the ropes, in which both men exchanged vicious rights and lefts, Gans taking the advantage.

In the third Gans followed his tactics of crowding Britt into a corner, and the Californian had his hands and feet busy working his way out. The round was even.

Gans drew first blood in the fourth with a lightning-like straight left that brought a scalding stream trickling down the Californian's face. The fifth round was a left swing that proved his merited undoing.

The decision of the doctors effectively disposes of any claim of "fake."

### CLEAN BALL IN VIRGINIA

Owners to Have Good Team Regardless of Cost.

Do Not Want Any Wrangling, Just Good Baseball.

"The dozen men who own the Virginia ball club are going to give us a good team regardless of cost. We're not in for wrangling or fighting. We're in the game for baseball, and we're going to have it of just as good a quality as we can get."

So said one of the owners of the Virginia club yesterday. The country correspondent caused trouble again. The Hibbing correspondent of the Duluth morning paper doesn't believe in Sunday ball. At least, he evidently didn't attend the game between Hibbing and Virginia Sunday, and reported the score 4 to 3 in favor of Hibbing, whereas Virginia had the big end of the score.

A red glow appeared above Virginia when the edition of the paper arrived there. No time was lost in the determination of prominent citizens immediately made a trip to Duluth and proceeded to correct the wrong impression. One of them called at The Herald office to satisfy themselves that the correct score had been received, and when assured that it had, they returned to Hibbing to take the visitor, one of the owners of the club with much feeling, delivered to the Hibbing editor a copy of the statement printed in the paper.

"I think we have the best team in Northern Minnesota now and we're going to prove it," he continued, after the statement first quoted. "We have secured some Northern leaguers, it is not now drawing salary, which is also true. But as I said before, we're going to give Virginia a good ball team to speak of at the Sunday game. We are picking up more Northern leaguers than Hibbing, but there is not a man on the Hibbing team, who has not played league ball of some kind and who is not now drawing salary."

"As for kicking, Virginia isn't responsible for any of the wrangling done in fact there was no wrangling to speak of at the Sunday game. It was a nice lady-like affair all the way through. Everything ran along smoothly and our boys won on their merits. Manager Kerry of our team is one of the most phlegmatic men on the field and could find in baseball and there is no wrangling where he is concerned. We are in for good, clean ball and Virginia people don't want anything else."

"FIGHT EXTRA."

Herald Had Complete Story Eleven Minutes After Finish.

More than 2,000 Herald "fight extras" were sold in Duluth last evening.

The paper was on the street within a few minutes after the fight was over, and it contained not a mere flash giving the name of the winner, but a complete story of the fight by rounds, with a full account of the developments at the arena preliminary to the fight, and an explanation of the accident which brought about the finish.

The papers were on the street eleven minutes after the fight was received from San Francisco that the fight was ended.

WRESTLERS ARE WORKING.

Peterson and Danielson Preparing For Their Match.

Emil Peterson and A. W. Danielson, the heavyweight wrestlers, who are to meet at Columbus hall on Wednesday evening, are busy preparing for their match.

Both men have been training hard since they were matched and they will both be at when they go on the mat.

Frankie Meyers, the Minneapolis lightweight wrestler, is anxious to match himself against some of the Duluth heavyweights, and if Peterson or Danielson shows any kind of suitable form in their match Friday night, one of them may be run against the famous Billy.

He Wants a Match.

Kid Morris, ex-amateur leatherweight champion of the Northwest, hailing from Seattle, is looking for a match with the champion of the Northwest in the country. He would like to get on for a semi-weekly fight with the champion.

Ed-28 H. J. Hubert, of the Rex club of Chicago, is his manager and communications should be addressed to him.

A BEQUEST FOR MRS. EDDY'S SON

Provided in Her Will Caused Him to Drop Litigation.

Leeds, S. D., Sept. 10.—A close friend of George W. Glover, son of Mrs. Mary Baker G. Eddy, declares that the aged founder and leader of the Christian Science cult, has bequeathed her son \$15,000.

It is stated, it is stated, is to be placed in trust for Glover at the death of his mother, and \$15,000 is to be given him annually. Glover's daughter, Mary Baker Glover, is to receive \$500 in cash when Mrs. Eddy dies, and his oldest son, Edward Baker Glover, a high school education. His youngest son, Andrew Jackson, is to receive a college education if he shows himself an apt student.

It is stated that while Glover was in the East in connection with the recent suit for an accounting of Mrs. Eddy's estate, he was shown a copy of his mother's will and induced to compromise the litigation.

## AMUSING INCIDENT

Result From the Changing of the Telephone Numbers.

"Amalgamated" is Able to "Take Some Nourishment."

"Hello."

"Hello, I'm coming right up."

"What's that?" in a feminine voice.

"I say I'm coming right up."

"It's me, Jack," sharply.

"Why, Jack who, and what's wanted?"

"Well, isn't this—?"

"Yes, but I don't know you."

"Excuse me, I guess I have the wrong number."

Jack hurriedly consults the newly issued telephone book and discovers that over night the company has changed his residence number.

This is just a sample of embarrassing experiences that result from changing of telephone numbers and the failure of the patrons of the telephone companies to keep posted.

Sometimes embarrassing mistakes happen through the failure of the person using the telephone to look up the right number or call the number on the right telephone. A case happened yesterday which was more amusing than embarrassing.

A hurrying business man, who didn't have time to go to the broker's office to keep posted on stocks, wanted to know the price of Amalgamated. He took down the receiver of what he supposed was the right telephone, and asked for the broker's number. In a minute a sweet voice came back over the phone. The following conversation ensued:

"Hello," said the sweet voice.

"Hello, how's Amalgamated today?"

"She's a little better, thank you. She's been able to sit up and take a little nourishment."

Bang went the receiver, and the busy man will take pains hereafter to find whether or not he has the right phone.

## HAZING OF A NEW EMPLOYEE

May Result in Death of Mill Worker at Washington, Pa.

Washington, Pa., Sept. 10.—Henry Perry, a mill worker of Wheeling, W. Va., is dying from a brutal hazing ad-

ministered by fifty employees of the Tyler Tube & Pipe company. Burned and beaten there is little hope for his recovery. The Tyler workers have a custom of initiating new employees. Perry came to work Sunday. At midnight, lunch hour, he was seized by a couple of powerful mill men that he might be put through the "degree."

Perry fought valiantly and with two iron pipes succeeded in warding off several of his tormentors until overpowered by superior numbers. His clothing was fastened to the hook of a big iron crane and he was bound fast with cords. Then he was swung above the flame of a big blast furnace, which is usually approached by the workmen only when covered by a shield. Finally the cords were burned through and Perry's unconscious form dropped to the floor right in front of the furnace, where his flesh was scalded and his clothing charred. His tormentors, alarmed at their work,

called Dr. J. R. Maxwell, who worked with the man for seven hours before restoring consciousness. Physicians believe Perry inhaled the flames and entertain little hope for his recovery. Warrants were issued for the arrest of the ringleaders of the affair, but they escaped arrest by getting out of town.

PASSES UP DULUTH.

President Unable to Visit City on Way South.

T. W. Hugo, chairman of the public affairs committee, yesterday received a letter to the effect that President Roosevelt would be unable to accept the invitation extended him to visit Duluth on his way to the South via the Mississippi river route. The letter explained that it would be too much out of the way for the president to pass through Duluth.

## Mme. Yale's Hair Tonic

### FOR CHILDREN AND ADULTS

*Antiseptic and Hygienic*

A Hair Investigator—Just what its name implies. It supplies nourishment, the elements of growth, which, when absorbed by the hair, strengthens and beautifies it in the same way that sap glorifies the foliage of a tree. Even where the follicles are seemingly dead, if the scalp is massaged daily with Mme. Yale's Hair Tonic, a vigorous growth will be produced. It has honestly earned its title of "the great hair grower." It stimulates the most stunted growth and makes the hair magnificently healthy and beautiful. By its use women can provide themselves with a trailing mantle of hair—woman's natural raiment, her birthright.

Mme. Yale's Hair Tonic is prized equally by men and women, particularly when the hair begins to weaken or fade. Cures baldness, grayness, splitting of the hair, dandruff and all diseases of the hair, scalp and beard. One application usually stops hair falling. A nursery requisite; no mother should neglect to use it for her boys and girls, when the hair is made strong in childhood it remains proof against disease and retains its vigor and youthfulness throughout life.

Mme. Yale's Hair Tonic is a colorless, fragrant, delightful hair dressing, neither sticky, gritty, nor greasy; makes the hair soft, fluffy and glossy. Contains no artificial coloring, would not soil the whitest hair; restores original color by invigorating the scalp and re-establishing normal circulation and proper distribution of the life coloring matter. Beautiful hair redens the plainest countenance, and any one can secure it by using Mme. Yale's Hair Tonic. Now in three sizes. Our special price

## SAPOLIO

"FIGHTING BOB" IS A  
BONE OF CONTENTION.

Washington, Sept. 10.—The navy department is quarreling over the proposed plans for the trip of the six-ton battleship fleet to the Pacific. The general board, or at least some members of it, are, it is alleged, quietly throwing obstacles in the way of the trip. For several days there has been more or less talk about the department to the effect that the general board is opposed to Admiral Evans taking the fleet on this long cruise. It is desired that a member of the general board be put in command. The friction between Evans and the general board is of long standing. Last winter Evans failed to follow the maneuver plans handed out by the general board. His conduct was the subject of a conference at the White House, in which, it reports, he was the president stood by Evans and said to members of the general board: "If the fleet should engage in battle who would command it, the admiral in command or the general board?" In view of the fact that the navy department has no easy task to get the fleet prepared to sail in December, it is regarded as unfortunate that so much friction has arisen. There are reasons for believing that the president will take hold of the situation when he gets back here and straighten it out.

## CANNOT WED IN SECRET

Superior Couples Can No  
Longer Secretly Marry  
in Duluth.

New Wisconsin State Law  
Provides For \$100  
Fine.

Superior people who come to Duluth to get married and intend to keep the event a secret for a time will be liable to a fine of \$100 for such action after Oct. 1, according to a new state law in Wisconsin. A part of the law reads as follows:

"When parties living in this state shall go out of it to be married and return to it to reside, they shall obtain from the county clerk of the county in which either of them resided prior to the marriage, a blank certificate of marriage filled out and filed with the local registrar of vital statistics of the city, incorporated village or town wherein they reside within ten days after their return."

The above law will permit couples going across the state boundary for the purpose of being married, but will do away with keeping the knowledge from their relatives, friends and news papers.

Heretofore it has been customary with Superior couples desiring to keep their marriage a secret for a time to come to Duluth and have the marriage performed. The plan worked all right in some cases, and in some cases it did not, but the chances for detection were hardly so great as if the ceremony had been performed in Superior. Now that this practice is liable to prove such a costly one, it probably will be done away with entirely. A new style certificate of marriage must also be secured in Wisconsin after the first of next month. It is described as follows:

"The blank form for the certificate of marriage shall provide spaces for the entry of the following items: The full name, age, color, place of residence, place of birth, occupation, and, if known, the father's name and the mother's name, of each of the parties married; the number of times either of the parties may have been previously married and conditions of each, whether single, widowed or divorced; the bride's maiden name, in case she is a widow; the date of giving the license; the signature of the person pronouncing the ceremony; the date and place of the ceremony; the names and residences of two witnesses to the marriage."

## NO INDICTMENT AGAINST SCHULER

Grand Jury Finds No  
Cause for His Prosecution.

No indictment was returned by the grand jury against John Schuler, the warehouse watchman who shot and fatally wounded Ben Campbell and the evening of July 3, last. Campbell and a companion, it is alleged, were attempting to gain entrance to a warehouse in which were stored a quantity of fireworks. They were apprehended in the act by Mr. Schuler, who fired a shot to drive them away. The bullet is supposed to have struck some object which changed its course, and it struck Campbell causing a wound that finally resulted in the latter's death. The grand jury investigated the case and found there was no true bill against Schuler.

No true bill was returned against John McCabe and Mrs. Elliott Thompson who were arrested at the instance of Mr. Thompson some days ago, on a statutory charge. Mrs. Thompson, at the time of her arrest was out of the state insane asylum on parole and the authorities at that institution came after her last week. Under the law a paroled patient of the state hospital is immune from prosecution.

No true bill was returned against Susanna Fink and Archie Bellinger who were arrested on a warrant charging a similar offense.

## SERIOUS DEFECTS IN BATTLESHIP

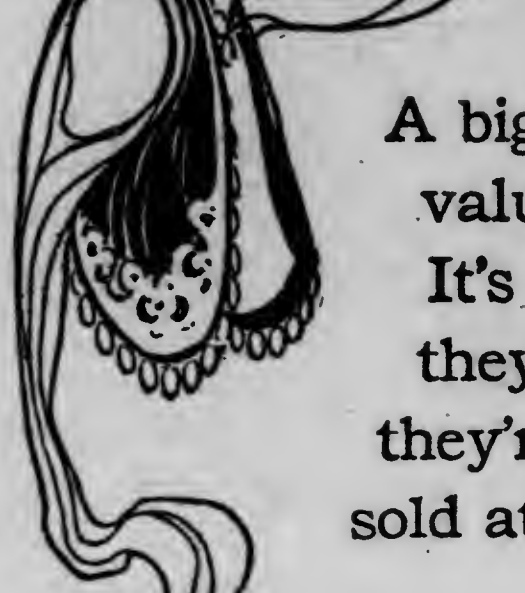

Armor Protection of the  
Minnesota Said to be  
Faulty.

Washington, Sept. 10.—Serious defects in armor protection of the splendid new battleship Minnesota are exposed by "The Navy," official organ of the Navy League and recognized as the semi-official organ of the navy department. The report created a sensation in official circles, the Minnesota being considered one of the best and most formidable of the new battleships. The Minnesota, as she floats today, shows her water line armor belt flush with the water at the stern, while at the bow it emerges from one to two feet in the open sea, the waves coming far above the belt.

It is claimed that it is possible for a 12-inch shell fired from a gun some yards to pierce the upper armor just above the water line belt. The water would rush into the ship, seriously menacing its safety. That water belt is 12 inches deep, the armor being so corugatedly represents nearly a useless dead weight which sinks the vessel unnecessarily deep, thus decreasing speed and giving her more than normal displacement.

It is declared that although the Minnesota made on trial thirty-five hun-

## COL. G. H. HOLDEN DIES IN NEW YORK

Former Duluth Resident, With War Record Passes Away.

A copy of the Cazenovia, N. Y., Republican, received by friends in this city, conveys the intelligence of the death in Cazenovia, Sept. 2, last, of Col. Giles H. Holden, a former resident of Duluth and who is remembered by quite a large number of the present residents of the city. Col. Holden came to Duluth in 1881 and lived here up to about seven or eight years ago. For several years he was clerk of the municipal court and was an active member in Grand Army circles. Col. Holden was born in Cazenovia, N. Y., Nov. 1, 1838. He came from a fighting stock, his father, grandfather and great-grandfather having rendered military service in their country. In early life the deceased worked on a farm, taught school and sailed the lakes. For some time he lived in Suspension Bridge, where he was co-editor and publisher of a weekly paper. He was elected to the New York senate but resigned shortly after the Civil war broke out. Refusing a commission as major, tendered by the governor, he went to Venezuela county and raised a company. During the war he served in the 12th New York volunteers, being commissioned lieutenant, captain and finally colonel. He was recommended by Gen. Grant, "for gallant and meritorious conduct at Petersburg, Va."

While a resident of Duluth Col. Holden was commander of the Willis A. Gorman post, G. A. R. He was prominent in the founding of the national society and was a member of the Eagles, and served two years on the department staff and one on the national staff. In 1898 he was the first man in the state of New York to tender his services for the Spanish-American war. During the war he served at various southern points as quartermaster with the rank of captain and came to Duluth at the close of hostilities. He later removed to Minneapolis where he was connected with the operating department of two large railway companies and was in the service of the state grain and weighing department of Minnesota. He went to Cazenovia in 1906. His burial occurred at Syracuse, Sept. 4.

Col. Holden is survived by his widow, three daughters and two brothers.

There will always be a pianist in your home if you own a

## Pianola Piano

Have you never wished that some member of your family play the PIANO?

Of course, you rather play yourself, because you know it must be much more interesting to produce music than merely to listen to it.

Investigate this wonderful instrument that in less than five years has become the most popular piano in the world. You will realize that if you owned one there would always be someone in your home to play.

Hundreds of people are exchanging their OLD PIANOS FOR PIANOLA PIANOS.

Perhaps you have been missing something.

Pianola Pianos cost from \$500 to \$1,050. Moderate payments if desired and fair allowances on other pianos in exchange.

## DULUTH MUSIC CO., EDMUND G. CHAPMAN, Manager.

222-224 West First Street, Duluth, Minn.

## MAGNATES WILL MEET

Final Session of N. C. C. League at Winnipeg Sunday.

Trouble Over Salary Question for Week of Idleness.

The annual meeting of the Northern-Copper Country league will be held at Winnipeg, and, as a fitting finale to the meeting, the remains of the much-abused, much ridiculed shoestring circuit will be lowered into the grave of oblivion. Few tears will be shed, and friends are requested to send no flowers.

The meeting will not be a mournful one, by and means. Few are sorry that the tempestuous career of the league has come to an end and after the meeting the magnates will part with the best of feeling remaining. The meeting is called for the purpose of closing up the affairs of the league, awarding the pennant to Winnipeg and transacting any other business which may come before it. A. W. Kuchnow, in his capacity as treasurer of the league and manager of the club, will attend to represent Duluth.

A question has come up since the announcement of the shortening of the season, which has caused managers and players some concern. Some of the players on all the clubs made demands for salary up to Sept. 7, when the season was to have closed, under the original schedule. They said their contract called for pay to the end of the season, and unless it was forthcoming, they could be automatically released. The managers wouldn't see it that way and there have been a number of wrangles on that score.

The managers of the league have adopted a good expedient. The players, who are really wanted for next year, have been paid the extra week's salary, and the managers have been taken up with the national commission. Should the commission rule in favor of the management, they will be a little out and all of the players will be held. Should the decision be the other way, the players who have received their pay to Sept. 7 will be held anyway, and the others will be free, with few regrets.

It is understood that the two Copper country towns did not pay any of their men to the end of the season under the original schedule, so should the commission rule they are released, there will be no reservations on those teams. Whether the players will receive their men the extra week's salary, it is said, so the ruling of the commission will be of vital importance all around.

## WANTS ITS BIG FINE HELD UP

Standard Oil Asks Writ to Prevent Government Collecting It.

Chicago, Sept. 10.—The Standard Oil Company of Indiana today applied to the United States circuit court for a writ of injunction preventing the United States government from proceeding to collect the fine of \$25,240, but recently ordered against it on the order of Judge Landis.

Judge Grosscup, before whom the case was heard, showed that the action until he had heard arguments from the attorneys on both sides. The arguments consumed the greater part of the day.

The attorneys for the government insisted that the supersedeas bond, if the writ was granted, should be as large as the fine assessed against the company. The attorneys for the defendant argued that the bond should be \$10,000. Judge Grosscup, while not specifying the amount of the bond, ordered the government to furnish a bond equal at least to the total value of the Standard Oil Company of Indiana.

## CITY BRIEFS

**Flanigan Gets Divorce.** Henry Flanigan, a local musician, was granted a divorce from his wife at a session of the district court yesterday afternoon. The decree was granted on the grounds of desertion and breach of the marriage vows. Two witnesses were examined in behalf of Mr. Flanigan. There was no appearance on the part of Mrs. Flanigan.

**Married by Judge.** Two couples took advantage of the conveniently located office of the probate court judge yesterday afternoon to have performed the ceremony that tied them in wedlock. The contracting parties were George Gagner and Inga Pederson and Andrew Edmunds and Elizabeth Fincher.

**When You Want.** A good pocket knife try a Boker Tree brand; they are good. Kelley Hardware company.

**Wants to Sell Lots.** W. B. Richardson, assignee of the American Loan & Trust company, has petitioned the district court for permission to sell for \$1,000 each, lots 14, 15, 16, block 28, Duluth proper. Third division. The lots formed part of the original assets of the trust company, which was indebted to the St. Paul National bank for over \$20,000, and were mortgaged to the bank as collateral, under a contract.

**Shares.** In the Twin City Lake Superior railroad, now selling at \$30.00, will pay \$1.00 per share. Call or send for literature. 24 Lyceum building.

**Flour City Police in Court.** The morning municipal court session was augmented by the presence of a number of good looking gentlemen, the visiting members of the Minneapolis police force who are here to meet the local police force team in a ball game today. The city cops from the Flour City complimented the dispatch with which the court work is disposed of and the methods which govern the local police in the department.

work. The visitors are enjoying themselves and Chief Trappan is doing his best to give them a good time.

**Company Pays Award.** Judge Dibel has signed the order of award of \$1,073.80 to Mary J. Phelps Cannon for a block 26 Harrison's addition, which was taken by the Wisconsin Central Railway company under condemnation proceedings for an right-of-way in Duluth. There was an adverse appearance when the motion for the order of award was made. The petitioner has received for the amount in the award, through her attorney, J. B. Richards.

**Cases Disposed Of.** Edward Welch, charged with disorderly conduct, was found guilty this afternoon and fined \$10 and costs amounting to \$12. Louis Simmons, who pleaded not guilty to fast driving, was arraigned this afternoon and found guilty, the court taxing him \$10 and costs, amounting to \$12.

**Boker's Tree Brand Scissors.** And buyers who satisfy you, they have others. Kelley Hardware company.

**Own the Chisholm Mine.** A party consisting of M. P. Larrabee of Chippewa Falls, Wis.; Henry M. Larrabee and George Baumgartner of Wisconsin, Minn.; and Albert Barge of Chisholm, Minn., have been in the city, near Chisholm, registered at the Spalding yesterday, and were met by A. M. Chisholm, discoverer of the mine. They are on their annual tour of inspection of the property.

**Iowa Judge in City.** Judge H. B. H. of the United States district court of the northern district of Iowa, with headquarters at Dubuque, was in the city today visiting friends. He called at the federal building and the city hall, but the latter is out of the city at present hunting in the western part of the state.

**Roy Gardner's Father Here.** William Gardner of Cass Lake, father of Roy Gardner, who was accidentally killed by a shot from a gun yesterday, was a guest at the St. Louis at the time of the accident. He left on the train for home, and did not arrive there until 2 o'clock this morning, too late to see his son alive.

**Will Lecture Here Tonight.** Katherine M. H. Blackford, M. D., president of the American School of Health Culture, will begin a series of lectures on Health Culture at Flanigan's auditorium, 212 West First street, tonight. The last lecture will be "Humanities: The New Science of Brain Building." Tomorrow night contract called for pay to the end of the season, and unless it was forthcoming, they could be automatically released. These lectures are free and the opportunity to hear the doctor should not be missed.

**Grand Jury Makes Report.** No report was made by the grand jury this morning, but it was expected that some returns might be made to the court by 2 o'clock. The grand jury report was made yesterday afternoon. When four indictments and a grand jury verdict were returned by the grand jury. Those against whom indictments were found yesterday will be arraigned about 4 o'clock today.

**Death of Mrs. Sullivan.** Mrs. David Sullivan of 598 East Superior street, died this morning at the age of 20 years at St. Mary's hospital. A husband and one child survive her.

**Big Business East.** The fall excursions to Eastern points over the Duluth and St. Paul & Northern Pacific line are being very largely patronized. The excursion Sunday took nearly 200 people out of Duluth and 50 from all along the line. There will be three more such excursions. The first of these will be in effect, Sept. 11, 15 and 20.

**New Washburn Train.** The Northern Pacific has put in effect a new time schedule for passenger trains between Duluth and Washburn, Wis. Under the new time card a person may leave Duluth at 8 a. m., arrive at Washburn at 11 a. m., and return to Duluth at 2:30 p. m., arriving here at 6:30 p. m.

**Isaac Moe Is Fined.** Isaac Moe was fined \$30 and costs in municipal court this afternoon. He was arrested on the charge of disorderly conduct.

**PERSONAL.** M. H. Lezinian is visiting in Duluth, the guest of L. Rosenberg, No. 12 East Fourth street.

Mr. and Mrs. E. F. Borge and son, Lloyd, of 213 West Third street, have been attending the state fair at O. W. Saunders of Portland, Or., an old-time Duluth lumberman, is a guest at the Lenox.

E. A. Stirling of Rily, Minn., is registered at the Lenox.

H. E. Wood of Foley, Minn., is a guest at the St. Louis.

J. C. Delaney of Eveleth, is registered at the St. Louis.

Mrs. G. L. Douglas, Jr., has returned from a trip down the lake.

**TAKING CARE OF ALL PUPILS.** Very Little Crowding Yet in Schools of the City.

A better idea of what the attendance is likely to be in the schools of the city during the year was available today, as many pupils, who did not put in an appearance yesterday, presented themselves. More will come, however, for about two weeks, and in that time the schools will probably all be running along smoothly, with their full enrollment.

From indications today there will be very little crowding, with the one exception of the Washington building, all of the schools are well able to take care of the attendance. In the Washington school, the children, who were to have started at the Nettleton building, this year put a premium on space. The children of the Franklin school have all been placed with very little confusion.

**AWARD INCREASED.** The jury this afternoon returned a verdict of \$300 in favor of the plaintiff in the case of John M. Erickson against the Wisconsin Central railroad.

The case was an appeal from the award of the condemnation commission, who gave Erickson \$500. Both parties in the case appealed to the court, and the jury raised the award to \$300.

How much do you lose every morning when you have a cold or a sore throat or a headache or a toothache or a stomach ache or a backache or a neuralgia or a rheumatism or a skin disease or a general debility? Buy a good many lines of "Forrest" advertising in The Herald.

## COPPER ON TOBOGGAN

Bear Raid on Market Continues and Prices Melt Away.

Reduction in Calumet & Hecla Dividend Was Bearish Factor.

Copper stocks went all to smash today. The leading shares tumbled two and three points at a time, and closed half a dozen points or so below the opening, and worse than that in comparison with yesterday's closing prices.

There was heavy liquidation in many of the leading issues at the opening, and it kept up throughout the session. There was a bearish feeling about the metal market. It was reported that Phelps, Dodge & Co. sold 10,000,000 pounds of electrolytic copper at about 17 1/2¢ a pound at 17 1/2¢ cents a pound. This sale has occasioned some surprise, in view of the close relationship the company has with the United Metals Selling company.

It was reported over the local brokers' wire that the firm of Thayer Brothers had failed. A dividend of \$15 was declared on Calumet & Hecla, it being a reduction of \$5 from last time. This was a bearish factor in the share market. The Calumet & Hecla books close tomorrow night and the dividend is payable Sept. 28.

Altogether, it was a depressing day in the market. Heavy selling put North Butte, Greene-Canaan, Amalgamated and some of the other favorites on the tobooggan early in the session and their descent continued until the close, which was at the low prices of the day, mostly.

North Butte opened at \$61.50, declined to \$55 and closed at \$55 bid and \$56 asked. Greene-Canaan slumped from \$11 to \$10.12 1/2 and closed at \$10 bid and \$10.12 1/2 asked. Amalgamated opened at \$71.25, advanced to \$71.25, declined to \$66.50 and closed at \$67 bid and \$68 asked.

Butte Consolidated opened at \$13.75, advanced to \$13, declined to \$12.87 1/2 and closed at \$12.87 1/2 bid and \$13 asked. Calumet & Hecla opened at \$14.50, declined to \$13.25 and closed at \$13.25 bid and \$13.25 asked. Butte & Superior at \$2 bid and \$1.87 1/2 asked, closed at \$2 bid and \$1.87 1/2 asked. Calumet & Hecla at \$12.50 and \$12.25 asked, closed at \$12 bid and \$12.50 asked. Butte & Superior at \$1.25 and \$1.12 1/2 bid and \$1.25 asked.

Black Mountain sold at \$4.12 1/2 and \$4 and closed at \$4 bid and \$4.12 1/2 asked.

"As a small bolt on the door is better than none at all," so even a very small ad. of a store in The Herald is better than none at all. "None at all" means business oblivion.

It pays to advertise in The Herald. Ask F. S. Kelley Furniture Co.

**TOO LATE TO CLASSIFY**

MASSAGE—MISS MARIA GRINDER, student masseuse from Dr. Arvedson's institute, Stockholm, Sweden, 213 West Third street, phone, 1795-X.

**KELLEY HARDWARE CO. DULUTH, MINN.**

**IDENTITY OF DONORS**

To the Harriman Fund to Elect Roosevelt Revealed.

Sum of \$260,000 Was Raised at Eleventh Hour.

New York, Sept. 10.—The mystery concerning the campaign fund raised by Edward Henry Harriman, on Oct. 29, 1904, at the personal solicitation of "President Roosevelt," has been cleared up by the World, and is set forth below. The amount of that fund, names by the subscribers thereto, and the manner of its collection by Mr. Harriman and United States Senator Chauncey M. Depew, have been obtained from a source that leaves no room for question. The exact amount of the fund was \$260,000, as has been stated. The names of the subscribers to it are as follows:

Edward H. Harriman, \$50,000. H. McK. Twombly (representing the Vanderbilt interests), 25,000. Chauncey M. Depew (personal), 25,000. James Hazen Hyde, 25,000. The Equitable Life Assurance society, 10,000. J. Pierpont Morgan, 10,000. George W. Perkins (New York Life Insurance company), 10,000. H. H. Rogers, John D. Archbold, William Rockefeller (Standard Oil company), 30,000. James Speyer and Banking interests, 10,000. Cornelius N. Bliss (personal), 10,000. Seven friends of Senator Depew, \$5,000 each, 35,000. Total to Mr. Harriman in smaller donations, 20,000.

Total, \$260,000. This sum of money, exceeding by \$50,000 the amount estimated by George B. Cortelyou, chairman of the Republican national committee, and B. B. Odell, Jr., chairman of the Republican state committee, to be necessary to insure the election of Mr. Harriman and Senator Depew to the White House, was made up by Mr. Harriman and Senator Depew.

The full amount to Mr. Cortelyou, the latter retained \$60,000 of it for his own use in the state, and gave his check for the remaining \$200,000 to Mr. Odell.

**WILL SET ASIDE.** Contestants Allege Undue Influence on Part of Lillibridge's Wife.

Scranton, Pa., Sept. 10.—What was supposed to be the last will of Jerome Lillibridge, a wealthy coal land owner, of Blakely, was set aside by Judge Sands, the contestants being two sisters of the deceased, living here. His widow was the sole legatee under the will, which was probated, the estate being valued at \$500,000.

The contestants claimed the deceased was of unsound mind, memory and understanding and undue influence being brought to bear on him. It was brought out that the signature of Mr. Lillibridge was made by his widow guiding his hand while he was sick in bed.

**LEFT OFF EASY.** Lincoln Beachy, the well-known aeronaut, was criticizing in New York the airship of a rival.

"I don't want to be too severe on this dangerous contrivance of yours," Mr. Beachy said. "It's a bad affair all through, but I am willing to let it off easy, as the customer did with the carless barber."

"There was a barber in South Bend, Ind., having been out late the night before, had a shaky hand the next morning, and cut a patron's cheek four times. After each accident the barber said, as he sponged away the blood: 'Oh, dear, how careless!' and laughed, and let it go at that."

The patron took all those gashes in grave silence. But when the shave was over, he filled a glass with the ice water, took a mouthful of water, and with compressed lips proceeded to shake his head from side to side, and toss it up and down at the barber.

"What is the matter?" the barber asked. "You ain't got the toothache, have you?"

"No," said the customer. "I only just wanted to see if my mouth would still hold water without leaking."

"What is the matter?" the barber asked. "You ain't got the toothache, have you?"

"No," said the customer. "I only just wanted to see if my mouth would still hold water without leaking."

"What is the matter?" the barber asked. "You ain't got the toothache, have you?"

"No," said the customer. "I only just wanted to see if my mouth would still hold water without leaking."

## LEGAL FIGHT BEGINS ON LAW PROHIBITING SECRET SOCIETIES IN SCHOOLS

**Minneapolis Man Starts  
Suit Against Educa-  
tion Board.**

**To Compel Them to Re-  
ceive His Son in  
High School.**

**Notwithstanding He is  
Member of a So-  
ciety.**

Minneapolis, Sept. 11.—(Special to The Herald.)—A legal fight has been commenced in the courts over the prohibition of the school board of Minneapolis against secret societies in the public schools.

W. F. Brooks, one of the most prominent citizens of the city, has begun a suit in the municipal court to compel the school board to receive his son, Robert, as a student in the Central high school, notwithstanding that the boy is a member of the Lambda Sigma fraternity.

The school board, acting under the anti-fraternity law passed by the last legislature, alleged that no student may attend the school who is a member of a secret fraternity, and it is now proposed by Mr. Brooks and others to test the constitutionality of the law in the courts.

The first move comes from the railroads. The Baltimore & Ohio, Norfolk & Western and the Hocking Valley have placed orders with the Carnegie Steel company for an aggregate of about 60,000 tons, and the Illinois Steel company has booked 10,000 tons within the past few days. It is understood that these orders are subject to the specifications of the Carnegie Steel company, and that the Carnegie Steel company is making up for the orders it failed to book during July.

## DEADLOCK AT AN END

**The First Heavy Orders  
for Steel Rails Are  
Given.**

**Railroads Will Require  
Million Tons More  
Than Ordered.**

Pittsburg, Pa., Sept. 11.—Announcement is made that the deadlock in the steel rail trade has been practically broken, and it is expected the United States Steel corporation, through its principal rail-making subsidiary, the Carnegie Steel company, will soon be making up for the orders it failed to book during July.

The first move comes from the railroads. ## ROUTE OF PARADE FOR AGED VETERANS OF G. A. R. IS BUT ONE MILE LONG

GEORGE VON L. MEYER,  
Postmaster General of the United States, Who Will Recommend to Congress the Establishment of a Parcel Post.

**The Shortest Ever Fixed  
for a National En-  
campment.**

**Procession Limited Ex-  
clusively to Members  
of Grand Army.**

**Real Business of the  
Encampment Begins  
on Thursday.**

Saratoga, N. Y., Sept. 11.—Stirring music, to which the soldiers had marched in many campaigns, awakened Saratoga at an early hour today—the day of the parade of the veterans who are attending the national encampment of the Grand Army, now in session here. It was expected that 15,000 paraders would be in line, and the weather, which has been unfavorable in the early morning, gave promise of brightening before the hour scheduled for the start. Significant of the falling strength of the veterans was the fact that the parading distance was reduced to one mile—the shortest ever fixed for the national encampment. For the first time the parade was limited to members of the Grand Army, instead of being open to all survivors of the war.

The village was ablaze with the national colors, covering the fronts of buildings, festooned at every convenient point, strung in rows at short intervals across the streets and completely covering the interior of the great convention hall, where the sessions of the encampment were held. The parade itself was scheduled to begin at 2 p. m., but seemed certain to be much later in

## ECCENTRIC COLLECTOR

**Of Rare Paintings and  
Curios Found Dead  
in Chicago.**

**Spent Forty Years in  
Windy City in Collect-  
ing Antiques.**

Chicago, Sept. 11.—Surrounded by antique furniture, rare old books and paintings, and curios from all parts of the world, John J. Gustave Burghoff, an eccentric collector, was found dead yesterday in a small room in the rear of his old curiosity shop, 34 North State street.

His faithful dog, Blix, which had been Burghoff's only companion during the last fifteen years, gave the alarm which led to the discovery of the old man's death. The dog, which is more than 20 years old, ran back and forth in the store and whined piteously. Burghoff's body was found on a small cot which had served as his bed for many years. A revolver was found on a small table near the cot and three

## STEAMER GOES ON THE ROCKS

**The Santa Rosa Reported  
Ashore Near Point  
Vincente.**

Los Angeles, Sept. 11.—The Pacific Coast Steamship company's steamer Santa Rosa is reported ashore seven miles from San Pedro. No details have been received at the shore. This is the location of Point Vicente, one of the most dangerous on the southern coast. There has been a hard wind blowing on the coast for several days, although there has been no unusual storms. The Santa Rosa is a passenger steamer running between San Francisco and San Diego, making weekly trips.

## A FOUR-DAY TRIP ACROSS OCEAN MAY BE REALIZED

STEAMSHIP LUSITANIA  
Greatest Ocean Liner Afloat, Which Is Now Making a Rapid Run From Eng-  
land to the United States and Will Probably Beat All Records.

**The Steamship Lusitania  
Is Now Making That  
Time.**

**Big Turbine Vessel in  
Communication With  
Cape Race.**

**The Ship Runs Marvel-  
ously With No Sea-  
sickness Aboard.**

New York, Sept. 11.—Plewing through the seas at a speed never before attained by a passenger steamship, the giant turbine Lusitania of the Cunard line is sweeping along at a 25-knot clip on her maiden voyage to New York, and a wireless message received from Cape Race, N. F., early today shows that she has broken all trans-Atlantic records. If she maintains her speed through the last thousand miles of her trip, the hope of a four-day trip across the Atlantic will have been realized.

The Lusitania came into the wireless zone of Cape Race at 5:20 o'clock today and telegraphed that she was then 25 miles southeast of the Cape, or 1,125 miles from the Sandy Hook lightship. The dispatch today showed that the big ship had covered 1,655 miles of the voyage in approximately seventy hours. Through swelling seas and murky fogs, which hindered her progress, and that she had averaged a little better than 23½ knots an hour, a speed record never before reached by a trans-Atlantic steamship on a westward voyage.

The Lusitania is expected to flash by the red-tiled lightship off Sandy Hook about 1 o'clock Friday morning, which would make the time of the voyage about 4 days and 18 hours, more than thirteen hours better than the record trip between Queenstown and New York of 5 days 7 hours and 25 minutes made by the Lusitania of the Cunard line in 1904.

The Deutschland made a voyage from Cherbourg to New York in 1906 in 5 days 11 hours and 54 minutes over a course of 3,064 miles, at an average speed of 23.15 knots. With clearing weather indicated, the big Cunard should make the last stretch of her voyage at top speed, and officials of the company say when the Lusitania edges her way through the New Brunswick channel, all trans-Atlantic steamship records will have been broken, and that a new era in the maritime world will have begun.

All New York will welcome the Lusitania. The ship, which is the largest yet completed, stands as the largest ship built in England. Both ships were constructed from the same models. The speed of the Lusitania is developed

## BATTLESHIP HAS NARROW ESCAPE

**Fire on the Indiana  
Barely Kept From  
Magazines.**

Washington, Sept. 11.—The navy department made public the fact that through a fire in her coal bunkers on the morning of Sept. 6, the battleship Indiana, now undergoing repairs at the League Island navy yard, narrowly escaped destruction, the ammunition in the adjacent magazines being safely removed only through the exhibition of the greatest courage on the part of the officers and crew.

## TWO MEN ARE ELECTROCUTED

**By Grasping Wire Fence  
Heavily Charged With  
Electricity.**

Greensburg, Pa., Sept. 11.—Two men were electrocuted and two others seriously injured last night as a result of a severe storm which swept over this vicinity.

The dead: JESSE WEAVER, a miner of Arona, Pa.

LOUIS W. LONG, also a miner of Arona.

These men were on their way home from work and had occasion to cross a field enclosed by a wire fence. During the electrical storm last night lightning struck a heavy feed wire of the West Pennsylvania railroad, which runs along near the barb wire fence, splitting the cable and causing one end of it to drop, giving the latter a very heavy voltage. Weaver and Long were walking near the wire and were instantly killed when they touched the fence and it seems miraculous that Smith and Henry Long did not meet the same fate.

They were in the rear and it is thought they saw the mishap to their companions.

NEW ZEALAND A COLONY.  
London, Sept. 11.—A royal proclamation has been issued by which New Zealand is advanced from the position of a colony and will hereafter be known as "the Dominion of New Zealand," sharing with Canada this coveted title.

TO CLEAN GOLD SERVICE.  
New York, Sept. 11.—Jewelers here have received news that the famous gold service of the White House will be cleaned and repaired at a cost of \$1,000. Jewelers of New York, Philadelphia and other cities submitted bids to do the work.

## THE WISE MAN AND THE OTHER FELLOW.

**LITTLE DOING  
AT THE HAGUE**

**No Important Events Will  
Occur Until Next  
Week.**

The Hague, Sept. 11.—It is not probable that anything important will transpire at the peace conference until next week. This is indicated by the departure for a few days of M. Bourgeois and Baron Marschall von Bieberstein, two of the most important figures at the conference. In the meantime the committees will continue the work of preparing the projects to be submitted at the plenary sittings. The Italian and Argentine delegations here have been empowered by their respective governments to conclude an arbitration treaty which will be signed with great solemnity in the hall of knights. The two countries selected Queen Wilhelmina as their arbitrator in the interpretation of the wording of the treaty, in case of a divergence of opinion and her majesty willingly accepted the task.

## THE METHODS OF TAX COLLECTOR NOT LIKED.

Orange, Mass., Sept. 11.—A large majority of the townspeople are much incensed over the method taken by Tax Collector L. S. Mann to collect the town taxes, and they threaten to hold a special town meeting and oust him from office.

As a means of impressing the tax obligation upon delinquents he has caused "that tax" to be painted in large white letters upon the sidewalks of every street corner.

MUCH BEEF BURNED.  
Philadelphia, Sept. 11.—The large plant of the Cudahy Packing company at Ninth street and Grand avenue, burned today. The loss was about \$200,000. Beef weighing 25,000 pounds was destroyed. The fire is believed to have been caused by a spark from a passing locomotive.

TWENTY-FIFTH YEAR.

SPECIAL MAIL EDITION FOR: THURSDAY MORNING, SEPTEMBER 12, 1907.

(ON TRAINS, FIVE CENTS.) TWO CENTS.

**LEGAL FIGHT BEGINS ON  
LAW PROHIBITING SECRET  
SOCIETIES IN SCHOOLS****Minneapolis Man Starts  
Suit Against Educa-  
tion Board.****To Compel Them to Re-  
ceive His Son in  
High School.****Notwithstanding He is  
Member of a So-  
ciety.**

Minneapolis, Sept. 11.—(Special to The Herald)—A legal fight has been commenced in the courts over the prohibition of the school board of Minneapolis against secret societies in the public schools.

W. F. Brooks, one of the most prominent citizens of the city, has begun a suit in the municipal court to compel the school board to receive his son, Robert, as a student in the Central high school, notwithstanding that the boy is a member of the Lambda Sigma fraternity.

The school board, acting under the anti-fraternity law passed by the legislature, deemed that no student may attend the school who is a member of a secret fraternity, and it is now proposed by Mr. Brooks and others to test the constitutionality of the law in the courts.

Mr. Brooks, Colonel F. M. Joyce, C. F. Hagin and N. J. Rockwood first appeared before the board on behalf of the fraternity named, but the board was inflexibly determined in maintaining its attitude.

The only question arises in respect to the Central high school. At the other high schools the societies have ceased to exist.

It was stated to the board that the law does not affect the present members of the fraternity, and that the fraternity in that school would come to an end in three years' time.

**AMBASSADOR  
LEAVES BERLIN****Count Inoye May be Suc-  
ceeded by Viscount  
Aoki.**

Berlin, Sept. 11.—Count Inoye, the Japanese ambassador to Germany, has taken his departure for the Japanese capital. Prince von Buelow, at Norddeutsche, preparatory to returning to Japan. His successor has not yet been appointed, although it is asserted that Viscount Aoki, the ambassador of Japan at Washington, will be transferred here. Count Inoye is reported to have a thorough knowledge of German aims and policies which would make him a valuable adviser at home. The attribute for which he will principally be remembered in Germany is the extreme amiability with which he has overcome all difficulties. His most notable diplomatic achievement while in Berlin probably was that of impressing the German government with the idea that Japan was quite willing that Germany should retain Kiao Chao, the territory on the Shan Tung peninsula leased by Germany from China in 1898, because, from the Japanese standpoint, so long as Germany retains territorial interests in the Far East she can be more easily dealt with after the Anglo-Japanese alliance expires.

**FRENCHMAN  
COMPLAINS****Caught Spaniards Rob-  
bing House and Forced  
to Release Them.**

Paris, Sept. 11.—Special dispatches received here from Casablanca relate a regrettable incident at that point. A well-known French resident caught two Spanish soldiers in the very act of robbing his house. He summoned assistance and secured the men and was marching them off to the authorities when he met a Spanish officer. This man abused him roundly and forced him to release the soldiers. The Frenchman has lodged a complaint at the French consulate against both the officer and the men.

**RUNYAN SENTENCED TO  
SEVEN YEARS IN PRISON.**

New York, Sept. 11.—Chester B. Runyan, paying teller of the Windsor Trust company, who confessed to stealing \$100,000 of the company's funds, was sentenced today to serve seven years in Sing Sing prison.

**PRESIDENT'S CREDENTIALS.**  
Tokyo, Sept. 11.—Mr. Pacheco, the newly appointed minister from Mexico to Japan, presented his credentials to the emperor, who granted him an audience, at which the emperor was present.

**DEADLOCK  
AT AN END****The First Heavy Orders  
for Steel Rails Are  
Given.****Railroads Will Require  
Million Tons More  
Than Ordered.**

Pittsburg, Pa., Sept. 11.—Announcement is made that the deadlock in the steel rail trade has been practically broken, and it is expected the United States Steel corporation, through its principal rail-making subsidiary, the Carnegie Steel company, will soon be making up for the orders it failed to book during July.

The first move comes from the railroads. The Baltimore & Ohio, Norfolk & Western and the Hocking Valley have placed orders with the Carnegie company for an aggregate of about 60,000 tons, and the Illinois Steel company has booked 10,000 tons within the past few days. It is understood that these orders are subject to the approval of the Carnegie company and the joint committee of the railroads and steel manufacturers. It is estimated that railroads will require about 1,000,000 tons more rails for next year's delivery than has been ordered.

The deadlock was brought about by the allegation on the part of railroad officials that the Bessemer rail was no longer equal to the demands placed upon it and was the cause of disastrous accidents. The appointment of the commission followed and it is understood that its report is ready and will be made public soon.

**THE CHANCES  
OF FAIRBANKS****Best Now, Declares Hem-  
enway—His Popular-  
ity Increasing.**

Senator James A. Hemenway of Indiana, who succeeded Mr. Fairbanks in the United States senate, in an interview here, declared himself in an interview here.

The senator came from Lake Champlain, where he had been enjoying a rest since his election to the United States senate. He is a native of New York, and others. The speaker gained five pounds in weight, and was the youngest in the crowd, according to the declaration.

Mr. Hemenway failed to say so, but there is little doubt that he is a favorite of the people. He is a native of New York, and others. The speaker gained five pounds in weight, and was the youngest in the crowd, according to the declaration.

**MAN SHOTS HIMSELF  
TO PREVENT ARREST.**

Chicago, Sept. 11.—Edward J. Hildebrandt, a painter, 30 years old, committed suicide by shooting himself through the head in a West side resort yesterday when about to be arrested for the murder of Mrs. Maude Westfield, at whose home he was a boarder. Mrs. Westfield was found shot to death, presumably while asleep in her bed, early yesterday. Suspicion was first directed to Hildebrandt through his absence from the house when the crime was discovered. The police traced him to the resort at 16 Peoria street yesterday, where he was found. They also believe they found the motive for the murder in letters written to Mrs. Westfield from Hamilton Ont. by a man who signed himself as "Billy" Murdock, and which are thought to have aroused Hildebrandt's jealousy. Hildebrandt was warned by the inmates of the resort that the police were looking for him. Later the police called at the resort, and Hildebrandt went to a bathroom and shot himself.

**ROUTE OF PARADE FOR  
AGED VETERANS OF G. A. R.  
IS BUT ONE MILE LONG**

GEORGE VON L. MEYER,  
Postmaster General of the United States, Who Will Recommend to Congress the Establishment of a Parcel Post.

**The Shortest Ever Fixed  
for a National En-  
campment.****Procession Limited Ex-  
clusively to Members  
of Grand Army.****Real Business of the  
Encampment Begins  
on Thursday.**

Saratoga, N. Y., Sept. 11.—Stirring music, to which the soldiers had marched in many campaigns, awakened Saratoga at an early hour today—the day of the parade of the veterans who are attending the national encampment of the Grand Army, now in session here. It was expected that 15,000 paraders would be in line, and the weather, which has been unfavorable in the early morning, gave promise of brightening before the hour scheduled for the start. Significant of the falling strength of the veterans was the fact that the parade route was reduced to one mile—the shortest ever fixed for the national encampment. For the first time the parade was limited to members of the Grand Army, instead of being open to all survivors of the war.

The village was ablaze with the national colors, covering the fronts of buildings, festooned at every convenient point, strung in rows at short intervals across the streets and completely covering the interior of the great convention hall, where the sessions of the encampment were held. The parade itself was scheduled to begin at 2 p. m., but seemed certain to be much later in

**ECCENTRIC  
COLLECTOR****Of Rare Paintings and  
Curios Found Dead  
in Chicago.****Spent Forty Years in  
Windy City in Collect-  
ing Antiques.**

Chicago, Sept. 11.—Surrounded by antique furniture, rare old books and paintings, and curios from all parts of the world, John J. Gustave Burghoffer, an eccentric collector, was found dead yesterday in a small room in the rear of his "old curiosity shop," 34 North State street.

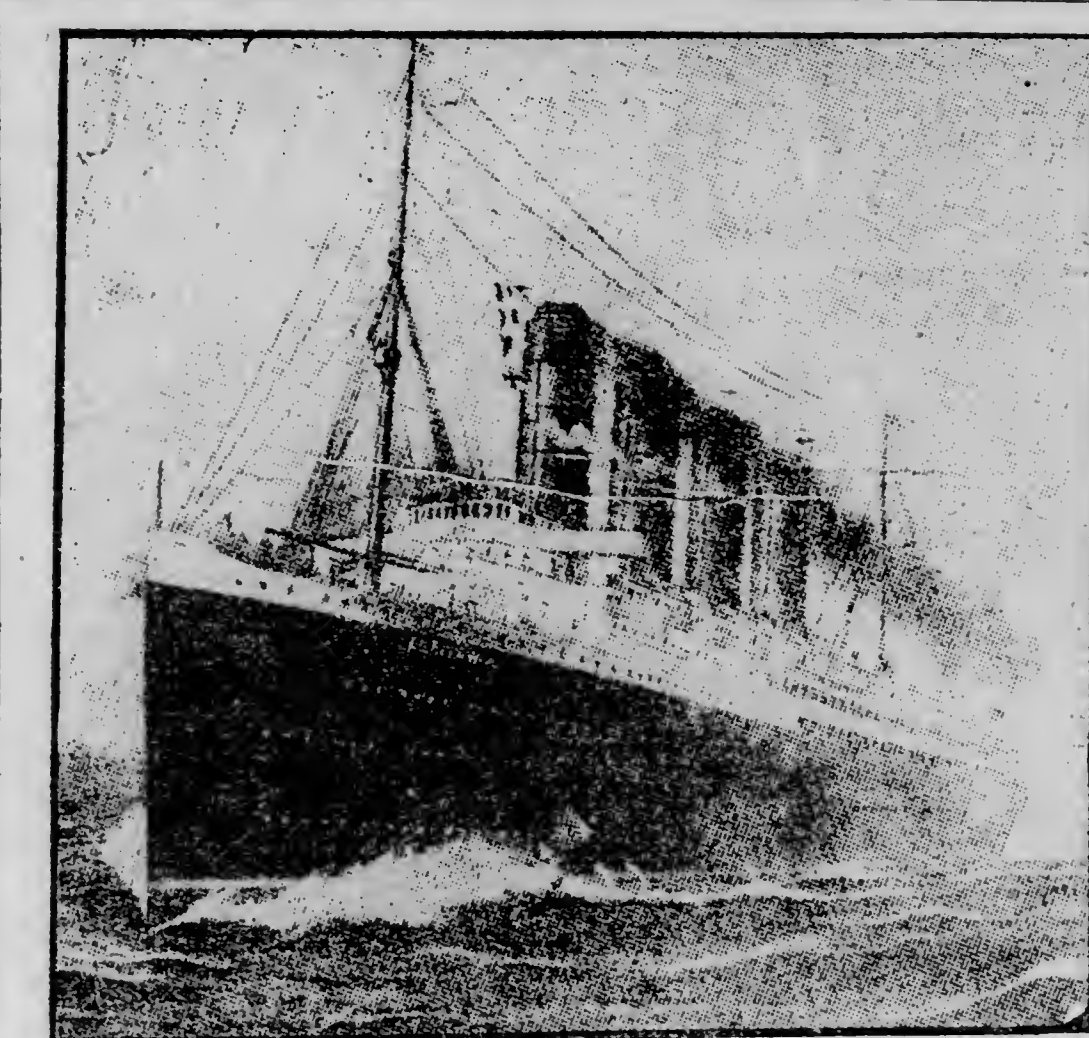

His faithful old dog, Bilx, which had been Burghoffer's only companion during the last fifteen years, gave the alarm which led to the discovery of the old man's death. The dog, which is more than 20 years old, ran back and forth in the store and whined pitifully. Burghoffer's body was found on a small cot which had served as his bed for many years. A revolver was found on a small table near the cot and three

**STEAMER GOES  
ON THE ROCKS****The Santa Rosa Reported  
Ashore Near Point  
Vincente.**

Los Angeles, Sept. 11.—The Pacific Coast Steamship company's steamer Santa Rosa is reported ashore seven miles from San Pedro. No details have been received at the shore. This is the location of Point Vincente, one of the most dangerous on the southern coast. There has been a hard wind blowing on the coast for several days, although there has been no unusual storms. The Santa Rosa is a passenger steamer running between San Francisco and San Diego, making weekly trips.

**The Steamship Lusitania  
Is Now Making That  
Time.****Big Turbine Vessel in  
Communication With  
Cape Race.****The Ship Runs Marvel-  
ously With No Sea-  
sickness Aboard.**

New York, Sept. 11.—Plewing through the seas at a speed never before attained by a passenger steamship, the giant turbine Lusitania of the Cunard line is sweeping along at a 2-knot clip on her maiden voyage to New York, and a wireless message received from Cape Race, N. F., early today shows that she has broken all trans-Atlantic records. If she maintains her speed through the last thousand miles of her trip, the hope of a four-day trip across the Atlantic will have been realized.

The Lusitania came into the wireless zone of Cape Race at 2:30 o'clock today and telegraphed that she was then 225 miles southeast of the Cape, or 1,125 miles from the Sandy Hook lightship. The dispatch today showed that the big ship had covered 1,655 miles of the voyage in approximately seventy hours, through swelling seas and murky fogs, which hindered her progress, and that she had averaged a little better than 23½ knots an hour, a speed record never before reached by a trans-Atlantic steamship on a westward voyage.

The Lusitania is expected to flash by the red-bellied lightship off Sandy Hook about 1 o'clock Friday morning, which would make the time of the voyage about 4 days and 18 hours, more than thirteen hours faster than the record trip between Queenstown and New York of 5 days 7 hours and 25 minutes made by the Lusitania of the Cunard line in 1904. The Deutschland made a voyage from Cherbourg to New York in 4 days 11 hours and 54 minutes over a course of 3,664 miles, at an average speed of 23.15 knots. With clearing weather indicated, the big Cunarder should make the last stretch of her voyage at top speed, and officials of the company say when the Lusitania edges her way through the New England channel, all trans-Atlantic steamship records will have been broken, and that a new era in the maritime world will have begun.

All New York will welcome the mammoth Lusitania. The Lusitania and her sister ship, the Mauretania, are yet completed, and are the largest ships ever built. Both ships were constructed from the same models. The speed of the Lusitania is developed

## YACHT CLUB HAS BEEN ORGANIZED

### Menominee Sportsmen Preparing for Profes- sional Boating.

Menominee, Mich., Sept. 11.—(Special to The Herald.)—A yacht club, including eighty of the prominent young business men of the city, was organized at a meeting held at the S. M. Stephen hotel Monday night. Application will be made to have the local organization admitted to membership in the Michigan state league. As a number of fast boats are owned in the city, Menominee will become a valuable acquisition to the state league.

A fund of \$1,000 was subscribed at the meeting, which will be utilized for the erection of a breakwater and clubhouse near Poplar Point, the beautiful city park recently presented to the city by John Hens, a wealthy citizen.

## PREPARES STATISTICS

Postmaster Publishes a  
Pamphlet Giving Figures  
on Postal Business.

Enormous Increase Made  
in Money Order De-  
partment.

Postmaster Guy Eaton has just completed the preparation of a small statistical pamphlet giving the receipts and expenditures of the local postoffice and from the figures given it is demonstrated that the business through the office has grown at a wonderful rate during the last few years.

The greatest increase in the business is in the money order department where, during the twelve months of the fiscal year ending July 1907, the percentage of increase was 83 per cent. The total increase in postal receipts, from the sale of stamps and envelopes, amounted to 16 per cent during the fiscal year.

The total receipts from the sale of stamps and envelopes during the year amounted to \$39,077.12, while the total money order receipts were \$3,644,490.83, making a total for the whole office of \$3,683,567.95.

In the registry department there was also a big increase. In the number of registered parcels handled, the total increase in the number received was 25 per cent, the number dispatched, 35 per cent, and the number which passed through in transit, 35 per cent. The special delivery business increased 32 per cent during the year and the number of special delivery letters received was 11,581.

Compared with the figures twelve years ago in 1895, the business has increased several hundred per cent. In the money order department the receipts from the certificates issued in 1895, amounted to \$1,078,175. In 1907, the sum of \$3,644,490.83 was received last year in fees for internal money orders and \$2,917,375 for domestic orders. The total receipts last year for domestic orders were \$29,327.49 and internal orders \$24,750.83.

During the fiscal year the total money order funds handled at the local postoffice were \$2,644,808.08 compared to \$589,417.27 during the fiscal year of 1895. The total number of money orders issued during the year was 27,245, compared to 17,488 in 1895. The present force at the local postoffice consists of 32 clerks, 3 substitute clerks at the main office, 4 clerks at stations, 18 carriers and 14 substitute letter carriers, 3 special delivery messengers, 3 rural carriers and 3 substitute rural carriers. The office pays 40 railway postal clerks and is a depository for 82 post-offices.

In the mailing division there is a total number of 9 clerks. There are 73 lock pouches received daily, 59 dispatched daily, 133 tie sacks received daily and 133 tie sacks dispatched daily. The total number of pieces of all classes of mail matter handled daily, outgoing mail only, is 54,581. The number of pieces handled for the year amounts to 15,922,795, an increase over the fiscal year 1896 of 17 per cent.

The average number of errors in distribution checked monthly against mailing division amounted to 37, which is an average of only 10 errors a month to each clerk, or one error for every 1,211 pieces of mail handled. This is considered to be an especially good record.

## THE CHINA SALE

At 8 tomorrow at the Glass Block. See adv., page five.

## MILITARY BALL

Tomorrow Night  
AT LINCOLN PARK PAVILION.  
Given by Duluth Camp Sons of Veterans. Band music. Tickets 50 cents per couple. Proceeds for relief fund to assist old disabled soldiers.

## A BAD STORM AT HARRISBURG

Terrific Rain Floods  
Cellars and Does Much  
Damage.

Harrisburg, Pa., Sept. 11.—The worst storm of the summer struck this locality last night, flooding cellars, crippling the street car service and doing much damage to building operations. The water undermined a row of new houses and on Berry Hill street, caused the walls to collapse and almost completely ruined the buildings. During the worst of the downpour the rain descended at the rate of 2.12 inches an hour, causing Payton creek to rise four feet in less than two hours. Several houses at New Cumberland caved in, flooding cellars and doing other damage. The rain also caused two washouts on the Cumberland valley traction line between Harrisburg and Mechanicsburg.

The storm was also severe at Williamsport, York and Altoona, Johnstown and other sections.

## NO STATEMENT

Of Effect of Strike on Earnings Given  
Out by Western Union.

New York, Sept. 11.—The board of directors of the Western Union Telegraph company today declared the regular quarterly dividend of 14 per cent on capital stock and adopted the resolutions passed by the executive committee yesterday, endorsing and approving the conduct of the strike by President R. C. Clowry and the other officers. No statement of the earnings for the quarter usually issued after the quarterly meeting, was given out today, and the effect of the strike on the earnings was not disclosed.

## FINNS OPPOSE THE DEMANDS OF RUSSIA.

Helsingfors, Finland, Sept. 11.—The international demand that the Finnish service of the Russian empire was fiercely opposed during last night's session of the diet. The Socialists who opposed the grant, were gaining sympathy from among the members of other parties. The debate will be continued today.

## READY FOR "INJUNS"

Down East Farmer Gets  
Off Juniata With  
Old Gun.

He Understood Duluth  
Was Out West Among  
the Indians.

Spectators who lined the dock when the Juniata landed its passengers yesterday were treated to a delightful little sketch of human interest. Just before the boat arrived some young people who reside in the city were anxiously waiting the dock and confiding to friends that they expected an old gentleman, probably their grandfather, a rather eccentric person, to come up the lakes for a visit. It seems that the old gentleman, who is a good specimen of an aged down east Yankee farmer, had told his folks back on the farm in York state, that he intended to visit his Duluth relatives. They tried to dissuade him, but he was determined to "come West," and all they could do was to send word to the Duluth relatives to look out for the old fellow.

When the Juniata tied up the passengers began pouring off, but nowhere in the throng could the Duluth people spot the person that had been described to them.

Finally, when about all the passengers were off the boat, the young people recalled a man carefully feeling his way over the solitary gang plank to the dock placed for the convenience of the engineer, fireman and stokers. Hastening toward him they found that the old fellow answered the description, and they introduced themselves.

The relative, who had a clean shaven upper lip, with a flowing white beard and who carried his gun in a bag, could not understand how his Duluth relatives knew he was coming.

The old chap carried in his hand an ancient fowling piece, muzzle loading and with a generous amount of rust on the barrel, bespeaking years of non-use. He refused to give the weapon up to anybody, claiming he had been told that Duluth was a very bad place for a gun, and so he brought along the gun to protect himself from the bloodthirsty redskins. His hand baggage consisted of a long basket covered with a piece of cloth tied down to the cabin, although the old gentleman confided to his relatives he had a trunk on the boat, and for which he intended to wait.

Somewhere in Duluth today the old Yankee farmer is being disillusioned as to the Indian stories he heard down East, and it is certain that his recognition that he will have the time of his life before he gets back to the sleepy old New York farm.

## WELLMAN'S BROTHER

Thinks That the Expedition to North  
Pole Will Succeed.

Madison, Wis., Sept. 11.—Arthur Wellman, brother of Walter Wellman who is seeking the North pole, in an interview printed in the State Journal today, says that he has absolute confidence in the success of his brother's expedition. Some time ago he went over the plans for the expedition with his brother and he feels certain that the expedition will be a success. The pole may not be found this year, he says, but it will undoubtedly be found as soon as the weather takes a favorable turn. Mr. Wellman is a resident of this city.

Most EVERYBODY uses WHITE LILY SOAP. Do you?

The China Sale  
At 8 tomorrow at the Glass Block. See adv., page five.

## DISCOVERY MAY CUT THE COST OF LIVING.

Boston, Sept. 11.—Declaring that red blood corpuscles come from spleen, and also announcing that he found that spleens are rich in iron, Dr. Williams, a graduate of the Harvard Medical school, believes he has found means of adding 50,000,000 pounds of iron to the meat supply, which should mean a saving of \$10,000,000 a year.

## HARRIMAN SAYS

That He Does Not Care Much for Any  
Fish.

Buffalo, N. Y., Sept. 11.—E. H. Harriman, who is on his way home from the Pacific, said in answer to questions:

"What sort of a reception is Wall street after all? I'll tell you—it's a fair one. What matters if stocks show the upward turn of a point one day and a downward switch of two or five the next? That is no indication of the real worth of the country or the future of the prosperity, and it is no reflection of actual conditions."

"I've been out in a big country, young man," he added, with enthusiasm. "I've been out doing things that skyscrapers, and having some fun doing some business and thinking at the same time."

Asked about the Fish-Harriman scrap he said:

"An exaggerated, don't you think?" he asked. "Anyway, I've nothing against fish—any fish—and I've been catching a good many of them lately."

"As to the immunity promised the Chicago & Alton, he said:

"I know nothing of it. Don't know any more about Chicago & Alton than I did before it went away, and don't know anything about promised or pledged immunity."

## BREAK INTO DEPOT.

Cash and Some Mileage Books Stolen at  
Jamestown.

Jamestown, N. D., Sept. 11.—The Northern Pacific depot in this city was broken into some time during Monday night. The ill was robbery of \$250, while a dozen mileage books were stolen, together with a number of tickets to local points. The robbers gained entrance by forcing a window.

## WILL STOP THIEVERY

"Souvenir" Fiends Will  
be Brought Before  
Bar of Justice.

Secret Service Man to  
Give Protection From  
the Vandals.

FROM THE HERALD  
WASHINGTON BUREAU.

Washington, Sept. 11.—(Special to The Herald.)—As soon as the president and his cabinet return to Washington, the secretary of the navy will present a plan to the chief executive for the protection of the personal effects of foreign naval officers visiting American ports.

During the past few months some of these officers have been subjected to great annoyance, to say nothing of heavy losses through the looting of their cabins and state rooms by Americans who have been permitted to go through the ships while lying in two instances in Hampton Roads and another in New York. The Japanese flag ship and the Italian man-of-war, which brought over the Duc d'Abruzzi to the ceremonies attending the opening of the Jamestown exposition, were thrown open to visitors, and those visitors repaid the kindness and courtesy of the foreigners by stealing everything that was not secured to the decks and light enough to be carried away. Subsequently when Prince William of Sweden arrived in the port of New York similar courtesies were extended to visitors, who responded by relieving the cabins of the Erygia of all the portable property which had been left unguarded.

The scandal has grown so great that the secretary of the navy has determined that strenuous measures shall be adopted for the protection of the personal effects of the nation's guests, and to this end it is likely that a corps of special detectives will be assigned to protect the effects of visiting officers in the future, and they will probably be chosen from the men in the service of the treasury department under Chief Wilkie's secretary Mel-sail favors summary prosecution of every man or woman who may be found carrying off "souvenirs" and it is probable that the secretary's plan will be approved by the president, and that in the future the thieves who steal the property of naval officers will be treated in exactly the same manner as the ordinary pickpocket men-of-war, but also throughout the hotels and public resorts everywhere. Foreign naval officers are not the only ones who have suffered, for officers of the navy have repeatedly reported

the loss of small articles of their personal effects when their vessels have been opened to visitors. It is men and women who have, apparently, excellent standing, who are guilty of these small crimes, of which hotel people in particular have complained so much of late. During the last inauguration ceremonies, for instance, the hotels in Washington were crowded to the limit, as is always the case on such occasions, and on the night of March 4, after the inaugural ball, the palm room of one of the biggest of the Washington hostilities was looted of every solitary coffee spoon in the establishment. Not one remained on the morning of the 5th and besides the small spoons, salt cellars, glasses, butter plates and minor articles of table ware were carried off wholesale. One of the Washington hotel men estimates that during the inauguration week the five leading hotels in the city lost small articles of tableware to the value of upwards of \$2,500, to say nothing of the towels, soap boxes and similar toilet appliances which were carried from the rooms. One woman guest, who was recently discovered in the apartment of all the portable pieces therein, admitted that she had a collection of towels from hotels throughout the country which filled a good sized linen closet in her home.

The posters which the United States marine corps has scattered through the country to secure recruits have attracted considerable attention because of the excellent manner in which they are prepared. It took the officers of the marine corps many months to devise the posters which have been thus commented upon, and before a satisfactory design was secured officers in all sections of the country were requested to send in copies of any posters which might have attracted their attention, and besides this lithograph and

printing establishments were asked to contribute to the collection. At one time in the navy department there were displayed thousands of such posters advertising all sorts of things from circuses to cereals, and these were the bases of the work of the officers who prepare the printed matter for the navy. The United States has discovered that attractive advertising is as effective in securing men for the army and navy as such work is in the sale of merchandise.

THIRTEEN HORSES BURN.  
Pinegrove, N. D., Sept. 11.—(Special to The Herald.)—Fire that started early Monday in the Pinegrove livery stable burned that building, including thirteen horses, the Pinegrove hotel, Dr. Van de Vere's office and the Pinegrove drug store, containing a total loss of \$12,000. The origin of the fire is not known.

**PROTECT YOUR BOOKS!**

They're too valuable to be strewn about the room or house exposed to dust and damage! Of course you can't help it, if your book-case is full and of the old style solid construction. Better get rid of such a case, or start a new one that will always accommodate your books without being either too large or too small—one that grows with your library and always fits it. The

**Globe-Wernicke****"Elastic" Book-Case**

is the original and only up-to-date sectional book-case and is made by the largest manufacturers of such goods in the world. It's furnished in a variety of grades, sizes and prices, adapted to any and all requirements. It's a system of units, each unit fitted with the perfection of dust-proof roller-bearing door. But we'll be glad to show them if you call, or will send illustrated catalogue on request.

We have a complete stock in all the different finishes. See the new designs. They are ahead of everything.

**ALVEOLAR DENTISTRY**

When we have put teeth in a person's mouth so they can use them with as much comfort and satisfaction as they could if all their teeth were natural and in good condition, we have done our duty. We have been working on plates, because neither they nor their builders know of our method of supplying teeth without the aid of plates. Those people are going to make good witnesses for our side.

We have a list of people who have thrown away their plates and have had alveolar work done by us. This list is open to your inspection. Select anyone and call them up and ask them about their work. It will cost you nothing. A pleased patient is our best advertisement. Examination and advice free, careful operating, painless extracting.

**STEAM HEATED STORE ROOM**

Seventeen foot ceiling, and basement 40 x100, will put in good repair, near Lake Avenue and Superior Street. Rent reasonable. T. W. Wahl & Co., Second floor, Lonsdale building.

**WHO WILL LAND PLUM?**

Six Applicants in Line for the Police Captaincy.

Interest in the successor of Capt. F. E. Resche of the police force, who was appointed state probation officer, Aug. 1, is keen in police circles and there is considerable conjecture as to which one of the several candidates will land the plum.

The appointment lies within the gift of the mayor, but the candidates must take the civil service examination and the appointment is said, will depend largely upon the ranking made by the men in the examination.

Louis Pickett, Terry, Schulte, Brennan and Fritz are said to be in line for the job.

Lieut. Pickett is now acting captain and the police officers intimate that he will land the job. He has been on the force since Oct. 25, 1903, and is admitted to be a conscientious and efficient officer. This can be said of each of the other men, who are in line for the promotion, however, and nearly all of them have seen long service. The appointment will be made in the near future it is expected.

**Used in millions of homes****CALUMET BAKING POWDER**

It is put up under the supervision of a competent chemist, from the finest materials possible to select, insuring the user light, wholesome, easily digested food. Therefore, CALUMET is recommended by leading physicians and chemists.

**Perfect in Quality Economical in Use Moderately in Price**

Calumet is so carefully and scientifically prepared that the neutralization of the ingredients is absolutely perfect. Therefore, Calumet leaves no Rochelle Salts or Alum in the food. It is chemically correct. For your stove's sake use Calumet. For economy's sake use Calumet.

\$1,000.00 given for any substance injurious to health found in Calumet.

**WILL SELL TO MINERS****American Society of Equity After Market on the Range.****Officers Here to Establish Relations With Co-Operative Stores.**

T. H. Morrell of Cedar, Minn., president of the Minnesota branch of the American Society of Equity, accompanied by several other officials of the society, was in the city yesterday for the purpose of establishing trade relations with several of the co-operative stores in Duluth and on the range.

Later on it is the plan of the society to establish a general exchange in this city, but at present this will not be attempted. The officers hope, however, to establish an exchange for the grain growers' department, so that the members of the society can send their grain to the head of the Lakes and get as good prices as the big dealers. Theodore F. Nelson, president of the grain growers' department, was here in the interest of his department.

Since the strike of the miners on the ranges the leaders of the Western Federation of Miners and others have established a number of co-operative stores, at which the miners are asked to do their trading exclusively. It is through these stores that the farmers' organization hopes to gain an outlet for its produce on the ranges.

In Anoka county, where Mr. Morrell's home is, the society is especially strong. This is in the heart of the potato belt, and it is said that the farmers are getting better prices than ever before. Almost a hundred thousands of potatoes have been sent from this district to the range, and it is said to have proved most satisfactory.

Besides the potatoes the society officials hope to find a market for union made flour which comes from a mill at Champlin, Minn. Mr. Morrell states that none but union men are working in this mill and that the flour is sold to be of the best in every particular. One of the owners of this mill is also in the city with the party.

"Of course," said Mr. Morrell, "we cannot actually go into the retail business and sell our produce direct to individuals. But it is our plan to sell direct to the consumer, doing away with the middle man, thus getting the best of prices for our products while the consumer gets them cheaper. It is therefore necessary for us to form exchanges, and this we intend to do in every city and town in the state eventually."

For the present, however, we want to get these union miners on the range to using our produce and we are doing this by establishing exchanges. We are selling them potatoes and we wish to get them to buying this union made flour from Champlin.

"The grain exchange we will establish in Duluth as soon as possible for the benefit of our grain growers' department, and the general plan is to make a little later on. We are getting the farmers up this way in line and a local exchange will be the next thing."

"We have had agents buying potatoes in a number of the central markets in the potato belt, including Anoka, Elk River, Princeton and other towns, and they have been most successful. After the busy season is over we will commence an active campaign of organization for the society throughout the state, and expect great results."

**Health in the Canal Zone.** The health of the young men who are joining the force of skilled workmen needed to construct the Panama Canal is being maintained, however, by the fear of fever and malaria. It is the knowledge of those who have used Electric Bitters, who go there without this fear, well knowing that they are safe. Cures blood, liver, biliousness, weakness and all stomach troubles. Guaranteed by all druggists. 50c.

We can save you money and guarantee you will be thoroughly pleased in every way.

**MORRISON**  
8 LAKE AVENUE SOUTH.

**TO INITIATE HUGE CLASS****Fidelity Lodge of Workmen Adds to Its Membership.**

Another big class of candidates will be initiated into the Fidelity Lodge No. 100, Ancient Order of United Workmen, tomorrow evening at their hall on West First street. Several of the grand lodge officers will be present.

It is expected that the class will number about seventy-five, and with the addition of this class the lodge will have nearly 600 members, which is the largest membership at the head of the Lakes. The members of the lodge feel proud over the showing which is being made. For the past few weeks O. W. Born, deputy grand master workman, has been in the city working to get up this big class.

M. C. Tritt, of Long Prairie, Minn., grand master workman, will be on hand tomorrow evening to preside at the initiation ceremonies, and he will be assisted by Past Grand Master Workman Fred H. White and Grand Inside Watchman J. A. Schmicher of this city.

After the initiation a banquet and smoker will be given at Macabee hall at which speeches by a number of the prominent lodge officers will be given.

**A BLOODLESS BATTLE.**  
Nellie and Christopher Brisby Cut Up Each Other's Clothing.

Christopher and Nellie Brisby, colored, were taxed \$5 and costs, each by Judge Cutting late yesterday afternoon for disorderly conduct. The pair, according to the report, had differences at Brisby's room, 25 Lake avenue north and took revenge on each other by cutting up clothing, silk pillows, and anything they could lay their hands upon.

It appears that the woman wished to remove some clothing from the room and Christopher objected, saying it was rather than have her take it away. The woman got busy with a knife in turn, and the wearing apparel of the two was a sorry looking sight when they had appeared their anger.

**"MÉRODE" (Hand Finished) Underwear**

You could buy Underwear costing twice as much as the "Merode" Underwear, but none that would compare with it for elasticity, durability, fineness of finish and perfect shape. A very soft finished thread is used, which is not harsh to the skin, at the same time it is unusually strong and permits greater friction without breaking than any other make. We recommend it especially to stout women who have difficulty in finding a garment that would stretch sufficiently to be comfortable and still have wearing qualities.

Try a "Merode" Union Suit if you wish to experience a new revelation in Underwear goodness.

**"Merode" Union Suits for Ladies and Children Are Perfect**

We carry full lines of this desirable make of underwear, in all weights and textures—comes in wool, merino, silk and wool, silk and cotton, all-cotton and cotton and wool mixed. It's worth your while to investigate.

**HAD NO ORDERS TO INTERFERE****Deputy Game Warden Mattson Says St. Paul Story Was Silly.**

"All that talk about the proposed attempt of the state game authorities to arrest President Roosevelt's son for violation of the game laws was extremely silly," says Deputy Game Warden John Mattson of West Duluth, whose district includes Ely, Coleraine and other portions of Itasca county.

"We find enough to keep us busy without interfering with the visit of the president's son, or any body else. We act when we find violations of the game laws."

Mr. Mattson says that he was on his range last Sunday, at the time publication was given the story from St. Paul. He says that the people on the range and everywhere else over his district were very much amused at it.

The game warden is very active and are finding more or less violation of the game laws in certain localities. Measures are being taken for a vigorous prosecution of the offenders.

**TELEGRAPHERS' STRIKE****Will Not be Considered Further by Labor Commissioner Neill.**

Oyster Bay, L. I., Sept. 11.—Labor Commissioner Neill is no longer considering himself with the telegraphers' strike, and his original effort to bring about peace between the telegraph companies and their former employees represents the past taken by the administration in the controversy.

Reports to the contrary were denied by the commissioner upon his leaving Sagamore Hill, where he had luncheon with the president yesterday.

Commissioner Neill said that since his preliminary efforts to settle the telegraphers' strike, and that those efforts, which had failed, represented all that had been done by the administration in the matter.

The strike, he said, was not considered yesterday, and he contemplated no further activity in the matter. President Roosevelt, he added, had never asked for a report on the question from him, and unless such a request should be made, he should not give in detail the failure of his initial and only efforts to bring about peace.

New York, Sept. 11.—Without having accomplished anything toward settling the telegraphers' strike, President Samuel Gompers, of the American Federation of Labor, left here for Washington last night. Mr. Gompers declared he would do anything in his power, or make any personal sacrifice to bring the strike to an end.

## CONCERNING WOMAN.

The present month will be a busy one at the Young Women's Christian association in a social way, for during the last week of the month the annual banquet to the ministers of the city and their wives will be served and the joint education and gymnasium and teachers' reception will also be held the same week. Both are among the most important of the social events of the year.

The ministers' banquet has come to be one of the most interesting and enjoyable of the affairs, at which the secretaries and board of directors are hostesses. The ministers of the city have been most gracious and kindly in their attitude toward the association since its organization, and the banquet is a slight evidence of the gratitude of the workers toward the ministers. The banquet is served in the evening in the dining room of the association and an informal program of toasts follows. The date for the banquet and reception this year will be Wednesday evening, Sept. 25.

Upon the following Friday evening, Sept. 27, a large reception will be held. In former years the opening reception for the educational and gymnasium classes, and the reception of the teachers of the city were held upon separate evenings. This year they will be combined. The opportunity offered the new teachers of the city to meet their fellow workers and members of the association, has been welcomed by a large number and the reception has become one of the most largely attended affairs of the autumn.

The formal opening of the educational and gymnasium classes will take place Oct. 1. Miss Frances Pullar, physical director of the association for the coming year, will arrive in Duluth next week. Beginning next week, supper will be served to the members of the association from 5:45 to 6:30 each evening, and the rooms will be kept open until 9 o'clock. During the summer the rooms were closed at 8 each evening.

### WED AT ROCHESTER.

#### Miss Willson to Become Bride of N. B. Morrison.

Invitations have been received in this city from Mr. and Mrs. C. S. Willson of Rochester, Minn., for the wedding of their daughter, Miss Bona Victoria Willson, to Nell Bethune Morrison of this city. The wedding will take place Saturday, Sept. 21, at the home of the bride's parents, "Red Oaks," at Rochester. The bride was formerly a teacher of music in the public schools at Grand Rapids, Minn., and Mr. Morrison, who is receiver of the land office here, is well known. Mr. Morrison and his bride will be at home in Duluth.

#### Club Luncheon.

Mrs. J. B. Cotton was hostess at luncheon today at the Country club in compliment to Mrs. Lee W. Farmer. A basket of golden glow formed the centerpiece, and covers were laid for twenty-two.

#### Personal Mention.

Mr. and Mrs. Warren E. Greene returned yesterday from their wedding trip and are with Judge and Mrs. J. D. Ensign.

Mrs. Rane of Boston and Mrs. Hammond of Detroit, who were the guests of their sister, Mrs. W. J. Olcott, returned today to their homes.

Mr. and Mrs. Guy Ross have returned from their wedding trip abroad.

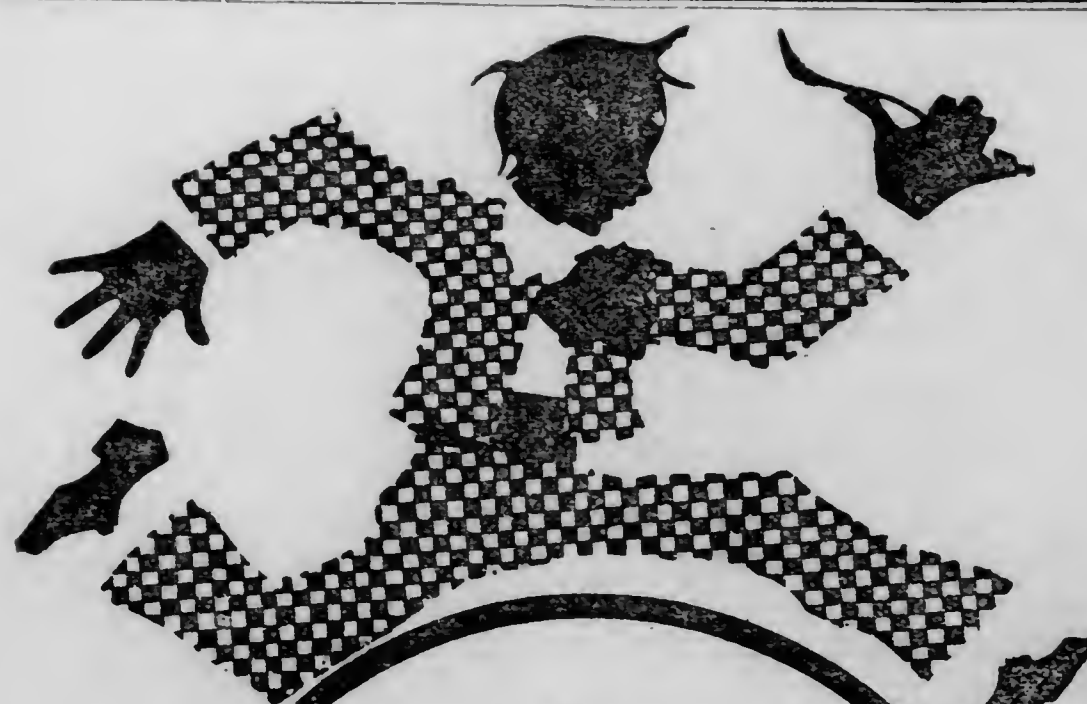

Mr. and Mrs. F. E. Fregeau of 1009 East First street, have as their guest, Miss Marion Tuttle, of Fall River, Mass.

Miss Helen T. Kiley and Miss Minnie De Sell of 318 West Second street,

### FORMER DULUTH GIRL IS LEADING WOMAN IN "THE MESSAGE FROM MARS."

Many Duluth people are interested in the appearance at Superior of Miss Eileen Errol, who is the leading woman in the "Message From Mars" company which will play there Friday of this week. Miss Errol was known in private life as Miss Nan Hay, and in former years studied at the Hardy school in Duluth. Since then she has continued her studies in London and Paris, and the present is her first visit to the Head of the Lakes in her professional career. A number of her former schoolmates are arranging theater parties for Friday evening at the Grand opera house of Superior.

Dad says: "Malta-Vita's good for kids any time—I guess Dad knows." THE KID.

Physicians prescribe Malta-Vita because it's easily digested. Children thrive on it—busy men like it—women appreciate it.

### WHAT RETAIL MARKETS OFFER

Concord grapes, 45 cents a basket.  
Corn, 15 cents a dozen.  
Crab apples, 50 cents a peck.  
Blueberries, 18 cents a box.  
Green tomatoes.....  
Pigs' feet, 10 cents a pound.  
Tinfo, 12½ cents a pound.  
Oysters, 80 cents a quart can.

The market is just what it states where one is in a hurry to eat everything that is to be had because it won't last much longer. Pumpkins are in.

and so is squash, and blue grapes are beginning to come in larger quantities, but blueberries, and crab-apples, and tomatoes, and peaches, and cauliflower, and carrots, and green onions, and cucumbers, and pickling onions, and pickling pears, and beans, and plums, and melons will not last so very much longer. An appetite you hesitate about ordering a lot of stuff.

It is most puzzling to decide what to have.

have returned from a short visit at Minneapolis.

Mr. and Mrs. James Wanless have returned from a two weeks' visit in the East and Canada.

Mrs. Frank Eubanks and Mrs. Atkinson and daughter, Margaret, of St. Paul, are the guests of the Misses Brown, of 313 Sixth avenue east.

Mr. and Mrs. H. Kohnen and daughter have returned from a trip to Europe.

Mrs. William D. Murphy and Master Bernard Healy have returned from a visit with Capt. Oswald Murphy of Ashland.

### DIRECTORY OF AMUSEMENTS

#### WHERE TO GO TONIGHT.

Lycium—Chauncey Olcott.  
Metropolitan—Burlesque.

#### CHAUNCEY OLCOTT.

Packed House Greets the Old Duluth Favorite.

Chauncey Olcott has become a habit, almost a disputation with Duluth people. Criticizing him is like trying to drown a duck by a rain storm. He thrives on criticism or disarms by his good, natured reception of it.

Many actors have tried to find the secret of Mr. Olcott's success from a financial standpoint. The secret is that he gives the great American public a great, big dollar's worth. Art may be left bleeding and prostrate, but virtue triumphs in the good old way, with the spotlight playing around the head of

the hero—Mr. Olcott, of course—and he throws in for good measure some of his sweet, Irish melodies, which only he can properly sing. Mr. Olcott brings with him this time a new play written for him by Theodore Burt Sayre, "O'Neill of Derry." It's the kind of a melodrama that warms the cockles of the heart, with the hero wriggling through a series of hair-raising escapades, and finally triumphing in the last act, when the girl falls in his arms and the curtain rings down on a scene of bliss untold. It's not art with a big "A," but it sends you home satisfied with a good evening's enjoyment.

Mr. Olcott is the same, jovial, good natured Irishman he always has been, and his voice, if anything, seems to be more mellow and sweeter than ever. He has a following that no other actor or singer in America can boast of, and a people who never enter a theater at any other time, will turn out to hear his sweet old Irish melodies. The

### True Flavors

With great care, by a process entirely his own, Dr. Price is enabled to extract from each of the true, select fruits, all of its characteristic flavor, and place in the market a class of flavorings of rare excellence. Every flavor is of great strength and perfect purity. For flavoring: ice-cream, jellies, cake, custards, etc.,

Plants—worth \$2.50.

Here's the chance to beautify your home. Come early. They will not last long at these prices. Sale in the Basement, Thursday.

Lycium was packed from pit to gallery last night, and every song was encored. The usual demand for "My Wild Irish Rose" was met with the usual good natured compliance.

Mr. Olcott's company this year reflects prosperity. It is a bigger and better company than he has ever brought to Duluth before, and the costumes and settings look new and fresh.

His leading woman this year is Rose Curry. That she stands up under the Irish blarney heaped upon her by her swashbuckling, young lover, and answers his descriptions even passably well, is sufficient recommendation for her appearance. As Kate Fitzroy, she is quite satisfying, and makes a good excuse for the extravagant love making of her hot-headed and warm-hearted young Irish sweetheart.

Miss Maggie Fielding has a small character part, but she makes the most of it. Anna Wilks has a clever little bit as "Waddy" Fitzsimmons, and Mildred Beverly as Lady Croft, and Alice Farrell as Ely O'Toole, handle their small parts well.

The New Century Girls, the Metropolitan's own show, will give a ladies' matinee tomorrow.

## HE DODGED WASHBOARD

Dan McCarter Alleges Wife Threw One at His Head.

### Court Finds Him Guilty of Disorderly Conduct—Fine Imposed.

Dan McCarter, arraigned for disorderly conduct in municipal court this morning, stated emphatically to the court that although he was married to his wife less than two years ago, the glamor of the honeymoon has long since worn off and life taken on a decidedly stern reality.

To prove this he stated that although he was guilty of disorderly conduct last evening, he dodged a washboard of large dimensions hurled at his head by his angry better half and that there was 250 pounds buck of the washboard in the person of his wife.

"I dodged it, your honor, but begorra it was coming some," said Dan as he told of the washboard episode.

Neighbors, according to Dan, have been instrumental in causing the cyclonic conditions in the domestic life of the McCarter home. "Mrs. Grady," has been busy with her gossip and his wife accused him, wrongfully, he states, of attempting to induce another woman to come and enjoy the shelter of the McCarter home as housekeeper.

Dan stated that he came home last night and the row was started, his wife giving him a fearful tongue lashing and doing the little "dodging" which was done for exercise. "I then bit her in the eye, Judge, but, not until she threw the washboard, no, sir," said Dan.

Judge Cutting felt it best to hear the woman's side of the story and Mrs. McCarter was sent for. She told an entirely different tale, especially relative to throwing the washboard which she emphatically denied. She told of her drinking, abusive language and treatment and of stories the neighbors had told her of his advances to other women. The court summed up the evidence and set Dan's fine at \$50 and costs or sixty days in jail, which he will be away from his washboards and shandorous tongues for a time.

The police court grand was unusually small this morning, there being but five cases of common drunks soon disposed of by the court.

John Hauer, forfeited his bail of \$10. He was picked up by a policeman last night and charged he had been drugged.

William Peterson, West end upholsterer, arrested yesterday for drunkenness was fined \$1 and costs on the promise of better behavior. He has been plaited and put in the strait jacket and was in a pitiful condition in court.

"Had dyspepsia and indigestion for years. No appetite. About 1 did not get on my feet. Burdock Blood Purifiers cured me."—J. H. Walker, Sunbury, Ohio.

## FINISHES TERM AND QUITS JAIL

Fred M. Argyle May Take Up Residence in Montana.

Fred M. Argyle, who was convicted on an indictment charging him with assaulting Miss Bessie Butchart at Lester Park last February, walked out of the county jail a free man, this morning.

He was sentenced to a term of ninety days, and his sentence expired today. During the time that he has been held at the county jail Argyle has not given the authorities the least trouble. He has carefully observed the rules, and, at his own request, was permitted to go on the gang taken out by the board of public works to work on the streets, the work affording him the exercise he sought.

When he left the county jail this morning, Argyle's plans as to his future were not definitely determined. He thought that he might go out to Montana in search of employment. Previous to his trouble he was employed in the packing department of the Glass block store.

Constipation causes headache, nausea, dizziness, indigestion, heart palpitation, Drastic physics rife, sick, swollen the bowels and don't sleep. Let Burdock's net gently and cure constipation, 25 cents. Ask your druggist.

## Located in Duluth!

The Successful Healer

EDW. OLNEY.

Mr. Olney has for the past month been performing miraculous cures of all forms of diseases, in Superior. But owing to the solicitation of a large number of Duluth citizens, he has decided to locate here. Those wishing health should call frankly if he can help you. Consultation is free, at his office, which will be in the Temple building, corner Superior street and second avenue east. Entrance on Second avenue.

### "Full Value" Fall Underwear.

We all like to get as near our money's worth as we can—more if it's possible—and you know fall and winter underwear runs into money. "Munsing" underwear gives the biggest value for your money—because it gives best value.

50c Ribbed Vests and Pants for women—medium or heavy—50c.

\$1.00 "Munsing" Vests and Pants—fine Australian wool—\$1.00.

\$1.00 "Munsing" full weight cotton union suits—high neck, long sleeve, ankle length.

\$1.50 "Munsing" fine Merino union suits—high neck, long sleeve, ankle length.

50c "Munsing" fall weight ribbed cotton Vests and Pants for children.

75c "Munsing" fine ribbed Merino Vests and Pants for children.

\$1.00 "Munsing" half-wool union suits—boys or girls—drop seat.

\$1.50 "Munsing" wool union suits for boys.

\$1.50 "Munsing" fine wool union suits for girls.

Style is the first emphasized characteristic about all P. & W. Co. garments for women; "low price" is next low price without sacrificing an iota of style, fit, quality of material or workmanship. And if you compare you'll find it's so.

**At \$18.50** All-wool serge, (in blue and black) and fancy striped suitings—30-inch semi- or tight-fitted jackets, satin lined; skirts plaited and with deep fold. Compare them with others at \$22.50 to \$27.50.

**At \$25** High-grade "fluffy" ruffles, college, and other popular models—in fine broad-cloths, serges and fancy woolsens. Suits that will retain their perfection of style—such as others ask \$25 \$30 and \$35 for—here at \$25.

**Waist Special** New waists of nun's veiling and mohair—plain tailored, plaited, tucked or fancy embroidered—in black, navy brown, red, white or cream—they're special values at \$2.98.

**Taffeta Waists \$5.98** Many new styles in waists with tucks, lace insertions and medallions or plain tailored models; button front or back—long or short sleeves \$5.98.

**Long Coats at \$8.75** Full box, black kersey coat—full 50-inch length—with velvet inlaid collar, edged with silk braid—has tailored deep cuffs and patch pockets—while they last Thursday, at \$8.75 only.

**Imitation Fur Coats** Persian lamb and caracul cloth in the pretty semi-fitted 28 and 34-inch models, fancy braid and broadcloth trimmed and satin lined. Choice \$14.98.

**WEST DULUTH**

**INSPECTION OF BRIDGES**

Party of City Officials Go Over the Route.

Repairs Are Necessary Before Extending the Car Line.

Mayor M. B. Cullum, City Engineer McGilvray, President Sang of the board of public works, Aldermen Getchell and Fillarault of the Seventh and Eighth wards, and a representative of the street railway company, made the trip from West Duluth to New Duluth this morning to inspect the bridges en route. They will report the result of their investigations to the meeting of the conference committee tomorrow, when it is expected some action will be taken toward recommending the improvement of the bridges.

The step of the city toward repairing the bridges is the first preliminary to the extension of the street railway line from West Duluth to New Duluth. The extension of the line will be a necessity, when the steel plant is put in operation, and the people of New Duluth and intervening locations have long been clamoring for the trolley service. The bridges on the route are in no condition for the passage of cars, so something must be done very soon to put them in shape for the laying of tracks.

It is very probable that some of the bridges spaces can be filled in with more convenience and more satisfactory results than the present bridges can be repaired, or replaced. In some cases, only minor repairs will be necessary, but there are other places where almost entirely new structures will be needed, it is believed.

Another matter of vital importance to West Duluth, the improvement and widening of Michigan street, will be discussed at the meeting of the conference committee tomorrow. Two plans for the widening of the street and its extension beyond the ore docks, have been mentioned in The Herald, and the city engineer has prepared estimates of their probable cost. It is not very likely that any immediate action will be taken, in view of the many other improvements now under way, but the

# Here You Are! Finest French and German China

Importer's Samples at About One-Half Their Actual Value.

The Great Sale Begins Thursday at 8 o'Clock. Come Early.

We can't begin to tell you on paper of the beauties—of the quality—or the values to be found in this great sale—but you can rest assured that it's the greatest china offering ever made in Duluth—and that you can't afford to miss it. Here are the facts: Our china and crockery buyer, while in New York some four or five weeks ago, secured from the largest importers in that city an entire line of samples of Finest French and German China at about 50c on the dollar of their actual value. We hesitate not a moment to say it is without doubt both the most handsome and finest lot of real fine china ever placed before the Duluth public. This great event will be of two-fold interest: Firstly, because of the great savings offered to immediate users of china; secondly—the great opportunity it presents to early purchasers of Xmas presents. Not a woman in the city but is interested in such a splendid offering as this.

Be on Hand at 8:00 in the Morning: Here Are the Lots:

**Child's Play Sets** Three-piece—consisting of cup, saucer and plate, decorated with flowers, teddy bears and nursery designs—none of these are worth less than 25c per set. For Thursday, Friday and Saturday we almost give 'em away. Take your choice of the lot at, per set—**10c**

Two Lots.

**LOT 1**—Marmalade or condensed milk jars—beautiful floral decorations, and worth up to \$1.50 each—choice—**75c**

**LOT 2**—Marmalade or condensed milk jars, extra choice styles in Dresden and hand-painted decorations, with coin gold trimmings—actually worth to \$3.50—choice—**\$1.98**

## Chocolate Pots

Not many—hardly a hundred—but most beautiful floral, fruit and medallion designs on white or colored ground—no two alike—\$4—choice—**\$1.69**

**Sugar and Creams** Two-piece sugar and cream sets—only about 50 of them in assorted shapes and decorations—worth up to \$1.25 each, choice—**69c**

## See Our New Hats

The hearty acceptance of our new fall showing as absolutely authoritative, in the interpretation of correct millinery styles for fall, gives us renewed energy to eclipse all former efforts in establishing millinery pre-eminence in our handsome millinery salons.

**Dress Hats** We are now showing a full line of smart and stylish street, ready-to-wear, tailor-made and semi-dress hats—many of which are the large shapes. Great variety in both high and low crowns, silk covered hats are a strong feature of the early hats.

**New Colors** Among the new shades are Cop-al and "Paddy" green, a variety of purple and plum shades, magenta, leather, blonde and dark brown. The delicate pink, light blue and lavender shades and white will be very much used for evening and fine dress.

We have purchased a most Select Line of French Patterns in a great variety of the leading Parisian modes and they will be ready for your inspection at the formal opening display—to be announced later.

**STOVES** Radiant Home Heaters The Fuel Savers SOLD BY F. H. WADE 320-331 CENTRAL AVENUE.

**Fine Footwear** The new styles are now in, let us show them to you. We think we can please you as our assortment is largest to be seen in the city.

Fine line of School Shoes, Treadwell Shoe Co.

## You Are Cordially Invited to a Free Song Recital

In Our Music Department

Thursday and Friday

Sept. 12 and 13—From 2 to 5 p. m.

Mr. Gustav Salzer, Pianist

Mr. Jerome Hayes, Tenor

Mr. Bernard Glasser, Violinist

Of Chauncey Olcott's Co.

Come and enjoy the rendition of the song hits and musical numbers in Chauncey Olcott's "O'Neil of Derry." Mr. Salzer, who is the composer of "Laces and Graces" and "Lords and Ladies," will demonstrate his latest novelette, "Snow Queen."

A cordial invitation to all. It's free.

**NOW ON FIFTY-SIXTH.** Building of Concrete Walks is Going on Rapidly.

Dixon & Lowry, the contractors having in charge the construction of concrete walks in West Duluth, are now at work on Fifty-sixth avenue, and the northern part of that thoroughfare, toward the hillside, is being supplied.

The replacing of all of the old wooden walks within the concrete walk district is going on rapidly and a marked improvement is the appearance of the avenues is the result.

The walk on Fifty-eighth avenue in the vicinity of the Irving school has been completed and a further extension on that avenue will be made as soon as possible. The contractors have work enough ahead to keep them busy in West Duluth until the snow falls, and by the end of the year the installation of concrete walks throughout the entire district will be well under way.

**Family Reunion.** A birthday surprise party in honor of J. P. Shannon, which took the form of a family reunion, was held last evening at the home of Mr. and Mrs. George D. Shannon, Seventeenth avenue west.

Mr. Shannon was 77 years of age yesterday. Among those present were Messrs. and Mesdames J. P. Shannon, George D. Shannon, S. S. Shannon, Al Brouse, G. W. Leader and A. J. Lindgren; Misses Edith Leader, Charlotte Howard, Myrtle Shannon, Myrtle Perry and Julia Eden.

**West Duluth Briefs.** Mr. and Mrs. W. J. Holmes and son, Donald, left yesterday for Minneapolis. The young man will enter the University of Minnesota, and Mr. and Mrs. Holmes will return in a few days.

Warren Wood and William Dougherty have returned from St. Paul and Minneapolis, after a few days' visit.

A. Davidson has moved his family from Washburn, Wis., and they have taken up their residence at 5513 Grand avenue.

Miss Rose Howard has returned from the Twin Cities, where she spent a two weeks' vacation.

Watch and jewelry repairing, Hurst, Thomas Doyle has gone to the Pacific coast to spend two weeks visiting friends in Spokane, Tacoma, Seattle and Portland.

Miss Julia Enright has returned to her home in Blauvelt after a visit with West Duluth friends.

Oscar Peterson has returned home from Minneapolis and St. Paul, where he visited friends for a few days.

George Marshall of Havre, Mont., has arrived in West Duluth to spend a few days with friends.

Good board and room. Teacher preferred. C 85, Herald.

**MADE MONEY ON GAME.** Police Will Have \$200 for Emergency Hospital Fund.

The receipts of the ball game yesterday between the police of this city and the Minneapolis team representing the cops of that city were about \$200, and the department will have something left after paying the expenses. The railroad fare of the visitors was paid, and their entertainment here so that there will be less than \$200 profit for the emergency fund when the bills are paid.

**Detroit and Return \$12.00** \$12, via the South Shore; tickets on sale Sept. 8, 11, 18 and 20, connecting at St. Ignace with steamer of the D. & C. N. company. To Buffalo \$2 higher. Limit, three weeks. For sleeping car and steamer reservations, apply to A. J. Perrin, General Agent, 430 West Superior street, Duluth.

## Shoe Facts for You

We make no claim that this is the only store where good shoes can be bought—there are plenty of stores where one can buy good shoes. But—and here is our claim—we DO know that the shoes we carry are the best makes in the world—that they're the biggest sellers in the world—worn by the most people in the world—and that they have all the snap and dash of style that many otherwise good shoes lack. And we know, further, that we ask less for our "best" shoes than others are daily asking for their good shoes—all things considered. Anyway, it's worth your "looking into."

**Exclusive Lines of Women's Fine Shoes.**

**At \$3 & \$3.50** "Queen Quality," with two million wearers, all styles and leathers.

**At \$4.00** "D. Armstrong" high grade shoes.

**At \$5 & \$6** "Wright - Peters" without an equal anywhere; 25 new styles.

**For Men: "Nettleton" and Our Own P. & W. Special** All the new "Nettleton" shoes are in—per pair \$7, \$6, \$5 and \$4.

Our new special make—the best shoe at the price to be found in Shoe-dom—per pair \$4, and \$3.50.

**MADE MONEY ON GAME.** Police Will Have \$200 for Emergency Hospital Fund.

The receipts of the ball game yesterday between the police of this city and the Minneapolis team representing the cops of that city were about \$200, and the department will have something left after paying the expenses. The railroad fare of the visitors was paid, and their entertainment here so that there will be less than \$200 profit for the emergency fund when the bills are paid.

**Detroit and Return \$12.00** \$12, via the South Shore; tickets on sale Sept. 8, 11, 18 and 20, connecting at St. Ignace with steamer of the D. & C. N. company. To Buffalo \$2 higher. Limit, three weeks. For sleeping car and steamer reservations, apply to A. J. Perrin, General Agent, 430 West Superior street, Duluth.

**Just a Little More Style for a Little Less Price.**

**MELLIN AND COMPANY** MOST POPULAR TAILORS.....

THE FALL SHOWINGS NOW COMPLETE.

"Everything New" in our "New Location." Our stock of woollens larger and greater than any previous attempt. Make your selections this week.

**MELLIN AND COMPANY** MEDIUM PRICED TAILORS.....

424 West Superior Street.

**Gloves**

The new stock is all here now. Cape Kid (a heavy mannish style) Mocha (lined or unlined), and the soft French Kid—these in all the wanted shades, in short or long lengths.

## EARLY SHOWINGS IN EVERY DEPARTMENT CREATE FAVORABLE COMMENT

**Dress Goods**

We like to talk dress goods because we have good dress goods to talk about.

Broadcloths (one of the best fabrics if the season) we show all the colors at \$1.25, \$1.69, \$2.50. Blacks at \$1.25, \$2.00, \$2.50 and \$3.50.

**At \$1.00 a Yard**

This is a popular price and we have made a strong feature of it in the stock this Fall. You'll admit it when you look over the collection.

Panamas, Taffetas, Serges, Poplins, Rayes and Herringbone weaves—black check, plaids, inevitable checks and stripes are all here. We believe we can please almost anybody looking for a thoroughly good stylish material, yet not wanting to go over \$1.00 a yard.

**At 50c a Yard**

We are showing a great line in pretty stylish mixture checks—plaids and stripes—also a line of all wool storm serges, 38-inches wide and only 50c yd.

**At 25c a Yard**

Just the thing for school dresses, fancy and tweed effects and turtan plaid—a grand line—25c a yard.

We're doing more selling than ever before in this department. Why? There's a reason for it.

## ALBENBERG'S

Duluth "Get the Habit" Superior

### OUR SUIT ROOM or Ready-to-Wear Section!

ON SECOND FLOOR

Is affording values and styles which are absolutely right and correct, and which are daily making new friends for the department.

**In Tailored Suits**

All the latest models and all the latest ideas presented in the fabrics and in the cut are here. TIGHT-FITTING STYLES, CUTAWAYS, PRINCE CHAPS, ENGLISH WALKING SUITS and LONG COAT SUITS in broadcloths, serges, chevots, herringbones and "mannish" mixtures. The staple colors are Browns, Blues, Greens and Blacks, while some very swell and handsome styles are also being shown in the new Reds, Leather or Russet Shades, and also in the different shades of Helios or purple. But to get a correct idea of their beauty and richness, we invite you to come in and look at them whether intent on buying or not.

THE PRICE range is from \$15 and running gradually up to \$75.00.

**At \$25.00**

SPECIAL ATTENTION is called to a line which we are selling at this price. Broadcloths and chevots, Plain, stripes or checks—surely, certainly, a better value was never offered, and we want you to make it a point to see these.

**Handkerchiefs**

A lovely and very extensive line just opened, running in price from 5c to \$3.00 each. See the values we are giving in an embroidered one at 10c.

**New Fall Waists**

At least a hundred dozen have been put into stock within the past 48 hours—silk, wool or linen. We venture to say no prettier lines, nor better values will be found anywhere. Prices run from

**75c up to \$25.00**

See some of the styles in our East window.

**Hosiery and Underwear**

We are now showing complete lines of light or heavy cotton fleeced lined or wool—either in separate garments or in the union suits—in price

**From 25c to \$1.50 a Garment.****New Trimmings**

All the new things in Braids, Bands and Persian, New Long Chiffon Vels—either in the plain or the stamped—in all the wanted colors. New Ribbons, New Belts, New Hand Bags.

## ON THE IRON RANGES COLD CARS FOR RANGE

Missabe and Duluth & Iron Range to Improve Service.

Both Lines Have Purchased Many New Refrigerator Cars.

Range people are going to get perishable cargoes of all kinds delivered in good condition, if it is possible for the Duluth, Missabe & Northern and Duluth & Iron Range roads to do so.

Both lines have operated refrigerator cars in the past, and now this branch of their service is to be augmented by some handsome new "freezers" as the railroad men call the cold storage cars—fresh from the shops.

The Duluth & Iron Range has just received ten new refrigerator cars from the shops of the America Car & Foundry company, Chicago and St. Louis. They have been delivered to the company at Two Harbors and will go into commission at once.

## BOVEY ORIENTAL GETS STRONG ARM Three Young Men Hold Up Slant Eye for \$55.

Bovey, Minn., Sept. 11.—(Special to The Herald).—Bovey has had its attack upon an Oriental which, while it will not attain the importance of an international affair, will furnish cause for worry for some time. The Oriental, a grip man, was arrested and charged with holding up and robbing a slant-eyed citizen of the Plover Kingdom. They have been arrested and taken to Grand Rapids for trial. The Chinaman running the Boston Cafe claims that about midnight Monday Alfred Anderson, John Riley and Ruby Mosher, three young men living in Coleraine, gave him the strong-arm. The tuck in East Two Harbors, the three came into his place while business was slack; one seized him about the arms and a grip man, who was the other two went through his pockets taking the day's receipts. Then they fled to Coleraine where they were subsequently captured. They pleaded not guilty when arraigned for a preliminary hearing and were hustled off to the county jail at Grand Rapids. In boldness the robbery was one of the nerviest pulled off in this section in a long time. The authorities claim to have a clear case against the accused. Anderson is about 25 while the other two are barely 20.

## THOMAS & M'COY GIVEN CONTRACT Duluth Firm Will Build the Two Harbors Sewers.

Two Harbors, Minn., Sept. 11.—(Special to The Herald).—Thomas & McCoy of Duluth, will build the East Two Harbors and North Two Harbors sewers, as the city council last night accepted the bid for the same. Other bidders were Foster & Lutz and Haugen & Johnson of Two Harbors, and George R. King of Duluth. The bids were as follows: North Two Harbors sewer, \$1,355.00; East Two Harbors sewer, \$1,355.00; Haugen & Johnson, \$1,650.00; Thomas & McCoy, \$1,650.00; Foster & Lutz, \$1,650.00; George R. King, \$1,650.00; Pastoret & Lutz, \$1,650.00; Haugen & Johnson, \$1,650.00; Thomas & McCoy, \$1,650.00. It is estimated that the construction of the East Two Harbors sewer will involve the excavation of 3,250 cubic yards of earth and 500 cubic yards of rock. This sewer will commence at the point of intersection of the center line of Third avenue and Spruce street. From this point it will run south on Spruce street to its terminus in Agate Bay. The sewer in North Two Harbors will commence at the intersection of Twelfth avenue and what is now called the Lake County Central road, from which point it will run south and terminate at the intersection of Fifth avenue and Willow street. An east and west extension

**FURNACE REPAIRING**

Duluth

**VIGOROUS AT 82**

Mr. Warren Cutler of Woburn, Mass., who is 82 Years Old, says that Duffy's Pure Malt Whiskey Restored his Vigor and Strength in his Declining Years.

Mr. Cutler writes: "For about two years I have been using your Malt Whiskey, and it has been of great benefit to me. I was all run down and debilitated and nothing seemed to build me up. I read in the Boston Globe about Duffy's Malt Whiskey, and thought it would be just the right thing for me, and have found it so. I am 82 years of age."

Duffy's Pure Malt Whiskey is distilled wholly from malted grain by a most expensive method which has never been made public, and this private process insures quality and flavor. Its softness, palatability and freedom from injurious substances make it acceptable to the most sensitive stomach.

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It is dangerous to fill yourself with drugs; they poison the blood, while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system. It is recognized as the great family medicine everywhere. Duffy's Pure Malt Whiskey has stood many severe tests by skilled chemists during the past fifty years, and has always been found absolutely pure and to contain great medicinal properties.

Sold by druggists, grocers and dealers or direct. \$1 a bottle. Illustrated medical booklet containing some of the many convincing testimonials received from grateful men and women who have been cured, and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

Miss Ruth Bates; address of welcome, Mayor Welrick; vocal solo, Mrs. S. O. Gelsner; address, Mrs. Hollister; duet, Messrs. Gelsner and Scott; address, Hon. Martin Hughes; piano solo, Miss Bates; address, Judge Brady.

A banquet at the Hotel Miles will follow the exercises at the theater.

**TWO HARBORS EVENTS.**

Two Harbors, Minn., Sept. 11.—(Special to The Herald).—The steamer William B. Palmer is discharging a cargo of coal at the local docks. The steamer Mills cleared Tuesday with a cargo of lumber. W. Elstrand has moved his drug store into new quarters, one of the stores in the rear of the Northern hall block, facing on Cedar street. Gust Carlson has resigned his position in the fire brigade department at the shops and is now working at the freight depot.

## THREE SHIFTS WORK BECAUSE OF WATER.

Eveleth, Minn., Sept. 11.—(Special to The Herald).—At the No. 4 shaft of the Adams mine, three shifts of men, working eight hours per shift, are now employed. The cause for the change from the two-shift system is the flooding of the mine with water from the recent rains. As soon as the pumps get the water down to its normal average, the two-shift system will be resumed. Deputies still patrol the approaches to the steel corporation's property. The parties believe that they will remain on duty for another month in Eveleth.

**RANGES IN BRIEF**

Eveleth-Albin Olsen of Bismarck, and Oscar Johnson of Warsaw, Wis., have opened the Eveleth tailoring shop on Jones street opposite the postoffice. Virginia-M. A. Murphy, superintendent of the Duluth, Rainy Lake & Winnipeg railroad, with headquarters here, has been promoted to the position of general manager. Two Harbors—A majority of the property owners on Second avenue, east of Spruce street, have petitioned the city council Tuesday night for a 300-foot lateral sewer on Second avenue, east of Spruce street. Virginia—Because the train from Hibbing, which was in the neighborhood town attending the bill game could not return in time for the meeting scheduled for Tuesday night was not held. Virginia—The Virginia club, one of the leading social organizations of the city will give a "Friday Thirtieth" dancing party, Friday evening at the Pay Opera house. Bovey—Gust Johnson has the contract for Attorney Bither's new residence on Fourth avenue. The building is 2 1/2 by 30 feet, and the outside work is nearly completed. Mr. Johnson also has the contract for a residence for Col. Woods on the avenue. De Witt's Little Early Riser Pills. Sold by all druggists. CAMPBELL JURY COMPLETED. Chicago, Sept. 11.—The selection of the jury, which is to try Amasa C. Campbell for the killing of Dr. Benjamin F. Harris last winter, was completed today. The taking of testimony commenced at the afternoon session of court.

## THE WRECK COMPLETE

Two Hundred Yards of  
Alger-Smith Tram-  
way Collapse.

Only One Man Hurt,  
and His Injuries  
Slight.

Two hundred yards of tramway at the Alger & Smith mill on lower Garfield avenue collapsed yesterday afternoon. Only one man happened to be on the structure at the time, and his injuries were slight. A. Bueber, standing on top of a loaded tram car, was jacking lumber to an adjacent pile, when the collapse came. He fell to the ground with the car, but landed on top, and a wrenched ankle and bruised nose were the extent of his injuries. It was very fortunate that there were no others on the tramway at the time of the accident, or underneath it. The particular train is second west from the interstate bridge, and branches off from the main train a little west of the mill. From the main train to the water front end of the tram is a distance of 200 yards. This whole structure fell flat. The lumber piles kept it from swinging to one side, and today the

"A GORDON Hat  
by any other name  
would be as good."

TRUE: But one  
reason for buying  
a Gordon Hat is that  
you KNOW its worth  
from the beginning.  
You don't have to  
experiment.

a dollar's worth  
better than  
it need be.

\$4

whole affair is lying so level that the double tracks borne by the tram could almost be used by cars, as if nothing had happened. The drop was about fifteen feet.

Horses are used as motive power to haul the cars from place to place. The animals are unhitched while the unloading is being done. No horses were hitched to the car yesterday at the time of the accident. It was rather unusual that only one man was on the structure when the collapse came. The train is one used extensively by people on their way to the boats that are loading lumber, or to points along the waterfront in that vicinity. The injured man was taken to his home on lower Garfield avenue.

**A Humane Appeal.**  
A humane citizen of Richmond, Ind., Mr. U. C. Williams, 307 West Main street, says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Cures a cough and cold, cures the world over. Cures asthma, bronchitis, croup, whooping cough, guinea, hoarseness and pulmonary hemorrhages of the lungs and blood then up. Guaranteed at all drug stores. 50c and \$1.00. Trial bottle free.

## Lester Park!

Dancing Tuesday and  
Thursday Evenings.

## RAILROADS WORK BEING PUSHED.

Duluth Extension of Soo is Progressing  
in Good Shape.

Sauk Center, Minn., Sept. 11.—The Soo line is pushing its extension through Stearns from Brocton to New Munich, a distance of twenty-five miles. A crew is now working from Royaton westward laying rails. It is expected that the road will be in shape for trains by Oct. 1 and that grain will be hauled over this extension shortly after that date. The Soo will connect with the Northern Pacific at Royaton and grain will be sent from that point to Duluth over that road.

**DISCRIMINATION.**

The Omaha Grain Men File Complaints  
Against Several Western Roads.

Washington, Sept. 11.—Merritt & Holmquist company, grain elevator proprietors of Omaha, today filed with the interstate commerce commission four complaints, one each against the Chicago & North Western, the Chicago Great Western, and the Chicago, Milwaukee & St. Paul, charging discrimination in favor of competitors of the complainants. The complaints, which are practically identical, allege the railroads named pay to all elevator companies, except the complainant three-quarters of a cent per 100 pounds for the elevation of grain transported over the defendant's lines, and in addition pay to the Union Stock Yards Company of Omaha,

an in and out switching charge of 15 c a car, 1/2 of which is paid by the roads to the Udyke Elevator Company of Omaha, the competitor of the complainant, in lieu of their three-quarters of a cent per 100 pounds elevator charges. The complainant asks the commission to compel the railroads not to discriminate against it, and to give reparation for the losses already sustained through discrimination.

**NEW UTAH LINE.**  
Moffatt's New Project May Eventually  
Extend to San Francisco.

Denver, Sept. 11.—David H. Moffatt, builder of the Denver, Northwestern & Pacific railroad, now in course of construction, who returned yesterday from Salt Lake, says he made arrangements with a syndicate of Utah capitalists, to build a line of railroad from Salt Lake to Vernal, Utah, to connect with the line which is being built west from Denver. It is given out that eventually this line may be extended to Los Angeles, or San Francisco, via Goldfield, or Tonopah, Nev.

**USE AUTHORIZED.**

State Railroad Commission Approves  
Great Northern Kelly Lake Extension.  
St. Paul, Minn., Sept. 11.—(Special to The Herald). The Great Northern from Pernoy to Kelly Lake has been approved by the state railroad commission. The use of the road for traffic will therefore be authorized. Part of the line runs through a bog which was dug out and then filled in. The road is twenty-five miles long and connects the line from Duluth to Switch with the road from Swan River to Hibbing.

**Retaining Order.**

Lincoln, Neb., Sept. 11.—Judge T. C. Munger of the federal court, today issued a temporary restraining order forbidding the state railroad commission from putting into effect the rates for the transportation of corn, wheat and flaxseed, which they are now considering, or from mailing to the Chicago, Burlington & Quincy, the Chicago & Northwestern, or the Union Pacific any copy or order reducing the rates for transportation.

**Ignore Commission.**

Chicago, Sept. 11.—At a conference held in Chicago yesterday, the Kansas railroad decided to ignore the railroad commission of that state, and refuse to obey its order requiring a 2-cent passenger rate. The roads were represented by their general counsel, and their executive officers in charge of traffic.

**Adopt Low Rate.**

Lansing, Mich., Sept. 11.—State Railroad Commissioner Glasgow has issued a statement that all railroads in Michigan have agreed to adopt the 2-cent passenger

Office hours: 8 a. m. to 8 p. m.

### WEST IS VERY PROSPEROUS

#### Harriman Says People Have Money and Are Holding on to It.

New York, Sept. 11.—E. H. Harriman, who recently returned from an extensive trip through the west, said yesterday that the west is more prosperous than ever before, that there are no signs of panic there, but that the people of that section are not now seeking investments. He added: "In spots the crops will not be as good as last year, but the west will

have fair crops. Our lines appeared to be well favored. Crops are excellent all along the lines of the Union Pacific. "Country banks and individuals in the west have plenty of money, but they are holding on to it, and are not seeking investment. There is no question in my mind that a great deal of money is tied up in this way, but those who are holding onto their money now, later will be seeking investments. "I found the attitude of the people with money one of uncertainty. There is more money in the country than we believe, but it is being withheld from free circulation, because of some apparent fear of apprehension. I think shares have gone very much below what they should have gone, under any circumstances. "Although he had seen no marked signs of business depression in the west, Mr. Harriman said that contraction in practically all lines was sure to come. The lack of money to carry on big enterprises is alone sufficient, he said, to bring about this contraction.

### TO RECOMMEND PARCELS POST

#### Meyer is Also in Favor of Postal Savings Banks.

Marblehead, Mass., Sept. 11.—Postmaster General George von L. Meyer, who was a speaker at the annual outing of the Essex Republican club, held at the Corinthian Yacht club here yesterday, outlined some of his plans for the conduct of the postoffice department. He said that one of his recommendations to congress this fall would be for a bill to establish a parcels post. He spoke enthusiastically of his project for postal savings banks, and said that these would, in no way, compete with ordinary savings banks. He believed the establishment of such banks would be of great benefit to residents of the rural communities. He also indicated his intention to extend the rural free delivery system, which he said, was doing more than anything else to relieve the isolation of farmers living in remote country districts.

**Lost and Found.**  
Lost, between 9:30 p. m. yesterday and noon today, a billous attack with nausea and sick headache. This loss was occasioned by finding at a Duluth drug store a box of Dr. King's New Life Pills, the guaranteed cure, for biliousness, malaria and jaundice. 25c. All druggists.

**ENGLAND TRIES AIRSHIP.**  
Farnborough, Eng., Sept. 11.—The first military dirigible balloon built in this country made two trial trips yesterday, and with the exception of a slight hitch caused by the breaking of a belt that drove the cooling fan, the airship appears to have answered all the expectations of its inventors.

### HAS PROOF OF HIS CLAIM

#### Court Records Show Pet- riella Was Naturalized Last Year.

#### Became Citizen When District Court Made Range Tour.

"Is Leonilo Petriella really an American citizen? When did he become a citizen?" These two questions have been frequently asked by people since the big strike of the miners started on the Northern Minnesota iron ranges. Petriella, a native son of Italy, who has been the recognized leader of the forces of the striking miners and who has figured more or less prominently in the events that occurred during the industrial war on the ranges, was naturalized last year. The records in the office of the clerk of the district court for St. Louis county show that Leonilo Petriella was naturalized at Hibbing, July 24, 1906, while the district court was making a tour of the ranges for the purpose of giving all those who were eligible an opportunity to become American citizens. Since that time the law regarding naturalization has undergone some substantial changes and it is necessary for applicants to come to Duluth. The record of Petriella's naturalization is found on page 226, volume 23 naturalization record.

Petriella and several others of the leaders in the strike have been in Duluth two or three days, during the present session of the grand jury. It has been surmised that their presence here is in connection with the investigation of the grand jury is likely to make regarding the cases of the strikers who were bound over from Hibbing and Eveleth. Monday afternoon Petriella went before that body of his own request and in connection with the case that was made against him at Hibbing several weeks ago, for carrying concealed weapons with the intent to do bodily harm. As Petriella is still here and remains with easy call of the grand jury, at the courthouse, it is surmised that he is remaining here to testify before the grand jury in regard to the cases of the other strikers.

### DULUTH SAILORS WERE WINNERS

#### Washington Naval Officer Makes Comment on Their Skill.

Down at Washington, even, they are saying nice things about the Minnesota naval militia, which is comprised of young men residing in this city. The annual maneuvers of the naval militia on the Great Lakes was held at Bois Blanc Island in Lake Huron this year, and while the Minnesota reserves came back to Duluth with highly commendatory reports of their part in the affair, the officials report has not yet been issued. A Washington, D. C., newspaper under date of Sept. 6, makes the following notice: "The Minnesota naval militia and the battalions of the 10th, made an especially creditable showing in the recent maneuvers on Lake Superior, according to Capt. Bowyer, who represented the navy department at the drills. Capt. Bowyer has returned to Washington and states that the maneuvers were in every way a success. "The Minnesota militia presented an excellent appearance and showed thorough drill and preparation. The Gopher, though an old boat, was in

good condition and handled with considerable skill. "The official reports upon the maneuvers will be made by Commander Harrison of the Flagship Wolverine. It is the opinion of Capt. Bowyer that interest in the Great Lakes maneuvers will increase each year. Wisconsin is considering the question of organizing a naval militia and the states of Indiana, Pennsylvania and New York are still represented on the lakes."

### A MOUNTAIN OF COPPER ORE

#### Clinton P. McCormick Tells of Alaska Min- ing Industry.

"The richness of the Alaska copper deposits is almost beyond belief," said Clinton P. McCormick, a former resident of Duluth, who is in the city for a few days, visiting his parents here. He has recently returned from Alaska, where he went as the representative of some Chicago capitalists who are interested in the Alaska fields. "There is one mountain where six miles long, which is one mass of copper ore, and it is simply impossible to estimate its value. "They mine in a different manner up there. At the mines in this country, the ore deposits are all far underground, and it is necessary to sink shafts and go to heavy expense for hoisting machinery. But in Alaska the ore is largely in mountains, where you can tunnel into the side of the mountain and work up. Gravity is the only force used for getting the ore out of the mines, and on the tramways there, the loaded cars supply the force to bring back the empties, so that one man can operate a tramway shipping perhaps 1,000 tons of ore a day. This does away with all the expense of hoisting machinery and of supplying power to operate it. "It is a wonderful country, and its great deposits of copper have hardly been scratched yet."

### TELLS OF SECRET SERVICE.

#### Luther S. Patrick of Marinette Publishes Article on Phase of Revolution.

Marinette, Wis., Sept. 11.—In the third issue of the Journal of American History, published at New Haven, former Postmaster Luther S. Patrick of this city has an article entitled "The Secret Service of the American Revolution," in which he relates incidents in which certain defeat was turned to victory through the help of the secret service department of the revolutionary arm. Mr. Patrick has for many years devoted all his spare time to the collection of original data regarding the revolutionary era. The present article is the narrative of a man who undertook the breaking up of a band of miscreants at Westchester, N. Y., from whence they infested the country between the two armies, pilfered the cattle and carried off the peaceful inhabitants. It is the story of the life of Col. Henry Ludington, who was born in 1739, and served Washington and the country by noble devotion. The narrative also gives the account of how Col. Ludington was saved from capture and execution by the devotion of his daughters, giving copies of original documents and letters, replicas of the oaths and allegiance required by the American and royalist armies, and much other valuable data. Gen. Washington selected Col. Ludington as an aide camp of the battle of White Plains, and afterwards complimented him for his meritorious service and gallant conduct.

### HAIR TURNING WHITE.

#### Wrongly Accused of Crime the Victim's Hair is Changing.

Escanaba, Mich., Sept. 11.—Constant worry because of his imprisonment on a charge of which he has now been proved innocent has caused Charles W. Elgity's hair to change in color from a jet black to almost a pure white in three months. Elgity was arrested on a charge of burglary and was locked

up at the Delta county jail. He constantly insisted that a mistake had been made and that he was innocent. When the case was called in the circuit court in July an investigation was ordered by the judge with the result that the story told by the accused man was found to be true and he was released.

**Minneapolis Policemen Enjoyed Their Visit in the Zenith City.**  
The visiting members of the Minneapolis police force left today for

home after enjoying a pleasant visit in Duluth, as the guests of Chief Troyer and the local police force. This morning a boat was chartered and a trip made up the St. Louis river, which was enjoyed by the visitors. Dinner was served for the blue coats at the Lenox, where they are being entertained, and they left Duluth with happy recollections of their visit here. Capt. Getchell, in charge of the visitors, spoke in a highly complimentary manner of the good time they have enjoyed and the hospitality of the local police. The defeat they received from the local ball team was something of a surprise to the visitors.

## LYDIA E. PINKHAM'S VEGETABLE COMPOUND

**AN** honest, tried and true remedy, of unquestionable curative value, made from Native Roots and Herbs. It contains no narcotics or harmful drugs, and complies with all conditions of the Pure Food and Drugs Law. Its annual sales are greater than that of any other medicine exclusively for women. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman. Merit alone can produce such results. Good advertising serves to call attention for a time, but merit alone can stand the test of time. All sick women should note these facts, and placing all possible prejudices aside, should realize the truthfulness of these statements, and when assailed with any of the numerous illnesses peculiar to their sex, should at least give Lydia E. Pinkham's Vegetable Compound a fair trial.

### —Mrs. Pinkham Will Give You Helpful Advice Free—

If there is anything about your illness you do not understand, write to Mrs. Pinkham, at Lynn, Mass. Her advice has helped thousands of women. For all this she will not charge you a cent; besides, she will keep your letter strictly confidential, as indicated by the fact that every private letter received by her during the last twenty years, and more, she now has in the Company's laboratory under lock and key—and no testimonial has ever been published without special written permission. Write her to-day; don't wait.

# NEWS OF THE NORTHWEST

## HOLD FAIR AT BARNUM

Annual Carlton County Show This Year Promises to be Fine.

Program for Three Days of Lively Sport Next Week.

Clonquet, Minn., Sept. 11.—(Special to The Herald).—The seventeenth annual Carlton fair will be held at Barnum, Sept. 17, 18 and 19, under the auspices of the Carlton County Agricultural and Industrial association, the officers of which are: Dr. J. T. Speck, president; Barnum, P. B. McLaren, vice president; Wrenshall, H. C. Hansen, treasurer; Barnum, Thomas Spencer, secretary.

On Tuesday, Sept. 17, the opening day, the program will be as follows: 9:00 a. m.—Formal opening, by J. T. Speck, president. 1:30 p. m.—Pony race, green ponies 2 in 3, half mile, purse, \$10.00. 2:30 p. m.—Farmers' running race, green horses, 2 in 3, half mile, 15.00. 3:30 p. m.—Ladies' running race, 2 in 3, half mile, purse, 10.00. Second day, Wednesday, Sept. 18. 1:30—Three minute trot or pace, Carlton county horses only, 1 mile, 3 in 5, purse, \$30.00. 2:00—Half mile running race, 2 in 3, purse, 25.00. 2:30—Ladies' bicycle race, 2 in 3, 5 miles, gentlemen's driving span, trot or pace, 2 in 3, purse, 50.00. 3:30—Ball game, purse, 50.00. Third and last day, Thursday, Sept. 19. 1:30—Carlton county bicycle race, 2 miles, single dash, 15.00. 2:00—Free-for-all, pace or trot, 1 mile, 3 in 5, 2:40 class, purse, 30.00. 2:30—Bicycle race, boys under 15, purse, 10.00. 3:00—Running race, Carlton county horses only, 2 in 3, 1 mile, 40.00. 3:30—Gentle's single driving horse, 1 mile, 2 in 3, 25.00. A few athletic events will be pulled off, such as weight and hammer throwing, 100 and 220 yard dashes and other races.

Considerable money has been expended this year in putting the track in first class condition, so that it is expected that there will be some contests in the horse racing. All entries are to be Carlton horses except the free-for-all, and the harness races will be governed by the rules of the American Trotting association. In case of bad weather or for unavoidable reasons the races will be called off. The purses will be divided as follows: First, 50 per cent; second, 25 per cent; third, 15 per cent; fourth, 10 per cent. Twenty-five dollar first prize, \$15.00 second prize and \$10.00 third prize will be given to the township making the best collective display of farm products, town of Barnum barred.

About \$75 will be awarded as prizes for horses and cattle; \$25 for sheep, goats and hogs; \$45 for poultry. A large amount of money will also be expended in prizes for vegetables, fruit, grain, seed bundles, fruits, pastry, canned goods, flowers, fancy and textile work, machinery and mechanical display. There will be also a small sum offered in premiums for an educational exhibit, which will be mostly drawing of maps, etc.

The object of the fair is to advance the interest in agricultural and industrial pursuits and to advertise the same. A further object is to show the people of this part of the state as well as in other parts, what can be raised on Carlton county farms and to some extent, to induce them to invest in a farm in the land of the "Big Red Clover."

## RICHTER RISKS ALL FOR LIBERTY

Reformatory Boy Just Recaptured Jumps From Fast Train.

St. Cloud, Minn., Sept. 11.—(Special to The Herald).—One of the most daring escapes of prisoners on record in this section of the state took place Sunday morning when Edgar Richter of Larimore, N. D., formerly of Royalton, Minn., aged 17 years, an escaped inmate of the state training school at Red Wing, recently recaptured at Winthrop, Minn., and being taken back to the institution, jumped from the Winthrop flyer, which was moving about twenty miles an hour at the time, and succeeded in making his getaway.

The flyer had pulled out of the St. Cloud depot when young Richter asked permission to enter the lavatory. The officer in charge permitted him to do so. As the train was passing the freight depot, which is several blocks east of the passenger station, the agent happened to glance out of an open window. What was his surprise and consternation, while looking toward the engine, to see a small boy shoot out of a window, strike the ground, turn several somersaults, pick himself up and run. The officer almost instantly appreciated the fact that his prisoner had made a break for liberty. He pulled on the bell cord and the train was brought to a standstill just over the Ninth avenue crossing.

BECOME MISSIONARIES.

Rev. Mr. Thorpe and Wife to Work Among the Chinese.

Bemidji, Minn., Sept. 11.—(Special to The Herald).—Rev. Mr. Thorpe and wife of Turtle River, have enlisted as foreign missionaries for the Norwegian Lutheran church, and will serve their church among the Chinese.

Rev. Mr. Thorpe has had considerable experience among the foreign missions, and will be fortified against possible injuries or rough experiences. He and his wife passed through Bemidji Sunday morning on their way from Turtle River to St. Paul, where they will visit for two days, after which they will start on their long journey to China, going by the way of Seattle. They will be stationed at Sin Yang, where there are a large number of other missionaries.

## PETER PLEIN DEAD.

Well-Known Citizen of Menahga Dies From Appendicitis.

Menahga, Minn., Sept. 11.—(Special to The Herald).—Peter Plein passed away about 3:30 Tuesday morning, after a few days' illness, with appendicitis. The deceased was an old resident of the village, and was formerly in the sawmill business. At the time of his death he was the owner and manager of an independent elevator here. He was vice president of the State Bank of Menahga, and was well off. He was about 40 years of age, and single. Mr. Plein was a member of the Odd Fellows and Masons. He leaves two brothers and two sisters, all of whom live in the southern part of this state.

## MOVES HEADQUARTERS.

Northern Pacific Strikes Back at City of Fergus Falls.

Fergus Falls, Minn., Sept. 11.—(Special to The Herald).—The Northern Pacific has moved its freight division headquarters, which were recently located here back to Wahpeton. The city objected to the company raising a bridge which the company was rebuilding here, and the company's representatives state that the division is moved as a result of the squabble which followed.

## YOUNG LIFE TAKEN.

Nine-Year-Old Boy Is Killed by an Unknown Assassin.

Fosston, Minn., Sept. 11.—(Special to The Herald).—Ralph Gunderson, aged 9 years, the nephew of ex-Sheriff Arne Gunderson of Polk county, was killed by an unknown assassin Tuesday while playing in the woods a short distance from his home here. The bullet entered from behind near the arm pit and came out through the breast, the victim dying in a few hours. Young Gunderson's brother was with him at the time and to his brother the dying boy said that a man with black whiskers had done the shooting.

## KILLED BY SWEEP.

Two Young Men Fatally Injured by Breaking of a Capstan.

Dunnell, Minn., Sept. 11.—(Special to The Herald).—Roland Westcott and John Burdick were killed by the breaking of the sweep of a capstan hitching machine while working near here Monday. Both were struck on the side of the head and died instantly. Burdick lived until yesterday. Burdick lived at Watertown, Wis., and Westcott's parents live near this city. Both young men were about 20 years old.

## KILLED BY TRAIN.

Former Moorhead Man Struck by an Engine in North Dakota.

Moorhead, Minn., Sept. 11.—(Special to The Herald).—John Bowman, who with his sisters and brothers formerly resided in this city, was instantly killed Sunday evening by being struck by Northern Pacific train No. 2, the North Coast Limited, at Mapleton, a few miles west of Fargo. Bowman was standing upon the track and did not notice the rapid approach of the flyer. John Bowman was a brother of Mrs. Charley Lancaster, whose husband was for a number of years with the old Grand Pacific hotel. It is believed that Bowman's parents now reside at Cass Lake.

## MINNESOTA IN BRIEF

Heaver Day—Mrs. Frances Brown has returned from Duluth, where she has been visiting with her sister, Miss Wynne Wood.

Moorhead—John O'Connell, a laborer at Camp No. 6, near Moorhead, is at the county jail in a condition which borders on insanity, but who may simply be the victim of a prolonged spree.

An insanity commission will examine him on O'Connell's condition.

Little Falls—The river lowered 8.28 inches in the past few days. The stone pier just above the bridge which is generally submerged looms up a half foot out of water, while the shore looks as though the tide had just gone out.

Brainerd—Rev. Father D. W. Lynch came down from Duluth Sunday night and held an informal reception to his many friends in the city Monday. There are few if any men who have left Brainerd would find more friends to greet them on a return visit than Father Lynch.

Stewartville—Mrs. Chamberlain, an elderly widow, was struck by a northbound

## CLAIM HOPPERS CAUSE INCREASE

Destruction of Pastures Blamed for Rise in Milk Prices.

Escanaba, Mich., Sept. 11.—(Special to The Herald).—The almost complete destruction of dairy stock pastures in this locality by grasshoppers may cause a rise in the price of milk. Dairy men of the surrounding district have notified the local dealer that their supply of milk has been cut off 60 per cent, and it will be impossible to live up to the contracts made for the season. Some of the dairymen are selling off their cows and will quit the business permanently. Grasshoppers have appeared in the district and have stripped the land of every vestige of grass, and in some parts of the county greatly damaged the crops of hay and oats which were late in maturing.

## FEAR ICE FAMINE.

Lowness of Upper Peninsula Lakes May Mean Shortage Next Summer.

Houghton, Mich., Sept. 11.—(Special to The Herald).—On account of the long drought during the past summer the small streams and many of the

## SKILL Praised BY PRESIDENT

La Crosse Boy Receives Laudatory Message From Teddy.

La Crosse, Wis., Sept. 10.—(Special to The Herald).—Midshipman Walter L. Hiebman of the United States naval academy, enclosing a personal telegram from President Theodore Roosevelt, congratulating him upon his splendid showing in the national contest. Mr. Hiebman won a medal in the most and his team was sixth in the list. He has distinguished himself at work during each of the three years he has been at the academy, winning a coveted "N" on his sweater the first year.

## ASKS FOR JUSTICE.

Priest Alleges Bank Wreckers Are Not Being Prosecuted Properly.

Chippewa Falls, Wis., Sept. 11.—(Special to The Herald).—The Rev. Father Schell of Tony has appealed to the controller of the currency to prosecute the officers of the defunct First National bank of Ladysmith, selling Controller Rigley that the department of justice has shown itself derelict and neglected the case that should have been prosecuted.

Not until the case is entirely removed from the hands of Mr. Wheeler does Father Schell think that the alleged bank defaulters can be properly dealt with.

In answer Controller Rigley informs the Rev. Father Schell that the case will receive proper attention at once and that all evidence in the case will be submitted to the department of justice.

## WISCONSIN IN BRIEF

Marquette—The cornerstone of the new Masonic temple was laid Sunday by Senator Spencer M. Marsh, grand master, assisted by Deputy Grand Master and local members of the order.

The ladies of the Order of the Eastern Star served a luncheon in the evening in honor of visiting Masons here from different cities of Wisconsin and the upper peninsula. The new temple when complete will cost about \$50,000.

Appleton—The annual state convention of the Wisconsin Grocers' association opened in Appleton Monday with about twenty-five members in attendance.

Madison—Lightning rods not only help to save farm buildings from destruction, but are almost an absolutely dependable safeguard against the danger of lightning. This was demonstrated by State Fire Marshal T. M. Purcell, who has devoted himself to investigating the causes of fire.

Ashland—The fall term of the circuit court opened Monday, with Judge Parish presiding. It will probably be in session about two weeks. No jury cases are scheduled here in West Houghton district over another hot season. It will likely be necessary to ship in large quantities of ice from the lakes of Northern Minnesota, as has been done before when conditions were the same.

La Crosse—G. H. Merz, agent of the United States Express company here, has been charged with improperly labeling packages of fish shipped by M. Reymann, a local dealer, and was fined \$25 and costs by Judge Brindley, amounting to \$30.

Oshkosh—Col. John Hicks, American minister to Chile, was in the city Saturday on his return journey to his post at Santiago, Chile. Col. Hicks was accompanied by his niece, Miss Frances Hicks of St. Paul.

## ROBBERS SECURE COIN AND JEWELS

Hannaford, N. D., Sept. 11.—(Special to The Herald).—Most daring among the recent robberies in this section was the one pulled off in this little town on the Cooperstown branch of the Northern Pacific, when yegmen broke into and rifled the postoffice, the Jackman general store and the Hannaford

Calumet—Two are dead and two seriously ill in the family of August Schaeffer, Jr., of Greenfield, believed to be due to eating bananas. Samuel, aged 2, and cut from the chest of a daughter and August Schaeffer are ill.

Red Jacket—Mrs. Ellen McCarthy, one of the red flower women of the Cooper county, died at her home here at 8 o'clock Saturday evening. The deceased was 64 years of age.

Houghton—Mrs. Jotera Jensen passed away here in West Houghton district Saturday noon. Mrs. Jensen was ailing for some time and her death was not unexpected. Mrs. Jensen was born in Denmark.

## DAKOTAS IN BRIEF

Wahalla, N. D.—Benjamin Snyder, a pioneer resident and a highly respected citizen of Wahalla, lies at the home of his son near here, suffering from a stroke of paralysis. Since the stroke came there has been very little change in his condition.

McVie, N. D.—John Dahl, a prominent resident of Nelson county, was arrested Sunday evening on a charge of striking his wife with intent to do great bodily harm. He was taken before a justice of the peace and bound over to the district court, with bonds fixed at \$500.

Larimore, N. D.—Train No. 111, the passenger running between Fargo and Larimore on the Great Northern, was held at Hillsboro all night Saturday until Sunday morning because of the derailment of the engine and tender. Just as the train was leaving the station, an open switch was encountered, and the locomotive was derailed.

Adams, N. D.—Elmer M. Agan, formerly a cattleman Adams and Fargo, has bought a 240-acre farm in southern Maryland to raise cattle there, and will leave this week.

Grand Forks, N. D.—A council of the Knights of Columbus will be instituted at Grand Forks Sunday, Sept. 15. The degree work will be exemplified by the members of the Fargo council, assisted by Dr. E. W. Buckley of St. Paul, lately elected national physician of the order, and Thomas B. Hill of Winona, state deputy of Minnesota.

Fargo, N. D.—The Fargo friends of Al Davis, formerly of Fargo, now of Seattle, will be interested to hear of the marriage of his daughter, Lillian G. Fargo, to Frank W. Blacker of Seattle. The wedding occurred at Seattle Sept. 8.

Lakota, N. D.—Henry L. Smith, living six miles north of here, was accidentally killed yesterday, while operating a bind-

## 35c Kodak Albums 19c

## FROST CANNOT HARM.

North Dakota Farmers Not Fearing III Results of Elements.

Fargo, N. D., Sept. 11.—While frost of the past couple of nights may have had some effect on the crops of Canada, the season is so far advanced that no damage could be done to North Dakota crops. Garden stuff might suffer, but the farmers are now prepared to ward off as much as possible the effect of frost.

## LIGNITE MINERS OUT.

Kenmare, N. D., Sept. 11.—(Special to The Herald).—The miners employed in sixteen lignite coal mines in the vicinity of Kenmare have walked out, demanding an increase in wages from 50 cents to \$1 a ton. The employers refuse to grant the request of the union, and consequently Kenmare is threatened with its first coal famine. The mine operators recently organized and subsequently raised the price of coal from various range of competition prices to \$3 per ton, and, although the miners were receiving a schedule arranged by them some time ago on a basis of the present retail price, they still demand higher wages.

## KILLED IN RUNAWAY.

Williston, N. D., Sept. 11.—John Tolley, a resident of Truxaville, was killed in a runaway near Sidney. Tolley was working on the irrigation ditch. He got out of his hayrack to close a gate, when the horses started to walk off and he ran after them, catching one of them by the bridle. He stumbled and fell and the horses ran over him, killing him instantly.

## UNIONS MAY COMBINE

Railroad Telegraphers May Join Commercial Key Pounders.

Local Union Will Consider Matter at Next Meeting.

Local unions of the Commercial Telegraphers in the different cities of the country are planning to bring about an amalgamation of the Commercial Telegraphers' Union of America and the Order of Railroad Telegraphers, and in letters from Chicago are asking all the unions what they think of the plan.

The local telegraphers will consider the matter at the next meeting of the union, which will be held some time this week.

They say that the officials of the Order of Railroad Telegraphers are taking a poll of their membership, to ascertain how many will stand by a telegraphers' committee and how many will strike if called upon to do so.

The Western Union had four men at work on the four of the Duluth board of trade this morning. This is the same number that was at work yesterday.

Work of Putting in Spars and Buoys is Begun.

Lights Will be Installed by Thursday or Friday.

Work was begun this morning marking off the new channel across St. Louis bay connecting the north channel at the Misabe dock with the Wisconsin channel, and it is expected that the lightbuoys will be commenced putting in the lights by tomorrow.

The work of putting in the piles for the lights and putting in the buoys and spars is being done by Whitney Bros. of Superior, while the work of setting the lights will be under the direction of Capt. Pryor, the lightkeeper.

News that this channel is being finally marked by the government will be good news to the masters who make the Misabe docks. The new channel was officially opened a couple of months ago, and boats have been using it in daylight since then, but it has been rather dangerous in the dark.

After the lights are installed it is expected that the channel will be used generally by all the ships sailing to the ore docks either in the daytime or at night.

It is claimed by the Hibbing man that although the ore is still coming forward to the docks at a pretty good rate, the stockpiles at the underground mines are getting low.

Besides the ore from the stockpiles, the greater part of the ore which is being shipped is that taken from the open-pit mines worked mostly by the big steam shovels.

At the Misabe docks today the boats were getting good dispatch, and the fleet got away this morning. There are still half a dozen boats at anchor in the harbor waiting for ore cargoes, but it is expected that in a couple of days the docks will have caught up pretty well.

**STOCK PILES ARE LOW.**

Ore Trade May Yet be Interrupted Before Winter.

The ore trade on the lakes may be badly interrupted, after all, this fall, if a statement made by a member of the Steam Shovelers' Union of Hibbing, who is in Duluth today, is to be depended upon.

It is claimed by the Hibbing man that although the ore is still coming forward to the docks at a pretty good rate, the stockpiles at the underground mines are getting low.

Besides the ore from the stockpiles, the greater part of the ore which is being shipped is that taken from the open-pit mines worked mostly by the big steam shovels.

**LEAVES YARD FRIDAY.**

Ward Ames Will Go Into Commission in Two Days.

It was announced this morning that the new steamer Ward Ames, will be put into commission on Friday of this week. On that date her official inspection will be made and her compasses adjusted.

There has been some delay in getting the boat ready for work, as on account of a scarcity of laborers at the shipyard at Superior, the proceeds of which will be turned into the strike fund.

The strikers are still optimistic. They are giving a dancing party this evening at the Lester park, the proceeds of which will be turned into the strike fund.

the new boats. With the three new freighters, the Western company will have eight of the biggest freighters on the lakes.

**FIVE MONTHS MORE.**

Interstate Bridge Will Be Ready for Traffic by Spring.

Cars will again be running across the interstate bridge within five months, unless something unexpected happens, according to statements made by the officials of the Great Northern railway. Capt. Reid has about finished his contract of raising the bridge three and a half feet higher than it formerly was, and the bridge repairers will soon be at work. The Pennsylvania Bridge company has the contract to rebuild the structure, and it has been stated that the bridge will be ready for street car traffic within five months. Whitney Bros. of Superior have the contract for raising the long span from its position in the bay and to rest upon the piers.

**BUILT IN SCOTLAND.**

Steamer Canadian Goes to Fort William for Grain Cargo.

Port Colborne, Sept. 11.—The steamer Canadian, which passed yesterday, is a new Canadian vessel built at Newcastle-on-Tyne. The Canadian is one of the full canal size, and will carry 9,000 bushels of grain through the Welland canal on fourteen feet of water. She is owned principally by Fort Colborne, Ont., and is bound for Glasgow, Scotland, to Fort William, Lake Superior, with a cargo of merchandise. Another steamer for the same owners is being built.

**SCHOONER HOUGHTON SINKS**

Founders in Lake Erie, But All of Crew Escape.

Detroit, Sept. 11.—The schooner George G. Houghton, salt laden, from Wyandotte for Toledo, in tow of the tug American Eagle, was sunk in a storm in Lake Erie yesterday, off Bar Point lightship. The crew escaped without injury.

**No Immigrants on America.**

No immigrants came in on the steamer America from Port Arthur yesterday, and as this same thing has happened for the past week or more, it is demonstrated that the immigration into the country from Canada is not as active as it was. One reason for this is that the Canadian authorities now recognize that no steerage will be allowed to enter the country and are keeping a closer watch. If they reach this port they are at once deported.

### SUPERIOR NEWS

#### COURT REBUKES M'CANN.

Advises Accused to Leave His Family and the State.

William McCann of Solon Springs, who pleaded guilty to the charge of assaulting his wife with the intent to do great bodily harm, was sentenced yesterday to a term of four months in the Douglas county jail. Before imposing sentence, Judge Smith rebuked McCann severely, and told the accused that as soon as his full term expired he ought to leave his family and the state. The court advised McCann, in particular, that it might be better for him if he should take up his future residence elsewhere.

#### Could Not Furnish Bond.

August Smith of the town of Superior was remanded to jail by Judge Parker yesterday, because he was unable to furnish a \$200 bond to keep the peace. He was arrested on the complaint of Pearl Moe and Carrie Moe, who claimed that Smith threatened to harm them. It is alleged that Smith has demolished the windows in the Moe residence and made himself a nuisance generally. The accused claimed that he had been on a spree and really meant no harm to the Moe family.

#### Special Meeting Not Held.

The special meeting of the council called a few days ago could not be held. An attempt will be made to hold it this evening. Service of the call had been made on all the aldermen but one, and he could not be found. Under the provisions of the city charter, a special meeting cannot be held unless a service of the call is made on each member of the council at least six hours before the time set for the meeting.

#### Laborer Sues Employer.

Joseph Urban recovered a verdict of \$55.44 against James Philbrook, in superior court yesterday, for services rendered as a laborer and bartender. Urban claims that he hired out to work for \$2.50 a day, but that when it came to a settlement

### TRIALS IN PROGRESS

One New Action Started Before Jury Since Tuesday.

Surprisingly Large Number of Persons Who Escape Jury Service.

Trial of the \$5,000 damage case of Helen Maronich, administratrix of the estate of George Maronich, deceased, against the Great Northern Railway company, was started before a jury in Judge Dibell's room this morning. The plaintiff is represented by Judge L. H. Corcoran and Alexander Marshall and the company is defended by Baldwin, Baldwin & Dancer and John A. Murphy. Mrs. Maronich claims that her husband was killed by a Great Northern train on its tracks near Hibbing, while he was in the act of walking to or from the Webb mine, where he was employed. She claims that the railroad track had been for a long time the accustomed route for everybody connected with the mine, and that her husband was given no warning signal of the approach of the train.

The company claims Maronich had no business on the tracks and that he was killed as a result of his own carelessness and negligence. The civil cases of Martin Lavall against John Edmundson and of Victor Nustrum against the Shenango Fuel company are still on trial in the other court rooms. Evidence for the plaintiffs is being taken.

The grand jury was in session all the morning, but up to this noon had made no report. Fifteen persons summoned to appear for petit jury service on a special venire answered to their names in Judge Dibell's room this morning. Out of the fifteen there were three men excused because they have never become naturalized, although long residents of Duluth. It is estimated that of the total number of men summoned thus far during the term for jury service, from 10 to 15 per cent of them have never become citizens. The number of prominent men in the city who escape jury service by never becoming citizens is surprising.

### DR. OLNEY

THE FAMOUS HEALER

Who has recently been performing so many marvelous cures in Superior, is now located in Duluth in the old Masonic Temple Bldg., corner Second avenue east and Superior street.

#### Cow a Nuisance.

Louis Cohen was arraigned in municipal court this morning charged with violating city ordinance in permitting his cow to trespass upon the property of J. Erickson, at No. 221 East Eighth street.

There was considerable confusion in the testimony, and the fact that another party named Cohen lived in the neighborhood made matters all the more puzzling. Cohen denied emphatically that his cow strayed from

his own territory, and stated that she was lame and could not get out of the barn. His daughter was in court and corroborated the story. He was found guilty, however, and Judge Cutting imposed the minimum fine of \$1 and costs which Mr. Cohen paid.

### AN OCTOBER CEREMONIAL

Of the D. O. O. K. K. Planned and Committees Are Named.

At a largely attended meeting of the D. O. O. K. K. last night, it was decided to hold the fall ceremonial during the month of October. The royal vizier, R. I. Tipton, made the following appointments on the committees which will have full charge of the arrangements and details: Committee on advertising—W. E. McEwen, J. H. Davis, W. M. Hillis. Committee on refreshments—A. M. Fen-ton, N. U. G. Terry, John W. Miller. Entertainment committee—M. B. Cul-lum, J. A. Wharton, Frank Nathan. Committee on supplies—W. L. Seaton, R. G. Chambers, W. E. Wickes. It was decided to limit the number of those who will have to be a drawing from among the number of applicants to see who will be the favored ones to travel the desert sands at this meeting. Announcement will be made later of the exact date and place of the ceremonial.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

**OHIO DAY AT JAMESTOWN**  
Celebration Attended by Great Number From Buckeye State.

Norfolk, Sept. 11.—The celebration today, "Ohio state day," at the Jamestown exposition, was one of the greatest features in the exposition's history. There was a great attendance with hundreds of visitors from the Buckeye state. Governor Harris of Ohio and Justice Harmon of Cincinnati, former attorney general of the United States, were the principal speakers. The musical features included an original ode by Miss Anne Pratt Worthington, great-granddaughter of Governor Thomas Worthington, the first United States senator from Ohio, whose home "Adena," has reproduced at

Ohio's state building at the exposition. The afternoon's program included a parade by the United States troops at the exposition; the second Ohio regiment, National Guard, 830 men strong, and the three hundred members of the Ohio state engineer corps from the Fifth regiment at Cleveland. Governor Harris and the other distinguished visitors reviewed the military parade.

### ANNUAL REPORT

Of Chicago, Milwaukee & St. Paul Shows Net Balance of \$12,919,900.

Chicago, Sept. 11.—The annual report of the Chicago, Milwaukee & St. Paul road was issued today, showing gross earnings of \$60,548,000; operating expenses and taxes amount to \$41,628,100, leaving net earnings of \$18,920,000. After the payment of interest on bonds, the revenue for the year showed a net balance of \$12,919,900. During the year 7 per cent dividends were paid on both the common and preferred stock. ### GOVERNOR WELCOMES.

Greets Annual Convention of Master Car Painters in St. Paul.

St. Paul, Minn., Sept. 11.—(Special to The Herald.)—Welcomed to the capital by Governor Johnson and City Comptroller Louis Betz, the Master Car and Locomotive Painters' association of the United States and Canada, is holding its thirty-eighth annual meeting in Bowly hall. The governor in the course of his remarks felicitating the convention on meeting in Minnesota, called attention to the advantages offered in this state. Charles A. Copp of Lawrence, Mass., responded to the welcoming addresses and the technical features of the program were taken up, several papers being presented and discussed.

Reports were made by the president, J. W. Houser, of Chambersburg, Pa.; Secretary and Treasurer A. P. Danc and a number of committees. The association is composed of the men in charge of the various car and locomotive paint shops throughout the country, and its object is to improve methods of car painting.

In conjunction with the painters, the Supply Men's association, composed of representatives of the big paint houses, is also in session here. The association met in one of the parlors at the Ryan hotel and proceeded to organize by electing the following officers:

President—C. N. Baker, of the Murphy Varnish company, Newark, N. J. Secretary—H. N. Turner, Acme White Lead & Color company, Detroit. Treasurer—William Marshall, Anglo-American Varnish company, Newark, N. J.

Chairman of Entertainment Committee—W. C. Quest, of the Heath Milling company, Chicago.

Good-natured cooks are to be found in families where Hunt's Perfect Baking Powder and Extracts are kept on hand. It is easy to do good cooking with Hunt's.

### THE POSTOFFICE AT FLAMBEAU, WIS., ROBBED.

Chippewa Falls, Wis., Sept. 11.—Robbers robbed the postoffice at Flambeau last night, blowing open the safe and securing \$10, but leaving \$50 in stamps. The front of the building was blown out. No one was aware of the robbery until this morning. The postoffice is in a store, but none of the goods were disturbed. The robbers made their escape on horses.

The science of soap-making is exemplified in the standard quality "WHITE LILY." Your grocer sells it.

D. E. H., Sept. 11, '07.

## AID OF STEEL CORPORATION

Will be Given Allis-Chalmers Company, It is Said.

Milwaukee, Sept. 11.—The Journal today prints a story regarding which it claims reliable information to the effect that Charles Allis, chairman of the executive committee, and Edward D. Adams of New York, chairman of the finance committee of the Allis-Chalmers company, will retire from their respective positions; that W. B. Kelly, president of the American Steel Foundry company, will become chairman of the executive committee and that Judge E. H. Gary, chairman of the board of directors of the United States Steel corporation, will head the board of directors of the Allis-Chalmers company. It is explained that the Allis-Chalmers company has for some time been hampered by lack of sufficient capital to carry on its present enormous business, the fact that Kelly and Gary are to be more actively and prominently identified with the United States Steel corporation will in some measure add financial support to Allis-Chalmers.

TO MEET IN BOSTON NEXT.—Sanitucky, Ohio, Sept. 11.—Boston was selected today as the meeting

## ARE STILL TUMBLING

Copper Shares Have Another Break, Losing Several Points.

Listed Shares Weak—Bottom Falls Out of Curb Market.

Copper stocks tumbled, pell mell, again today. Some of the leading issues dropped four and five points and the market had a sick tone at the close. There was a reduction of a quarter of a cent in all grades of the copper metal and this, coupled with a rumor that some of the big mines in Butte were going to close, caused a stampede. Listed shares were given very little support and the bottom fell completely out of the market. The weakness in Amalgamated and Anaconda caused the railroad and industrial stocks in the New York market to tumble, as well.

It was rumored during the day that a New York house, with Boston connections, was in trouble but nothing definite about it was received.

North Butte opened about unchanged at \$55, went as high as \$55.50, slumped to \$54.75, rallied to \$55.50 and closed at \$55.50. Anaconda opened at \$60.50, went as high as \$61.25, declined to \$60.50 and closed at \$60.50.

Greene-Canaana dropped from \$10.25 to \$9.625 and closed at \$9.75 bid and \$9.75 asked.

Butte Coalition opened at \$17.75, declined to \$17 and closed at \$16.875 bid and \$17 asked. Calumet & Hecla opened at \$12.25, slumped at \$11.50 and closed at \$11.75 bid and \$12 asked. Copper stock of Idaho sold at \$12.25 and closed at \$12.25.

Most of the unlisted shares on the local market tumbled. Some of the ones that have for a long time, many stocks upon which there have always been bids for something or other, are now down. Blackhawk closed very weak, with figures only on the "asked" side. Many of the local unlisted shares dropped the broker's office today and joined the general tumble. The ones that were the big listed shares in Boston and New York tumbled during the week. These little fellows with their small blocks of cheap stock are just as nervous as the big fellows when the market goes down with the high price shares.

Black Mountain sold at \$3.75, declined to \$3.25 and closed at \$3.25. Den-Arizona slumped from \$5.50 to \$5 and closed at \$5.

Calumet & Hecla sold at \$12 and \$11.50. Butte & Superior at \$2 and \$1.75. Copper stock of Idaho sold at \$12.25 and closed at \$12.25.

Black Mountain sold at \$3.75, declined to \$3.25 and closed at \$3.25.

Black Mountain sold at \$3.75, declined to \$3.25 and closed at \$3.25.

Black Mountain sold at \$3.75, declined to \$3.25 and closed at \$3.25.

Black Mountain sold at \$3.75, declined to \$3.25 and closed at \$3.25.

Black Mountain sold at \$3.75, declined to \$3.25 and closed at \$3.25.

Black Mountain sold at \$3.75, declined to \$3.25 and closed at \$3.25.

Black Mountain sold at \$3.75, declined to \$3.25 and closed at \$3.25.

## CITY BRIEFS

We Always Have  
A few good second-hand steel ranges that can be bought cheap. Kelley Hardware company.

The Round Oak  
And Jewel Steel Ranges are as good as new. Kelley Hardware company.

Will Locate at West End.  
Madame Mountford will lecture at the Central Baptist church, Twentieth avenue west and First street, tonight and tomorrow night on "The Life of Christ." After delivering these lectures, Madame Mountford will leave for St. Paul, where she will deliver a series of lectures next week. Last evening, she lectured in the First Norwegian-Danish M. E. church, to a crowded house.

Corner Stone Is Laid.  
The corner stone of the Glen Avon Presbyterian church, at Twentieth avenue west and First street, tonight and tomorrow night, will be laid by Rev. J. H. Peterson. The program of the exercises will be as follows: Carried out and 200 members of the church and several hundred of their friends were present. The exercises were in charge of Rev. John Culbert Paries, and the other local Presbyterian clergymen.

Johnson Pleads Not Guilty.  
Several persons accused of crime by the grand jury were taken before Judge Dibel late yesterday afternoon to enter pleas. John Johnson, a colored man accused of the murder of Mrs. Eva Patterson and Louis Wode, charged with the murder of James Howard, pleaded not guilty. Mike Burns, indicted for the murder of a woman, pleaded not guilty. He had not yet communicated with his attorney. He asked for a continuance of his trial to the afternoon.

Inspectors File More Reports.  
More reports by the ballot inspectors in the contest gave over the tax amendment were filed with the clerk of the district court yesterday afternoon. The reports were made by the Yellow Medicine, Pipe, Renville, Chipewagan, Stevens, Swift, Big Stone and Mounds counties. The reports were made by the inspectors, long ago sent to the clerk of the district court. The reports were made by the inspectors, long ago sent to the clerk of the district court. The reports were made by the inspectors, long ago sent to the clerk of the district court.

Former Labor Leader Here.  
M. J. Neary of Minneapolis, for ten years president of the Minneapolis Federation of Labor and John Kossan, business agent of the Minneapolis Plumbers' union, are spending a few days visiting friends in Duluth. Mr. Neary is at present on the Minneapolis police force as a detective, and of course took in the big game between the Duluth and Mill City policemen yesterday.

Tracer of Lost Persons.  
Mrs. Dick Waaler of Christiansia, Norway, tracer of lost persons is in the city today and will lecture at the First Norwegian-Danish M. E. church, in the West end, this evening. Mrs. Waaler was sent from Norway to hunt for relatives of Norwegians, who have come to the United States and then neglected to write to their families. There are many such and Mrs. Waaler has their names in "The Book of the Living." She explains her mission in every city she visits and has located many of the missing ones.

Davenport Funeral.  
The funeral of the late Mrs. Mary Davenport, whose death occurred at her residence, 2 La Crosse street, last evening, about 10 o'clock, will be held this afternoon at 5 o'clock. The remains will be shipped to her former home at Jackson, Mich., for burial. Deceased is survived by her husband, D. J. Davenport, and her daughter, Mrs. Ennis of Barab, Wis. Mrs. Davenport had been a resident of this city for about seven years and made many warm friends here during that time. She was 46 years of age.

Meeting Postponed.  
The meeting of the Thimble Bee of Mastic Rebekeah lodge which was to have taken place at 8 o'clock in the evening of 28 West Second street, has been indefinitely postponed.

Reception for Mrs. Hollister.  
The reception for Mrs. Hollister, the supreme commander of the Ladies of the Macabees, will be held tomorrow afternoon at 2 o'clock in the Macabees hall.

Judge Morris Returns.  
Judge Pigo Morris of the United States courts, returned last evening from the district court and the state supreme court. He was in the city for a few days and will be in the city for a few days.

Hunting Licenses Issued.  
Hunting licenses to the number of 170 have been issued to local hunters by the county auditor during the past two or three weeks. It is probable that the total number of licenses issued in the county this year exceeds the number mentioned for the reason that the county auditor has been authorized to issue the hunting permits. Those the county auditor issues at his office usually represent the demand for permits here in the city.

Old Resident Dies.  
Mrs. Mary H. Lewis, a resident of Duluth for the past twenty-two years, died at her home, 125 East Third street, Mrs. Lewis was 76 years of age. The funeral arrangements have not yet been made, but will be announced later.

Wants Value of Engine.  
J. D. Campbell and H. Holman have taken suit in the district court against the Shell Lake Boat company to recover the value of an engine which they claim is damaged as damages for the alleged conversion of a gasoline engine. The plaintiffs claim that the engine was stolen from them and that they are entitled to the value of the engine and that on the date mentioned the defendant took possession of the engine and refused to deliver it to the plaintiff. H. B. Fryer represents Messrs. Campbell and Holman.

Dr. Olney.  
The famous healer, is now located in Duluth in the Old Masonic temple building, Second avenue east and Superior street.

Funeral Director.  
M. J. Philtrout, both phones. W. Duluth.

Florists and Decorators.  
Eischen Bros., 121 West Superior St.

Ladies' long sleeve, medium weight, fall Vests; a bargain for 25c. Ladies' 25c extra size summer Vests, to close, 19c.

**THE GRAND JURY REPORTS**

The grand jury made a report late this afternoon. It is understood that no indictments were returned against Teofilo Petrelli or against the Austrian miners brought down from the range towns during the strike. Barney Conway, it is understood, was indicted for second degree manslaughter as the outcome of the Labor day assault case on Garfield avenue.

**JAPAN IS MARCHING ON.**

Certain symptoms of innovation struck forcibly upon my imagination as I traveled through the country districts of Japan, says a writer in Blackwood's.

Schools presented a conspicuous feature in every corner of the country—not the schools dear to the bigoted literati of the China or the intolerant nullahs of Islam, but modern, up-to-date, twentieth century schools, where the knowledge and learning of the West is fast becoming imparted to the children of the East.

I remember one day meeting a number of small boys returning from a village school in a district far removed from the influence of railways and big cities. On my approaching them they drew up to attention with military precision and bowed ceremoniously to me as I passed.

I was somewhat puzzled to find a reason for this spontaneous display, but the explanation was not far to seek. I was dressed after the manner of the West, and was therefore an object of respect. You ask why? Because Europeanization is the fetish of the day.

Nor is it only the boys who attend the schools in this year of grace 1907. For the schoolgirl in magenta hakama, with starched and buttoned handkerchiefs, is a sight to be seen in every village. On my approaching them they drew up to attention with military precision and bowed ceremoniously to me as I passed.

Thus in 1898 85.06 per cent of the boys and 55.94 per cent of the girls of school age were attending school—figures which had increased five years later to 96.59 and 93.81 respectively. During the school year 1903-04 (the latest for which I have figures) 14,500,000 was spent on public education, and 5,875,124, or 33.23 per cent of the children, boys and girls combined, of school age were receiving elementary instruction.

There is another—powerful, perhaps a sinister—influence causing the great steady advance in the educational life of the people, the influences of modern industrial requirement. Already thousands of women and children are toiling wearily in factory and workshop, attending mechanically to the great steam driven spinning and looms which are slowly but inexorably crushing the life out of the old family hand machines on which were made the exquisite fabrics embodying the artistic soul of Japan.

Unguarded and unprepared for by a kindly legislation their lot can scarcely be considered an enviable one. No factory acts grace the pages of the statute book of Japan.

"We have our duty plain before us," say the manufacturers, "to establish our commodities firmly upon the world's markets. Let us get our hold of them before we are tied and handicapped by government interference."

Such was the fervent prayer which I heard breathed by more than one manufacturer—a prayer which would appear to have every chance of being granted, since only so lately as August last the Japanese government issued an invitation to send delegates to an international conference at Berne, held a view to promoting the rights won by women on the grounds that the state of the industries of the country did not admit of such interference.

True, the women and children may smile over their work as the casual laborer smiles at his lot, and they may whine and cry at the crashing looms, but then the Japanese smile is an enigmatical thing and, as I have written, "the Japanese can smile in the teeth of death, and usually does."

Some day the workers of Japan will rise and will demand for themselves the same rights and privileges already conceded to their fellow workers in the

**PERSONAL**

Fred Brennan, secretary-treasurer of the Steam Shovel Workers' Union of Hibbing, was visiting in the city today. Mrs. J. McIntosh has returned from a trip to the Twin Cities. Mrs. D. A. Blakeney and children have returned from a sojourn at Solon Springs, Wis. George Lydick of Cass Lake, Minn., is expected at St. Louis. A. J. Niemi of Biwabik, Minn., is a guest the Lenox. E. Koskin of Ash Lake, Minn., is at the Lenox.

**THIEVES CAUGHT IN CHICAGO.**  
Chicago, Sept. 11.—George Demarest and Edmund Johnson, wanted in Minneapolis on the charge of stealing photographic supplies, were arrested here today while trying to sell a part of their alleged stolen property to a local business house. They will be returned to Minneapolis.

**BIG FIRE AT HONGKONG.**  
Hongkong, Sept. 11.—About 100 of the leading Chinese mercantile establishments were destroyed by fire which broke out yesterday.

## JURY DECIDES EDWARD VANDERBILT INCAPABLE OF MANAGING AFFAIRS

Man Who Married Mrs. Pepper Held to be Insane.

Suit Was Brought by the Daughter and Other Relatives.

Jury Thinks He Was Imposed Upon By Alleged Spirits.

New York, Sept. 12.—Edward W. Vanderbilt, the aged retired merchant of Brooklyn, who married May S. Pepper, the spiritualist medium, is incapable of managing his affairs because of lunacy, according to a verdict returned by a sheriff's jury in Brooklyn today.

The proceedings to have Mr. Vanderbilt declared incompetent were brought by his daughter, Miss Minerva Vanderbilt, after Mr. Vanderbilt had married Mrs. Pepper several months ago and had given to her a large portion of the real estate which he owned in Brooklyn, including the house in which they lived. A brother and sister of Mr. Vanderbilt subsequently joined her in the appeal to the courts. The hearing was held before a jury and a commission consisting of a physician, a lawyer and a banker. Much testimony was offered to show that Mr. Vanderbilt had been imposed upon by so-called spirit communications through Mrs. Pepper-Vanderbilt. Mrs. Pepper-Vanderbilt was put on the witness stand and questioned at great length as to her ability to communicate with the spirits.

The jury retired at 3 p. m. yesterday and was in session all night. The final vote was twelve for incompetency against three for competency. This is sufficient to constitute a verdict.

## PREPARING FOR EMERGENCIES

Great Quantity of Beef and Coal to be Sent to Isthmus.

Washington, Sept. 12.—In preparation for any emergency Col. Gothaels, engineer in charge of the Panama canal, has arranged for storing in the refrigeration plant at Colon a large quantity of meat supplies. The Isthmian canal commission has approved his suggestion to send to the isthmus 2,400 quarters of beef, which will be stored in a transport sailing Sept. 17. A large supply of coal also is to be sent to the isthmus. The commission denies that there has been any shortage of meat supplies or coal on the isthmus.

## KEEPS BODY IN HOUSE

Woman Did Not Want Son Placed in Temporary Vault.

White Plains, N. Y., Sept. 12.—Because she could not bear to have the body of her only son taken to a temporary grave pending the completion of the family vault, Mrs. Robert B. Ryan of this village, persuaded her husband to have his body embalmed and to keep it at their home until the vault should be ready to receive it. The body in its coffin has been kept in the parlor of the Ryan home since the embalming on Friday, Aug. 30, the day following the young man's death from appendicitis, at the age of 28. Mr. Ryan said that he expected the vault to be ready any day, but if necessary he would keep the body at his home for a year.

## THE PRINCESS LIKES AMERICAN COOKING.

New York, Sept. 12.—American cooking is held in such a high esteem by the Crown Princess Cecilia of Germany, that she has sent her chef here to study the mysteries of the American art. The chef and his wife are passengers on a recently arrived steamer. Today he will begin his observations at the Hotel St. Regis.

Pies and cakes, according to the manner of the United States, will receive special attention from this expert, and he has also heard that buckwheat cakes and flap-jacks of good wheat flour are appetizing breakfast dishes. Above all, this wizard of the saucepans wishes to inform himself thoroughly on all the American methods of preparing oysters and clams.

MRS. TAFT, 80 YEARS OLD. Worcester, Mass., Sept. 12.—Mrs. Louisa M. Taft, mother of Secretary of War Taft, was 80 years old yesterday, and for the first time since she became ill on July 25, she sat up and received callers.

Her physician says he expects that she will soon recover completely.

MRS. ANNIE BESANT, New Leader of the Theosophists, Who Arrived From Europe This Week to Attend the Convention of the Society.

## CRISIS IS AT HAND

In the Affairs of Philadelphia Rapid Transit Company.

Stock Declines Rapidly and Receivership May be Necessary.

Philadelphia, Sept. 12.—The belief is general that a crisis is at hand in the affairs of the Philadelphia Rapid Transit company, which controls the street railway facilities of this city. For some time past there has been a steady decline in the price of the shares on the local stock exchange.

Yesterday the stock hung around 20, but today there was a further break of 4 a share, the lowest on record. This was accompanied by rumors that the company cannot meet its fixed charges, and that, therefore, a receivership will be necessary. The stock of the Union Traction company, which preceded the Philadelphia Rapid Transit company in the control of the street railway system of the city, and the dividends of which are guaranteed by the Philadelphia Rapid Transit, broke 7 1/2 on heavy selling, from 8 1/2 to 4. There was heavy selling of Philadelphia Rapid Transit stock all the way around 20 to 15 1/2. The break in the traction stock had an unfavorable effect upon other local stocks. United Gas Improvement fell 2, and Cambria Steel, Lehigh Valley and other securities lost large fractions.

## MAY WEDDED TO DECEMBER

The Old Adage Reversed in Marriage Just Announced.

Chicago, Sept. 12.—The old adage of the mating of December and May suffered a reversal of form yesterday. The case in point concerned two former persons of the suburb of Austin, Dr. Anthony Lehman, 38 years old, and Mrs. Elizabeth Baker, 76 years old, who were married on Aug. 25 in Minneapolis, and whose marriage was kept secret until yesterday when it became known through a cousin of the bridegroom.

Besides the interest which attaches to the marriage because of the discrepancy in the ages of the couple, there is another bit of romance in the way they became acquainted. The doctor's relatives moved to Austin from Canada about eight years ago and became the neighbors of the Baker family, who then resided in Austin.

Dr. Lehman, then a young physician, had received, and he probably felt an unusual interest in the members of the invalid's family from the fact that it was practically the beginning of his career. Anyway, the acquaintance between the doctor and the widow progressed during the seven years since Baker's death in spite of the fact that Mrs. Baker left Austin about three years ago.

The culmination of the romance came with a trip to Minneapolis and a secret marriage ceremony. Mrs. Baker was reputed to have been left a considerable fortune at the death of her first husband.

After the marriage Dr. and Mrs. Lehman returned to Chicago.

## TO OBEY THE LAW

Pennsylvania Railroads Will Put New Fares in Effect.

Pending Decision of Supreme Court on Validity of Law.

Philadelphia, Sept. 12.—Pending the final decision of the supreme court of the state on the constitutionality of the 2-cent-a-mile railroad rate bill, officials of the Pennsylvania road have not yet reached a definite conclusion in regard to changes in the present schedule of rates. Confident that the decision of the Philadelphia court will be sustained by the higher court, the company is nevertheless alive to the possibilities of a reversal and, while round trip excursion and commutation rates will probably remain as at present, it is believed that all straight fares will be put on a fast 2-cent basis after Oct. 1, and remain in force while the case pending.

Operating officials positively decline to discuss the probable outcome, but it is stated the legal department of the company will advise that the road proceed on the assumption that the law will go into effect on Oct. 1. Other roads in the state are expected to follow the example of the Pennsylvania, so as to avoid the possibility of the heavy fines imposed by the act. With the handing down of the opinion of the supreme court, the railroad will then be in a position to deal definitely with the question, and either restore the present schedule, if favorable to them, or completely reconstitute the rates of excursion and commutation tickets.

The suits instituted by other railroads attacking the constitutionality of the act will probably be left untouched until the decision of the higher court has been obtained.

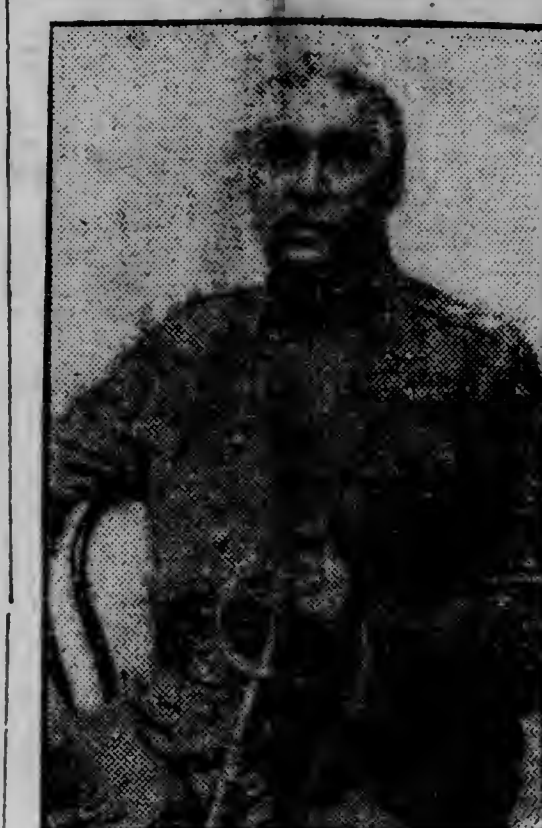

## NEGRO KILLS A WHITE MAN

Deputy Constable Shot at Pine Bluff Without Warning.

Pine Bluff, Ark., Sept. 12.—With the query, "Is your name Alexander?" Louis Franklin, a negro, shot and killed Deputy Constable C. A. Butler at Cornsnot, this county, yesterday. The negro is being searched for by a posse, and if apprehended, will probably be lynched. Sunday morning a sudden break of 11 a share from 22 1/2 to 19 1/2 on Tuesday.

The stock of the Union Traction company, which preceded the Philadelphia Rapid Transit company in the control of the street railway system of the city, and the dividends of which are guaranteed by the Philadelphia Rapid Transit, broke 7 1/2 on heavy selling, from 8 1/2 to 4. There was heavy selling of Philadelphia Rapid Transit stock all the way around 20 to 15 1/2. The break in the traction stock had an unfavorable effect upon other local stocks. United Gas Improvement fell 2, and Cambria Steel, Lehigh Valley and other securities lost large fractions.

## ORIENTAL LIMITED TRAIN HELD UP BY ROBBERS AND REGISTERED MAIL TAKEN

GEN. S. M. B. YOUNG, President's Old Commander in Cuba, Who Has Been Appointed Superintendent of the Yellowstone National Park.

## WOMAN IS ENORMOUS

Of Such Size She Cannot Enter a Private Hospital.

Skin Like an Elephant, and She Weighs 525 Pounds.

New York, Sept. 12.—Afflicted with a rare disease, elephantiasis, which gives no sign of abating, Mrs. Juliette Felt is confined in the Kings County hospital, Brooklyn, her body slowly but surely increasing in size. She now weighs 525 pounds and is daily gaining weight. Physicians at the hospital declare it is the most malignant and remarkable case of elephantiasis that has been brought to the attention of the medical fraternity. Every step in the progress of the disease, the hourly condition of the woman, her actions and moods, and a complete history of the case are being carefully noted and kept for the benefit of the medical world.

Her skin resembles that of an elephant. It is thick, hard and coarse. It is said to be covered with a network of blood vessels. (Continued on page 5, first column.)

Express Safe Blown Open, But Found to be Empty.

Men Kept Up Rapid Firing to Intimidate Passengers.

Reward of \$5,000 Offered for Each of Participants.

St. Paul, Sept. 12.—(Special to The Herald.)—General Manager Elliot of the Great Northern Express company announced to the Associated Press today that the Great Northern Oriental Limited No. 1 which left St. Paul Tuesday morning was held up by two masked men six or seven miles west of Rexford, Mont., at an early hour this morning. The robbers crawled over the tender at this place and at the point of their guns commanded the engineer to stop the train. They then ordered the fireman to go back with them to the express car and instructed him to tell the express messenger, mail clerk and baggage man to go back into the coaches. While this was being done the robbers kept up a continual fusillade with their guns to terrorize the passengers and keep within the coaches.

After the messenger, baggage man and mail clerk had left their cars the robbers went through the mail cars and robbed the sacks of a large quantity of registered mail. Then they went into an extra express car, which carried an overflow of mail, baggage and express and which contained a regulation through safe. This they attempted to blow open. After exploding three charges the safe was opened and it was found to be empty. The robbers did not enter the regular express car in which the messenger had been riding.

On finding the safe empty the highwaymen helped themselves to the registered mail and after firing a parting volley disappeared. In view of the fact that the Great Northern Express company did not suffer any loss the Great Northern Railway company has telegraphed the following offer of reward to all points in the West: "The Great Northern Railway company will pay the sum of \$5,000 for the arrest and conviction of each of the persons engaged in the holding of its train near Rexford, Mont., on the morning of Sept. 12, 1907." (Signed) F. E. WARD, General Manager.

This means a reward of \$10,000 to those who arrest and secure a conviction of the robbers. They are described as being about 30 years of age, one about 5 feet 11 inches tall and the other considerably shorter. Both wore black clothes and black soft hats.

## URGES A CONSTITUTIONAL AMENDMENT TO RESTRICT FEDERAL COURTS' POWER

GOVERNOR SHELDON OF Nebraska, Who Advocates a Constitutional Amendment to Prevent Federal Courts From Enjoining Officials From Enforcing State Laws.

## WILL HAVE TO HURRY

The Lusitania Must Make 24 Knots All Last Day

In Order to Beat the Record Held by Deutschland.

New York, Sept. 12.—The titanic turbine steamer Lusitania of the Cunard line entered today on the final stretch of her maiden voyage, which may break all trans-Atlantic records. The newest greynhound of the seas was reported 150 miles east of Sable Island at 11:20 last night. No further reports of her may be received until tonight when she will enter the wireless zone. With 600 miles to be still made at 11:20 o'clock last night, the Lusitania will have to make 24 knots or better until Sandy Hook lightship is reached and passed in order to excel the record of 23 1/2 knots held by the Deutschland of the Hamburg-American line. The Lusitania will have fair weather for her last day's run, and every ounce of her propulsive power will be used to make up the time lost in the fog off the Grand Banks. Driven at her top speed the giant Cunarder may be expected at the gateway of the port at sunrise at 6 o'clock Friday morning, making the time for the trip a shade under five days.

Wireless dispatches from the Lusitania show the ship is running smoothly and that her machinery has been shaken down so that her run from Sable Island to this port can be made at her highest speed. Officials of the Cunard line planned to have Lusitania at the end of the ocean racing lane at 5 o'clock tomorrow morning, and despite the fog, they believe she will be found at the lightship near that time. While the Lusitania is expected at the gateway of the port at sunrise at 6 o'clock Friday morning, making the time for the trip a shade under five days.

The steamship authorities feared to assume the risk, and the vessel has been turned back to Victoria, where the Asiatics will be landed. Vancouver is reported as being comparatively quiet, but an outrage by two Chinamen yesterday has again inflamed the people. The Mongolians, while passing along one of the main streets, saw a white baby sitting on a doorstep. They snatched it up and threw it into the middle of the street, which was busy with traffic. It fell among the horses' feet and narrowly escaped death. Beyond bruises it was not much hurt.

An angry crowd started in pursuit. The Chinese had a good start and escaped. The fact that no arrests have been made has not tended to allay the temper of the people.

The city council has passed a by-law prohibiting a wrestling match which was to have taken place tonight, between a white man and a Japanese. The entire Japanese colony had bought tickets for the encounter, and trouble was threatened.

Seattle, Wash., Sept. 12.—A dispatch to the Post-Intelligencer from Vancouver, B. C., says: With a subscription list started Tuesday, headed by Mayor Beattie, with a purse of \$100, and which up to last night had grown to \$1,500, Vancouver citizens will charter the train, and placing at least 800 Hindus, who arrived on the steamer, Montague, will ship the East Indians, bag and baggage, to Ottawa, the seat of the federal government. This (Continued on page 5, fifth column.)

To Enjoin Officials From Enforcing the State Laws

Governor Sheldon of Nebraska Takes Firm Stand in Matter.

Believes Courts Have Abused the Power of Injunction.

Lincoln, Neb., Sept. 12.—Because of the restraining order granted by Judge Munger of the federal court, to prevent the railway commission from promulgating a new grain rate schedule, Governor Sheldon today declared himself in favor of a Constitutional amendment taking from federal courts the right to enjoin state officials from enforcement of state laws.

"I believe the federal courts have abused the privilege of the injunction enough to justify such action," he said. "Too many state laws have been tied up by the interference of the federal courts to not believe that the makers of the Constitution ever contemplated such use of the injunction in the hands of the federal courts."

ABANDONS POLITICS. Former President Palma of Cuba is Devoting Time to Agriculture.

Havana, Sept. 12.—Former President Palma of Cuba, in an interview given on his estate at Biano, stated that he is keeping aloof from politics and is devoting all his time to agricultural interests. He also declared that he was equally apart from all parties, and this statement is regarded here as of some importance, as the Conservatives have sent him salutations from all of the meetings.

## A FEW STONES ARE THROWN AT EARL

New York, Sept. 12.—Ferdinand Pinney Earl, of "affinity" fame, has returned to New York. He had a brief encounter with the villagers of Monroe, where his home is located, when about to board a train for this city this evening. Several missiles were thrown at him, but the artist escaped injury.

## FEARED TO LAND THEM

Steamer for Vancouver, With Orientals, Goes to Victoria.

Mayor Would Not Guarantee Safety of the Passengers.

Ottawa, Ont., Sept. 12.—Advices from Vancouver, the scene of the recent riots, states that the mayor of Vancouver has warned the captain of the steamboat Montague, which has on board 114 Japanese, 149 Chinese and 541 Hindus, destined for this port, that he would be unable to guarantee a safe landing here, because the Unionists have expressed their determination to resist the immigration of any more Asiatic laborers.

The steamship authorities feared to assume the risk, and the vessel has been turned back to Victoria, where the Asiatics will be landed. Vancouver is reported as being comparatively quiet, but an outrage by two Chinamen yesterday has again inflamed the people. The Mongolians, while passing along one of the main streets, saw a white baby sitting on a doorstep. They snatched it up and threw it into the middle of the street, which was busy with traffic. It fell among the horses' feet and narrowly escaped death. Beyond bruises it was not much hurt.

An angry crowd started in pursuit. The Chinese had a good start and escaped. The fact that no arrests have been made has not tended to allay the temper of the people.

The city council has passed a by-law prohibiting a wrestling match which was to have taken place tonight, between a white man and a Japanese. The entire Japanese colony had bought tickets for the encounter, and trouble was threatened.

Seattle, Wash., Sept. 12.—A dispatch to the Post-Intelligencer from Vancouver, B. C., says: With a subscription list started Tuesday, headed by Mayor Beattie, with a purse of \$100, and which up to last night had grown to \$1,500, Vancouver citizens will charter the train, and placing at least 800 Hindus, who arrived on the steamer, Montague, will ship the East Indians, bag and baggage, to Ottawa, the seat of the federal government. This (Continued on page 5, fifth column.)

## LIKE TAKING CANDY FROM A BABY.

St. Louis County: "Say, I Can't Supply Your Whole Family With Candy."

## MYSTERY OF MAN'S DEATH

Cleared by Finding a Note Which Indicated Suicide.

Bloomfield, Ind., Sept. 12.—The mystery surrounding the death of Homer Casey, whose lifeless body was found in his buggy in his barn, near here, yesterday, has been cleared by the finding in his pocket a note in which he said that a pain he had at his heart was costing him his reason and that he would rather die than suffer it again.

Casey was to have married Miss Anna Stone last night. It was at first believed that he had been murdered, but the finding of the note indicated suicide.

## INSANE MAN ESCAPES.

Berlin, Sept. 12.—An insane man named Losky arrested on suspicion that he was the "ripper" who murdered several school girls recently, has escaped from the observation ward of the prison hospital. The news of his escape created consternation, and the fear prevails that fresh crimes will be perpetrated.

## JURY DECIDES EDWARD VANDERBILT INCAPABLE OF MANAGING AFFAIRS

Man Who Married Mrs. Pepper Held to be Insane.

Suit Was Brought by the Daughter and Other Relatives.

Jury Thinks He Was Imposed Upon By Alleged Spirits.

New York, Sept. 12.—Edward W. Vanderbilt, the aged retired merchant of Brooklyn, who married May S. Pepper, the spiritualist medium, is incapable of managing his affairs because of lunacy, according to a verdict returned by a sheriff's jury in Brooklyn today.

The proceedings to have Mr. Vanderbilt declared incompetent were brought by his daughter, Miss Minerva Vanderbilt, after Mr. Vanderbilt had married Mrs. Pepper several months ago and had given to her a large portion of the real estate which he owned in Brooklyn, including the house in which they lived. A brother and sister of Mr. Vanderbilt subsequently joined her in the appeal to the courts. The hearing was held before a jury and a commission consisting of a physician, a lawyer and a banker. Much testimony was offered to show that Mr. Vanderbilt had been imposed upon by so-called spirit communications through Mrs. Pepper-Vanderbilt. Mrs. Pepper-Vanderbilt was put on the witness stand and questioned at great length as to her ability to communicate with the spirits.

The jury returned at 3 p. m. yesterday and was in session all night. The final vote was twelve for incompetency against three for competency. This is sufficient to constitute a verdict.

## PREPARING FOR EMERGENCIES

Great Quantity of Beef and Coal to be Sent to Isthmus.

Washington, Sept. 12.—In preparation for any emergency Col. Gethals, engineer in charge of the Panama canal, has arranged for storing in the refrigeration plant at Colon a large quantity of meat supplies. The Isthmian canal commission has approved his suggestion to send to the isthmus 2,000 quarters of beef, which will be forwarded on a freighter sailing Sept. 17. A large supply of coal also is to be sent on five vessels. The commission decides that there has been no shortage of meat supplies or coal on the isthmus.

## KEEPS BODY IN HOUSE

Woman Did Not Want Son Placed in Temporary Vault.

White Plains, N. Y., Sept. 12.—Because she could not bear to have the body of her only son taken to a temporary grave pending the completion of a family vault, Mrs. Robert B. Ryan of this village, persuaded her husband to have his body embalmed and to keep it at their home until the vault should be ready to receive it. The body in its coffin has been kept in the parlor of the Ryan home since the death of the young man's death from apoplexy, at the age of 25. Mr. Ryan said that he expected the vault to be ready any day, but if necessary he would keep the body at his home for a year.

## THE PRINCESS LIKES AMERICAN COOKING.

New York, Sept. 12.—American cooking is held in such a high esteem by the Crown Princess Cecilia of Germany that she has sent her chef here to study the mystery of the American cook and the chef was a passenger on a recently arrived steamer. Today he will begin his observations at the Hotel St. Regis.

Pies and cakes, according to the manner of the United States, will receive special attention from this expert, and he has also heard that buckwheat cakes and flap-jacks of good wheat flour are appealing to the princess. Above all, this wizard of the saucepans wishes to inform himself thoroughly on all the American methods of preparing oysters and clams.

MRS. TAFT 80 YEARS OLD. Worcester, Mass., Sept. 12.—Mrs. Louisa M. Taft, mother of Secretary of War Taft, was 80 years old yesterday, and for the first time since she became ill on July 25, she sat up and received callers.

Her physician says he expects that she will soon recover completely.

MRS. ANNIE BESANT, New Leader of the Theosophists, Who Arrived From Europe This Week to Attend the Convention of the Society.

## CRISIS IS AT HAND

In the Affairs of Philadelphia Rapid Transit Company.

Stock Declines Rapidly and Receivership May be Necessary.

Philadelphia, Sept. 12.—The belief is general that a crisis is at hand in the affairs of the Philadelphia Rapid Transit company, which controls the street railway facilities of this city. For some time past there has been a steady decline in the price of the shares on the local stock exchange, culminating in a sudden break of 11 shares from 22 1/2 to 19 1/2 on Tuesday.

Yesterday the stock hung around 20, but today there was a further break of 1/2 a share to the lowest point of 19 1/2. This was accompanied by rumors that the company cannot meet its fixed charges, and that, therefore, a receivership will be necessary. The stock of the Union Traction company, which preceded the Philadelphia Rapid Transit company in the control of the street railway system of the city, and the dividends of which are guaranteed by the Philadelphia Rapid Transit, broke 7 1/2 on heavy selling, from 11 1/2 to 4 1/2. There was heavy selling of Philadelphia Rapid Transit all the way around 20 to 15 1/2. The break in the traction stocks had an unfavorable effect upon other local stocks. United Gas Improvement fell 1/2, and Cambria Steel, Lehigh Valley and other securities lost large fractions.

## MAY WEDDED TO DECEMBER

The Old Adage Reversed in Marriage Just Announced.

Chicago, Sept. 12.—The old adage of the mating of December and May suffered a reversal of form yesterday. The case in point concerned two former persons of the suburb of Austin, Dr. Anthony Lehman, 38 years old, and Mrs. Elizabeth Baker, 76 years old, who were married on Aug. 25 in Minneapolis, and whose marriage was kept secret until yesterday when it became known through a cousin of the bridegroom.

Besides the interest which attaches to the marriage because of the discrepancy in the ages of the couple, there is another bit of romance in the way they became acquainted. The doctor's relatives moved to Austin from Canada about eight years ago and became the neighbors of the Baker family, who then resided in Austin. Dr. Lehman, then a young physician, just fresh from a medical college, attended Baker during his last illness and helped to settle the business affairs of the widow after his death. This is said by acquaintances to be about the first case the young physician had received, and he probably felt an unusual interest in the members of the invalid's family from the fact that it was practically the beginning of his career. Anyway, the acquaintance between the doctor and the widow progressed during the seven years since Baker's death in spite of the fact that Mrs. Baker left Austin about three years ago. The culmination of the romance came with a trip to Minneapolis and a secret marriage ceremony. Mrs. Baker was reputed to have been left a considerable fortune at the death of her first husband. After the marriage Dr. and Mrs. Lehman returned to Chicago.

## TO OBEY THE LAW

Pennsylvania Railroads Will Put New Fares in Effect.

Pending Decision of Supreme Court on Validity of Law.

Philadelphia, Sept. 12.—Pending the final decision of the supreme court of the state on the constitutionality of the 2-cent-a-mile railroad rate bill, officials of the Pennsylvania road have not yet reached a definite conclusion in regard to changes in the present schedule of rates. Confident that the decision of the Philadelphia court will be sustained by the higher court, the company is nevertheless alive to the possibilities of a reversal and, while round trip, excursion and commutation rates will probably remain as at present, it is believed that all straight fares will be put on a fast 2-cent basis after Oct. 1, and remain in force while the case pending. Operating officials positively decline to discuss the probable outcome, but it is stated the legal department of the company will advise that the road proceed on the assumption that the law will go into effect on Oct. 1. Other roads in the state are expected to follow the example of the Pennsylvania, so as to avoid the possibility of the heavy fines imposed by the act. With the handing down of the opinion of the supreme court, the railroad will then be in a position to deal definitely with the question, and either restore the present schedule, if favorable to them, or completely readjust the rate schedule of excursion and commutation tickets. The suits instituted by other railroad companies against the constitutionality of the act will probably be left untouched until the decision of the higher court has been obtained.

GOVERNOR SHELDON of Nebraska, Who Advocates a Constitutional Amendment to Prevent Federal Courts From Enjoining Officials From Enforcing State Laws.

## WILL HAVE TO HURRY

The Lusitania Must Make 24 Knots All Last Day

In Order to Beat the Record Held by Deutschland.

New York, Sept. 12.—The titanic turbine steamer Lusitania of the Cunard line entered today on the final stretch of her maiden voyage, which may break all trans-Atlantic records. The newest greyhound of the seas was reported 150 miles east of Sable Island at 11:20 last night. No further reports of her may be received until tonight when she will enter the wireless zone. With 800 miles to be still made at 11:20 o'clock last night, the Lusitania will have to move 24 knots or better until she reaches the finish line. Sandy Hook lights is reached and passed in order to excel the record of 23 1/2 knots held by the Deutschland of the Hamburg-American line. The Lusitania will have fair weather for her last day's run, and every ounce of her propulsive power will be used to make up the time lost in the fog off the Grand Banks. Driven at her top speed the giant Cunarder may be expected at the lights shortly before 7 o'clock Friday morning, making the time for the trip a shade under five days.

Wireless dispatches from the Lusitania show the ship is running smoothly and that her machinery has been shaken down so that her speed on Sable Island to this port can be made at her highest speed. Officials of the Cunard line planned to have Lusitania at the end of the ocean racing lane at 5 o'clock tomorrow morning, and despite the fog they believe she will be found at the lights near that time. While the Lusitania is expected at the gateway of the port at sunrise tomorrow she will not slip through the Narrows until several hours later when the tide serves full in the Ambrose channel. The Lusitania will be the first ocean liner to enter the port through the new fairway. The Lusitania has scuttled the iron ward on which she encountered on her voyage, with no difficulty, and only a score of her 3,000 passengers have suffered any indisposition.

## MYSTERY OF MAN'S DEATH

Cleared by Finding a Note Which Indicated Suicide.

Bloomfield, Ind., Sept. 12.—The mystery surrounding the death of Homer Casey, whose lifeless body was found in his buggy in his barn, near here, yesterday, has been cleared by the finding in his pocket a note in which he said that a pain he had at his heart was costing him his reason and that he would rather die than suffer it again. Casey was to have married Miss Anna Stone last night. It was first believed that he had been murdered, but the finding of the note indicated suicide.

INSANE MAN ESCAPES. Berlin, Sept. 12.—An insane man named Lohsky, arrested on suspicion that he was the "ripper" who murdered several school girls recently, has escaped from an observation ward of the prison hospital. The news of his escape created consternation, and the fear prevails that fresh crimes will be perpetrated.

To Enjoin Officials From Enforcing the State Laws

Governor Sheldon of Nebraska Takes Firm Stand in Matter.

Believes Courts Have Abused the Power of Injunction.

Lincoln, Neb., Sept. 12.—Because of the restraining order granted by Judge Munger of the federal court, to prevent the railway commission from promulgating a new grain rate schedule, Governor Sheldon today declared himself in favor of a Constitutional amendment taking from federal courts the right to enjoin state officials from enforcement of state laws.

"I believe the federal courts have abused the privilege of the injunction enough to justify such action," he said. "Too many state laws have been tied up by the interference of the federal courts. I do not believe the makers of the Constitution ever contemplated such use of the injunction in the hands of the federal courts."

ABANDONS POLITICS. Former President Palma of Cuba is Devoting Time to Agriculture.

Havana, Cuba, Sept. 12.—Former President Palma of Cuba, in an interview given on his estate at Bano, stated that he is keeping aloof from politics and is devoting all his time to agricultural interests. He also declared that he was equally apart from all parties, and this statement is regarded here as of some importance, as the Conservatives have sent him salutations from all of the meetings.

A FEW STONES ARE THROWN AT EARL

New York, Sept. 12.—Ferdinand Pinney Earl, of "affinity" fame, has returned to New York. He had a brief encounter with the villagers of Monroeville, where his home is located, when about to board a train for this city, last night. Several missiles were thrown at him, but the artist escaped injury.

## FEARED TO LAND THEM

Steamer for Vancouver, With Orientals, Goes to Victoria.

Mayor Would Not Guarantee Safety of the Passengers.

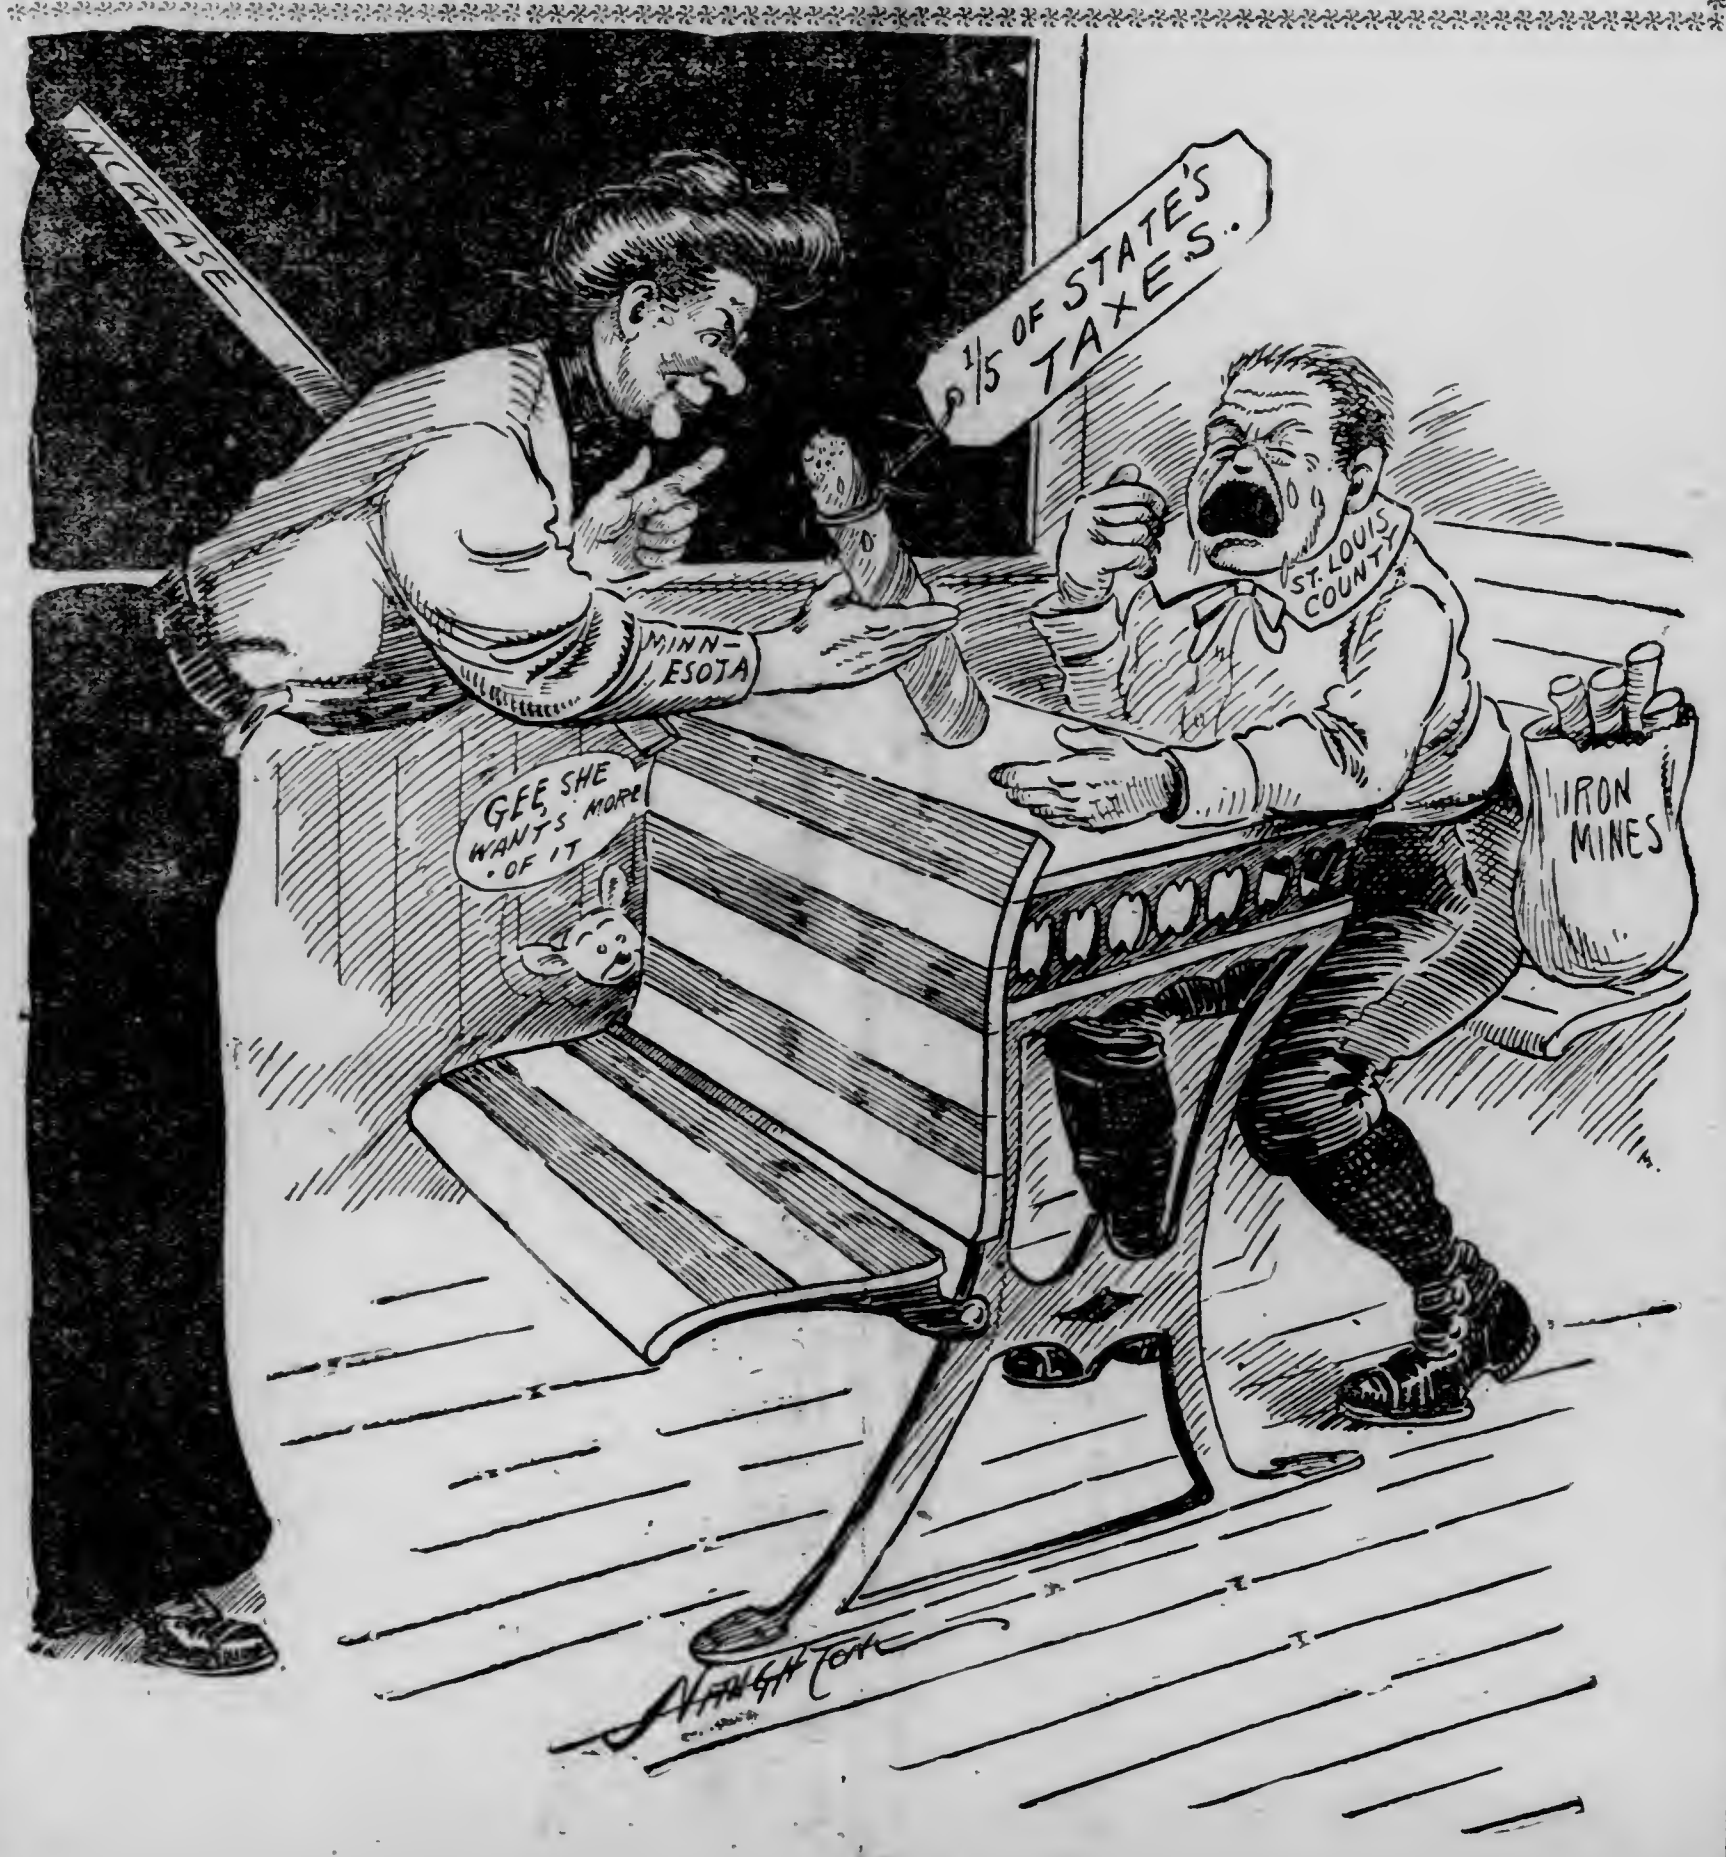

Ottawa, Ont., Sept. 12.—Advices from Vancouver, the scene of the recent riots, states that the mayor of Vancouver has warned the captain of the steamboat Montague, which has on board 114 Japanese, 140 Chinese and 841 Hindus, destined for this port, that he would be unable to guarantee a safe landing here, because the Unionists have expressed their determination to resist the immigration of any more Asiatic laborers.

The steamship authorities feared to assume the risk, and the vessel has been turned back to Victoria, where the Asiatics will be landed. Vancouver is reported as being comparatively quiet, but an outrage by two Chinamen yesterday has again inflamed the people. The Mongolians, while passing along one of the main streets, saw a white baby sitting on a doorstep. They snatched it up and threw it into the middle of the street, which was busy with traffic. It fell among the horses' feet and narrowly escaped death. Beyond bruises it was not much hurt.

An angry crowd started in pursuit. The Chinese had a good start and escaped. The fact that no arrests have been made has not tended to allay the temper of the people. The city council has passed a by-law prohibiting a wrestling match, which was to have taken place tonight, between a white man and a Japanese. The entire Japanese colony only had bought tickets for the encounter, and trouble was threatened. Seattle, Wash., Sept. 12.—A dispatch to the Post-Intelligencer from Vancouver, B. C., says: With a subscription list started Tuesday, headed by Mayor Behrman, with a purse of \$100, and which up to last night had grown to \$1,500, Vancouver citizens will charter the train and placing at least 800 Hindus, who arrived on the steamer, Montague, will ship the East Indians, bag and baggage, to Ottawa, the seat of the federal government. This (Continued on page 5, fifth column.)

## LIKE TAKING CANDY FROM A BABY.

St. Louis County:—"Say, I Can't Supply Your Whole Family With Candy."

WEATHER FORECAST—Partly cloudy tonight and Friday with possibly showers. Slightly cooler. Fresh northeast winds.

**Oak Fall Clothing Co.**  
331-333-335 W. SUPERIOR STREET

## These

daily talks of ours, about clothes, ought to be read by every man in Duluth. They deal in fact, in your style, quality, tailoring value.

"Cheap" stores laud their merchandise in lurid language to catch the unwary. Claiming them worth \$15 to \$20 wouldn't give them any additional value. We sell them as \$10 suits. They'll wear well and satisfy men in the habit of wearing \$10 suits.

Our salesmen can show you the difference in the garments—and will tell you the truth about them. If you want a \$10 suit you can't get a better one than we offer, anywhere in America. Claiming them worth \$15 to \$20 wouldn't give them any additional value. We sell them as \$10 suits. They'll wear well and satisfy men in the habit of wearing \$10 suits.

But if you want clothes good enough for anybody, anywhere, get an Oak Fall Hand-Made Suit—\$15 to \$35.

## MATRIMONIAL FETE.

London Daily Mirror. The most curious matrimonial fete that was ever instituted has just been held for the seventh time in the little Belgian village of Beaussinnes-Lalonde, and was attended by bachelors desiring wives from all parts of Belgium, France, and Germany.

It is called the Gouter Matrimonial Fete, after the name of the good village, where it was founded. It was a Mme. Gouter, and was possessed of a family of seven children. She passed on, but her husband came forward.

Mrs. Gouter, after the death of her husband, confided her troubles to a gentleman friend from Brussels. He looked at the seven charming daughters and smiled thoughtfully.

"I have many unmarried friends in the city," he said. "I will bring them all out next Sunday. Perhaps some of them will fall in love with your daughters. Who knows?"

Mrs. Gouter was delighted, and promised that the eligible young men should be received most graciously. There would be some refreshments served by her daughters, and a little fete would be held in honor of the occasion.

Mrs. Gouter added that to avoid all misunderstanding, her eldest daughter would welcome the potential husbands with a speech, in which she would explain the exact nature of the visit.

At the court twenty shy and modest young clerks from Brussels arrived. After Gouter, on behalf of herself and her sixteen sisters, welcomed them. Then each man chose the particular sister he fancied, was waited upon by her, and encouraged to offer his hand and heart.

The afternoon passed in a brilliant and good time. Gouter, all smiles and laughter, had the answer to the question of her daughters' future. Four of her daughters had found fiancés.

So successful was Mrs. Gouter's enterprise that in the following spring all the maidens of Beaussinnes desired of marriage. The fete was held again, and the number of "prospective" bachelors increased.

Long before the fete day this year, which was on Monday, bachelors in all parts of Belgium, France, and Germany were busy making ready for the possible wedding day.

Before 10 o'clock in the morning they commenced to pour into the little village in hundreds.

The fete was to commence with the president's speech at 2 o'clock, but by 10 o'clock the bachelors were thronging the cafes and narrow streets of Beaussinnes.

There were forty eligible maidens closely hidden in their well-shut rooms, waiting for the arrival of the bachelors. The fete was a very old one, and the sixth (last year), twenty-two.

# AMALGAMATED MINES AT BUTTE WILL CLOSE

Over-Production is Given as Reason for Action.

Copper Shares Are Still on the Down Grade.

New York, Sept. 12.—The Amalgamated Copper company is about to shut down its mines in and about Butte, Mont., for an indefinite period. From an interest closely identified with the company it was learned that the suspension of operations is due to overproduction and lack of demand for copper, and to some extent also to the difficulties of obtaining adequate supplies of fuel at Butte.

According to the authority of the announcement there is now a surplus supply of 250,000 pounds of refined copper in the United States.

The production of refined copper in September, it is said, would be 6,000,000 pounds less than in August.

The price as quoted in the market is about 15 cents a pound for electrolytic, but according to the authority referred to, it is doubtful if 15 cents a pound could be obtained for any considerable quantity.

The Amalgamated Copper company shares led a sharp decline on the stock market this afternoon, the stocks selling down to a loss of almost four points before 2:30 as compared with last night's closing price.

Today's quotations on the stock were the lowest in years. Henry H. Rogers, president of the Amalgamated company, is now ill at his home in Fair

Haven, Mass. J. W. Beck, counsel for Mr. Rogers, announced in Boston today that Mr. Rogers would not be able to appear there in a suit in which he is interested, for at least three months.

The downturned market was given little relief in the session today. The aggressive bears attacked it at the very opening, and continued their hammering throughout the entire session. All along the list shares opened at about yesterday's closing prices, but they declined swiftly under the continued operations of the bears until, in most cases, the lowest prices of the declining period were reached.

There were few rallies, although at the close the pressure let up a little and prices took a bound upward. The market closed with the sagging tendency still evident, however, and pessimism still reigning.

Amalgamated and Anaconda took the brunt of the attack in the New York market. Amalgamated opened at \$55.37 1/2, dropped during the morning to \$53.12 1/2, then to \$51.75 and rallied to \$53.50 at the close.

In the Boston market, North Butte had a bad day. It opened at \$49, advanced to \$51, fell to \$50.75 and then went off to \$45.50. It rallied again and closed at \$47. Butte Consolidated opened at \$17, advanced to \$17.50, fell back to \$15.62 1/2 and closed at \$15.75.

Calumet & Arizona dropped during the morning from \$120 to \$105, rallied to \$110 and closed at \$105 bid.

The curb market held up under pressure better than did the listed copper shares. Green-Cumana and Superior & Pittsburg were weak, but under heavy selling, they did not lose much. Green-Cumana opened at \$9.57 1/2 to 9.25, and Superior & Pittsburg at \$10 to \$9.25.

Globe opened at \$6, sold at \$5.75, \$7 and \$8.75. Hancock sold at \$5.75, \$7 and \$8.75. Hancock sold at \$5.75, \$7 and \$8.75.

At the Boston market, North Butte had a bad day. It opened at \$49, advanced to \$51, fell to \$50.75 and then went off to \$45.50. It rallied again and closed at \$47.

In the Minnesota districts and for this purpose will be in Duluth on Sept. 25. At which time he will consider the applications for citizenship of twenty foreign-born men who will come to Duluth on the ship and will reside at the October term of federal court in Minneapolis.

**Charged With Vagrancy.**  
Lizell Bradford, alias Lizell Mitchell, was arrested this afternoon on a charge of vagrancy. Her case will come up in municipal court Saturday morning.

**Burial of a Child.**  
Mrs. Mary Bakowski died at her residence, 115 West Tenth street, on Tuesday evening. The funeral will be held Friday morning from the house, and later from the Polish church, Fourth avenue east and Third street. She leaves a husband and two children.

**Infant Is Stricken.**  
Harold Ackerman, the 2-months-old son of John Ackerman of 223 West Tenth street, died today at the home of his parents. Death was caused by whooping cough. The funeral will be held tomorrow afternoon at 2 o'clock and Rev. J. K. Madsen, pastor of the First Norwegian church, will officiate.

**Duluthians Will March.**  
Duluth will make a big showing in the parade of the Odd Fellows at St. Paul next week. During the convention of the order, which is to be held from Sept. 16 to 21, it is expected that about 100 members will march in the parade. The big parade is to be given on Wednesday, Sept. 12.

**PERSONAL**  
L. P. Sprague left for Cleveland and the East yesterday.

S. H. Haskins left for Milwaukee yesterday.

Mr. and Mrs. Charles D. Blake of Minneapolis, who were married at Minneapolis yesterday, are guests at the Lenox.

Mr. and Mrs. Charles D. Blake of Minneapolis, who were married at Minneapolis yesterday, are guests at the Lenox.

Mr. and Mrs. William Brown of Hibbing are guests at the Lenox.

**TO BUILD FINE HOME.**  
Clinton Markell secured a permit for erection of \$13,000 residence.

Clinton Markell secured a permit for the city building inspector's office today for the erection of a \$13,000 residence on property owned by him on First street, between Twenty-second and Twenty-third avenues east.

A permit was also secured by Mr. Markell for the rebuilding of the First-ninth block, and the addition of three more stories. The application states that the improvements on this property will aggregate about \$50,000.

Work will go down from this city and the improvement of the business block.

**TO AID HIS BROTHER.**  
Superior Man Goes to Chicago for Murder Trial.

Talbot S. Campbell, a conductor on the Great Northern railroad, with other relatives, has gone to Chicago to attend the trial of his brother, Amasa C. Campbell, and, if possible, aid him in his fight for life.

Amasa C. Campbell is charged with the murder of Dr. Harris. The trouble grew out of the divorce case of the defendant, in which Dr. Harris was implicated. Amasa C. Campbell is not known in Superior.

**REMAINS MYSTERY.**  
Blount's Reason for Big Bequest to Yale Is Unknown.

London, Sept. 12.—The relatives of the late Arlind Blount, lord of the Manor of Orleton, who bequeathed \$400,000 to Yale university and one of the executors of his will, have been communicated with, but are unable to explain the reason which he had for leaving such a large bequest to Yale. The deceased's nearest relative, to whom he left the family papers, is a well-to-do London lawyer, who is at present in a tour of the continent. It is considered possible that he is the only person who knows the reason for the late Mr. Blount's will, which he spent the greater part of his time in recent years in London.

**O'BRIEN TEARS CLAIMS LARGELY TO PIECES.**  
St. Paul, Sept. 12.—(Special to The Herald.)—Arguments on the part of the counsel for the stockholders in the commodity rate injunction suits were largely based on affidavits made by officers and employees connected with the road involved and these today T. D. O'Brien, representing the state, started

in to tear to shreds. This is the eighth day of the argument before Judge Lochren in the federal court.

So effectively did Mr. O'Brien do his job today, on several occasions he was interrupted by counsel for the opposite side, they alleging misrepresentation. One attorney, Mr. Thorn, of New York, spoke with some heat, he contending that Mr. O'Brien was unfair. This interruption came while Mr. O'Brien was dissecting the affidavit of R. L. Farrington of the Great Northern.

**JOHNSON NOT A CANDIDATE**

For the Presidency and Will Not be, He Says.

St. Paul, Sept. 12.—(Special to The Herald.)—"I am not a presidential candidate and I do not intend to become one."

This was the emphatic declaration made by Governor John A. Johnson today to a party of prominent Nebraskans who came to the capitol here today to present three invitations to Governor Johnson to speak in Nebraska.

Those in the delegation were George L. Loomis of Fremont; John S. Sundeen of Wahoo; E. W. Waller of Lincoln; W. O. Johnson of Oskola, and J. S. Jacobson of Omaha. Mr. Sundeen took for Governor Johnson to stump the state for the party ticket this fall.

The second invitation was from the Nebraska State League, which at a banquet there on Sept. 24, and the third was from the Swedish-Americans of Nebraska at a time to suit himself. Governor Johnson declined all invitations.

**BURTON G. A. R. CHIEF.**  
Saratoga, N. Y., Sept. 12.—Charles G. Burton of Nevada, Mo., was this afternoon elected commander-in-chief of the Grand Army of the Republic.

**M. C. TIFFT APPOINTED INSURANCE ACTUARY.**  
St. Paul, Sept. 12.—(Special to The Herald.)—M. C. Tift of Long Prairie was today appointed an actuary by the insurance commissioner's office by Commissioner Hartigan.

Mr. Tift is a Democrat and was just of probate in the Sixth district at one time, and holds the position of grand master of the Ancient Order of United Workmen.

The new actuary is also well known in politics. Last fall he was the defeated candidate for congress from his district.

**HORSE SENSE.**  
The Kind Needed, Not by the Horse, But by the Owner.

I wonder if any one can give a reasonable excuse for watering horses as soon as they have finished a meal, or just before going out for a drive.

**TOO LATE TO CLASSIFY**

MASSAGE—MISS MARIA GRINDER, one, graduated from the Swedish Institute, Stockholm, Sweden. Burrows Bldg., Room 300. Zenith 1725.

Fashionable hair dressing, manicuring, scalp and face treatments. Miss Kelly, opposite Glass block, upstairs.

FOR RENT—THREE NICE UNFURNISHED rooms, all modern conveniences. Apply 10 Mason street.

FOR RENT—EIGHT-ROOM HOUSE at 731 West First street, suitable for a private family. Call at 329 West Superior street.

WANTED—POSITION BY COOK in private family. 225 West Third street.

FOR SALE—TWO KITCHEN CABINETS, one Morris chair, two bookcases, one refrigerator and one couch. A bargain if taken at once. Interstate Mercantile company, 221 East Superior street.

FOR SALE—BRASS BED, DAVENPORT couch, china closet, dining room table and chairs, all in good condition. Goods at big bargain; party leaving city. 95 London road.

# Exclusive Autumn Models

A visit to New York or any of the Eastern style centers of America can reveal no more beautiful nor more exclusive designs than can be seen at "Giddings."

Ultra smart Fall models in Gowns, Dresses, Suits, Skirts and Waists have arrived daily during the current week. They are exclusive garments not shown elsewhere at the Head of the Lakes, and our windows reflect every slight variation of the magnetic needle upon the dial of fashion.

**An Exploitation Sale**  
Of the Gossard and Irresistible Corsets will be conducted by Madam Klein, an expert corseteer, in our corset department beginning Monday, Sept. 16th. Every well-grounded woman fully appreciates the fact that a good corset is the backbone of a smart appearance.

*They Live in Front*

# A Few of the Street and Afternoon Dresses

The Autumn Season is to usher in more "Dresses" for afternoon and evening wear than we have been accustomed to for some seasons past. Perhaps a word-picture of a few may be interesting. One beauty is of silk voile over taffeta. The waist is plaited, trimmed with Persian taffeta, with a yoke and undersleeves of tucked Arabian net, touched off with old-rose panne velvet piping. The skirt of course, is full plaited and has two deep foot tucks. Price \$59.50.

Others of the same general effect in the stripe and delicate colorings—some trimmed with braided fillet net.

Another sensible afternoon dress is of wool batiste in the new Burgundy red. This is handsomely trimmed with fluted taffeta, buttons and lacings. Price \$25.00.

Duluth **J. M. Giddings & Co.** Cincinnati

# A SHOE SALE

THAT MEANS SOMETHING! **MEN'S \$3.50 and \$4 SHOES For \$2.90**

Every one of them well worth the regular price.

**FLOAN, LEVEROOS & CO.,**  
225-227 West Superior St.

unbalances the adjustment of parts, cannot but be admitted.

One of the most successful stage drivers of the old time told me years ago that a horse would last a third longer and do better service if its harness fitted in every part—and I think he was right. Take a look the next time you drive out and see if the horse is the right distance from the carriage, to insure the minimum of force in moving same, and yet not hit; if the collar fits, the breastplate or holdback is not too high or low, or the saddle too far forward. A business man, or better still, a woman, will at a glance, detect anything wrong.

Someone owns—but has no use for—a piece of machinery that would be a money-maker for you. And a Herald want ad. will find this "someone."

**PLUCKY TIGER BRIDS.**  
South China Post. India's tiger bird, so called because he is the one thing the great cat fears, is no larger than a sparrow.

Yet so bold and combative is he that if the great cat is surprised by a sufficient number of the little creatures far from the protecting shelter of the jungle, it will not hard with him. When alone the bird will not attack. Supported by a flock of friends, however, often numbering several thousands, the bird will seek out his deadly foe and give battle.

No sense in running from one doctor to another. Select the best one, then stand by him. Do not delay, but consult him in time when you are sick. Ask his opinion of Ayer's Cherry Pectoral for coughs and colds. Then use it or not, just as he says.

**Have One Doctor**

WE HAVE TO THANK OUR MANY friends and neighbors in our sad bereavement by the death of our beloved father, for their sympathy and beautiful floral offerings.

MRS. JOHANNNA HEIAMS.  
MRS. MARY HEIAMS.  
E. K. HEIAMS.  
L. K. HEIAMS.

**BAYHA & CO. BAYHA & CO. BAYHA & CO.**

**THE UNIVERSAL**

Proven Best By Actual Test

By hundreds of satisfied users right here in Duluth, and thousands of them throughout the country. What others have used and found right for the last fifty years, surely ought to be convincing proof that the Universal is the range for you to buy. Let us place one in your home on trial—if it isn't perfect—your money back. We guarantee them perfect in every way.

**Superb Universal**

This cut Represents the Superb Universal The Finest Steel Range on the Market

Note its points of special interest:  
The oven doors are white enamel lined, the automatic drop braces make the door unbreakable—the body of range is made of the best heavy cold rolled, polished steel, strongly riveted and lined with asbestos—has boiler attachment, pouch feed, duplex, revolving grates for both coal and wood—cast iron flue back, which will not rust. We guarantee the superb or any other Universal to give perfect satisfaction.

We Sell All Stoves And Ranges on Very Easy Payments.

D. E. H., Sept. 12, '07.

## Columbia Special To-morrow

At 9 o'clock in the forenoon we will place on sale the imported hosiery of which you see samples displayed in our vestibule showcase.

It's another in the series of wonderful extra specials by which the Columbia illustrates its policy of giving their customers the full benefit of its greater purchasing power and enterprise.

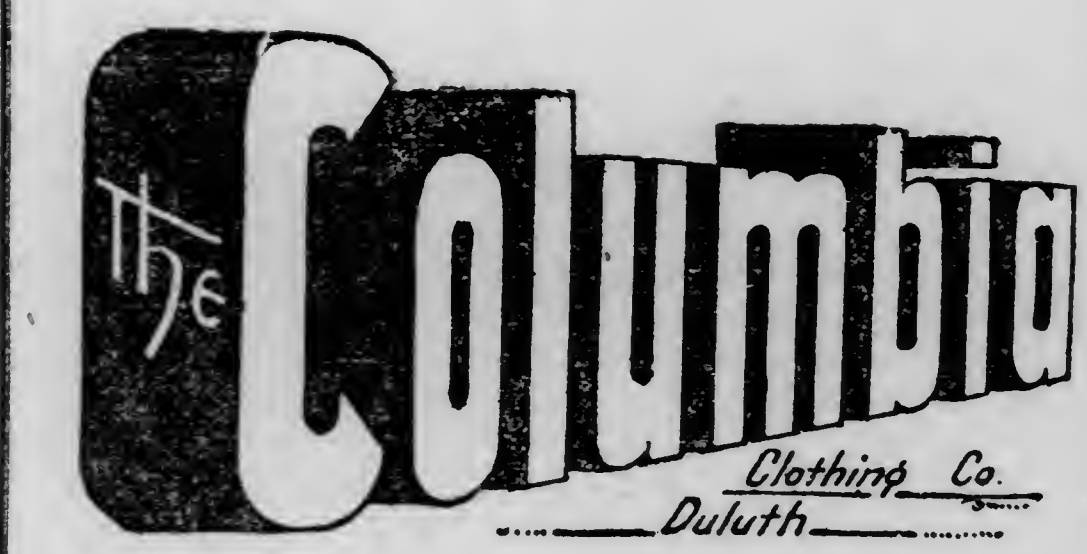

## Sox at 14c

Nearly two thousand pairs of them—real imported hosiery almost all of the usual 50 cent kind, and none worth less than 25 cents.

Sizes 9 1/2 to 11.

Limit: Three pairs to one customer.

Be on time: 9 o'clock.

## GETS SMALL VERDICT

Jury Awards Martin Lavall Damages in Sum of \$108.

Trial of Criminal Cases Will Begin Next Monday.

A verdict of \$108 in favor of Martin Lavall against John Edmundson, in a civil case to recover damages, was returned by the jury in Judge Ensing's room today. The case was on trial about a day.

The Lavall case was the only one before a jury in the district court that was finished yesterday.

The alleged timber trespass case of Juhimma Maleska against John McAlpine is being tried in Judge Ensing's room today. Miller & Clapp represent the plaintiff and W. B. Phelps represents the defendant.

## The "Difference"

Try well-made

## POSTUM

10 days, in place of coffee, and you'll know.

"There's a Reason."

## MILLER CASE IS APPEALED

Will Determine Fight of Hack Drivers on Passenger Docks.

The case started by the city of Duluth against M. C. Miller to test the right of the hack drivers to occupy the Northern Pacific passenger dock, has been carried to the district court from the municipal court on an appeal by Miller.

The latter was arrested, June 25 last, on the charge of trespassing on the dock. He drove on the dock to tender his hack to passengers getting off one of the large lake boats. In the municipal court Miller refused to plead, and the court ordered a plea of not guilty entered in his behalf. When the case came to trial, Miller demanded a jury trial; this was refused, and the hackdriver was found guilty and sentenced to pay a fine of \$25, with about \$8 additional in costs, or go to the county jail eighty days. Miller furnished bail, and appealed from the decision of the municipal court.

## PLANT EXPERT HERE.

Assistant Chief of Bureau Pays Visit to the City.

Dr. A. F. Woods, assistant chief of the bureau of plant industry of the department of agriculture, is in Duluth today and spent the morning on the floor of the board of trade. Dr. Woods is on his way back to Washington, after attending an irrigation meeting held in the West. He merely stopped off here to see friends.

## NO DECREASE IN MILK

From Healthy Cows When Subjected to Tests for Tuberculosis.

Kansas City, Sept. 12.—Before the annual convention of the American Veterinary Medical association here today, John R. Mohler of the bureau of animal industry at Washington, delivered an address on meat inspection.

Dr. S. H. Guiland of Marietta, Pa., in a paper describing the effect of the test for tuberculosis on the lactation of cows, said that in a series of experiments on 658 cows that none of the healthy animals showed any decrease in the amount of milk they produced. Animals that were tubercular showed a decrease in the amount of milk as soon as the tests were begun. He said there should be no fear on the part of dairymen to have their cattle tested for this disease, because only the affected cattle would produce less milk, because of the tests.

Other speakers were C. C. Lyford, Minneapolis, and J. A. Couture, Quebec, Canada.

## WILL RAISE TAX RATE

Conference Committee Will Probably Decide on This Course.

Extra Mill for Hospital and Necessary Bridge Repairs.

The conference committee, convened this afternoon shortly after 3 o'clock, the mayor, members of the commission, special committee from the council, and some of the heads of the departments being present.

The important matter to be finally settled upon is the tax levy and it seems a safe forecast to state that in all probability the levy will be raised one mill or thereabouts, thus permitting the commission, which in the opinion of the committee and council is a very important one, to make the necessary improvements of the city. These improvements consist of the repairing of several bridges in West Duluth, permitting an extension of the street car lines to the steel plant, and provisions for a hospital for contagious diseases to cost, approximately \$15,000.

It seems to be the general opinion that the allowance for the several improvements of the city have been made as small as possible, and that the transferring of one fund for the benefit of another is not wise so that an additional tax levy of one mill or thereabouts is the only solution.

The special committee, which investigated the bridges in West Duluth yesterday, will make a report to the committee this afternoon. It is estimated that a sum approximately \$15,000 will be needed to repair bridges on Grand avenue in order that double tracks may be laid to the steel plant.

The idea of filling in bridges, it is stated, was not recommended by the city engineer, who went over the territory with the committee yesterday. In his opinion the cost would be more than repairing the spans and it is stated that the plan now considered is to strengthen a strip sixteen feet wide in the center of the bridge by means of piling. This work could be done this winter and things would be ready for spring traffic. The committee will be in session nearly all of the afternoon.

It is the general opinion that the hospital proposition is as good as settled and that one costing about \$15,000 will be provided for the city. The committee commenced in the spring as soon as possible. A vote on a charter amendment will be necessary as the Central park site has practically been decided upon.

## Turbine Engines in Future.

The British government has been so well pleased with the turbine engines in the battleship Dreadnaught that they have decided to fit all future vessels with them. Heretofore the question of expense has been a great drawback, but now they can be built and operated as economically as the other kind. The question of selecting a medicine best adapted for all family uses has been successfully solved by the thousands who chose Hostetter's Stomach Bitters. It is an absolutely pure medicine sure to build up run-down systems, aid digestion or relieve constipated bowels; in fact, it is just the one every man or woman needs who suffers from sleeplessness, poor appetite, dyspepsia, indigestion, heartburn, liver and kidney troubles, female ill health or malaria. Be persuaded to try a bottle this very day.

## FINE DISPLAY OF NORTHERN LIGHTS

Many Duluthians Watch Beams Come Up Behind Hills.

Duluthians were given a fine chance to see a display of northern lights last evening, as great shafts of creamy white light shot up at intervals from the northern heavens during the whole evening and late into the night.

While the lights were at their brightest as they have been at times, the display was a beautiful one. At one time last winter there was a finer display, but the lights of last evening were brighter than any usually seen at this time of the year.

It is not unusual to see displays of the aurora borealis at this time of the year, according to the weather man, although the lights are not generally as brilliant as they are later in the fall or in the winter season.

On account of the clear atmosphere at Duluth and vicinity, the lights appear generally brighter here than at most other parts of the state.

We could argue Columbia quality until Christmas, but it would do no good unless you come in and hear the evidence. Just as long as you put it off, just that long you will be living in darkness—as far as Records are concerned.

There's one thing we want you to do: Come in and find out for yourself whether Columbia Disc and Cylinder Records are finer in tone and clearer in reproduction than others. If they are, it's an important thing—and you want to know it.

**COLUMBIA PHONOGRAPH CO.**

GEN'L.

## Diarrhoea

When you want a quick cure without any loss of time, and one that is followed by no bad results, use

**Chamberlain's Colic, Cholera and Diarrhoea Remedy**

It never fails and is pleasant to take. It is equally valuable for children. It is famous for its cures over a large part of the civilized world.

## POLICE REPORT FOR AUGUST

Few Serious Cases Came to Attention of Department.

**POLICE REPORT FOR AUGUST.**

Total number of arrests during month—129.  
Property lost and stolen—\$2,906.38.  
Percentage recovered—41.44.  
Percentage recovered—49.6.  
Amount of fines paid—\$1,757.57.  
Amount of suspended fines—\$317.

**OFFENSES.**  
Burglaries ..... 6  
Larceny cases ..... 61  
Forgery ..... 1  
Assault, second degree ..... 1  
Assault, third degree ..... 19  
Drunks ..... 241

The regular monthly report of the police department has been completed by Secretary Lahti, and shows the total number of crimes committed about 100 less than last month and more than during the month of August of 1906.

The report is complete in every detail, giving the disposition of cases, the crimes charged and other interesting facts for the use of the department. The report shows the police department active in the discharge of the duty committed to it and the amount of crimes in the city small compared to former years. The amount of stolen property recovered is large in proportion to the amount reported, being nearly one-half.

In addition to the above table, the following from the secretary's report will be of interest: "There were arrested by the department three fugitives from justice, five alleged violators of the Sunday closing law, three for selling liquor without a license, seven for drunkenness, two for trespassing and one for non-support."

In the disposition of cases, 114 were committed to the county jail, 131 paid fines from justice, five alleged violators of the Sunday closing law, three for selling liquor without a license, seven for drunkenness, two for trespassing and one for non-support."

At Fairmont Park Thursday Night. Blomell's Orchestra. Admission 50c EVERYBODY COME.

## FEARS WIFE WILL GET POISON

Eugene Fiskett Wants City Attorney to Act Against Druggists.

Friends and relatives of Mrs. Eugene Fiskett are not at all satisfied that she will not again attempt her life at some time in the future, and a remark she is said to have made recently only adds to their fears.

Mrs. Fiskett is credited with saying that she "knew where she could get carbolic acid when she wanted it, and if not in Duluth, in Superior."

Her husband called upon the city attorney, so he states, asking that some action be started to prevent her obtaining poison and to prevent the sale of poisonous drugs to parties without a proper certificate from a physician. He called upon Mayor Cullum this morning, but the mayor was out at the time and he was left with municipal affairs so that it is not probable that he can give the matter any attention today.

The husband stated that while his wife appears rational now, he is in fear that she will take a morbid spell any time and will be able to procure the poison again as she did before, and make a more successful attempt on her life.

## Social

By Ladies' Aid of Trinity Norwegian church, corner Fourth avenue east and Fifth street, Friday evening, Sept. 13, 8 o'clock. Rev. H. K. Madsen will speak. Refreshments. Good time assured.

## BROKE THE RECORD.

Only Two Cases in Police Court Today—Sentences Suspended.

The record for several months was broken in police court this morning, only two lone prisoners being arraigned on the charge of drunkenness. Judge Windom suspended sentence in each case.

William Lewis, a sailor who has sailed the lakes for the past twenty years, according to his story, forgot that he was on land, and proceeded to "unload" his "schooners" to his heart's content, until stopped by the police. He showed the judge a ticket for Astoria, where he intended to engage in railroad work, and was given time to leave the city. Then he was told of leaving was a painter who took to painting things of a crimson hue yesterday, he having a little money about him. Things were very quiet in municipal court, and the judges are considering a fishing trip, unless they live up in the near future.

## RAILROADS

## TERMINALS ADEQUATE

James Kelly Has No Fear of a Freight Congestion.

Railroads Never in Better Condition to Handle Business.

"Duluth and Superior will not experience a congestion of freight traffic this fall and winter. The railroads are in better condition to handle the heavy business during the coming busy season than ever before, and the head of the Lakes terminals were never in so good a condition as at present to take care of the fall movement of freight from and to the West. The percentage of delays in handling cars in our district is smaller now than ever before at this time of the year."

So said James Kelly, manager of the Lake Superior Car Service association, when asked this morning concerning the chances of a car congestion at the head of the Lakes, such as was felt last fall and winter. Mr. Kelly is in a better position to judge of the car situation at the head of the Lakes, as regards all the railroads entering here, than any other individual. He keeps in close touch with the situation daily, and is so placed as to be able to judge not only of present conditions, but of what the future is likely to bring forth.

As expeditious handling of cars in Duluth and Superior is one of the most important factors in the facility with which the grain movement and the movement of other freight to and from the West, is handled, Mr. Kelly's statement would seem to indicate that the car shortage problem this fall and winter will be less serious than for years past, and that there is small chance for a repetition of last winter's shortages, congestions, and fuel famine.

With the head of the Lakes terminals doing their duty, the lines west of here can be depended on to pretty well take care of themselves, with the new equipment that has been added since the last rush season.

While the roads are really in better shape to handle the business this fall than they were last, it is hardly expected the volume of business will be as great in a limited period of time as it was a year ago. Profiting by the lesson taught them, people at interior points, and the railroads themselves, have made such shipments as they could during the summer months, usually a quiet season with the railroads, and the consequence is that much business that usually moves in the fall of the year has already been taken care of. This is not true to such an extent as the railroads have wished for, but at the same time the early movement of freight has been sufficient to relieve the situation in a remarkable degree. This is particularly true of coal.

## MAY ABANDON INQUIRY.

Interstate Commerce Commission Will Consider Hill Railroads.

St. Paul, Sept. 12.—A Washington special to the Pioneer Press says: When the Interstate commerce commission reassembles in October, the order issued by it some months ago for an inquiry into the operation of the Hill railroads will be given consideration. It is held in official circles that the order will be rescinded and that the inquiry will be abandoned.

The commission originally determined to investigate railroad operations of James J. Hill coincident with its decision, also to probe the Harriman lines. In fact, it was planned to investigate the operations of all the big railroads in the country.

The publicity given to the transactions of Mr. Harriman has resulted in reforms all along the line. Not only Mr. Harriman, but also other railroad magnates have corrected former abuses, and the conclusion has been reached that no useful purpose would be served by an inquiry into the Hill roads or any of the other big roads.

## DETERMINED TO ENTERTAIN.

Planning to Welcome Congressional Rivers and Harbors Committee.

Houghton, Mich., Sept. 12.—(Special to The Herald.)—Word has been received that the congressional rivers and harbors committee will arrive here on the steamer Junata, Friday, Sept. 20. The party will remain in the Portage Lake district but a few hours, leaving again on the Junata for Duluth. Plans are being made here for the reception and entertainment of the committee during its short stay.

## DETROIT AND RETURN \$12.00

\$12, via the South Shore; tickets on sale Sept. 8, 11, 15 and 20, connecting at St. Ignace with steamer of the D. & C. N. company, to Buffalo \$2 higher. Limit, three weeks. For sleeping car and steamer reservations, apply to A. J. Perrin, General Agent, 438 West Superior street, Duluth.

## The Linen Store

—only a dozen items mentioned—a reminder that the NEW FALL LINENS from the flax fields of Europe have arrived. Anything from a doily to the largest size table cloth and pure flax at every step. Just now is the best time to look into the matter of Linens for your fall and winter needs.

Latest designs in Damask Cloths and Napkins—for round tables are:

## The Corset Demonstration

Saturday will feature the Famous Redfern Corsets. These demonstration days are more than a mere exhibition—they are educational. A skilful corsetier, Miss Adelaide McCauley of New York, who has specialized on figure study, will hold a levee in the Redfern home on the 3rd floor. Her talk, her instructions, her help entirely at your disposal. She fits the corsets herself.

of that state at least, to be illegal.

## McGuigan Better.

St. Paul, Minn., Sept. 12.—Later reports received from Portland, Me., show that the rumor that F. H. McGuigan, former vice president of the Great Northern, was suffering from appendicitis and in a serious condition were erroneous. Mr. McGuigan suffered an acute attack of indigestion, but he has now recovered sufficiently to leave the hospital. With his family he has been spending the summer at a cottage near Portland.

## CAR SHORTAGE.

American Railway Association Trying to Find Solution of Problem.

Atlantic City, N. J., Sept. 12.—Measures to avert a repetition of the western car famine of last winter is being discussed by the car service committee of the American Railway association at an important conference here.

Representatives of nearly all the important trunk lines are in attendance. Conferees admit that an alarming shortage of rolling stock confronts the railroads, but refuse to state whether any line of action to avert conditions equally as bad if not worse than prevailed last winter had been agreed upon.

## Delay Low Rates.

Chicago, Sept. 12.—The Central Passenger association, at its monthly meeting yesterday, decided that it would not put 2-cent interstate passenger rates in effect in Eastern territory before Jan. 1, 1908. The Pennsylvania and other Eastern roads opposed the reduction largely on account of the decision of the Pennsylvania courts, declaring the 2-cent rate law, as applied to a part

of that state at least, to be illegal.

## People Are Surprised

At the big difference in piano prices. Here they find a high grade instrument, with a reputation and of the very best make, can be bought for what other dealers are asking for cheap stencilled brand pianos.

Our One Price System does this. People are learning to know what this means when they buy a piano.

It means absolutely the lowest price at which anyone can buy the instrument for—it means a high grade reliable piano, with a name and reputation that will be a pride, a means of education and enjoyment—it means that you are spending both sides of a dollar and getting value received.

When You Are Ready to buy a Piano don't be deluded into buying an instrument you cannot rely on, don't believe that because someone gives you a "discount" of fifty or seventy-five dollars for cash, that you are getting a bargain. "Discounts" of that kind are added to the price in some stores to make you believe you are getting it cheaper than the other fellow.

When you buy a piano on the One Price System—you know no one can get it for a cent less.

## Removes Tan and Freckles

BLACKHEADS, MOTH PATCHES AND PIMPLES IN 6 TO 10 DAYS.

### E. Burnham's Cucumbers

removes all impurities, tan, sunburn, freckles, pimples and blackheads in from six to ten days in ordinary cases. Burnham's Cucumbers Cream is an excellent preparation for softening, whitening and purifying the skin. It is a much more effective cleanser than soap and water, as it enters the pores and removes all impurities, leaving the skin soft, pure and velvety.

Burnham's goods are absolutely pure and harmless and on account of the great success that E. Burnham is having with his toilet requisites there are many substitutes being put upon the market. See that you get Burnham's and do not take anything else recommended to you, which they claim to be just as good.

Our booklet "How to Be Beautiful" teaches the ladies how to use E. Burnham's toilet requisites in the privacy of their own home scientifically. This booklet should be in the hands of every lady. Sent free on application.

Free sample of Cucumbers Cream, including a sample of Gray Hair Restorer or Hair Tonic mailed upon receipt of 10 cents.

We teach the things we do. Our pupils receive practical lessons with an instructor on each subject.

Our Booklet "How to Be Beautiful" absolutely free upon request.

## WOMAN IS ENORMOUS.

(Continued from page 1.)

be so much like that of an elephant that it would be difficult to tell the difference. During the last two years she has increased in weight from 300 pounds to 525.

The doctors declare she may weigh more than half a ton in ten years.

Mrs. Pitt lived at No. 672 De Kalb avenue, Brooklyn. She is 63 years of age. She is a widow and has two children. She is 5 feet 7 inches tall and wears glasses. Her complexion is fair and her eyes blue.

Before Mrs. Pitt was attacked by the disease she weighed 140 pounds. Seven years ago she experienced an itching sensation in the left leg. Some days later the itching ceased, but it was followed by a slight swelling. Every month she noticed the swelling was greater and it was accompanied by pain.

Presently she began to get very heavy. She took on weight rapidly on the body, arms and legs. The face was not affected. The body and the legs showed an increase in size correspondingly. For a long while Mrs. Pitt assumed she was merely increasing in weight from natural causes. She could not account for the swelling and the itching.

When Mrs. Pitt weighed herself two years ago and found she tipped the beam at 200 pounds she became worried. She started to take potent medicines in the hope that her weight would be reduced. She also, decided herself, refraining from eating all starchy foods. But it had no beneficial effect. The increase in weight was accompanied by the pronounced hardening of her skin. It was being very coarse and heavy. She could not move about now except with great difficulty. She now suffered terribly from pains of the body. Her head ached continually. She could gain relief only when lying down.

A week ago Mrs. Pitt was unable to stand on her feet at all. A physician diagnosed her case as that of elephantiasis. He suggested that she be taken to a hospital. Her daughters, who are well educated, but at home, had been there any facilities or accommodations for such a case. The Kings County hospital was the only institution capable of accommodating her.

A British ambulance conveyed her to the hospital. Twelve men carried her from the ambulance to the building. The task was especially difficult because the woman had to be handled with great care and much delicacy. At the slightest jolt her head, which was in a cast, would fall off. She was carried in a sedan chair, which was placed on the elevator to a private ward on the third floor.

Two stout iron beds were put side by side. Three mattresses were placed on the beds.

There Mrs. Pitt is now resting. Everything possible has been done to render her position comfortable. She finds it unbearable to be lying in one position and consequently moves from side to side. The size of Mrs. Pitt's body is a marvel even to the doctors at the hospital. Each of her legs are as large in circumference as the chest of a well-developed man. Her arms and hands are huge, too. It is possible that her face may yet be attacked.

Whether the woman will recover is a puzzle to the doctors. They have been unable to arrest the progress of the disease since Mrs. Pitt entered the hospital.

## CONCERNING WOMAN.

"I love the way an Englishman makes love," said the discerning matinee girl.

"The Irishman's methods have their good points," said her companion, as she watched Chauncey Olcott seize and successfully grapple with the climax of the fourth act. "But, then, I'm not really a good judge, the only two methods I've had any experience with were pure, unadorned and rather underdone American. I haven't had the delightful experiences that you have evidently enjoyed to reach an attitude of discernment, where you may lean back and decide the nice points between English, Irish, German, French and living in this country as long as you have you must have had a sample of Scottish jiving in your polyglot courtships"—and she chuckled to herself as she watched the mad rise in her companion's erstwhile dreamy eyes.

"I didn't say I had experience, but I suppose one may watch the play when you pay the price of admission. You're not supposed to shut your eyes when they come to the point where the play was written for, and then if you watch I suppose you may remember if you can, and I do remember that every Englishman that I have seen make love has done it in a manner that is infinitely more delicate, and I think refined, than the usual clutch the heroine gets that in real life would jolt every hairpin out of her head. Then, too, in the usual method of Englishmen, on the stage at least, there is a restraint and calmness and taking things for granted that is eminently satisfactory. I don't ever remember seeing an English hero madly clutch the heroine in plain sight of a stage full of people, not to mention the audience. With other nationalities it doesn't seem to make a bit of difference whether the girl's mother and father and flit lover and some of the neighbors are all in looking curiously on, to grab her to him, and I get positively uncomfortable. I feel that they should restrain themselves at least until the curtain goes down."

"Oh, I don't know," said the other. "They have their good points, too. I have been to plays with an English hero who has passed through all sorts of uncomfortable and confusing affairs before matters were cleared up enough for him to take the girl in his arms, and for my part I think it maddening to be holding your breath ready to give a sniveling kind of sigh and have your eyes all narrowed down for the climax, and then to have the climax—him kiss her hand. I feel as though I had been cheated out of part of the admission, or had been called away before the finish, or had been led to hold false hopes of the hero's ability in all these, or had—"

"Let's go and get a buffalo," said she of discernment, as she disdainfully watched the last Irish clutch of Chauncey at the girl in the pink cashmere gown, trimmed in red.

"I don't know," said the other. "They have their good points, too. I have been to plays with an English hero who has passed through all sorts of uncomfortable and confusing affairs before matters were cleared up enough for him to take the girl in his arms, and for my part I think it maddening to be holding your breath ready to give a sniveling kind of sigh and have your eyes all narrowed down for the climax, and then to have the climax—him kiss her hand. bined most effectively with the green, and Japanese lanterns were hung about the rooms. The tables were decorated in bowls of nasturtiums and a single black-eyed Susan marked the covers. The hostesses for the afternoon were Mesdames F. J. Colter, George Ebert, Charles Skillings, D. A. Willard, John Tupper, C. F. Sheldon, Arthur Barnes and J. W. Powell. The guests were received by Miss Houston, Mrs. S. R. Holden, Mrs. E. W. Marshall, Mrs. J. L. Thwing and Mrs. L. F. Newcomb. After the luncheon an informal program was presented, an interesting series of stereopticon views being shown. Those present were:

C. G. B. Miller, R. N. Marble, Katherine VanLoon, J. K. Richter, J. N. McKinley, J. K. Richter, C. H. Bagley, Andrew Clausen, D. A. Willard, Miss Clifford, Homer Collins, Miss Brush, A. W. Deetz, of Fond du Lac, E. L. Moore, John Schumacher, W. C. McCarter, W. S. Moore.

### FOR MISS PARKS.

### Women of First Methodist Church to Entertain.

Miss Parks, a returned missionary from the Philippines, will be the guest of honor tomorrow afternoon at a meeting of the women's societies of the First Methodist church. Miss Parks is the guest of Mrs. J. J. LeTourneau of Lakeside, and has been in the city a week. Her missionary experiences are of much interest, and any woman interested is invited to be present at the meeting tomorrow afternoon at 2 o'clock in the church parlors. The hostesses for the afternoon will be Mrs. W. L. Smithies and Mrs. W. H. Schaeckel. The music will be furnished by Miss Grace Spurbuck. An informal reception will follow a short address by Miss Parks.

### Informal Evening.

Mr. and Mrs. A. Z. Hanford entertained informally last evening at their home at Lester Park in honor of their guests, Dr. and Mrs. Femberthy of Minneapolis. Games and music made the evening a most enjoyable one. Whistling solos by Miss Bessie Watson of Burlington, Iowa, were much enjoyed.

### Personal Mention.

Mrs. E. T. Buton of Eden Hall has as her guest, Miss Lee of Detroit.

Miss Arnold, who was the guest of Mr. and Mrs. George C. Stone for a few days, has returned to Meadowlands.

Mr. and Mrs. C. W. Andrews and Miss Andrews spent the week end at Deerwood.

Mrs. J. J. Flynn of Mandan, N. D., is the guest of Mrs. C. F. Polier of East Second street.

Mrs. John Schaeckel and daughter, Viola, of 2402 West Third street, have returned from a two months' visit in the East.

Mrs. George Harkness of 401 East Sixth street, left yesterday afternoon for a trip down the lakes and a month's visit with her parents at Marine City, Michigan.

Mr. and Mrs. Harry Milnes of Park Point, have returned from the Twin Cities, where they attended the state fair and visited friends.

Mrs. Ernest Isenberg of Cloquet, is the guest of Mr. and Mrs. J. R. Anderson of 519 First avenue east.

Protect the floors from the wet and mud of rainy days—a good mat will save a lot of scrubbing.  
Our regular \$1.00 Cocoa Rope Mats will be on sale Friday only at 79c each.

**Inlaid Linoleums**  
**the Best of All**

Here you may choose from the best of inlaid linoleums—both the best American and imported makes—at lowest prices.  
New parquetry wood and tile designs for kitchens and bath rooms ready.

## NATIONAL CONGRESS

To Improve Prison Conditions to be Held at Chicago.

Attorney General Bonaparte Will Talk on Punishment and Pardon.

Chicago, Sept. 12.—Chicago will be filled with prison workers, planning reforms, from Sept. 14 to 19. The occasion is the annual congress of the National Prison Association of the United States.

Charles J. Bonaparte, attorney general of the United States, will turn for the moment from jailing millionaires and "busting" trusts to give an address on "Punishment and Pardon" before the congress. It may well be that he will plead for leniency in the treatment of imprisoned magnates after they have served sentences of reasonable length. Two state governors will be on hand with addresses, Governor Charles S. Deneen of Illinois and Governor J. Frank Hanly of Indiana. Mayor Russe of Chicago gives an address of welcome. Other well-known speakers will be Mrs. Maud Ballington Booth, Bishop Samuel Fallows, and the Rev. Dr. John Balcom Shaw.

The leaders in the study of criminal law and in prison administration will be heard from. Among these are Judge Frank S. Dineen of New York, Maj. R. W. McClaughry, Fort Leavenworth, Kas.; Dr. Frederick Howard Winsor of South Carolina; J. F. Gilmore of Canada, Henry Wolf of Minnesota. Among those prominent in preventive work on the program are Dr. Charles B. Henderson and Dr. H. H. Hart of Chicago, Homer Polk, New York; J. A. Leonard of Ohio and W. H. Whitaker of Indiana. The National Prison Association is a great semi-official organization which includes in its membership three branches of the United States government, the United States, Canada and its provinces and a large number of cities has appointed official delegates to the congress.

Three subordinate organizations, the Prison Wardens' association, Prison Physicians' association and Prison Chaplains' association, meet in connection with this. The conditions and needs of America in the field of penology in the widest sense will be considered. The discussions will cover a wide range of subjects. These include criminal law and its enforcement, the apprehension and identification of prisoners; police; causes of crime; child saving work; prisons and prison administration; convict labor; probation, parole and final discharge of prisoners; employment for and supervision of released prisoners. The opening session will be held on Saturday evening, when Governor Deneen will speak and Hon. E. J. Murphy, president of the association will deliver his address. The National Prison Association was

organized at Cincinnati in 1870 and was granted a charter by the state of New York in 1871. Among the dozen or more incorporators were Horatio Seymour, Theodore W. Dwight, Amos Pillsbury, Rutherford B. Hayes, Conrad Baker, Charles F. Coffin, James G. Blaine, Enoch C. Wines, Theodore Roosevelt, Morris K. Jessup and Frank B. Sanborn. Rutherford B. Hayes served as president of the association from the time he was governor of Ohio until his death, following which Gen. R. Brinkerhoff of Ohio was president for several years.

Amos W. Butler, general secretary of the association, says: "No country or state in the Union is satisfied with its method of confining and caring for prisoners."  
"With the wonderful advancement in the past fifty years in almost every line of human effort there has been comparatively little progress in prisons. The jail system of America is the reproach of Christendom."

"Only by a campaign of education can this be removed. The increasing interest and the forward steps recently taken in some states they are notable, is largely the result of the efforts of the National Prison association. Its recent growth and increasing support speaks well for the future."

**The New Pure Food and Drug Law.**  
We are pleased to announce that Pol-e's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Sold by all druggists.

**FAMILY STRICKEN BY WHITE PLAGUE**  
**Mrs. Stravosky's Death Followed by Son's a Week Later.**

Just one week to a day from the date of the death of his mother, Charles L. Peplin breathed his last Wednesday afternoon, Sept. 11. Death was due to consumption, the disease which carried off his mother one week ago. The funeral was held this afternoon, at 2 o'clock, from St. John's English Lutheran church. Emil Stravosky, step-father of the boy, is left to mourn the wife and son, and is about heart-broken over the sorrow which has come to his home within a short space of time. He is employed as shipping clerk by a wholesale house, and some time ago moved his family to a small house at 1312 East Eleventh street, in order that plenty of fresh air might be obtained. At the time of his wife's death the condition of the boy was such as to make his recovery a question of grave doubt, but his death so soon after that of his mother is a shock to the surviving relative.

**CLAY COUNTY BANK IS LATEST VICTIM.**

Moorhead, Minn., Sept. 12.—(Special to The Herald).—The Citizens Bank of Moorhead, a small station on the Northern Pacific, just north of Winnipeg Junction, in this Clay county, was broken into by burglars, early Wednesday, the safe blown and about \$300 in silver secured. There is practically no clue. Cashier Seragen over the long distance telephone described the robbery as follows: "The robbers entered by the front door, with skeleton key. The explosion was too heavy, destroying the safe completely

and burning the currency to a crisp so they could not get away with it. They got away with \$300 in silver.  
"Two women heard the explosion but did not notify any of the neighbors, noticed the shattered windows of the bank about 5 a. m. A team was seen driving out from town and the loss of the explosion took place. The loss to the bank was \$600, fully covered by \$400 burglary insurance."

One of the worst features of kidney trouble is that it is insidious disease and before the victim realizes his danger he may have a fatal malady. Take Pol-e's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents the disease and diabetes. Sold by all druggists.

**ARE EXPENSIVE TO OPERATE**  
**Independent Telephone Companies Have to Increase Their Rates.**

The list of places in which so-called independent telephone exchanges have been established, accompanied by a solemn pledge that existing rates would be materially reduced, and basing their petitions for a franchise upon such pledges, and who have since entered pleas to be permitted to increase rates, is reaching startling proportions.

We are more or less familiar with conditions which have developed at Baltimore, Md., Columbus, Ind., Columbus, Ohio, Wheeling, W. Va., Cleveland, Ohio, Toledo, Ohio, and Wolke, Ill., and a number of other places. But the month of December brings to light four more independent telephone companies who have hoisted the signal of distress and who are now asking, or demanding, the right to increase rates.

At Lincoln, Neb., the independent company, after nearly four years of experience in operating its property, has discovered that they could not continue to render service at the low rates originally adopted and have announced a new schedule.  
The reasons set forth by the management for raising the rates are insupportable. If not smoking, the company that it came about "because of the necessity of providing a fund for maintenance and depreciation," and that the rates which seem to have been entirely lost sight of when the promoters were dependent on the franchise and the public that they were not only willing and able, but anxious to furnish a telephone service at greatly reduced rates, and that the rates set by the Independent Company of Lincoln, that if the rates are not increased the downfall of the company and the wiping out of the stockholders' interests is bound to ensue.

Is it strange that during the promotional stages of an independent enterprise the necessity of providing for depreciation and the maintenance of the property escape the attention of the benevolently disposed promoters, or be alluded to in their sincerity as a fallacy cherished by the old-fashioned, conservatively managed companies, but that after the bonds, or other securities, have been floated and a sufficient length of time has elapsed to demonstrate the poles, fixtures, wires, cables and apparatus are of transient durability there is a sudden awakening to the fact that in order to preserve and maintain the property the rates must be made? Is it to be supposed that the promoters of new enterprises are actually deluded, or are they merely trying to delude the community?

What has happened in Lincoln has come about in Los Angeles, Cal., where the independent company has announced an increase in its schedule of rates of about 25 per cent. The manager states that the increased cost of maintenance has made the higher rate necessary. But is this honest? Was it not known when these people started in that there was such a thing as legitimate maintenance charges?

At Rock Island, Ill., the independent company has notified the city council that unless they will agree to amend its franchise in order to permit the charging of higher rates, they will be compelled to suspend operations in that city.  
The increased rates are quite 20 per cent higher than those exacted by the old company when the independent company entered the field. Rock Island has a population of 24,000.

In Michigan the Valley Telephone Company of Saginaw (independent) is petitioning the city council for a new ordinance without a rate clause in order that it may be enabled to increase its rates which, they claim, are too low to make it possible to pay legitimate operating expenses and at the same time provide for the proper and satisfactory maintenance of the plant.  
These cases are constantly multiplying where the sort of thing is going on and the only pretext upon which very many of the independent companies have based their claim for a franchise, and obtain it, namely, a reduction in rates, is discredited and made ridiculous by their later demands for the right to very materially increase them.—(Southwestern News, Dallas, Tex.)—

## RECOUNT IS COMPLETED

**Ballot Inspectors Found Tax Amendment Lost by 3,000 Votes.**

**Good Roads Amendment Carried by About 16,000 Majority.**

"The tax amendment was defeated by about 3,000 votes and the good roads amendment was carried by about 16,000 majority," said W. F. McKay of this city, who was one of the three ballot inspectors appointed by the court to make a recount of the tax amendment votes cast at the election last fall.

The inspectors, W. F. McKay of Duluth, E. L. Thornton of Benson and A. B. Hilton of Pergus Falls, have made their final report on the recount and have been discharged. Their reports will figure prominently in the trial of the case started by a taxpayer of this county, who contests the determination of the state board of canvassers that the tax amendment was carried and the good roads amendment was lost.

The inspectors have been working practically all summer, beginning the recount in the city of Duluth and finishing up in the vicinity of Pine county. The recount covered every county in the state, with the exception of Cook and Roseau, two of the northern counties, where the voting population is not large and where a recount could be made with great ease.

H. H. Phelps, who has been conducting the case for the contesting taxpayer, has all the evidence he wants and is now ready to meet the issues in the district court. The time for the hearing is not yet set, but it is likely to occur some time next month. It is a court case, and arrangements will probably be made to have every able taxpayer appear in person. The thing ready so that the hearing can be carried clear through without any interruption, as it will bring here a great many witnesses from distant points in the state and this will entail considerable expense. He has no desire to keep the witnesses here any longer than positively necessary.

While attending their duties, the ballot inspectors found numerous cases of carelessness and laxity among election boards and clerks regarding the preservation of records and the ballots. The law requires that the ballots cast on the amendment should be kept intact until the next election of a similar nature, but in many places the ballots, instead of being properly cared for, had been destroyed or scattered. Some of the election clerks, in order to have the ballots counted, used last spring's election tickets emptied them and burned the ballots. The report of the ballot inspectors will cover the conditions as they found them.

Speaking for the inspectors, Mr. Mc-

## Free Catarrh Cure

If You Continually K'wak and Spit,  
If There Is a Constant Dripping  
From the Nose or Throat,  
If You Have Foul, Sickening  
Breath, that Is Catarrh and  
I Can Cure It.

Let Me Send You a Free Trial Package  
of My Remedy.

Catarrh Often Causes Consumption,  
General Debility, Lethargy, and In-  
activity—Cure It with Gauss' Ca-  
tarrh Cure Before Too Late.

Catarrh is not only dangerous, but it causes bad breath, ulceration, death and decay of bones. Loss of energy, often causes loss of appetite, indigestion, dyspepsia, nervousness and constipation. Needs attention at once. Cure it with Gauss' Catarrh Cure. It is a quick, radical, permanent cure, because it kills the system of the poisonous germs that cause catarrh.  
In order to prove to all who are suffering from this dangerous and loathsome disease that Gauss' Catarrh Cure will actually cure any case of Catarrh quickly, in matter of hours, and how long, I will send a trial package by mail free of cost. Send us your name and address on dotted lines below and mail to: C. E. GAISS, 363 Main Street, Marshall, Mich.

**FREE**  
This coupon is good for one trial package of Gauss' Catarrh Cure, mailed free in plain package. Simply fill in your name and address on dotted lines below and mail to: C. E. GAISS, 363 Main Street, Marshall, Mich.

Kay says that they are glad the recount is over, that it was a longer and more tedious job than they anticipated. When the recount was started, the inspectors imagined that they saw and were counting ballots in their sleep, but as the work progressed, that sort of thing wore off and they were able to proceed with the recount with speed and thoroughness.

"The crops are looking fine all over the state," says Mr. McKay, "and the farmers and merchants are feeling jubilant. While we were on our travels we saw just as good farming land in the northern part of the state as we did in the southern. This is true particularly of Otter Tail county. There is an immense amount of drainage going on in the low country in the southern part of the state. At nearly every station you can see the tiling piled up as you can see great piles of ties and pulpwood around the stations in the northern part of the state."

## GROCER IS ASSAULTED

**Unknown Man Enters His Store and Attacks Him.**

The small grocery store of Alexander Langlois, 915 Twenty-third avenue west, was visited last night by an unknown man, who evidently intended to rob the store, and the proprietor was attacked in a brutal manner, being left with a floor in his head, and a good opportunity to make his escape.

Langlois came to after a time, and neighbors hearing his calls for help, found him bleeding on the floor of his store with an ugly gash in the side of his head, the result of a blow struck him by the unwelcome visitor. The police were notified and efforts are being made to locate the guilty party, but as it was hours before the department received notice of the assault, the man had a good opportunity to make his escape.

Langlois states that the man, a young fellow, came in his store as he was about to close it for the night, at about 10 o'clock, and made some small purchases. He bought some potatoes, and as the proprietor turned to put them up, he struck him a blow on the side of the head which knocked him to the floor. The man fled without securing any booty. The grocery store is located near the intersection of the main highway and a sparsely settled portion of the city, so that the one making the attack had little fear of being followed. It appears that robbery was probably the motive, and the robber probably lost his nerve after seeing the grocer to the floor. A careful investigation is being made by the police.

**How to Avoid Appendicitis.**  
Most victims of appendicitis are those who are habitually constipated. Orin laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the system. Orin laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Sold by all druggists.

## VALUATIONS OF IRON ORE LANDS

**Placed by the State Tax Commission at \$186,752,406.**

St. Paul, Minn., Sept. 12.—Late yesterday the state tax commission completed its figures on the commission's valuations of iron properties. The valuations are as follows: \$186,752,406, and a total tonnage of iron ore in all properties listed of 1,134,833,361 tons. The valuations are for last year, on these same properties was approximately \$70,000,000. The lists were sent to the printer last evening.

## MOUNTAIN LIONS.

**Big Cats Are Numerous in the Hills of Montana.**

Helena, Mont., Sept. 12.—Mountain lions are becoming rather bold in Northwestern Montana, and reports have it that they have destroyed a number of deer, as well as smaller game, such as grouse, chickens and pheasants. As yet only one of the animals has fallen a prey to the jaws of the hunters.  
W. W. Davidson, a resident of the Lost Creek section, has taken to Kalispell the skin of a lion which he killed and which he has mounted.

Davidson was on a hunting expedition and came across the animal while it was eating a deer that it had killed.

Davidson got within a few feet of the animal before it saw him and dispatched it with the first shot. The animal, which was a female, was one of a family that has been bothering the ranchmen in that neighborhood all summer.

## SENATOR CLAPP

**In Washington to Look After Interests of White Earth Indians.**

Washington, Sept. 12.—United States Senator Moses E. Clapp has arrived in Washington from Athens, Pa., where he has been the guest for a few days of Hon. O. D. Kinyon.

The senator has several matters to look after here, including additional allotments for the White Earth Indians, only a part of which has been approved. When asked for an opinion regarding the decision of Pennsylvania state courts relative to the 2-cent passenger rate, Senator Clapp said that it was important, as bearing on similar cases in other states.

When asked what he thought of Duluth, he said: "I think Duluth is a fine opening for good spirits and the people are reaching out for more knowledge and, of course, wealth. I have been demonstrating to the people of Superior that I really do possess this remarkable gift of healing, and I shall demonstrate here. This is certainly a fine and extensive field for work."

## HELD FOR GAMBLING.

the charge of aiding and abetting a gambling game.  
Dr. Freeman, it appears, was a candidate for the Republican nomination for mayor. It is charged that he backed a citizen of the town in a game of craps against two negroes, his object being, it is alleged, to influence the negroes to vote for him. The primaries were held Tuesday, and Dr. Freeman was not only hopelessly beaten, but his arrest on the gambling charge occurred.  
Dr. Freeman denies that he was present at the game and does not take his arrest seriously. He was held in \$500 bail for the action of the grand jury.

## TALKS ON "WRITING HOME."

**Norwegian Woman Looking for Her Lost Countrymen.**

Mrs. Dick Waaler of Christiana, Norway, delivered an address at the First Norwegian-Danish M. E. church, Twenty-first avenue west and first street, last evening on "Writing Home."  
Mrs. Waaler is a prominent and accomplished woman, the wife of a major in the Norwegian army. She was lecturing in Norway on one occasion when, at the conclusion of her lecture, she was told that she was not to be heard of again. Upon inquiry, the woman said she was told that she was not to be heard of again. She was told that she was not to be heard of again. She was told that she was not to be heard of again.

## TO GIVE MORE LECTURES.

**Max Heindel Will Talk Again Before Leaving for Europe.**

Max Heindel, theosophist, lecturer and philosopher, will give three more lectures in Duluth before leaving for New York, where he will sail for Europe. His talks will be given at Flanigan's Conservatory of Music on the remaining Friday nights of this month.  
His topic tomorrow evening will be "The Middle of the Universe." Friday, the 20th, he will talk on "The Law of Compensation," and on the 27th his topic will be "Universal Brotherhood." His talks will be illustrated with stereoscopic views. No admission fee will be charged and no collection will be taken.  
Mr. Heindel has been conducting study classes while in the city, and he has arranged to give three more lectures.

## WELCOMED BY DULUTH PEOPLE.

**The Healer**

**Edward Olney**

Mr. Olney was heartily greeted by his many friends today at his office in the old Masonic temple. He was constantly kept busy answering the scores of friends who came to wish him success.

When asked what he thought of Duluth, he said: "I think Duluth is a fine opening for good spirits and the people are reaching out for more knowledge and, of course, wealth. I have been demonstrating to the people of Superior that I really do possess this remarkable gift of healing, and I shall demonstrate here. This is certainly a fine and extensive field for work."

Mr. Olney will be at his office constantly in Temple building, corner Superior street and Second avenue east. Entrance on Second avenue.

## LANGTON GOES TO SEATTLE

Well Known Hotel Manager Leaves Baltimore for Pacific Coast.

The Baltimore American of Sept. 7 says: John H. Langton, manager of the Belvedere hotel, resigned yesterday to accept a similar position with the new Hotel Washington of Seattle, Wash., at a salary of \$10,000 a year. He will leave on the 14th or 15th of this month. His resignation was accepted with the greatest reluctance by George Blackstone, president of the newly organized Belvedere Hotel company, who stated he would be sorry to lose Mr. Langton.

"I learned of Mr. Langton's decision to leave Baltimore with the greatest regret," said Mr. Blackstone. "I have the highest regard for his ability, and he will be very hard to replace. He cannot yet announce who will succeed him, but a good man will be secured." The departure of "Father John," as he is known by his friends, will be a matter of universal regret in Baltimore. He came here two years and five months ago, at a time when the hotel was in a bad financial state and laboring under heavy fixed charges. Under his management the property has made money; the estimated gross receipts for 1907 being \$500,000.

During his stay here he made a host of friends. Possessed of a sunny, agreeable disposition, it seemed as though every man he met immediately warmed to him and became his friend for life. He has had an uphill fight here, but he has won out in the face of difficulties that would have frightened many a hotel manager. The man who succeeds him will find the property in excellent condition and on a money making basis, and if he doesn't make good it won't be the fault of "Father John," who has labored day and night to make it the success it is.

Last year Mr. Langton had an opportunity to assume the management of one of the finest hotels in San Francisco, but declined the offer. In July of this year Mr. J. E. Chilberg

of Seattle, an old acquaintance of Mr. Langton, offered him the management of the new Hotel Washington in which Mr. Chilberg was heavily interested. Negotiations were pending for over a month.

Sept. 5 Mr. Langton received a telegram offering him \$10,000 a year for two years and his living expenses. In the meantime Mr. Langton had written to some of his friends, including Mr. D. Underwood, president of the railroad; President Traub of the Delaware, Lackawanna & Western; Edward McCormick, traffic manager of the Union Pacific; and Charles Fox, traffic manager of the Southern Pacific, who encouraged him to go to Seattle if the terms were satisfactory. When the telegram came Mr. Langton tendered his resignation to Mr. Blackstone and wired his acceptance. The hotel is not yet in operation. It is built on the corner of the Belvedere and contains 240 rooms. The furnishings are yet to be bought, which Mr. Langton will secure in Chicago.

There is more Catarrh in this section of the country than all other diseases combined. It is a local disease and is incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh is a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by Dr. J. C. Hall, of St. Louis, Mo., is the only cure. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 7c. Take Hall's Family Pills for constipation.

## FORGOT BUSINESS.

Green Bay Undertaker Saves Man From Drowning in Fox River. Green Bay, Wis., Sept. 12.—Ed Butterfield walked into the Fox river at the foot of Cherry street early Tuesday morning. He thought a bridge ran across the river at that point. A passenger of the Green Bay Transportation company's steamer heard him strike the water and ran for assistance. R. J. Coad, an undertaker, and Fred Danz, a postal clerk, succeeded, after a great effort, in rescuing Butterfield from drowning.

## FINISHES ITS WORK

Grand Jury Makes Final Report and is Discharged.

County Attorney Norton Will Have Much to Do.

The grand jury completed its work for the present term of court, shortly after 4 o'clock yesterday afternoon when the members made the usual inspection of the county jail.

Several indictments were returned in court previous to the inspection of the jail, only a few of which were made public, the other persons accused not being in custody.

The grand jury found no true bills against Teodoro Petrella, the strike leader from Hibbing, who was bound over from Judge Brady's court at that place for carrying concealed weapons with the intent to do great bodily harm. Petrella was arrested by guard as he was about to drive over the bridge which crosses the railway tracks into the Schuler station at Hibbing, on his way to Chisholm. When arrested he had in his pocket an automatic revolver of 32-caliber, which he surrendered to the authorities as soon as they asked him if he was armed. In the municipal court Petrella claimed that he had a large sum of money on his person and expected to collect several thousand dollars more of the treasurer of the branch of the Western Federation of Miners at Chisholm. He claimed that he carried the weapon only for protection. He was bound over to the grand jury and was released under cash bail of \$250.

Henry Kirsner and the other nine striking Austrian miners from Hibbing, who were bound over by the municipal court on the charge of rioting, were also found not to prosecute. The grand jury reporting no true bill against them. Their bail will also be returned.

Barnes Conway, who struck Mike Maher a blow in the face that caused the latter's death, later day, on Garfield avenue, was indicted for manslaughter in the second degree. It is charged that the blow was struck in the heat of passion, and that the great bodily harm, Conway, who has been held in custody ever since the trouble occurred, will be defended by W. E. Culkin.

Charles Buck was indicted for assault in the second degree. It is alleged that he assaulted and injured Charles Verheide with a sharp instrument in Duluth Sept. 1 last.

Matt Grubak was indicted for assault in the second degree. It is claimed that Grubak held a double-barreled shotgun on Hector K. Kell and F. W. Johnson, two deputy sheriffs at Chisholm, Aug. 10 last, with threats to shoot them.

Zorica Nalovich was indicted for assault in the second degree. The state alleges that Malovich shot and killed Steve Nickolich at Chisholm Sept. 1 last. The principals in the shooting affair are said to be Montenegrins. Malovich was brought to the county jail by Chief of Police Madden of Chisholm a few days ago.

Before the grand jury adjourned Judge Dibel thanked the members for the dispatch and thoroughness with which the business that came before them was disposed of. The court said that after they inspected the jail they might consider themselves excused from further service this term.

The session of the grand jury just closed has been a very busy one, and the jurors have disposed of a great deal of business during the week they have been working. For the rest of the term County Attorney Norton, who represents the state, will be kept pretty busy with the numerous criminal cases for trial. The number of murder, manslaughter and assault cases for trial this term is somewhat larger than usual at this time of the year.

PRODUCTION OF PIG IRON For August Fell 5,000 Tons Below That of July.

New York, Sept. 12.—The Iron Age, in its review of the iron and metal trades, says: The statistics of the production of iron shows that the output in August fell about 5,000 tons below that of July, for the production of anthracite and coke iron in August having been 2,250,410 gross tons, as compared with 2,255,000 tons in July, both being months of thirty-one days. The capacity of the furnaces active Sept. 1 was only 308,885 tons per week, as compared with 313,471 tons Aug. 1, and 323,170 tons, the record, on July 1.

tic copper has been a flat failure. Electrolytic has been sold for shipwreck, and a glow being offered at 16 1/2 cents without takers.

## THE MONEY NOT FORTHCOMING

Abraham White Fails to Get Any New York City Bonds.

New York, Sept. 12.—Abraham White, the "original postage stamp bidder," failed to get any of the New York City bonds sold Tuesday, although he bid for the entire \$40,000,000 offered, and White accepted draft for \$800,000 as required by law.

Between \$15,000,000 and \$18,000,000 of the bonds were at first awarded to White, but when Comptroller Metz presented the draft for payment this afternoon, the money was not forthcoming, and the bid was thrown out.

The draft was drawn by the Abraham White Bond company, on the Greater New York Security company, and was accepted by that institution. Mr. White is president of the Abraham White Bond company, and also of the Security company, one of the city depositors, and White was given until 3 o'clock this afternoon to produce the money. He failed to do so.

While first sprung into prominence when he was awarded United States bonds, valued at \$1,500,000, while John G. Carville was secretary of the treasury. The law did not require a deposit with the bids, and when the required payment was not made, the bonds were given to the state. White was 47 cents in postage stamps. He is said to have made \$100,000 on the transaction.

"Sam" Byerly, the express clerk, who was awarded \$5,800,000 in Panama canal bonds on an investment of 44 cents in postage stamps, became, it is said, vice president of the Abraham White Bond company.

The throwing out of the White bid reduced the net price received for the entire issue about 1.01%, while, if the bid had been carried out, the average price of the bonds would have been 1.02%.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely, and I had been taking other medicine for nine days without relief. I highly recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. Stewart, of the firm of Stewart & Bly, Greenville, Ala. For sale by all druggists.

SPANISH WAR VETERANS ELECT NEW OFFICERS.

Sandusky, Ohio, Sept. 12.—The fourth annual meeting of the Spanish War Veterans adjourned at 10 o'clock yesterday afternoon. Boston won out for next year's encampment over Ashbury Park, Denver and Portland, Maine.

Commander-in-Chief, Walter Scott Hale, California; senior vice commander, Harry W. McMillan, Michigan; division of ordinance, William A. Ashmun, Wisconsin.

The women's auxiliary also elected officers, including: President-general, Mrs. Elizabeth McNamara, Boston; chaplain, Mrs. Edith Olsen, Racine, Wis.

## LUSITANIA BREAKS THE OCEAN RECORD BETWEEN QUEENSTOWN-NEW YORK

Makes the Trip Across in 5 Days, 54 Minutes.

Over Six Hours Better Than Any Previous Time.

Other Ships Have Beaten Average Time on Eastern Passage.

New York, Sept. 13.—A new steamship record between a European port and New York was made by the Cunard line's steamer giant turbine ship, the Lusitania, which arrived here today. The Lusitania left Queenstown, the nearest trans-Atlantic port to New York, at 12:10 p. m. Sunday and arrived at the Sandy Hook lightship at 8:05 a. m. today, making the time for the trip 5 days and 54 minutes. This is 6 hours and 23 minutes better than the previous Queenstown-New York record of 5 days, 7 hours and 23 minutes, held by the Lucania of the same line.

While the Lusitania has made a new record for the time a passenger is actually on board ship, she has not beaten the average speed per hour recorded, both by the Kaiser Wilhelm II, which has made 23.58 knots per hour, from New York to Plymouth, and the Deutschland, with a record of 23.51 knots per hour to Plymouth. The Lusitania's speed per hour on her maiden voyage is estimated at 22.87 knots per hour.

The new ship was decked with flags and bunting when she made her appearance off Sandy Hook this morning, her four red and white funnel colors to the picture which was marred by the prevailing haze. A good sight of the beautiful vessel was had from shore for only a short while. Her passengers lined the railings and crowded the different decks of the large vessel, waving handkerchiefs and American and British flags. The marine observatory stationed on shore, dipped their flags in salute, other vessels in the lower bay blew their whistles in greeting.

## TWO OLD TIMERS COME TOGETHER

Pioneer Wisconsin Law-makers Tell of the Early Days.

Milwaukee, Wis., Sept. 13.—(Special to The Herald.)—W. H. Tripp, Janesville, aged 87 years, and Robert B. Wentworth, Portage, aged 83 years, the only surviving members of the legislature of 1857, met by appointment at the state fair grounds yesterday afternoon.

They lost themselves in the past as they sat and talked of the old days. They told of the old capitol, built in 1856, in which they had assembled when elected to the legislature, when Waite (afterward Gov. Bloody Billie Waite) of Colorado, who gained national notoriety in 1892 by plotting the murder of Moses Strong and Andrew E. Elmore, the "sage of Milwaukee," helped to make the laws of the state in 1857.

Mr. Tripp was at the convention that nominated Lincoln the first time. It was held in Chicago. Sitewalks, few and mud was plenty, and the politicians were forced to wade through mire to and from the convention hall. He has voted for sixteen Republican presidential nominees, and he was just last year to vote for Harrison and Tyler, reaching his majority the next year for Clay.

## HIGH TREASON

Will be Charged Against Prussians for Betraying Military Secrets.

Coblenz, Prussia, Sept. 13.—Further arrests have been made in connection with the extensive betrayal of military secrets previously referred to in these dispatches. There are now fourteen persons in custody, of whom twelve, including four civilians, one of whom it is said belongs to the nobility, will be charged with high treason. In the meantime all the prisoners are kept in the closest confinement. The two who will not be arraigned on the charge of high treason will appear as witnesses for the state, but they will not be released before the trial, which in all probability, will be held in secret.

## STATE PENITENTIARY MAKES MUCH MONEY.

Stillwater, Minn., Sept. 13.—(Special to The Herald.)—The state prison here turned over to the state of Minnesota last month the sum of \$11,731.62, the largest returns of any state institution.

MURDER AND SUICIDE.  
Fr. derick, Md., Sept. 13.—Walter Frazer, aged 37, yesterday shot and killed Mrs. Mollie Lewis, a widow of about the same age, at her home in the town, in the yard in the rear of the house, killed himself with the same pistol. Jealousy is supposed to be the cause.

LEWIS S. CHANLER, Lieutenant Governor of New York, Who is Being Mentioned as a Candidate for the Presidency.

## INJUNCTION DISSOLVED

Court Allows Gambler to Have Wife He Married.

Although Judge Had Forbidden Him to Wed Her.

Des Moines, Sept. 13.—With the dissolution of the injunction which was intended to prevent beautiful Katherine Homan from marrying James Peyton, her gambler lover, and which failed utterly of its purpose, ends one of the most remarkable romances in history.

It has not been more than a fortnight since Peyton and his sweetheart were secretly married in Denver. Although Miss Homan herself had procured the injunction restraining Peyton from making love to her in any form whatever, it developed that she was in love with "Jim" all the time. Only she didn't want her folks to know it.

When news of the secret wedding leaked out, there were many conjectures as to how the Des Moines courts would punish Peyton for daring to marry the girl that the judge had ordered him to stay away from. Judge Howe inflicted no punishment whatever. What was the use? Cupid had scored and there was no use trying to punish him for it. So when Peyton shipped into the courthouse and requested a dissolution of the injunction, Judge Howe smilingly granted the request and also ordered a \$300 cash bond refunded to Peyton. The latter had been exacted of Peyton to insure his obeying the writ of injunction.

Peyton was accompanied by the bride's mother, who had testified in securing the injunction as to just how odious Peyton's constant wooing was to his little sister.

"We are perfectly happy," said Peyton. "I am sure I can't begin to express the thanks to my wife and myself for the happy marriage. I have been in love with her for years. I just want to join her in Denver where they will live."

## OFFICE SWAMPED; TOO MUCH DOING

Dickinson Land Office Can't Attend to the Business.

Bismarck, N. D., Sept. 13.—(Special to The Herald.)—State's Attorney Norton has taken up with Senator H. C. Hansbrough and Congressman A. J. Gronna the matter of establishing a United States land office at Hettinger, and the creation of a new district, to include Adams, Hettinger, Bowman and a portion of Billings counties, in North Dakota, the north half of Butte county, South Dakota, and a portion of Southeastern Montana. These boundaries include the territory now being settled up, and in which a great volume of land office business will be transferred during the next five or ten years.

As to that part of the proposed new district lying in North Dakota, it is imperative that additional facilities for the transaction of business be provided. The land office at Dickinson is literally swamped with business, and business is being delayed and final proofs are being set over every month because more are being offered than can be handled.

PRINCE GETS LAND.  
St. Petersburg, Sept. 13.—Prince Hilko, the ex-minister of railroads, has received an imperial grant of an immense tract of ore bearing land in the province of Pargana, Russian Turkestan.

## CONFIDENCE IN A DREAM

Saved a Bad Wreck on the Northern Central Railroad.

Engineer Dreamed of a Landslide and Found It at Exact Spot.

Harrisburg, Pa., Sept. 13.—Confidence in a dream probably averted a big wreck on the Northern Central railroad. Previous to reporting to duty at the roundhouse Engineer James B. Burd, who pulls the Buffalo flyer, leaving Harrisburg at 11:10 p. m., dreamed that his train had run into a landslide at a point between Dauphin and Hallfax, fifteen miles from here. He told his dream to several roundhouse attaches, but they laughed at him.

Engineer Burd, to ease his mind, determined to run slowly after Dauphin was passed, and it was well he did, for at a point some distance north of Dauphin, identical with the place he had seen in his dream, the engine ploughed into a landslide. Going slowly, the engineer was able to bring his train to stop with little or no damage.

## WIND BLOWS OFF ROOF OF A CAR

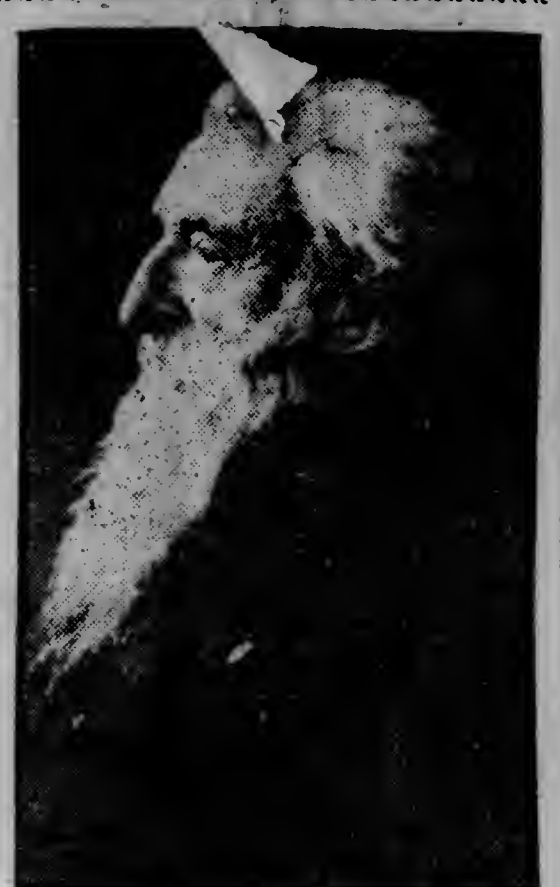

Passengers on Reading Road Have a Remarkable Experience.

Reading, Pa., Sept. 13.—Passengers on the Reading express train from Pottsville had a remarkable experience yesterday afternoon, six miles north of this city, when the train, going fifty miles an hour, ran into a wind storm which tore off the roof of one car. When the train struck the whirlwind the shock was so perceptible that many thought the emergency brakes had been applied. Just before the train rushed into the cloud, it became as dark as night and rain fell in torrents. The train stopped at Leesport, a few minutes later and the passengers were transferred from the roofless car to another.

## THRESHING MACHINE TAKES FARMER'S LIFE.

St. Cloud, Minn., Sept. 13.—(Special to The Herald.)—Joseph Betz, a Freepoint farmer, is dead as the result of an accident he met with while threshing. One arm was completely torn from his body and his head crushed. He was a well to do farmer and leaves a wife and five children. The funeral was held today from the Catholic church.

## GEN. BOOTH STARTS ACROSS OCEAN AGAIN

GEN. WILLIAM BOOTH, Head of the Salvation Army, Who Has Just Started From London for America to Conduct a Campaign.

## ON HIS WAY TO AMERICA

Gen. Booth Leaves London, Bound for Port of Quebec.

Will Conduct Campaign in Canada and United States.

London, Sept. 13.—Men and women, wearing uniforms of the Salvation Army, filled the Euston railroad station, here today, a large party having assembled to bid farewell to Gen. Booth, who left for "Empire" where he will embark on the Allen line steamer Virginian for Quebec, in which city the veteran commander will begin a campaign, which is to extend over Canada and the United States. The "35-years young general," as he describes himself, appeared to be as hearty as possible, considering his age. From the railroad car he handed the reporters a message, as follows:

"Once more good-bye, dear old England. I leave your shores on what I believe is the Master's business. As I contemplate the future I rely more than ever on the old panacea for lessening the ruins, inequalities and evils of the world. I am, my friends, connected with the illegal capital contracts."

(Continued on page 6, sixth column.)

## CHALLENGE BY LIPTON

For the America's Cup Has Been Mailed From Dublin.

Is Made in Name of Royal Irish Yacht Club.

London, Sept. 13.—Sir Thomas Lipton will make another attempt in 1908 to regain the America's cup for Great Britain. This announcement was made this afternoon by Sir Thomas in London, and by the secretary of the Royal Irish Yacht club at Dublin. The challenge, which goes to the New York Yacht club in the name of the Royal Irish Yacht club, was mailed from Dublin today. It will probably be taken to New York by the American liner St. Paul, which leaves Southampton tomorrow.

The details of the challenge were arranged when Sir Thomas visited Dublin recently in the course of a yachting cruise around the British isles on board the Erin.

## HARRIMAN AND HILL TOGETHER

Rivals in Railroad World Walk Streets Arm in Arm.

New York, Sept. 13.—The sight of E. H. Harriman and J. J. Hill, the two greatest rivals in the railroad world, walking down Pine street arm in arm, was witnessed this week. The news, which has just got around, caused much wonder and talk in the financial district.

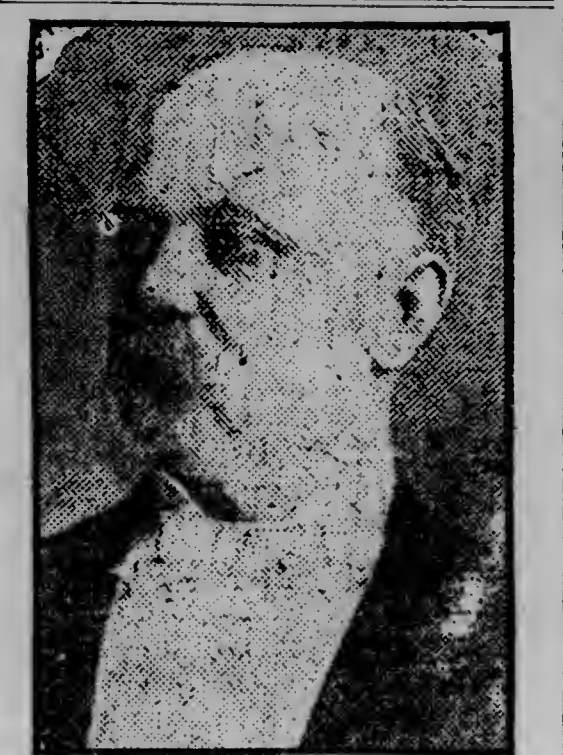

It is learned that the meeting was purely accidental and that as a matter of fact the personal relations of the great railroad rivals have always been of the pleasantest kind.

## CRIMINAL SUITS

Will be Instituted Against State Capitol Boudlers Next Week.

Harrisburg, Pa., Sept. 13.—District Attorney Weiss of this county, has been in consultation with James Scaret and those who will be associated with him in the prosecutions growing out of charges of corruption in connection with the construction and furnishing of the new state capitol. It is believed that criminal suits will be instituted next week before a Harrisburg alderman against certain persons mentioned by the investigation commission in its report to Governor Stuart as being connected with the illegal capitol contracts.

## THE EXPECTED "BLACK FRIDAY" STOCK PANIC FAILS TO MATERIALIZE

CHARLES G. BURTON, in-chief of the G. A. R.

Outlook Was Dark at Opening of Unlucky Day.

Support Was Given Market, However, and Stocks Rally.

Amalgamated is Center of Interest in New York.

Friday, the 13th, promised to be a veritable "Black Friday" in the copper market early this morning, but the conditions improved before noon, and the market showed evidence of being supported, the prices ranging above the opening this afternoon.

Few speculators are without superstition of some kind, and Friday, the 13th, seldom fails to have some effect on the tone of the market. This time there was something besides superstition to give it a bearish tone. Yesterday's news that the Amalgamated mines at Butte were to close made a deep impression, coming as it did on the close of a long bear campaign, and it was not surprising when stocks sold off at the opening this morning. The brokers' offices were crowded all morning with both speculators and speculators. Many were attracted merely out of curiosity to see how low the shares would go, while to others it was a much more serious matter. Thomas W. Lawson, author of the "frenzied finance" story, "Friday, the Thirteenth," was bullish this morning. He sent out the following statement: "Friday, the 13th, is here today. Bear in mind that, at yesterday's prices, Calumet & Hecla gives a net return of 10 per cent per year, and Amalgamated 12 per cent a year, and Waverly banks give only 4 per cent."

London spot copper was one pound selling off at the opening this morning. A dispatch from Butte this morning, which purports to be official, states that the production of the Amalgamated mines is now about 75 per cent of the normal, and that it will be cut to 40 per cent in the near future.

New York, Sept. 13.—Although brokers on the stock exchange report some support for the copper stocks at the opening today the first twenty minutes brought a flood of selling orders that forced the price of Amalgamated to 55 1/2, which is 2 1/2 below yesterday's closing. More than 40,000 shares of Amalgamated changed hands during the first half hour. Much of the selling was said to be for Boston account.

The Irish Consolidated Mining company, a copper producing company, today declared a quarterly dividend of \$1 as compared with \$1.50 and 25 cents extra for the last quarter.

## STEAMER RUNS DOWN SCHOONER

Vessel Having on Board Distinguished Party Has Accident.

Norfolk, Va., Sept. 13.—Having aboard Governor Higgins of Rhode Island, and the large official party from that state, who attended the Rhode Island day celebration at the Jamestown exposition this week, the Merchants' and Miners' steamer Dorchester, which sailed from Norfolk for Providence late last night, ran down and sunk in Craney island channel of the Elizabeth river, the schooner Pannie S. Groverman, bound from Gloucester county, Va., to Norfolk. The Dorchester was uninjured. Four men narrowly escaped drowning.

## GARY DENIES

That He Will Become Identified With Allis-Chalmers Company.

New York, Sept. 13.—E. H. Gary, chairman of the United States Steel corporation issued a statement yesterday in which he denied his intention to become actively identified with the Allis-Chalmers company. Mr. Gary said: "My services belong and are entirely devoted to the Steel corporation, still I think from reports of officers of the Allis-Chalmers company and from information otherwise received that it would be very successful if it had a little more working capital and its management somewhat strengthened. I believe efforts are being made in this direction. There is no connection between the company and the United States Steel corporation."

## RED MEN ADJOURN.

Norfolk, Va., Sept. 13.—The Great Council of the Improved Order of Red Men, adjourned sine die yesterday, deferring to the next session at Bridgeport, Conn., the question of reducing the appropriation to the official organ, and the reduction of state representation, and the question of increasing the per capita tax, three questions over which the order is divided.

THE HUNTING SEASON IS NOW ON.  
This is the Time of Year When Hubby Does the Retrieving Act.

WEATHER FORECAST—S hovers tonight and probably Saturday; warmer Saturday afternoon. Brisk and moderately high northeast shifting to westerly winds during Saturday or Saturday night.

"DULUTH'S GREATEST CLOTHING STORE."

## This Fall's Clothes For Young Men

Are "The Best Ever!"

WE have never seen an array of young men's clothes that were so difficult to describe as the sprightly new models of which we are making a great specialty. There's a rich atmosphere of vivacity and smartness about them that simply defies description.

Some of the new ideas in fancy patterns might be termed "dizzy," but they are certainly fashionable in the best sense of the word. The new pencil stripes on back-grounds of blue, olive, fawn, mouse and gray are distinctly fetching, yet they are only a fraction of the big assortment.

Young Men's Suits, in all the newest effects - \$10 to \$25  
Young Men's Fall Overcoats, entirely original - \$10 to \$25  
Swagger Fall Hats, Shirts and Neckwear for Young Men, Now Ready.

Home of the Knox Hat.

### Oak Hall Clothing Co.

Superior St. at Fourth Ave. West.

## GETCHELL WILL ACT AS MAYOR

Mayor and President of Council Will Go to Convention.

Mayor Cullum and President Tessman of the council will leave tomorrow for Norfolk, Va., where they will attend the eleventh annual convention of the League of American Municipalities to convene there on Sept. 18, 19 and 21.

During the absence of the mayor and president of the council, Alderman Getchell will be mayor of Duluth, he being vice president of the council, and the next ranking officer to President.

dent. Tessman, Mayor Cullum may leave tonight and stop over for a visit at his old home in Laurel, Ind.

The convention of the League of American Municipalities will bring together men prominent in the civic government of the larger cities of the United States and discussions of problems of a general nature will take up most of the time of the convention.

A pleasant time is anticipated on the trip, the time of the year making a journey to historic old Norfolk one of exceptional interest and the South is at its best in the early autumn.

City Comptroller McCormick will also leave this evening for Richmond, Va., where he will attend the annual convention of the National Association of City Comptrollers to be held there next week. He will visit friends in Chicago and other places en route and be absent about ten days.

### DEVILS LAKE PAYROLL.

Devils Lake, N. D., Sept. 12.—The Great Northern Railroad company will pay out \$30,000 to men employed in the round house and shops here on the next monthly pay day.

This sum of money will be paid each month during the entire winter, and before the winter is past it is probable that the working force will be increased in which case the amount will be considerable larger.

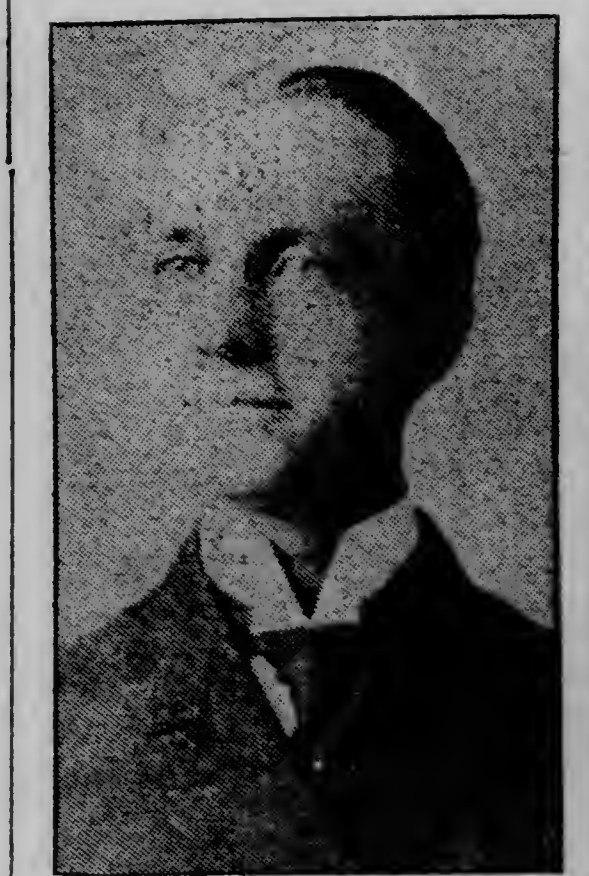

## SEVENTY-FIVE NEW MEMBERS

Fidelity Lodge of Workmen Had Big Initiation.

It was a busy evening for the goat of Fidelity lodge of the Ancient Order of Workmen last night. Seventy-five members were taken into the order.

The large class was initiated at the regular meeting held at the hall on West First street. Several grand lodge officers were present and conducted the initiatory ceremonies.

Numbering about seventy-five, the class was the largest that has been initiated for some time, and was a big addition to the Fidelity lodge.

M. C. TIFFET  
Of Long Prairie, Who Conducted Initiation of Big Class of Workmen Last Evening.

making the total membership nearly 600. O. W. Born, deputy grand master workman, has been in the city working to get up the big class for the last few weeks.

M. C. Tiffet of Long Prairie, Minn., grand master workman, presided at the initiation ceremony last evening, and was assisted by Past Grand Master Workman Fred H. White and Grand Inside Watchman J. A. Schumacher of this city.

Following the initiation a banquet and smoker was given at Maccahee hall, and several of the prominent lodge officers spoke to the members.

## HOODOO DAY IN COURT

Thirteen Prisoners Are Arraigned on Friday, Sept. 13.

No. 23 Michigan Street is Scene of Gun Play.

"Skiddoo day" in police court. Date, Sept. 13. Number of prisoners arraigned, 13. Day of the week, Friday. Number 23 Michigan street scene of attempted gun play.

This was a "hoodoo" day in police court and even rabbit's feet, lucky stones, charmed pocket pieces and other hoodoo breakers failed. Thirteen unhappy culprits faced the court and the police made an arrest at 23 Michigan street. One man even had \$13 left, after paying his fine, and an air of suspense prevailed in the courtroom and about the corridors. Of course, there are no superstitious persons connected with the police force or municipal court, but—things seemed strange and uncanny today.

Andrew Hanson, who will celebrate the tenth anniversary of his arrests by the local police force day after tomorrow, he having been in ten times during the past year on that date, was arraigned. Andrew begged the court to temper justice with mercy. He did not put it in that language, but that was what he meant. "I'll get out in ten minutes, yer honor, and I'll never come back. Give me a chance, please do it, judge." Judge Windom pondered. "Duluth could dispense with Andrew's society and he might be in earnest. The court imposed a fine of \$75 and costs, of sixty days at hard labor in the county jail and gave him one hour to leave the city. 'If you show up within a year, Andrew, to the rock pile you go without parley,' remarked the court. 'I suspend sentence today, but fair warning.' Andrew, when last seen, was sprinting for Superior.

William Ritchie, a neatly attired man of middle age, was arraigned for drunkenness. This was his third offense, and the court gave him until the 1:55 p. m. train this afternoon to leave the city, imposing a fine of \$10 and costs, or sixty days, as in the case of Hanson, but suspended sentence. Ritchie is a man who has seen better days. Drink has dragged him down, and he is fast becoming a physical wreck. He appeared humiliated and promised faithfully to leave Duluth and to make an effort to mend his ways.

Montie McCutcheon, arrested last night upon the complaint of one of the police, was arraigned. He had used his fists upon her, forfeited bail in the sum of \$15.

Abraham Hansen, a carpenter from Devils Lake, came in to visit friends a few days ago, and Duluth booze was his undoing. Abraham said that he was the sole owner of two watches, a gold ring and several dollars when he was arrested. He had been separated from his jewelry and most of his money, although he had enough left to pay a fine of \$1 and costs. Abraham smiled cheerfully when told the amount of his fee, and seemed pleased to be alive, although some of the past two days' history in his career in Duluth was a little cloudy in his mind, and Dakota looked even more inviting to him than ever.

Gus Salmi, found at the Union depot this morning, loaded down with a pocket full of cartridges and a revolver, was arraigned for carrying concealed weapons. Gus, it is stated, had murder in his heart last night, and was looking for some one. The more he drank the more he felt inclined to do a stunt of target practice, but the police gathered him in with his gun and cartridge belt and he was given a fine of \$25 and costs or thirty days. He took the latter option as his exchequer was somewhat depleted when he was arrested, one lone dollar appearing among the cartridges in the ammunition pocket.

Charles Williams was drunk last night, according to his own story, and used unseemly language to people on the street. He was fined \$3 and costs.

John Shea and Andrew Brandt got hold of some fighting whiskey last night, and the booze was working well when their exchange of kicks, bites and blows was checked by the police. They admitted their guilt and were given the option between a fine of \$3 and costs or three days.

## Cluett SHIRTS

The Cluett label denotes shirt superiority. It's a label that marks the best made, best balanced, and the most fashionable shirt produced ready for wear. \$1.50 and more.

CLUETT, PEABODY & CO. MAKERS OF ARROW COLLARS

DULUTH J. M. Gidding & Co. CINCINNATI

Several other drunks were arraigned, pleaded guilty and drew the minimum sentence.

"Skiddoo day," remarked the clerk, as he closed the big book. "I should think so," remarked the court.

## CONSTERNATION IN DOUGLAS CLUB

Young Negro Brandishes Shotgun in Club Rooms.

Brandishing a shotgun and threatening to "clean out the place," an unknown colored man entered the Douglas club this morning and caused no little

consternation among the members, who were in the rooms at the time.

The Douglas club is an organization for negroes, located at 23 West Michigan street.

The man with the gun was evidently intoxicated, and a hurry call was sent for the police. The unknown visitor was quieted and kept from doing any damage until Lieut. Fritz and Officer Mason appeared on the scene and took him in custody. He is a stalwart young negro, about 24 years of age, and as far as known is a stranger in the city. He will be arraigned for disorderly conduct as soon as he recovers from his spree.

### LUND'S SPREE FATAL.

Edmore, N. D., Sept. 13.—(Special to The Herald.)—Death came to Sam Lund, aged 50, while he slept off the effects to liberal potatoes in a barn here, where he had driven his team. He lay down in the alley way in front of the

manger. One of the horses jumped over the manger and struck Lund on the head with its hoof. The body was taken to Park River for burial by friends of the unfortunate man.

Lund had hired the team at Park River and had driven to Edmore during the day. He was addicted to the use of liquor and had drank a good deal during the day.

Used by Millions

## SUPERIOR NEWS

### ARE LAYING TRACK.

Wisconsin Central Begins Work at Newton Avenue.

This morning, the Wisconsin Central Railway company made a start in the extension of their tracks to Superior and Duluth. A force of men was put at work at Newton Avenue laying tracks, and from now on the track-layers will be busy following the grading force.

The track will be laid from Newton Avenue to the Nemadji river, and will cross the Nemadji to be extended on the other side. The graders have been at work for some months past, but there is still considerable work to be done by them before the track-layers will have a clear field.

### Bonds Purchased.

This morning, the city of Superior purchased about \$5,000 of their street improvement bonds at 51 cents on the dollar. The purchase makes about

## TWO DIVORCE SUITS.

### Mother of Ten Children Is Seeking Separation From Husband.

After raising a family of ten children, Mrs. Julia L. Culhane has begun a suit for divorce in district court, and charges her husband, Thomas P. Culhane, in her complaint, with cruel and inhuman treatment, and further alleges that he has failed to contribute toward the support of the family. The couple were married at Superior Oct. 5, 1887, and have resided here since that time.

Mrs. Culhane asks for the custody of the children, eight boys and two girls, and asks for a reasonable amount of alimony. Culhane is a painter by trade, and has resided with the family at Billings Park for some time.

Another divorce suit was started by Gus Erickson, who has been married only a year and a half, but who says in the complaint that there can be no peace between his wife

and himself. He alleges that his wife has been cruel, and that on one occasion she ordered him from the house, which she herself owned. She also accused him of being a drunkard.

Attorney George C. Cooper is representing the plaintiffs in both actions.

### An Old Offender.

Investigation of the police court records reveals the fact that Lizzie Bradford, "Queen of the O'Learys," who was arrested in Duluth yesterday, is no stranger to the local police. She has been arrested fully fifteen times since her advent in Superior, the charges varying from drunkenness and vagrancy to much more serious offenses. Her husband, Dr. Bradford, is also a well known character.

### Start Work Soon.

M. O. Haugner, the contractor who has been awarded the contract for the erection of the Douglas county insane asylum near the poor farm, is getting his material and implements on the grounds, and in a very few days he will get a force of men at work. Work will be rushed this fall and a large crew will be kept on the job continuously until the building is ready for occupancy.

### McGowan Rejoins Force.

James P. McGowan, former city detective, who resigned a couple of months ago, has been reappointed by Chief McKinnon to a place on the force, and last night did patrol duty on Tower Avenue. Since leaving the force, Mr. McGowan has traveled extensively through Wisconsin and Illinois, but says that he prefers Superior to all other cities.

### Target Practice Cost \$5.

Because he did some target practice with the city limits, in the Great Northern freight yards, Phil Monte, an Italian laborer, was arrested yesterday and paid a fine of \$5 in municipal court. Monte had purchased a new shotgun, and wanted to see how it would shoot, but the yardmen of the Great Northern didn't like it and called the police.

### Hold Funeral Saturday.

Funeral services over the remains of Mrs. August Newburgh, wife of Andrew G. Newburgh, who died early yesterday morning, after a long lingering illness, will be held from the residence, 140 West Eighth street, at 10 o'clock tomorrow morning. Mrs. Newburgh was 40 years old, and had been ill for the last five years. She is survived by her husband, three children, two boys and a girl, and her parents, Mr. and Mrs. John Anderson, of Upsala, Minn. Four sisters and two brothers are also still living.

## WEST DULUTH SAND BRICK IS LATEST

Plant May be Established Soon in West Duluth.

Building Material Made From Sand and Cement.

A brick plant is the latest possibility as an addition to West Duluth's industries. For some days past J. A. Kennedy, representing the Cement Brick company of Port Huron, Mich.; Eugene Lewis and Emil Menzer of Marquette, Mich., who hope to establish the plant in West Duluth, have been in the city talking with business men and explaining the project.

The three men will attend the West Duluth Commercial club this evening, and place their project before the club for its approval. They also hope to interest some of the members in a financial way, although they are ready to go ahead on the building of the plant with nothing more than the good will of the business men of West Duluth, and assurance of moral support.

The Cement Brick company, represented by Mr. Kennedy, manufactures what is known as the McIntosh Automatic press, with which the cement brick is manufactured. The brick, samples of which are being shown, is made of Lake Superior sand and cement, five parts of sand to one part of cement. It is manufactured in gray and red, and excellent of appearance, is said to be durable to make it a desirable building material.

The manufacture of brick from sand and cement by the pressing process is quite common of recent years in other parts of the country, but the industry has not yet established itself in Duluth. The people interested in the proposed plant here count on getting in early, and being firmly established before the field is invaded. They say that once the manufacture of the brick is begun, and its worth demonstrated to prospective builders, there will be no fear of the industry failing to make a complete success.

The West Duluth business men, including several contractors who have examined the samples and heard an explanation of the properties of the brick and the process by which it is made, are very favorably impressed, and the promoters of the industry will be given a hearing this evening.

### MAY START SOON.

Great Northern Will Furnish Power to Carbolic Works.

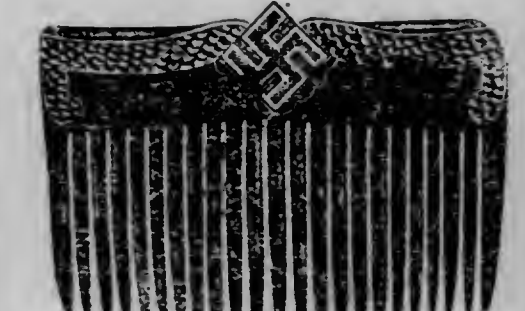

The probability of the Great Northern Power plant at Thomson being put in operation this afternoon, or in a day or so at the latest, is important to West Duluth, as it probably means the plant of the American Carbolic company, which has been lying idle for many months waiting upon the power company, will also be put in operation. The carbolic works have been counted upon to boom West Duluth considerably when it is put into operation, and people interested in the welfare of this portion of the city are anxious to see it begin producing.

At the office of the Carbolic company today there was nothing to say. The officials refuse to say whether they would start up tomorrow or a year from now, so beyond that her lecture will be interesting and instructive.

rumor, there is no assurance they will start immediately. However, the long delay has given them plenty of time to be all ready to make use of the power when it should be supplied, and they will doubtless make little more delay on their own account, once power is furnished them.

### WILL MAKE SOAP.

President Basile of Fennia Company on Way to United States.

West Duluth people interested in the Fennia Soap company have received word from Arni Basile, president of the company, that he will leave St. Petersburg soon and will be in Duluth in a few weeks. As soon as he arrives preparations will be made for starting the manufacture of the soap, and it is expected the plant will be in operation some time next month.

The company last spring secured a lease on the old building at the corner of Forty-ninth Avenue West and Onesta street, formerly occupied by the Duluth Brass works. Some improvements will be made to the building, but little time will be lost in installing the machinery and beginning the manufacture of soap. The formula for the manufacture is a discovery of Mr. Basile, who has used it successfully on the Pacific coast, and he has sold the foreign rights in St. Petersburg. The product has a number of excellent properties, and its introduction into the Middle West will be vigorously pushed, with West Duluth as the headquarters.

### Madame Mountford.

Mme. von Finkelstein Mountford, who has been lecturing for the past two weeks in different churches of the city, this evening delivered a lecture at Westminster Presbyterian church, Fifty-ninth Avenue West and Ramsey street. Madame Mountford spoke at Westminster church last Sunday and made an excellent impression, so she will doubtless be greeted by a large crowd this evening. Her subject will be, "Life in Jerusalem." Her intimate acquaintance with modern life and customs in the Holy Land is assurance that her lecture will be interesting and instructive.

### West Duluth Briefs.

Arthur Feldman of Chippewa Falls, Wis., is visiting West Duluth friends for a few days.

Mrs. L. Christensen and children, Louis, Ionia and Wally, of 600 North Forty-ninth Avenue West, left last evening for Zenith, N. D., where they will visit Mrs. Christensen's father, Henry Truelsen, ex-mayor of Duluth.

The Epworth League of the Merritt Memorial M. E. church will hold a fair and social at the church, Forty-sixth Avenue West and Halifax street, this evening.

Watch and jewelry repairing, Hurst. Repairs are being made to the Norwegian Lutheran church, corner Fifty-seventh Avenue West and Wadena street.

### The School Girls

mind runs on her clothes as well as her lessons these September days. New clothes have a wonderfully softening and musical influence on the clang of the school bell. One of the earliest services of this store was to FIT OUT CHILDREN FOR SCHOOL. As the Women's Store towers above—in Women's Fashions, so nowhere else will you find such beautiful new things in youthful styles as here. Prices too—as low as quality and good tailoring permits.

A large "class" of School Dresses in plain colors, white striped novelties, heathery plaids and lots of cute little Jumper Dresses, \$6.75. PETER THOMPSON Dresses—4 to 14 years—for as little as \$6.00. Others as high as \$25.00. COLLEGE DRESSES, Peter Thompsons, too, in rich blues, browns and reds—distinctive enough to grace the most aristocratic of colleges—14 to 20 years—\$14.50 to \$25.00. YOUNGISH SUITS as young as 8, as forward as 20. The Prince Chap styles are very smart looking. Perhaps the full Box style will have just as many admirers. See the colors for yourself. \$10.75 to \$37.50.

### Corset Demonstration

opens tomorrow morning. News to command the attention of good dressers! Redfern Corsets help more than most others in building curve and beauty to lean figures. Have been most successful too in lengthening pudgy lines to charming undulations. Miss Adeline McCauley is a corsetiere who knows corsetry in a technical, authoritative way.

New women of Duluth, who come in the most fault-finding attitude, will come away highest in their praise of the new Redfern models. This skilled fitter comes direct from New York to give the S. & B. Co. clientele—gratis, for a short period—the benefit of her trained experience in the corset world.

## SKYSCRAPERS NOT DANGEROUS

Expert Says They Are Comparatively Safe From Fire.

Washington, Sept. 12.—(Special to The Herald.)—Commenting upon a recent alarming prophecy by George W. Babb, president of the New York Board of Fire Underwriters, that it was only a matter of time when the skyscraper-district of New York would

## CASTORIA

For Infants and Children. The Kind You Have Always Bought Bears the Signature of *Chas. H. Fletcher*

be destroyed by fire, Architect Fitzpatrick, the executive officer of the International Building Inspectors' society, and probably the highest authority on fireproof construction in the country, says that while such a thing is not beyond the realm of possibility, it is highly improbable under present conditions and could, at a slight expense, be made an utter impossibility. The skyscraper district of New York cannot be compared to anything there was at Baltimore or in San Francisco. In both conflagrations the tall buildings suffered by reason of the vast amount of poor building there was all about them. Fire found but comparatively little to burn within them, and in a great many cases, though damaged themselves, they served as a bulwark, a protection to adjacent and more combustible buildings. In Baltimore, as a matter of fact, as soon as the fire reached the skyscraper district, small as it was, it burned itself out in them, and they actually saved the city beyond them, stopping the fire much as a dyke does the rush of flood tide. In New York the downtown district is immeasurably better built generally than is that of any other city. There are more tall buildings, and these, serving almost exclusively as offices, contain the minimum of combustible material. Their tall steel frames, protected and enclosed with impervious brick and hollow tile fireproofing, give a fire in the contents of the buildings

nothing of a structural nature to feed upon the destroy. No, the skyscraper district of New York is about the safest place from fire in the entire country, and if the owners of the buildings would but so to work and put wired glass in metal sash in the windows where they have not already done so, thus making it absolutely impossible for fire to find ingress into the tall buildings from without, that district would be so safe that little or no insurance would need be carried upon the buildings about which Mr. Babb is so much perturbed.

"Had dyspepsia and indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Purifiers cured me."—J. H. Walker, Sunbury, Ohio.

## CAMPBELL IS INSANE

Is the Opinion of Mental Expert in Murder Trial at Chicago. Chicago, Sept. 12.—Insanity was advanced yesterday as the defense of Amasa C. Campbell, on trial in Judge Windes' court here for the killing of Dr. B. F. Harris of Antigo, Wis., last December. Counsel for Campbell introduced a mental expert in the person of Dr. S. N. Meyer, who declared his belief that Campbell, instead of recovering from the mental aberration under which he was suffering when the

shooting occurred, is still insane. He stated that after an examination of Campbell in jail, he concluded that he was suffering from a paranoid form of dementia. Dr. Meyer, who was the chief witness today, said that his suspicions of Campbell's insanity became aroused four years ago, when Campbell told him that he had discovered what he believed to be a code of love signals arranged between his wife and Dr. Harris.

## NEGRO TROOPS FOR NEW YORK

Regiment From Philippines Will be Sent to That State. Washington Sept. 12.—Gen. Oliver, acting secretary of war, yesterday issued an order that will probably cause a commotion in New York, his home state. It provides for the relief of a number of regiments that have been serving in the Philippines for more than the full allotted term of two years, and

the point of interest is found in the fact that included in the regular organizations is a negro regiment—the Twenty-fourth Infantry. With the despatch to the Philippines of the Twenty-fifth Infantry some months ago the United States was left without negro troops, except a few short term cavalrymen employed in the stables at West Point military academy. When the proposition was made about two months ago to return the negro troops, several strong protests were made to the department by congressmen and other prominent persons representing communities where it was reported these troops were to be posted. Gen. Oliver has settled the matter by ordering these soldiers into his own state. As a matter of fact, on Feb. 15 next, according to the terms of the order, the Twenty-fourth Infantry is to sail from Manila for San Francisco and proceed by rail to New York headquarters. Two battalions, to be selected by the regimental commander, will take station at Madison, near Watertown, N. Y., and the remaining battalion at Fort Ontario, near Oswego.

Occasional headache, belching, bad taste in the mouth, lack of appetite and slight nervousness are symptoms of indigestion which, when allowed to go uncorrected, will develop into a case of dyspepsia. It will take a long time to get rid of Kodol will make your food do you good and will enable you to enjoy what you eat. All druggists.

## COMMITTEES TO REPORT

**Trades Assembly Will Hold Busy Session at Kalamazoo Hall.**

**Report on Labor Day Celebration Will be Rendered.**

Three weeks have gone by since the last meeting of the Duluth Federal Trades assembly, and as a result much important business is expected to come up for disposal at the semi-monthly meeting this evening, and a good representation from the unions will probably be present.

One of the most important matters to come before the meeting will probably be the report of the Labor day committee, concerning the big celebration last week. Although the actual figures may not yet be ready, the committee will be able to give an approximate estimate of the profits realized from the celebration.

Since the Labor day celebration members of the committee have been busy at work making the collection from the various advertisers who had space in the Labor day program, issued by the committee. It is said that they have been very successful so far, and will be able to render a good report at tonight's meeting of the assembly.

The trades assembly has a special standing committee appointed to look into the organization of a branch union of the Society of Equity in Duluth and the work of establishing an exchange here, and during the week members of the committee have been in conference with several of the state officers of the society. Therefore, a report may be expected from them this evening.

It is understood that the state officers were in the city for the purpose of establishing a grain growers' exchange here this fall, through which the farmers belonging to the society may sell their grain. They are also seeking a market for their produce among the miners on the range.

President Morrell of the Minnesota union and Theodore Nelson, president of the grain growers' department, were in the party.

On account of the long interval since the last meeting, there will be a big pile of communications and other routine business to come up for disposal at the meeting.

**NUSTROM GETS \$1,500 VERDICT**

**Jury Awards Him Damages Against Shenango Furnace Company.**

A verdict of \$1,500 for Victor Nustrom against the Shenango Furnace company was returned late yesterday afternoon by the jury in Judge Cant's room. The court granted a stay of forty days during which time the company is likely to move for a new trial. Nustrom was injured while blasting in the company's mine. He claimed that the fuse furnished him was defective.

The damage case of Helen Maronich, administratrix, against the Great Northern Railway company, was dismissed in Judge Dibell's room yesterday afternoon, on motion of the attorney for the railway company. The motion was based on the claim that Maronich, when he was killed, was trespassing on the company's property.

Three men under indictments were arraigned yesterday afternoon before Judge Dibell. Harry Conway, who is indicted for manslaughter in the second degree, pleaded not guilty. Conway was given permission to change his plea by next Monday if he so desires.

John Huch pleaded not guilty to the charge of assault and Zaria Malovich entered a similar plea to the charge of murder in the third degree.

**ASKS FOR RECEIVER.**

**Sam Karon Wants Partnership With Nushbaum Dissolved.**

Sam Karon has started a suit in the district court against Theodore Nushbaum to have the partnership of Nushbaum & Karon dissolved, and for an accounting. Karon claims that he was induced by the defendant to put \$1,200 into the business. The plaintiff says it was represented to him that Nushbaum had \$2,000 worth of goods, but that he has since found the value of the stock is about \$900. Karon claims that \$300 of his money was to have been used in liquidating the debts of the concern, but that this was not done. He claims that Nushbaum represented the business to be worth \$500 per month, but that such representations were untrue. Karon wants a receiver appointed.

**Petriella Gets a New Gun.**

The grand jury, a few days ago, found no true bill against Teodoro Petriella, who was accused of carrying concealed weapons with the intent to do bodily harm, and he was released from custody.

The action of the grand jury seems to have given the little strike leader from Hibbing assurance that he may heretofore carry a gun without fear of arrest, for yesterday he visited a local hardware store and purchased an automatic revolver, one of the best made, the purchase price being in the neighborhood of \$40 or \$50.

At the time he was arrested by the guard at the bridge in Hibbing, Petriella was carrying in his pocket an automatic revolver of 25-caliber of standard make.

**Lost and Found.**

Lost, between 2:30 p. m. yesterday and noon today, a billous attack, with nausea and sick head. This loss was sustained by finding at a Duluth drug store a box of Dr. King's New Life Pills. Guaranteed cure, for biliousness, malaria and jaundice. 25c. All druggists.

# SATURDAY WILL BE A RECORD-BREAKER

at the Big Store

We look for the biggest single day's business Saturday that we've ever had in one day in the Fall. How so? Because the attractions at this store Saturday are such as are bound to draw record-breaking crowds of eager buyers. First of all there's the China sale! The bargains secured during the first two days of the sale will so advertise the values offered as to make Saturday the best day of all. Then there's the Bedding and Curtain sale—began today. It's saving money for hundreds who are taking this opportunity to supply their needs for Fall and Winter. And indeed, the crowds still continue to come for the Embroidery bargains—for they know embroideries won't be so cheap again this year. And added to all these is the sparkling beauties of the new things for Fall—suits, millinery, shoes, dress goods and silks, laces, gloves, etc. Altogether 'twill be a most unusual day. Be sure you come and enjoy the privileges the store extends to you.

**Shop Early**—If you can do so, shop in the morning—you get better service, better selections and avoid the crowds of later hours.

Our best model—fine selected basswood—with adjustable pins and easel back—regular price **\$2.45**—**\$1.98** Saturday.

## MARINE NEWS

## WINNEBAGO AT NORFOLK

Lake Steamer En Route to San Francisco Heard From.

Two Head of Lakes People Still on the Boat.

After making the long trip down the Great Lakes and the St. Lawrence river out on the ocean and down the coast, the Winnebago, little lake steamer, arrived at Norfolk, Va., this week to take on a supply of coal. The little boat left Duluth on Aug. 2, and is bound for San Francisco, where she will be used in the coasting trade.

News of the vessel's arrival at Norfolk was received in Duluth in a letter from one of the crew, Felix Seligman, Jr., to his relatives here. He is one of two heads of the Lakes marine men, who are on the Winnebago. The other is Capt. Colburn of Superior, and they will both make the complete trip around the horn.

After leaving Duluth the steamer stopped at Detroit to take on her cargo of carbide and later stopped at a Lake Erie port for fuel before continuing on her way to the ocean. In the letter Mr. Seligman says that the little boat is loaded about on the ocean like a cork.

Capt. Colburn had the charge before the boat left the head of the Lakes to act as pilot to Quebec, after which, Capt. Ewert, who is in charge and is an old ocean navigator, would steer the ship's course. At Quebec, Capt. Colburn declined to continue the voyage and he was made mate.

What the next stop of the Winnebago will be is not known but it may be that she will continue her journey around the horn and up the Pacific coast without stopping again as this was the plan. Enough fuel has been taken on at Norfolk to hold out until San Francisco is sighted, but it is likely that the steamer will stop at some South American port for supplies.

The Winnebago has been purchased by the Pacific Coast Steamship company and will be used to carry lumber down the coast from Seattle to San Francisco. She was almost entirely rebuilt for ocean service before leaving this port last August.

## DISPATCH IS BETTER.

Docks Have Caught Up, But Wet Weather Will Interfere.

The wet weather has not affected the marine situation to any great extent yet, but it is expected there will be a big bunch of boats at anchor in the harbor by the first of the week. The ore docks are pretty well caught up at present, but will be delayed again over Sunday.

The weather now predicts showers and a brisk northeast wind this afternoon and tomorrow. The wind blowing from the north will mean a hard day for the boats, but it is not heavy enough to bother the boats any.

Half a dozen lumber boats left the harbor late yesterday afternoon, but it is likely they reached the shelter of the Apostle Islands before the storm commenced.

## LARGEST IN CANADA.

Steamer Osler Launched at Canadian Shipyard on Niagara River.

Toronto, Sept. 12.—The Canadian shipbuilding company has launched the steamer E. B. Osler at its shipyard plant on the Niagara river. The vessel was christened by Mrs. William Matthei, and has the distinction of being the largest vessel ever constructed in Canada. It is also the first to be launched at the shipyard plant.

The Osler is 50 feet long, 49 ft on the keel, 26 feet 8 in. and 31 feet deep, and will carry 9,000 tons. It is building for the St. Lawrence and Saginaw Navigation company, and will be used in the grain trade between Port William and Buffalo.

## BOTH MASTERS GUILTY.

They Violated Pilot Rules Before Collision Last Saturday.

No decision was rendered yesterday by Inspectors Monaghan and Chalk, after the investigation of the recent collision of the tug Walton B., and the steamer Pionesta in tow of the Carleton. The decision will be rendered in a few days.

## MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successful than any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound has been the standby of American mothers in preparing for childbirth.

Notice—Dear Mrs. Pinkham: I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now.

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

No witnesses were called at the hearing as both masters pleaded guilty to violating rule No. 5 and also rule 2. Rule No. 6 prescribes that when a steamer is hearing a short blast of a whistle in a channel where an approaching vessel cannot be seen, her pilot shall give one long blast of the whistle which shall be answered by any pilot of any steamer within hearing and approaching sound or curve. The other rule states that nothing shall exonerate the pilot from the consequences of a failure or neglect of any precaution or signal.

The Walton B. towing a mud scow was about to pass through the bridge on board while the Pionesta in tow of the Carleton was coming down the river. The Walton B. attempted to pass across the bow of the big boat and was run down and so badly damaged that she sank near the Duluth, Missabe & Northern coast dock.

## USE EITHER CHANNEL.

Major Fitch Issues Notice Rescinding Order of July 22.

Vessel masters may now pass through which ever channel they wish at the Interstate bridge and are directed by Maj. Fitch to use their own discretion. This order from the engineer's office issued July 22, has been rescinded and the following notice sent out for the benefit of the captains:

"Notice to vessels passing through the Interstate bridge: 'Rescinding of previous notice. On account of the continued occupancy of the south opening of the wrecked draw span by the Red Wrecking company with scows and the steamer Mantissa, which take up more of the channel than was anticipated, the order issued by this office under date of July 22, 1907, requiring masters to take the right hand side of the bridge when passing through the bridge is hereby rescinded.

"Hereafter until further notice masters and pilots may use their discretion as to which opening to pass through, and are requested to take due care to avoid injury to the draw span now being rebuilt and to avoid meeting another vessel in the same opening."

GRAHAM D. FITCH, Major Corps of Engineers.

"Sept. 12, 1907."

Mataafa Was Aground. Cleveland, Sept. 12.—The steamer Mataafa aground with ore, went aground Sunday night in the Soo passage to continue the voyage and he was made mate.

What the next stop of the Winnebago will be is not known but it may be that she will continue her journey around the horn and up the Pacific coast without stopping again as this was the plan. Enough fuel has been taken on at Norfolk to hold out until San Francisco is sighted, but it is likely that the steamer will stop at some South American port for supplies.

The Winnebago has been purchased by the Pacific Coast Steamship company and will be used to carry lumber down the coast from Seattle to San Francisco. She was almost entirely rebuilt for ocean service before leaving this port last August.

Model Residence. Grand Marais, Mich., Sept. 12.—At a cost of approximately \$9,000 the government is to erect a model dwelling for Light House keeper Barkley at Grand Marais. The structure will be built of brick and will be ready for occupancy next summer. The quarters now occupied by the keeper will be used as an oil house.

Frontier Steamship Company. Cleveland, Sept. 12.—The Frontier Steamship company is the name of the company that has placed an order with the Great Lakes Shipbuilding company for two boats. The company was incorporated in New York and has a capital stock of \$500,000.

Besides Mr. Williams, who is manager of the Frontier Steamship company, are Charles Weston of Buffalo, N. Y.; C. E. Legrand of Detroit, Mich.; Norman D. Fish of North Tonawanda, N. Y.; and J. H. Smith of Buffalo, N. Y.

## NEWS OF THE NORTHWEST

ED FULTON  
CONFESSESCass Lake Boy Admits  
He Accidentally Killed  
Roy Gardner.He Shot His Companion  
While Fooling With  
His Weapon.

Cass Lake, Minn., Sept. 13.—(Special to The Herald.)—The mystery surrounding the killing of young Roy Gardner, who was found weltering in his blood in the Gardner road yard by his mother last Monday afternoon has been cleared up by the confession of Edward Fulton, his playmate, who after telling numerous stories admitted he did the killing accidentally.

According to the story told by young Fulton the boys had returned to the home and got his gun returning to the Gardner home. The boys intended to go over into the woods and do some shooting, but young Gardner wanted to tell his mother he was going and she not being at home the boys decided to wait on the porch until her arrival. As they waited the gun in his hands and not thinking it was loaded playfully pointed it at his companion and pulled the trigger. To his horror he saw his friend fall dead to the ground. Then he rushed home and when asked how it happened told different stories. He stated now that he was afraid to tell the truth for fear they might hang him.

Both boys are about 12 years old and were for a number of years constant companions. Hence the sad accident is a most heart-rending one.

The funeral of young Gardner was held at 2 p. m. this afternoon and was largely attended, the tragic manner in which he lost his life having attracted the sympathy of the community for his sorrowing parents.

## EDITOR HAS FREAK.

Akeley Quill Driver Boasts of a Five-Legged Cow.

Akeley, Minn., Sept. 13.—Postmaster Charles F. Scherer, editor of the Akeley Tribune, has sent his five-legged cow to the Hubbard county fair in a freight car. The cow was accompanied by her calf of 6 weeks old, which is perfectly formed. The cow's fifth leg protrudes from the back and the calf is perfectly formed. The cow's fifth leg protrudes from the back and the calf is perfectly formed. The cow's fifth leg protrudes from the back and the calf is perfectly formed.

YOUNG RICHTER  
AGAIN IN TOILSReformatory Youth, Who  
Jumped From Train,  
Caught at Staples.

St. Cloud, Minn., Sept. 13.—(Special to The Herald.)—John P. Richter, the 19-year-old boy who escaped from an officer on the Great Northern train, near here, last Sunday, after being captured in Winnipeg after a prior escape, has again been taken.

He was caught at Staples and taken to the reformatory at Rice, Minn. Young Richter was captured after a diligent search for four days by an officer. He escaped from the custody of the officers by jumping through the window of a moving train in this city.

The lad walked to Rice, where he caught a train for Staples. His pursuer went to Royton on the same day, believing that the young fellow had gone to his home, and it was there that he found out that Richter had gone straight through to the railroad town.

When captured Richter was looking for a position. He was confronted by the officer on one of the main streets. When he saw the officer he attempted to duck but was caught before he had half a chance.

It is probable that Richter will be transferred from the reformatory to this city in the near future. He has become unmanageable and will probably serve in the reformatory.

## INDIANS DIVORCED.

Couple of Chippewas Getting Civilized  
Customs Very Rapidly.

Benidji, Minn., Sept. 13.—(Special to The Herald.)—Marshall A. Spooner, judge of the Fifteenth judicial district, has granted an absolute divorce to Peter Benga from his wife, Elizabeth Benga, otherwise known as Mah-Koonce.

The decree of divorce is an unique one, in that both parties are full-blooded Chippewa Indians, and it is said that the proceedings are the first ever recorded among the Indian tribes of Minnesota. According to the decree, the plaintiff instituted proceedings for divorce from the defendant at Walker last April. Both are members of the Chippewa band of Leech Lake Indians.

Peter Benga is 40 years of age, while his wife is 40. They were married on the Leech Lake Chippewa reservation in Minnesota in 1882, and lived together until the defendant deserted the plaintiff in September, 1905. The marriage between plaintiff and defendant was in accordance with the customs and usages of the Chippewa tribe of Indians.

## HAD CLOSE CALL.

Roy Ingalls Trampled Upon by Young  
Calf and Badly Hurt.

Thief River Falls, Minn., Sept. 13.—(Special to The Herald.)—Roy Ingalls is recovering from a serious accident that befell him a few days ago and

came near costing him his life. He had been away from home on horseback and returned late in the evening. He rode up to the open stable door and hastily dismounted. The ground being slippery and the night dark, he, in some way, lost his footing and fell across the door sill, whereupon the horse, which was a partly broken colt, plunged into the stable over his prostrate form, striking him on the back of the head with its hoofs. He retained consciousness long enough to call help from the house, but after being placed in bed became delirious and for two days fears of his death were entertained. By Sunday, however, he had begun to improve and at present is almost well.

## DRAINAGE CONTRACT.

Thief River Falls Concern Agrees to Do  
Considerable Ditch Work.

Thief River Falls, Minn., Sept. 13.—(Special to The Herald.)—The firm of Arpin Brothers of Thief River Falls, secured a contract which will amount to \$30,000 for building state drainage ditches in the country north of here. The work to be done comprises the drainage ditches designated as 47 in Marshall county, and 48, 49 and 50 in Kittson county. The bidders for the work were Arpin Brothers, Peter Lofgren, John H. Kinsella, The Standard Drainage company, and Gottfried Erickson. Arpin Brothers were the lowest bidders on all of the work, and contracts were let to them at 14 cents a cubic yard for ditch 47, and 15 cents for ditches 48, 49 and 50. The entire work of excavation will consist of some 150,000 cubic yards.

IRONWOOD FIRES  
ARE SUSPICIOUSFrequency and Similarity  
Look Like Firebug's  
Work.

Crystal Falls, Minn., Sept. 13.—(Special to The Herald.)—Fires of mysterious origin having wiped out in the neighborhood of \$75,000 worth of property at Ironwood during the past few months, the suspicion has arisen that an incendiary is at work. It is a peculiar fact that all of these fires have started at about the same hour, and practically all in similar manner.

Aside from this, the blaze has in each case had its inception in a barn. There has been no outbreak of flames since the fire which recently destroyed the barn at the rear of the meat market of Anton Grewski, on Aurora street, together with a team of horses, and which damaged adjoining property, the total loss amounting to \$5,000, but there is fear the immunity may be only temporary, and as soon as relaxation from the special protective measures that have been adopted, a recurrence of the suspected incendiarianism will follow. Not the slightest clue to the identity of the firebug—if one is operating in the city—has been discovered.

HAS MANY CHILDREN. St. Paul, Minn., Sept. 13.—(Special to The Herald.)—Lieut. Gebhardt has granted Patrolman Charles Nagle a week's leave of absence in order to celebrate the arrival at the Nagle home of the seventh son, the fourth child. Patrolman Nagle is now the happy father of seven sons and seven daughters. He is stationed at Margaret street.

MINNESOTA IN BRIEF  
Benidji.—The grounds of the Beltrami County Agricultural association are being transformed into a veritable city by the management of the coming fair in their efforts to provide suitable buildings, stalls and stable equipment to handle the exhibitors, horses for the races, balloon ascensions.

St. Paul.—Harry Phillips, a 16-year-old messenger boy, who is accused of fleeing after he had received a \$20 bill from lodging house in the rear of the Hotel Wisconsin, was taken to Chicago and will be brought to St. Paul Friday morning. Phillips is a seaman, was sent out by the ship at the age of 14, but did not return.

LaSalle.—While at work in Greiner & Corning's brickyard, a bank of clay caved in, entombing Ernest Zambini and William Eteck. When they were rescued it was found that Zambini was seriously injured, suffering a broken collar bone, six broken ribs and a broken leg. Eteck escaped with a few bruises.

Preston.—Mike Clark, a laborer, of Harmon, was run over by a train near here, and the broken bones of his arm and leg were found today. He was 55 years old, unmarried. The head was cut off and the body was mutilated. He was seen in Preston Wednesday intoxicated.

Bank Center.—The Benton County State bank has decided to erect a handsome new bank building in this village this fall. The new building is the village this fall.

Wadena.—One of the oldest persons residing in Wadena passed away Wednesday in the person of Mrs. M. Beck. She died at the age of 92 years, and was a native of Germany.

St. Paul.—Gen. C. C. Andrews, state forestry warden, says the state forestry ward will ask the next congress to donate 100,000 acres of federal lands in Minnesota as a state forestry reserve. This acreage is located along the shores of Crooked lake and Lake La Croix.

Winnipeg.—Kassimer Radonski, a section man on the Milwaukee road, was almost instantly killed near the village of Dakota, some distance down the river, Wednesday. He was evidently run over by a train for his legs were cut off and he was frightfully torn below the waist, and one arm was also torn out.

Houghton.—Tuesday, next week, will be election day for the national convention delegates. The situation as reflected by the state press would seem to indicate that very little interest is shown anywhere in the state.

Saga.—Edward Smith, aged 44, a hunter and trapper, died while alone in his cabin a short distance from Saga. He was found by his body was lying on the floor near the stove. His head was bruised and hands blistered, and it is supposed that he had a stroke of apoplexy, and fell onto the stove.

Calumet.—Joseph Smith, who has been working in the insurance business in

## PENINSULA BRIEFS

Calumet.—If it is possible for President Angell of the University of Michigan to be in Calumet Nov. 15, the dedication of the new high school building will take place on that date.

Laurium.—Mary Downey, an aged resident of Laurium, who has lived for forty years in the Copper country, died last night. She was survived by two daughters, Mrs. William Flynn of Franklin and Mrs. Michael Shuman of Laurium. The funeral was held Friday morning at 9:30 at St. Patrick's church, Hancock.

Houghton.—Tuesday, next week, will be election day for the national convention delegates. The situation as reflected by the state press would seem to indicate that very little interest is shown anywhere in the state.

Saga.—Edward Smith, aged 44, a hunter and trapper, died while alone in his cabin a short distance from Saga. He was found by his body was lying on the floor near the stove. His head was bruised and hands blistered, and it is supposed that he had a stroke of apoplexy, and fell onto the stove.

Calumet.—Joseph Smith, who has been working in the insurance business in

## DAKOTAS IN BRIEF

Reno, N. D.—Hans Kantrud, a farmer, living about five miles southeast of this town, committed suicide by hanging. He was found by his body was lying on the floor near the stove. His head was bruised and hands blistered, and it is supposed that he had a stroke of apoplexy, and fell onto the stove.

Fargo, N. D.—A meeting of the board of directors of the Pioneer Life Insurance company, will be held Monday, Sept. 16, and the organization of the company will then be completed and the policy forms adopted. N. D.—Melbourne, Main, the

**Robing Flannel 39c**  
Heavy as mackinaw cloth—but velvety soft and smooth, is that double faced robing flannel on the Bargain Square.  
It's made in Germany—doesn't rough up like common kinds, ideal for bath and lounging robes, here only 39c a yard.

25c

THE YARD FOR APPLIQUES—REGULARLY UP TO \$4.50 YD.

A clean-up that will set the town a-talking—silk, chiffon and pongee effects in white and colored appliques that are marked to sell regularly at 50c to \$4.50 the yard—on sale Saturday at the next-to-nothing price of 25c the yard.

Dressmakers will surely find rich plums here—but be wise and be early!

## Don't Advertise Suits

THEY SELL ON SIGHT  
WITHOUT ADVERTISING.

"We are having about all we can do already—women seem to be simply flocking here for Suits—we need no newspaper advertising, for the women are advertising us so well that we're smashing all early season suit-selling records!" That's the word we get from the Suit Section.

That's the way—every woman who sees our Suit stock goes out as a missionary, telling her friends with an air that carries conviction with it, that we have positively surpassed all our past efforts in style-getting and value giving. And it's true!

But we cannot refrain from telling The Herald readers tonight—that if they buy a suit without first seeing our line, it will be their own fault—we bid you welcome to see the advance showing now in progress—the models now ready are correct examples of the season's best and brightest styles—and coupled with our famously reasonable prices, they merit your attention.

59c Pyro Blanks 35c

Tomorrow will be a great day for firebrand wood burners—they'll lay in a winter's supply of wood to burn—our offer of choice of all our 50c and 59c book racks, plaques, glove boxes and handkerchief boxes at 35c each.

Women's 12-Button Kid Gloves  
\$3.50—16-Butt. \$3.75 & \$4.00.

Superb gloves—the finest brought over the sea—in black and all the new shades of brown and tan—the correct styles for fall and winter wear—are ready.

We firmly believe that we have succeeded in getting the very best of gloves—and you yourself will approve of their quality—and appreciate their worth—nevertheless—our prices are \$3.50 for 12-button—and \$3.75 and \$4.00 for 16-button lengths.

Women's \$3.75 Centimeter Gloves \$3.25  
The world knows the worth of the Centimeter gloves.

Choose from pretty shades of tan, brown and gray—and remember—they're the genuine aristocratic Centimeter 16-button gloves at \$3.25 pair.

## The Sale of Sample Lunch Cloths

AUGMENTED BY SAMPLE TRAY, PLATTER  
AND CARVING CLOTHS FOR SATURDAY.

It will be two years this Fall since you have had such an opportunity—such savings are rare—but samples so fresh and clean as these are seldom found—and quite unlooked for at such savings as these:

39c

The week has been full of surprises—many of you know what bargains we are giving in lunch cloths—and now we add to the interest by a sale of sample tray, platter and carving cloths—and bureau and sideboard scarfs—as well as smaller squares for dillies and napkins.

They are figured or plain—all kinds of dainty patterns—in real satin damask—every one a snap—the lunch cloths are in 3-4, 4-4, 5-4 and 6-4 sizes.

\$4.50

Calumet and vicinity for years, has been appointed district manager for the Northwestern Mutual Life Insurance company in Calumet, and he has already assumed his new duties.

Hancock.—Burkell has been awarded a contract by Chassell township to build two miles of road on the Otter Lake highway, making three miles out of the five necessary to be repaired already contracted for.

Ferry, S. D.—The approach of winter was heralded here by the first snowstorm. The Black Hills has had this year while enough of the flakes fell to cover the ground to a depth of half an inch.

Grand Forks, N. D.—Adolph Peterson of Ojato had his right jaw broken and his face severely injured yesterday when an angle bar struck him. Peterson was engaged in moving a house with his brother. He was hurried to the Deaconess hospital in Grand Forks for receipt treatment.

Starkweather, N. D.—Levi Briggs brought in a load of what Wednesday from the first crop threshed on his farm

## HERE'S "THE" HAT FOR YOU!

Come tomorrow—an advance showing of Autumn Hats is of decided interest! See an assortment so vast and varied that you will probably find the one hat more becoming to you than any other.

Our milliners are enthusiastic as they can be—you should hear them exclaiming over the pretty styles—and the intelligent way they say "this hat would be ideal for Miss —" and "this one for Mrs. —" and so on as they see the hats and note the particular style of the various models—you see they study the customer's interest!

JUST ASK THEM TO SHOW YOU "THE" HAT WE'VE GOT FOR YOU.

## MALINE CACHOUX!

The fad of the Fall—pretty rosettes of Silk Maline for the neck—made to order while you wait at the vetting department—be first to introduce them here—they're feckingly smart—prices 25c.

BUY SCHOOL SHOES  
SATURDAY

For Boys

BULL CALF SHOES AT \$1.50.

A lace shoe that stands the hard knocks—made with heavy extended sole—low \$1.50 heel—it's the best \$1.50 value we know of—your money back if you can match it.

Tan Bluchers \$2.00

Everybody knows that tan leather outwears black leather—and we've been fortunate \$2.00 in buying some tan shoes in up-to-date styles with heavy extended soles—Blucher lace—very strongly made—we're selling them at \$2.00.

For Misses

MISSSES' AND CHILDREN'S SHOES AT 98c

One of our shoe bargain tables is filled with an assortment of misses', children's and boys' shoes on sale at 98c a pair. Various styles—98c about all sizes—vici kid or calf skin—choice of the lot at 98c a pair.

Dressy Kid Shoes \$1.50

Misses' Dongola kid shoes—with heavy extension soles and city heels—tips of shiny black patent leather—a dressy yet very durable shoe for school or general wear—only \$1.50 the pair.

## Drug Specials

SATURDAY.

25c Satin Skin Complexion Powder for 17c

15c for 25c box of Memmen's Talcum Powder.

The Very Best Brush—Ideal style, for 65c.

65c

SYRINGES

We are discontinuing several lines of Fountain Syringes—on sale in two lots.

75c—were \$1.09 to \$1.25

\$1.25—were \$1.75 to \$1.98

## 50c and 59c White Goods 33c yd.

20 PIECES 46-INCH SHEER BATISTE AND PERSIAN LAWN—SATURDAY 33c YD.

We will sell exactly an even twenty pieces of beautifully sheer White Batistes and Persian Lawns—superior quality selling regularly at 50c and 59c the yard and accounted Duluth's best values at that—you will want them later on—buy them now at 33c yard.

33c

For party dresses—they make most dainty, fluffy gowns for social festivities—and no other fabric among the sheer materials washes better or gives better service—but we are overstocked on these numbers and propose to cut it down by cutting the prices for Saturday only, to 33c the yard.

Those of you who are outfitting young ladies for boarding school and college will find this a fine opportunity to secure a dainty gown at a splendid saving.

33c

25c Box Hair Pins 19c

Pinely finished imitation tortoise shell amber and pearl hair pins in the most popular sizes—tomorrow 19c a box.

There are twelve medium size or six large size hair pins to a box—instead of 25c, only 19c a box Saturday only.

19c

5c

THE YD. FOR BRAIDS THAT WERE UP TO 50c YD.

A radical reduction in hundreds and hundreds of yards of pretty Dress Trimming Braids, in black, white and colors—regular prices ranged up to 50c yard—fine chance for getting trimmings for school dresses at the ridiculous price of 5c yard.

It's like giving them away—the price of 5c the yd. merely insures their proper distribution.

## Tempting School Suitings at 50c and 59c yd

Ours have more than the ordinary amount of style and give the greatest wear—you can pay as little as 25c a yard—and run on up at easy stages as high as you care to go—we show particularly strong lines at 50c and 59c a yard.

You'll be surprised that such neat patterns and pretty colorings, made in dependable cloth can be bought for so little.

ALL WOOL PEAU DE SOIE A NEW BLACK FAVORITE

A new weave for suitings and shirt waist dresses—crisp in touch, non-wrinkling—smooth finish—sure to tailor effectually—the new Fall shades and black.

It resembles very much the silk it is named after—excellent value at \$1.25 a yard.

You'll like the change this new checked black voile offers—it has all the good qualities of the plain cloth, only it has a shadow and a raised check in the very new—and sure to be a favorite.

It's French manufacture. See it for gowns or skirts—44-inches wide and \$1.50 a yard.

65c Bead Necklaces 35c

A single day bargain—for Saturday only—choice of our 50c and 65c bead necklaces in crystal, amber, garnet, amethyst—rose or light pink and light or dark red—Saturday only 35c.

35c

Broken Lines—Women's Underw'r at 1/2

There's not a great quantity of it—but there's a very good assortment for those smart enough to come early tomorrow—promptness will pay.

Broken lines and mused and soiled union suits and separate garments for women and children regardless of cost or value, on sale at exactly half the regular price.

Women's \$1.50 Union Suits 89c

We are discontinuing a line of women's winter union suits, which we sold at \$1.50 last year—they are a good medium weight—cream color—mixed wool and cotton—Saturday we'll close them out at 89c a suit.

There are all sizes in the lot today—but late folks may be disappointed in finding their sizes—so get yours early tomorrow.

## JUDGE TIES A DOUBLE KNOT

Although there was little to occupy the attention of the court yesterday afternoon, Judge Cutting was called into service in performing a double wedding, the parties interested being Miss Catherine Bowser of Douglas county, who became Mrs. William Randolph of International Falls, Minnesota, and Miss Anna Davidson, another young lady of Doug-

The young people are friends and the wedding was a double affair. Judge Cutting exercising his most gracious knowledge of the intricate art of knot tying in the performance of the ceremony.

Mr. Randolph, popularly known as "Big Bill" Randolph, was the first white settler of International Falls and has been a successful business man there for more than a half a century. He spent time and having been engaged in mining and the lumber business in an earlier day. Mr. Knox is a prosperous business man and will reside in the future.

## The Best Scouring Soap Made

**A Scouring Soap**  
**A Metal Polish**  
**A Glass Cleaner**

The speaker at the devotional service at the Young Women's Christian association, Sunday afternoon, will be Norman D. McLeod, secretary of the boys' department of the Y. M. C. A. The devotional services were resumed last Sunday afternoon after a several-day interruption because of the rains will be continued during the fall and winter. After the service, tea was served, and the members will remain at the rooms reading, writing, or attending an informal Bible class during the hour for the evening church services.

Large Class Received Into  
the L. O. T. M.

This afternoon at Macabee hall, at 224 West First street, a class initiation of the Ladies of the Macabees was held under the direction of the supreme commander, Mrs. Lillian M. Hollister. The exercises opened at 2 o'clock this afternoon, and seventy-five members were added to the role of the Duluth lodges of the Lady Macabees, which now number nearly 900 members. The Duluth lodges represented at the initiation were the Duluth No. 1, Pearl No. 4, Anna Stang live No. 61, West Duluth live No. 73, Zenith live No. 66 and the Golden Rod live of New Duluth.

The officers of the various lodges were in charge of the exercises and the floor work was performed by the members of the local lodge, under the leadership of Mrs. Lottie Hatley. A large audience was present in spite of the inclement weather.

The welcoming reception held yesterday afternoon at Macabee hall to the delegates was a very large and well attended and most interesting function. Mrs. Hollister, who is widely known as the organizer of women's work, is visiting Northern Minnesota at the invitation of the local lodge. Her presence in her honor was largely attended, a representation being present from every lodge in the state.

The hall was decorated in the colors of the order, red, white and black, and the delegates were warmly welcomed by Mrs. Hollister was spoken for by Mayor Cullen. A short talk on the subject of "The Woman's Idea" was given by A. E. McManus, and Sheriff William Bates spoke briefly for the guests of the afternoon.

The principal address of the afternoon was given by Mrs. Hollister. She spoke at length of the history of the order, its early struggles and the gratifying success which it has met. The order has 900 lodges with a membership of 160,000. Mrs. Hollister spoke in complimentary terms of the progress being made in lodge work in Duluth and Northern Minnesota.

A formal musical program was presented by Mrs. Mary Stubler and Mrs. F. W. Avery. Two readings by Mrs. Thomas Hancock were well received.

Mrs. Hollister left on the 5 o'clock Omaha for Detroit.

will follow at the home of the bride  
parents.

Mrs. C. L. Lewis of St. Paul was hostess at a launch party up the river yesterday on the Nellie A. and at luncheon at the Spirit Lake branch of the Boat club. The table decorations were in autumn leaves and the guests were:

Mesdames—  
W. D. Underhill, A. L. Agatin,  
C. A. Gregory, J. A. Keyes,  
William Burgess, C. E. Lovett.

Mr. and Mrs. L. W. Letthead were hosts at a dinner and cotillion last evening at the Country club. The guests were seated at six tables, of each of which an effective color scheme was arranged. The separate color arrangements that were followed were in red, green, white, purple and yellow. Flautists on the chestra played for the cotillion, and the figures were led by Gilbert Culler and W. L. McLennan. The affair was one of the most delightful of the season at the club.

### Informal Party.

Mr. and Mrs. John Klosky entertained last evening at their home, 93 East Sixth street, the affair being in honor of Mrs. Klosky's sister, Miss Gunvor Sherman, of Eau Claire. The guests were:

Mr. and Mrs. John Klosky entertained last evening at their home, 92 East Sixth street, the affair being in honor of Mrs. Klosky's sister, Miss Gunvor Sherman, of Eau Claire. The guests were:

Misses—  
Clara Olson of  
Eau Claire,  
Helen Dramer,  
Magda Sund,  
Dora Nelson,  
Agnes Nelson,  
Tena Magnusen.

Messrs—  
Jag Lewis of  
Superior,  
O. Olson,  
Oscar Nelson,  
A. C. Gates,  
Gunder Sherman,  
Lawrence Perry,  
Joseph Sund,  
August Coleman,  
Bert Davis.

**Events of Interest.**  
Mrs. R. N. Marble has invitation out for a bridge reception, Friday afternoon of next week, at her home 1012 East First street.

hostess at luncheon Tuesday of next week at the Country club.

Mrs. William Dalrymple and Mrs. D. R. McLennan were hostesses at a bridge reception this afternoon at the Kitchi Gammi club.

Miss Vogt, who has been the guest of Mr. and Mrs. Bert Fesler for several weeks, has returned to her home at Topeka.

Miss Juanita Williams is visiting a  
Cloquet for a few days.

John Monaghan of 424 East First street, has gone to Minneapolis, where he will continue his studies at the state university. Miss Leona Monaghan left yesterday for St. Cloud, where she will teach during the year.

Miss Bessie Watson of Burlington Ia., is the guest of Mr. and Mrs. E. F. Schrei of 5917 London road.

James Manley has returned to the state university to continue his studies. Thomas Manley will leave tomorrow for the East to attend school during the year.

Mrs. Paul Jensen and daughter Eva, of 425 Ninth avenue east, have returned from a visit at the Twin Cities and Red Wing.

Turnips by the peck.  
Carrots by the peck.  
Parsnips by the peck.  
Green peppers by the peck.  
Tomatoes by the peck  
Watermelons.  
Spring ducks.  
Spring chickens.  
Oysters.

When the vegetables are no longer green, when the turnips and carrots

and beets and such are to be purchased without tops, then even to the town grown vegetables never were present at the packing of vegetables away in root cellars, it is a sign that autumn has almost arrived. The roots are coming to market now in bushel baskets, and the tops were removed for the use of the stock and sent to town. There is a quantity of these wholesome filling vegetables that suggest heavy dinners of heat producing variety and a day of this sort does not make one shudder at the thoughts of a hot and mashed turnips and minced pie and buckwheat cake, but a few other of the known cold weather articles of consumption.

## WHERE TO GO TONIGHT.

Lyceum—Chauncey Olcott.  
Metropolitan—Burlesque.

### Another Packed House.

Chauncey Olcott will appear at the Lyceum three times more, tonight and twice on Saturday, in "O'Neill of Derry." Last evening the largest audience of the week witnessed the performance. It was larger than the others, because more standing room was used, and Mr. Olcott, in response to calls from the audience, sang "Day Dreams," "Eileen Ashore" and "Wild Irish Rose," between the third and fourth acts.

**For Illustrated Songs.**  
Bert Bohannon of the team of Bohannon and Corey, at the Metropolitan this week, was out all yesterday afternoon, and the day before, taking photographs of Duluth beauty spots. Bohannon and Corey are singers of illustrated songs, and they will utilize the Duluth pictures in a new song that has been written especial for them. They got some very good pictures of the aerial bridge, the harbor, the boats, the boulevard and Chester park.

Duluthians doing a large foreign correspondence may now send postage in the shape of a certificate to their friends and relatives across the sea or border if they desire to pay the cost of an answer. Notice to this effect has just been received at the local postoffice.

Heretofore, if any one writing to a friend or business house in a foreign country wished to insure a reply by

Under the new system a certificate may be purchased at postoffices in the country and enclosed in the letter and they will be honored at foreign postoffices. The person receiving the certificate will be given a foreign stamp.

For 6 cents a certificate may be purchased here, and when received in the foreign country will be good for a 5-cent stamp. Certificates for

Detailed Report of  
Violations.

City Attorney Foster has called for a detailed statement from the building inspector, setting forth the exact conditions found in his recent inspection of the Standard Oil company's warehouse on the bay front and it is understood that an action against the company may be started in the near future by the city.

**PAUL H. LUECK**  
Arrested on Charge of Non-Support of His Wife.

Paul H. Lueck was arrested this afternoon charged with non-support. He was arraigned in municipal court, and pleaded not guilty, his examination being set for next Friday afternoon. Complaint was made by John Strand, father of Mrs. Lueck, who charged that Lueck had moved the furniture out of his home and distributed the children among his wife's relatives. Mrs. Lueck is in the hospital, and is claimed to be dependent upon her relatives, as the marital refusal to pay the doctor bills. The Luecks live at 123 1/2 East Third street.

D. H. H., Sept. 13, 1907.

## School Days

are here again and the abrupt climatic changes with their chilly rains and whitecaps on the lake have made our Boys' Section a busy place, requiring overtime of our workers to get the new goods marked and placed as fast as they arrive. We are now fairly well ready to suit all comers, and Mr. Squier, our new department manager, invites the mothers of Duluth to a tour of inspection on our second floor.

## CASE SETTLED WITHOUT TRIAL

The damage case of Thomas Dichlich against the Adriatic Mining company, the trial of which was started before a jury in Judge Can't's room this morning, came to a sudden termination when the plaintiff moved for a dismissal. It is understood that the dismissal is based on a settlement effected between the parties out of court.

The damage case of Daniel Mallick against the Shenandoah Furnace company came on for trial in Judge Can't's room this morning, but was continued over the term. The jurors were excused until 2 o'clock this afternoon.

A jury in Judge Dibble's room is listening to the evidence in an action brought by Gust Cronberg and others to recover the price of some carpenter work done by them for the defendants. The case is being heard by a partnership of Atwell & Rock. Each of the defendants denies that he was any partnership, and each refuses to accept liability for the bill of goods.

## BIG BUBBLE IN A LURID BLAZE

"Bring a pail of water, my automobile is burning up," screamed a man at about 8 o'clock last evening, as he jumped up and down about a big red auto on Second street, near the Acme laundry. In a very short time twenty or more pails of water were brought by willing hands, and the big smoking machine deluged until the fire was extinguished.

The marvel is that an explosion of the gasoline tank did not occur, as the tank was evidently leaking, the pavement being covered with oil, which became ignited from a spark and the flames swept about the auto, threatening to consume it. Just how the blaze started is unknown, and the owner, as soon as he could adjust the machinery departed without leaving his name or address. It is probable that the oil ignited from the spark of the machine as the tank leaked, and the fire then spread to the pavement. There was considerable excitement for a time, and fears of an explosion kept the crowd, which soon gathered, at a distance.

**FAIL TO LOCATE RELATIVES.**  
Frank Kelly, Drowned in Bay, May be Interred Here.  
Careful inquiry in the hope of locating relatives of the late Frank Kelly, who was drowned in the bay at Dyck No. 4 the first of the week, has thus far failed and the body will probably be buried in this city.

## FALLS OF ST. LOUIS RIVER HAVE BEEN HARNESSSED

Power Now Being Generated at Plant at Thomson.

13,000 Horse Power Will be Transmitted to Sub-Station.

Shortly after 2 o'clock this afternoon General Manager Coleman of the Great Northern Power company, telephoning from the power station on the St. Louis river above Fond du Lac, stated that, barring accident, the power would be turned on to the sub-station at Fifteenth avenue west in about half an hour.

Tests of the great plant were made with success this morning, a current of 13,000 horse power being generated. It was promised to send this to the sub-station this afternoon, although the power company officials thought that the amount of power furnished would probably be something below that furnished in the morning test.

"We hope," said Mr. Coleman, "that when the plant begins to send the current to the sub-station that we will not be compelled to stop. This is a big undertaking and anybody who had had any knowledge or experience with such enterprises will understand that the start must necessarily be gradual. Barring unforeseen accidents, the power once turned on will be continuous."

Mr. Coleman could not say what would be done today with the power further than to furnish it to the sub-station. He said he did not know what arrangements the people who have contracted for power have made to take it.

**Traction Company Ready.**  
Officials of the street railway company stated this noon that the company was ready to take power from the Great Northern company at a moment's notice, that the connections have been made for some time past between the power wires and the sub-station. Just as soon as the power company is ready to turn the current generated by the St. Louis river, on to the street railway's system, the power now being generated at the Eleventh avenue west power house will be cut off, and the big engines there will remain silent, held in reserve, possibly, in case there should be some slight hitch in the service from the Great Northern Power company.

While the officials of the carbollite plant have no information to give on today relative to their plans, it is understood that they have been ready for weeks past to take the power as soon as it is furnished.

The greater power to be furnished the street railway company means the consummation of the plans of the management for increased and better car service. The change in routes on the various lines went into effect several days ago. At that time it was announced that just as soon as the power could be had from the Great Northern Power company the improvement in the car service would be more marked. With the increased power the company will be enabled to put out on its lines all of the fifteen new double track cars in the regular service, and have power enough to handle all the extra car service at the rush hours. The only handicap, if one exists, will be the lack of men to handle the cars, the company having had difficulty in recruiting its list, though the wages offered are the highest for that kind of work.

The starting up of the Great

## AUTO RIDE FOR Y. M. C. A. BOYS

Through the kindness of a number of automobile owners of the city, the members of the boys' department of the Y. M. C. A. will enjoy an automobile ride. Last May a similar outing was held, and it proved to be the most popular trip of the season. Tonight the party will leave the boys' building at 7:30 o'clock. The route will be down Second street to Fifth avenue west, out Superior street to Lakeside, then to Twentieth avenue west, and from there to the building, where the outing committee will serve refreshments. Saturday afternoon there will be a "hare and hound" chase. The crowd will meet at the building at 2:30 o'clock. The boys' master of the pack, the whippet-in, will be selected, and the party will take the car for Hunter's Park. The route will be across Hunter's Park to Lakeside, and the finish will be at Hunter's Park. The hares will get an 8-minute start, and will be required to scatter paper along the route for the trail.

De Witt's Carbolite Witch Hazel Salve is good for boils, burns, cuts and scalds. Sold by all druggists.  
Buy your trousers at the "Fitwell," \$3 to \$6.

## NEW FACES IN FACULTY

Several Changes in Instructors of Normal This Year.

Six of Last Year's Teachers Have Left School.

Several new faces will be seen among the faculty at the Duluth normal school this year.

Miss Helen E. Van Stone, music instructor, is a resident of Malta Bend, Mo., a graduate of Thomas' normal training school of Detroit. She was teacher for a time in Leadville, Colo., and for the past few years has been supervisor of music at Baraboo, Wis. Miss Gertrude Clayton, head of the art department, is a resident of Sandusky, Ohio. She is a graduate of the University of Chicago, has studied two years in the Chicago art institute, and has taught in grade schools of Sandusky.

Miss Elizabeth Deell, instructor of fifth and sixth training schools, is a graduate of the University of Minnesota, and was a teacher in Duluth schools. Miss Evelyn Richards Lyons, primary school instructor, is from New Oswego, a graduate of the state normal at Oswego, N. Y., and student and assistant in the school of education at the University of Chicago. Last year she was supervisor of primary grades in the model school of River Falls, Wis.

Miss Florence Pettengill is a graduate of the Oread school of domestic science at Vassar, and for the last few years has been principal of the domestic science department at the Superior normal. Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

TO MEET NEXT IN TOLEDO, O.

Time for G. A. R. Encampment to be Named by Committee.

Saratoga, N. Y., Sept. 13.—Charles G. Burton of Nevada, Mo., a former member of congress, was elected commander-in-chief of the Grand Army of the Republic, which is holding its forty-first annual encampment here. Other officers elected followed: Lewis C. Griffin of Troy, N. Y., senior vice commander; W. M. Scott of Atlanta, Ga., junior vice commander; Dr. Lane Lanyhill of Baltimore, surgeon general; Bishop Samuel Fallows, Chicago, chaplain general.

At the sound of a bugle, blown by Benjamin F. Simonds of Troy, N. Y., who sounded the alarm when the Merrimack was first sighted at Newport News, the annual camp fire was called to order last evening. The Women's Relief corps elected Mrs. Kate E. Jones of New York city, national president.

The Ladies of the G. A. R. elected as their national president Mrs. Clara L. Sawyer of South Portland, Me. As a result of the parade, two veterans died yesterday. They were: Edward J. Dyer, 74, of New York city, and John B. Griswold, 74, of New York city.

WILL PLAY FOOTBALL.

The Adams School Alumni Football team has organized for the season of 1907 and the boys expect to get right down to work in a few days. They have not yet selected a coach, but they have a number of men in sight and will secure one soon. The Adams boys had a strong team last year, when they won the championship of the Heart of the Lakes at their weight and they also defeated the Ashland city team, champions of Northern Wisconsin, at Iron River, by a score of 2 to 0. The boys already have a hard schedule for this year, as they are looking for more games and Manager R. S. Henderson, 1015 East Fourth street, is willing to receive communications from other teams.

DECISION TO ATTELL.

Champion Defeats Jimmy Walsh in Ten Round Bout.

Indianapolis, Sept. 12.—Abe Attell of Chicago, was given the decision over Jimmy Walsh of Chelsea, Mass., at the end of the tenth round here last night. With the exception of the fifth round, Attell had all the best of the contest, and had the bout gone another round, he would have knocked Walsh out. In the fifth Walsh landed several hard blows, and for a time had Attell on the go.

Diarrhoea

When you want a quick cure without any loss of time, and one that is followed by no bad results, use Chamberlain's Colic, Cholera and Diarrhoea Remedy.

It never fails and is pleasant to take. It is famous for its cures over a large part of the civilized world.

## SPORTS OF THE DAY

### SOX DROP FIRST GAME

Rogers Lets Barnstormers Down With Four Hits.

Virginia Bunches Hits and Wins by Score of 4 to 3.

Virginia, Minn., Sept. 13.—(Special to The Herald.)—Neddie Rogers, the former Houghton pitcher, set the barnstorming Duluth White Sox down with a thump yesterday. Manager Livingston's vaunted wanderers couldn't hit the floaters sent over by the bantam and they only gathered four hits off his delivery. One of those did telling damage and gave Duluth a look at a victory, though no more. With Bennett and Summers on base in the sixth inning, Al Cummings connected with one and sent it over the center field fence, scoring the only three runs for the barnstormers, the final score being 4 to 3. Al Cummings pitched pretty nice ball. The batters only got to him for six hits, but they were nicely bunched with errors and a couple of two runs in the third and two more in the sixth. Though the weather was cold, there was a large crowd out and the game was a good one. There wasn't a moment when the final result was a foregone conclusion and the game was replete with brilliant plays. In that respect, Lehigh started. He pulled down two line drives with his elevated hand and covered the shortstop position brilliantly throughout the game. R. H. E. Duluth.....0 0 0 0 3 0 0 3 4 3 Virginia.....4 2 0 0 2 0 0 0 4 1 Batters—Cummings and Robinson; Rogers and Kurke.

### CAREFUL OF GAME LAWS

Hunters Are Now Taking Precautions Against Slips.

Game Wardens Are Especially Vigilant During September.

Two onto the unlucky hunter who, while tramping the woods in chase of chicken or frequenting the shores of a lake in hope of bringing down a stray duck, should say a partridge or ruffed grouse and bring it to the earth with his trusty gun. For upon him will descend the heavy hand of the law.

Every deputy game warden in the state has been especially urged to keep his weather eye open for game law violators during the month of September. The month being in the open season for partridge and certain varieties of grouse and in the closed season for partridge, ruffed grouse, quail and pheasant, puts the hunter in rather a awkward position. If he should see a sudden movement in the woods, blaze away and bring down a partridge instead of a specimen of the same in season, he had best leave no partridge lie and vanish from the scene before a wily guardian of the birds of the air puts in an appearance and takes him in tow for violation of the laws.

Next month the hunters will be in their glory. The seasons for partridge and other varieties of birds will open the first of October, and the season for other species of bird and fowl being already open, he will be able to blaze at almost anything in the trees, with the assurance that he will not bring down game out of season.

On account of the vigilance of the game wardens and their natural sportsmanlike instincts, hunters are pretty careful during the month of September and take good precautions not to bring down anything but what the law allows. Most of them confine their attentions wholly to the duck ponds, preferring to leave the hunting of chicken and grouse to October, when they will also be able to go after partridge. The precaution is a wise one. September is a good month in which to hunt ducks and when partridge claim their attention, they will not be so much in the chase for their fowl.

Duluth sportsmen are taking full advantage of the good hunting weather of the early part of the season this year, and crowds go into the woods every day.

Constipation causes headache, nausea, dizziness, indigestion, heart palpitation, drastic physics and other ailments. Doan's Regula's act gently and cure the constipation. 25 cents. Ask your druggist.

### HEAVIES WILL GO ON THE MAT

Peterson and Danielson to Wrestle for Title.

NEW WORLD'S RECORD.

Kentucky Todd Sets Mark for Three-Year-Old Stallions.

Indianapolis, Sept. 13.—At the state fair here yesterday afternoon, Kentucky Todd, by Todd, owned by J. W. Johnson of Boston, established a new world's record for 3-year-old stallions, and won the feature event of the card, the Western Horsemen stakes, a purse of \$4,000 for stallions.

Kentucky Todd negotiated the mile in 2:00 in the second heat, a new world's record.

RECORD ON HEAVY TRACK.

Miss Crawford Takes Russell Handicap at Sheepshead.

Sheepshead Bay, N. Y., Sept. 13.—In a driving finish, Miss Crawford, 7 to 2, won the Russell handicap of a mile and a half on the turf yesterday afternoon, in 2:33, which is two-fifths of a second faster than the best previous time on the track. Nealon, an added starter, went to make the pace and set a fast clip. In the stretch Miss Crawford challenged, and coming strong, won by a head. Nealon was a second, a half length ahead of Beacon Light, the favorite.

Rosebery, the even money favorite, won the Flight stakes in the fast time of 1:25 3-5. The track was heavy.

FAVORITE IS WINNER.

Lillian R. Takes Chamber of Commerce at Syracuse.

Syracuse, N. Y., Sept. 13.—Lillian R., a strong favorite, won the Chamber of Commerce stakes for 2:00 trotters, worth \$3,000, at the Grand Circuit meet yesterday. Silko, got second money. The race for 2:15 pacers was won by Jack of Diamonds, in straight heats.

## S.S.S. CURES ECZEMA

The cause of Eczema is a too acid condition of the blood. The itching, burning eruptions are caused by the outpouring through the pores and glands of the skin, of the fiery poisons with which the circulation is loaded. This acid matter coming in contact with the delicate tissues and fibres with which the skin is so abundantly supplied causes irritation and inflammation and often excessive discomfort and annoyance. While external applications, such as salves, washes, lotions, etc., are soothing and cleansing they are in no wise curative, because they do not reach the blood where the trouble is located. You can never cure Eczema with outside treatment; the blood must be purified. S. S. S. is the best treatment for the disease. It goes down into the circulation, neutralizes the acids and humors with which the blood is infected, and makes the blood-cure and the blood-cure is healthy. Then instead of fiery, acid matter oozing out through the pores and glands, irritating the cuticle, the skin is nourished by a rich, cooling, healthy stream of blood. S. S. S. removes every trace of the disease, and when the cure is complete the skin is left smooth and free from any eruption. Book on Skin Diseases and any medical advice furnished free of charge to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Hansbrough Wants New Ship Named  
After North Dakota.

Grand Forks, N. D., Sept. 13.—(Special to The Herald.)—The report that President Roosevelt contemplates changing the name of the cruiser New York to Stratford, and the naming of a new battleship New York, has prompted Senator Hansbrough to write the president, protesting against such a course, and insisting that the new battleship shall be called North Dakota. The senator thinks that the claim of North Dakota to have the new battleship named after her should not be ignored.

## CLAIMS THE ACCOUNTS WERE VERY MUCH PADDED

County Says Municipalities Are Trying to Hold It Up.

Bills for Pauper Patients Contain Some Queer Items.

If the city of Duluth gets one-half of the total expenses of its health department from Jan. 1, 1906, to the present time, out of the county of St. Louis, it will have to do so through order of the court.

The city has, in common with some other municipalities in the county, put in a claim against the county for one-half the expenses of the health department for some time past. In the case of the city the county board has disallowed the bill, and in other instances the claims have been cut down materially.

The city's claim, filed with the county auditor, shows that the total expenses of the health department, from Jan. 1, 1906, to Aug. 13, 1907, were \$12,751.94, and the county has been asked to stand one-half, or \$6,375.97. The limited account made out by the city clerk shows that the claim embraces the salaries of health officials, inspectors, tuberculin tests, cat fares, salaries of milk inspectors, etc., in addition to the cost of taking care of contagious diseases.

**Misinterpreted Law.**  
The county authorities claim that the city officials have misinterpreted the law under which the claim is made against the city; that the law merely intends that the county shall pay one-half the cost of taking care of pauper contagious diseases, and nothing else.

When the city's bill was filed with the county auditor and the board it was referred to First Assistant County Attorney W. J. Stevenson, who has passed his opinion that it is not a legal one under the law governing the matter. Acting on this opinion the board turned down the claim.

Under chapter 29 of the revised laws of 1905, relating to public health, section 2157 tells what constitutes "necessary help," as construed under the statutes.

"Every local board of health shall employ, at the cost of the town, county or place in which it exists, when necessary all the medical and other help required for the prevention or suppression of epidemic diseases, or for carrying out within its jurisdiction the lawful regulations and directions of the state board of health, etc. But all persons whose duty it is to care for another infected with a communicable disease,

to isolate such person, or to fumigate or otherwise disinfect any article or place, shall be liable for the reasonable cost thereof to any one performing such duty, or to any county, town or municipality paying such cost."

As to the allowance and payment of expenses, section 2158 of the same chapter, says:

"All claims arising under Section 2157 against any town, village or city, if not paid by persons liable therefor, shall be presented to the town board or council for audit and allowance as in the case of other claims."

Upon the allowance of any such claim the amount thereof shall be paid and a certified statement shall be transmitted to the county auditor, embracing a copy of the claim as allowed, the date of such allowance, and showing for what purpose and to whom the claim of allowance was made. The auditor shall lay such statement before the county board at its next meeting following the receipt thereof. One-half the amount so allowed and paid shall be a claim against the county, and, if deemed just and reasonable by the board, the same shall be allowed."

The statutes provide that if the county board disallows the claim an appeal may be taken from its action to the district court.

**Has Padded Its Claim.**  
The county authorities claim that the city has padded its claim against the county by putting into its every expense of the health department for the past two years instead of adding strictly to the expenses which they say are a legal claim against the county. For that reason the whole bill was disallowed.

It is claimed that some of the items in the city's bill date back three months prior to the date at which the law above quoted went into effect. As the county board views the matter, however, the city of Duluth is not the only municipality or town that is attempting to get out of the county more than the county claims as the rightful share of the health expenses.

The village of Proctor put in a claim of \$48,332 against the county, as representing one-half the total expenses of the village in the care of contagious diseases. A peculiar feature about this bill is that one item of \$680 represented cash paid the city of Duluth for the care of six smallpox patients. As the county authorities figure it, they would be making a double payment, practically, if that item was allowed, as the smallpox cases are said to be included in the expense of the city of Duluth.

The Proctor claim was allowed at \$44,755 instead of \$48,332. The city of Ely turned in a claim of \$914.28 as representing one-half of the total expense of \$1,828.56, which the city claims to have had in the care of contagious diseases. This claim was allowed at \$482.

**Both Nurse and Patient.**  
In the Ely schedule of expenses there are only one or two interesting items. One of the charges was \$73.50 for the care of a man who had a contagious disease, and who required the services of a nurse. The itemized bill does not state whether the man was a pauper or not, but the city put this bill.

A few lines below the charge mentioned is another of \$91, in favor of the former sick man, for services rendered as a nurse, etc., at the isolation hospital, according to the statement the city of Ely paid \$73.50 for taking care of the fellow who was sick and then turned around and paid him \$91 for taking care of other patients instead of crediting his services on a bill, which, under that act, it is claimed the man should rightfully have paid himself, instead of being a charge on the city.

The county board does not propose to see the taxpayers stuck on any such propositions. It is probable that an appeal from the disallowance of its claim may be taken by the city of Duluth, but the county authorities insist that the city officials must stick to the letter of the law if they expect to get a draw on the county treasury.

tioned is another of \$91, in favor of the former sick man, for services rendered as a nurse, etc., at the isolation hospital, according to the statement the city of Ely paid \$73.50 for taking care of the fellow who was sick and then turned around and paid him \$91 for taking care of other patients instead of crediting his services on a bill, which, under that act, it is claimed the man should rightfully have paid himself, instead of being a charge on the city.

TWENTY-FIFTH YEAR.

SPECIAL MAIL EDITION FOR:

SUNDAY MORNING, SEPTEMBER 15, 1907.

(ON TRAINS, FIVE CENTS.) TWO CENTS.

**THE FORMER HUSBAND OF  
MRS. YERKES SENT TO JAIL  
FOR A DOUBLE ASSAULT****Wilson Mizner Locked Up  
For Thumping Two  
Men.****Afterwards Released by  
Court Under Bail  
of \$1,000.****Dispute Over Woman's  
Board Cause of the  
Trouble.**

New York, Sept. 14.—Charged with using a bootjack on Edward W. Knight, a salesman employed by J. C. McKnight & Co., real estate brokers, and his friend, Britton W. Hayden, Wilson Mizner, one-time husband of Mrs. Charles T. Yerkes, was locked up for two hours in the West Forty-seventh street station. At the end of that time Judge McKean of special sessions granted him his freedom on \$1,000 bail, provided by Mortimer H. Meyer, his partner in the management of the Hotel Rand, 12 West Forty-ninth street. Mizner's trouble arose over a woman who, under the name of Isabel Lindsay, had been in the hotel for two weeks. According to Mizner and Meyer the dispute was over the refusal of the latter to allow the woman's baggage to be removed without her being paid. According to Knight it was because Meyer had offended her.

That there was a fight was confessed by all, but it is denied by Mizner, who says he was only using his hands, and as for the woman, she was a friend of Knight's. "I hit Knight and I hit Hayden," said Mizner, "and knocked both of them out. But I didn't use anything but my fists. A woman who registered as Isabel Lindsay, two weeks ago, was a friend of Knight's. She decided to move, and Mr. Meyer, who was behind the desk, refused to allow her goods to be taken out till her bill of \$75 was settled. "Knight told him to send the bill to his office, and he would send a check. He said: 'We do not do business that way with persons we do not know.' Meyer took care of the other chap. I tried to be nice to the fellow Meyer had in hand, but when he called me names I slammed him."

**SWEDES TO EXPLORE.****Scientists Start on Geological Research Expedition to Magellan Straits.**

Stockholm, Sept. 14.—Dr. C. Skottsberg and two scientists of the Swedish Scientific academy, T. Haile and Perry Quersse, have started for Buenos Ayres, and they will go to the Falkland islands. During the summer they will engage in biological and geographical research there, and then go to the extreme southern parts of Patagonia, where a year will be passed in geological and ethnographical research. After doing some field work along Beagle channel and the Magellan straits in the spring of 1910, the expedition will return to Sweden.

**KINGSLEY MEDALS****Awarded to Americans for Research Into Tropical Diseases.**

Liverpool, Sept. 14.—The Mary Kingsley medal, instituted by the Liverpool School for the Study of Tropical Diseases, to commemorate Miss Mary Kingsley, the African traveler, has been awarded, among others to Dr. Charles Finlay, chief sanitary officer of Cuba, who originated the theory that yellow fever is carried by mosquitoes; to Col. W. C. Gorgas, United States army, who, as chief sanitary inspector at Havana, gave practical effect, in 1902, to the discovery of Dr. Finlay and the American commission in connection with the investigation of the cause of yellow fever, and succeeded in banishing the disease from Havana, and to Dr. Theobald Smith of Harvard, who discovered the kind of blood parasite in his investigations of the so-called Texas cattle fever. Col. Gorgas is now chief sanitary officer of the Panama canal zone.

**CONSCIENCE FUND TIGHT.****Veteran Changes Mind About Returning \$430, and Wants It Back.**

Washington, Sept. 14.—For the first time on record, a contributor to Uncle Sam's conscience fund has asked the government to refund his donation. A Civil war veteran in the Middle West received an allowance of \$40 arrears in his pension. Late last night the money was questioned, and the old soldier sent the entire amount to the treasury department for the conscience fund. However, that it has been established to the satisfaction of the veteran that he is entitled to the money, he is trying to get it back. As the question never has been raised before, the officials are in doubt, and an act of congress probably will be necessary to return the money.

**RICH GIRL  
WOULD DIE****Tries to Throw Herself  
Overboard From  
Steamer.****She Has an Insane  
Mania to Commit  
Suicide.**

New York, Sept. 14.—Outgoing passengers on the White Star liner Adriatic, and the crowds that lined the wharf were startled at the sight of a beautiful young woman struggling in the grasp of three men on the forward deck as the steamship backed out of her dock. Again and again the girl sank her teeth into the restraining arms of the men, shrieking in an effort to cast herself into the river. She was still fighting when the vessel straightened out in the current and began its voyage to Southampton. The young woman is Jessie Hyman, an English girl of 23, enormously wealthy, according to the White Star officials, and on her way back home after a fruitless attempt to cure her suicidal mania by treatment in America.

She was brought to this country last May and at first placed in Dr. Curtis's private sanitarium at Flushing, L. I. When she failed to improve there she was sent to Montreal, but, growing worse, it was decided to send her back to England.

She came to this city, attended by a steward, physician, maids and nurses. When she passed the most costly suite on the Adriatic was obtained.

**USED MAILS  
TO DEFRAUD****Women Charged With  
Fleeing Men Who  
Wanted to Marry.**

Lincoln, Neb., Sept. 14.—Mrs. Viola Lawrence and her mother, Mrs. Garret Mescherk were today given into the custody of an Ohio officer to be returned for trial on the charge of using the mails to defraud. Mrs. Lawrence was arrested in Lincoln yesterday upon the application of her husband, who married her in Ohio several months ago, after paying cash to secure the freedom of herself and mother from jail. He had become acquainted with her through an advertisement in the federal prison, where he had charged Mrs. Lawrence with defrauding men who wanted to marry through the mails.

**DES MOINES DOCTOR****Abandons Wife and Children for Love of Another.**

Des Moines, Iowa, Sept. 14.—Following in the footsteps of Prof. Herren and Dr. E. L. Loring, Dr. E. L. Stevens has put aside his wife and two children because, he says, his heart is another's. Dr. Stevens is the best known tuberculosis expert in Iowa, and is president of the Iowa Society for the Prevention of Tuberculosis. While the name of Dr. Stevens is kept secret, it is understood to be a pretty nurse. Stevens and his wife were married fifteen years ago. Recently while on a visit to Taylorville, Ill., with her two children, Dr. Stevens received a letter from a woman in Lincoln, Neb., who was his former wife. The letter told him that she could never live with her again. My heart is elsewhere," he wrote, and I could never live with a woman I don't love. Mrs. Stevens, who is his wife, is heartbroken.

Articles of separation have been sent to the wife, and the request that she sue for divorce, which she has refused thus far to do.

**YALE GETS \$150,000****From Mrs. James B. Oliver of Pittsburg for Memorial Lecture Hall.**

New Haven, Conn., Sept. 14.—Prof. R. H. Chittenden, director of the Sheffield Scientific School of Yale university, announced today a gift of \$150,000 from Mrs. James B. Oliver of Pittsburg, for the erection of a new recitation or lecture hall as a memorial to her son, Daniel Lee Oliver, formerly a student in the Sheffield Scientific school, class of '06, who died last June. The building will be devoted mainly to the work in English, economics and history, subjects in which young Oliver was especially interested, and will be called the Oliver Memorial hall.

**THE WATER SUPPLY  
DID NOT LAST LONG.**

Pottsville, Pa., Sept. 14.—The water supply furnished by the recent rains did not last more than twenty-four hours in the colliery section of Schuylkill county, and the railroad companies have again started to haul a supply for the colliery boilers. Long trains of oil tanks are being filled from the Tumbling Run dams. Coal operators predict that at the end of another week many of the collieries in the region will be forced to suspend because of the lack of water.

**SHARKS EAT  
STOWAWAY****Man Jumps Overboard  
and Meets a Shock-  
ing Death.****Had Been Deported and  
Sought to Escape by  
Swimming.**

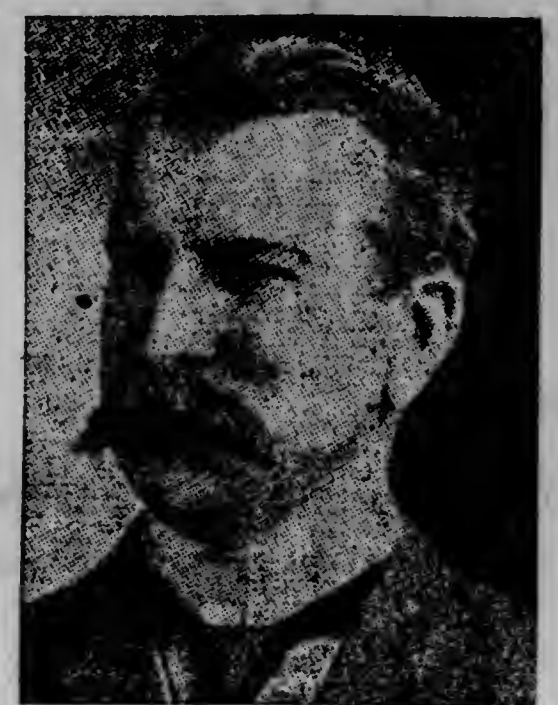

Philadelphia, Sept. 14.—The British steamship Annette, at this port from Kingston, Jamaica, brought news of the shocking death of William Brown, a stowaway, who had been debarred from landing on the last trip of the vessel to this port. Deported by the immigration officials here, he was on his way back to Kingston and was nearing the shore when he sought to escape by leaping overboard and swimming to the land. Hardly had his body struck the water when dark forms were seen rushing toward it below the surface, and in full sight of the horrified crew, a dozen sharks surrounded the helpless victim. He called loudly for help, but before assistance could be sent to him the big fish had attacked him and dragged him under the water, where he disappeared forever. Jamaica punishes stowaways by compelling them to work on the public highways three months, and it was to escape this punishment that Brown made a desperate effort to escape.

**WOULD HANG  
ALL GRAFTERS****Congressmen Lilley Says  
It is the Proper Pun-  
ishment for Them.**

Waterbury, Conn., Sept. 14.—Representative George L. Lilley, member of the house naval affairs committee, who has been criticized because of his outspoken attitude on Charleston harbor, has written an open letter in which he says:

"If I had the supreme law making power in this country, the only crime punishable with death would be that of grafting. Grafting would receive secondary consideration. 'Any man who sits as a member of committee on naval affairs and uses his efforts to obtain an appropriation for some tumble down navy yard in his district to the end that he may provide well paid jobs for his constituents, is a gaffer. Not a single dollar may touch his hands, but just the same he is a gaffer—grafter upon the United States government, which he is paid to serve, and sworn to serve.'"

NEVER BROKE A BONE.  
St. Paul, Sept. 14.—(Special to The Herald.)—Ambrose Schmidt, seventy years, of 2312 West Third street, fell twenty feet from the second story balcony of his home late Friday and escaped without breaking a bone.

**ALL TALK OF WAR  
IS PREPOSTEROUS****LUKE E. WRIGHT,  
Former Ambassador, Who Has Just  
Returned From Japan, Says That  
All Talk of War Is Nonsense.****ODD FELLOWS  
GRAND LODGE****Holds Its Eighty-Third  
Convention in St. Paul  
This Week.**

St. Paul, Sept. 14.—(Special to The Herald.)—The eighty-third convention of the sovereign grand lodge of the Independent Order of Odd Fellows will be held in St. Paul next week, beginning with services at the Peoples' church Sunday morning and continuing until Saturday, Sept. 21, when the final session of the sovereign grand lodge will be held at the old state capital. Business sessions of the grand lodge will be held each morning. According to the program, the afternoon sessions will be devoted to social affairs and sight-seeing. Degree teams will work at various lodge rooms in the evenings. Wednesday afternoon the big parade will take place. Thursday will be Minneapolis day. Thousands of visitors are expected from all parts of the country.

**SEVEN NEW CASES****Of Yellow Fever in Two Days Discovered at Cienfuegos.**

Washington, Sept. 14.—In a dispatch received at the war department today from Havana, Governor Magoon outlines the yellow fever situation in Cuba. The cablegram says there were four new cases discovered at Cienfuegos Thursday, and three yesterday. All are Spaniards except one American soldier, Private William Foster, of the Fifteenth cavalry. This case is believed to have been contracted in town and does not indicate an infection of the camp. The discovery of these cases is attributed to the increased efficiency of the medical department. There is also one new case at Alacranes and one at Nuevitas, both Spaniards.

**WON'T LAST ALWAYS****The Bears Have Been Having the Time of Their Lives Lately.****LIGHT ON  
ACCIDENT****Bridge Worker Gives Evi-  
dence in Quebec Dis-  
aster Hearing.****Noticed That Webs in  
Chord Were Slowly  
Giving Away.**

Quebec, Sept. 14.—D. B. Haley, president of the local Bridge Workers' union, and employed here since June last by the Phoenix Bridge company, gave evidence yesterday before the government commission, which throws some new light on the case. This witness was on the traveler when the bridge collapsed, and went down with it, being rescued by a boat from the opposite side. According to this witness, he and several had noticed defects in the bridge. One of these was in the chord, just outside of the cantilever arm, the first one outside of the main diagonal on the Quebec side. All 4 he four webs of the chord were giving away. The lacing was bent down in some places and up in others, while some showed signs of kinking. About four feet of the chord seemed in this condition. This examination was made on the eve of the accident.

**COUPLE WED IN  
A DIVING BELL****Novel Ceremony Per-  
formed in Huge Tank  
at Coney Island.**

New York, Sept. 14.—A wedding in bathing suits, fifteen feet below the surface of the water in a huge tank at the hippodrome, was the novel experience of George Fairman, aged 23, of Brooklyn, and Miss Bertha M. I. Cohl, aged 19, of Scranston, Pa. The bride and groom were accompanied by Rev. D. Hughes, pastor of the non-sectarian church at Coney Island, and several members of the Hippodrome company. Huddled under a big diving bell, the party slowly dropped to the bottom of the tank. The supply of fresh air which came from pipes was greatly diminished, but the ceremony was gone through with and the bell rose to the surface again.

PRICE OF COPPER REDUCED.  
New York, Sept. 14.—The United Metals Selling company announced today that it had reduced its price of electrolytic copper from 18 to 16 1/2 cents per pound. The company acts as the selling agents for the Amalgamated Copper company.

**OF GREAT IMPORTANCE  
WILL BE DECISION IN THE  
RATE CASE NOW PENDING****LIPTON'S  
NEW BOAT****Will be Designed Under  
New International  
Rules.****Fife Has Been Working  
on the Plans All  
Summer.**

Glasgow, Sept. 14.—William Fife, to whom the commission for designing Sir Thomas Lipton's new challenger for the America's cup, has provisionally been given, worked on plans and models nearly all the summer, but it was impossible for him to complete them, as no decision had been arrived at as to what rating rule would govern the contest. It is understood, however, that all Mr. Fife's experiments were in the direction of producing such a boat as would be built for racing under the new international rules now accepted by the yacht racing associations of all the European countries. It is believed that the challenge sent through the Royal Irish Yacht club stipulates this rule, or the rule favored by the New York Yacht club for its home racing, which gets the same results by different methods. It was at first proposed to build the challenger at the Fairlie yards, but this is now doubtful. Sir Thomas, in challenging through the Royal Irish Yacht club, desires to have his yacht more Irish than ever, and negotiations will be opened with a Belfast firm to build the Shamrock IV.

**COAL BARONS  
WILL NOT BID****On Fuel for Supplying  
Battleships for Pa-  
cific Trip.**

New York, Sept. 14.—The situation with regard to the proposals issued by the bureau of equipment of the navy department for supplying coal for the battleship fleet on its voyage to the Pacific, says the Journal of Commerce, has assumed rather interesting shape here by the statements of several agents of the larger coal mining concerns that they would not present bids. Their reasons are that they have not the necessary quantity of coal on hand, aside from the quantity demanded by private contracts already entered into. The companies claim that they have no reserve stocks on hand amounting to anything, and that the labor situation is such that they cannot increase their mining capacity. The coal, it was stated, can be obtained in England if it is necessary to go there, but the prices will undoubtedly be what might be classed as "fancy."

**HAS NO FEET,****But Man Claimed They Pained Him, and  
He Got Drunk.**

Minneapolis, Sept. 14.—(Special to The Herald.)—John E. Wentworth has no feet, but they hurt him just the same. He was before Judge Walte of Minneapolis, Thursday on a charge of being drunk.

He said that he had been suffering from pains in his missing feet and had taken whisky to ease the pain. He was fined \$1.

**NEW USE FOR ELECTRICITY.****Current May be Used Instead of Chloro-  
form for Operations.**

New York, Sept. 14.—Prof. Stipane Leduc, of the school of medicine at Nantes, has discovered a method of causing electric sleep, says a Paris dispatch to The Times. It is claimed that the discovery that it will replace chloroform and other anesthetics in all surgical operations. The discovery proceeded from study of the effects of intermittent currents and from the knowledge that the skull and brain offer but little resistance to the currents. For a human being a current of thirty-five volts is applied intermittently in its full strength for minute fractions of a second. Two electrodes are applied to the skull in a special manner, the points of application being first cured and shaved. Prof. Leduc made scores of experiments on dogs and on himself. All were successful. The application of the current on the head is not dangerous, and no ill-effects follow, even when the experiment lasts for hours.

**LIGHTNING KILLS BOY  
AND SPARES BROTHERS.**

Brainerd, Minn., Sept. 14.—(Special to The Herald.)—Clarence W. Holt, the 15-year-old son of Edward Holt, a farmer, residing at Pilot Lake, was killed by lightning Friday morning. He was in bed with two brothers, when the house was struck. One brother was slightly hurt, but the other was not injured.

**After Five Days' Argu-  
ment Hearing Goes  
Over to Monday.****Question of Federal or  
State Control to Be  
Decided.****Is of Much Interest to  
Every State in the  
Union.**

St. Paul, Sept. 14.—(Special to The Herald.)—Counsel and the court in the rate injunction suits before the federal court are resting today. With the agreed view that five days argument was enough for one week, adjournment was taken until Monday, when the controversy will be resumed with increased vigor. Senator Peterson will then be heard on matters of fact, R. A. Stone will take up questions of law and Attorney General Young will close on constitutional questions. The complaints still have another inning and they will drag the case close on to the end of next week. Mr. O'Brien will close his argument Monday morning. To date the hearing has occupied nine days, not to speak of three consumed when the matter came up on a motion to dismiss last June. To this will probably have to be added all of next week, which will make the hearing one of the longest probably ever had in the local federal court. And unless it be the merger case in which the state was the plaintiff, no suit has been of greater importance to Minnesota or carried with it more of general interest to the whole United States. Then there is the conclusion on which rests much. It is whether the state or the federal courts shall control the fixing of rates, and though a disputed question even in the minds of the lawyers, it carries with it such an effect on the future. Though starting out on the proposition of conflict with interstate regulations, which proposition was shattered by Judge Lechen in the statement that nothing of the kind had been shown, the state lawyers are trying to throw off the state yoke of "consistency." Ever since this one plea has been kept to the front. To overcome all this T. D. O'Brien, for the state, has been engaged in an exhaustive review and denial of the contentions raised by counsel for the stockholders and Monday he will continue the state's brilliant in its conviction and mastery in its presentation.

**OHIO DAY IS  
CELEBRATED****By the People of Rut-  
land, Mass., and  
Vicinity.**

Rutland, Mass., Sept. 14.—The movement of New England, which figured so prominently in the early settlement of the West and Ohio, particularly, will be commemorated in this town today by the celebration of "Ohio day." General Rufus Putnam and the band of New Englanders, who settled Marietta, Ohio, after the Revolutionary war, established the first permanent settlement in Ohio and the West, and opened the way for the extensive settlement of the vast Western reserve which followed. The feature of today's observances was a reproduction of the first departure of New England immigrants. President Carroll D. Wright of Clark university, and Prof. James K. Hosmer, two of the New Englanders, who have made their mark in the professional life of the West, spoke of the relations existing at the present time between New England and the West and a welcome to the returning settlers was extended by representatives of the Western society of Boston and the Ohio society of New York.

**RAILROAD STRIKE****Threatened in England for Recognition  
of Employes' Union.**

London, Sept. 14.—A general railroad strike is threatened in England as the result of the long struggle of the railway men's union with the British railway companies for the recognition of their organization. The decision of the executive committee of the union will be announced in Manchester, Sunday. It is understood that it gives the companies a week in which to officially recognize the treaty with the union and that a strike will follow a refusal.

**WOULD-BE WILLIAM  
TELL KILLS A MAN.**

Rio Janeiro, Sept. 14.—Juan Espinosa, an expert Chilean marksman, while attempting to shoot an apple from the head of a man at a circus here, missed and killed the apple bearer. The crowd at the exhibition made a rush for Espinosa, and he barely escaped lynching.

**The Peruna Tablets.**

Special Telegram.  
Columbus, Ohio, Sept. 14.—The interesting announcement is made to the drug trade and to the people generally, that Dr. Hartman and his assistants, after two years' experimentation, have succeeded in devising a Peruna Tablet. This tablet contains all the curative virtues of the liquid Peruna. Dr. Hartman will still continue to manufacture liquid Peruna as before. The Peruna Tablet is therefore not intended to supplant liquid Peruna, but is to be furnished the drug trade so that those who prefer to take Peruna in tablet form can have the privilege of doing so. The menstruum of the liquid Peruna has been replaced by hypophosphites and pepsin.

The Peruna Tablets will be of especial interest to hundreds of thousands of people who have used Peruna for many years. The fact that Peruna can now be used in tablet form will be especially gratifying to people who are subjected to constant exposure and catarrhal ailments, and who find it difficult if not impossible to carry with them the liquid Peruna. A package of the Peruna Tablets carried in the pocket by people whose business exposes them to climatic changes will be the means of saving a great many people from catarrhal troubles which are the bane of American civilization.

**WAS MENACE TO PASSERS-BY**

**Rope Cable Short Circuited the Trolley Wires.**

The attention of the police was called today to the fact that the contractors having the work of building the Freimuth store addition are following a practice, which is not only a menace to the men employed, but to the general public, according to Chief Trower, who investigated it.

It is stated that the workmen have rope cables strung across Lake avenue to the top of the building across which they have been carrying material, and when the recent rainstorm occurred, the cable swelled from wet and becoming taut, came in contact with the live electric wires overhead.

The wet rope made a good conductor, and the wires were burned off, dropping to the street below, where, had they happened to have been in contact with persons or animals, death might have resulted.

Shortly after the storm and the wire incident, the rope cable was removed, but it was reported to police today that the cable was again being strung across the street, and an officer at once ordered it removed. The contractors complied at once with the instructions of the department.

**HAWK THAT NEVER FAILS.**  
Hartford Courant.—A persistent hawk has taken more than a hundred chickens from the premises of Walter Wade in Bloomfield. The bird is of the pigeon species, swift of wing and seemingly sure of its prize every time.

The people about the house have endeavored to scare it away, but it invariably gets its prey. One it snatched on the upward flight all the small birds in the vicinity set screaming and endeavoring to force it to release its victim, but the hawk soon outstrips them and gets away with its tender morsel.

**NEWS FROM WEST DULUTH****WANT WIDER DRIVEWAY**

**Commercial Club Discusses Connection With the City.**

**A Communication is Received From Mayor Cullum.**

The demand for a good roadway between West Duluth and the main portion of the city was the subject of discussion at the meeting of the West Duluth Commercial Club. A communication from the mayor, relative to the proposed scheme for the extension of Superior street through the Point 1 Rocks or the extension and widening of Michigan street was received. Neither of those plans can be put in effect, however, for some years to come and the business men of West Duluth are anxious to have something done as soon as possible to connect the two portions of the city more completely.

As a result, a committee consisting of Messrs. Getchell, Ziegler, and Wollander was appointed to look into the possibility of widening the roadway on Grand avenue. Grand avenue is a wide thoroughfare, but it is not the best avenue of travel on account of the narrow roadway. When the avenue was first built up, the sidewalks were made very wide. Outside of them, there is a strip of sod and then the poles are put in. The proposition to do away with the grass plot, cut off a few feet from the sidewalks and move the poles off the roadway offers an excellent solution of the problem for the time being. Grand avenue is a good, level thoroughfare and with proper improvements it would serve as a connecting link between the main portion of the city and West Duluth at least for a time.

The improvement of Grand avenue is more important at the present time on account of the plan to pave four blocks between Fifty-fifth and Fifty-ninth avenues. The plan was presented last night, but the people interested in the pavement and the effort to have the roadway widened and it is planned to have the widening project extended to the entire avenue from the main part of the city west. The committee was also instructed to investigate plans for lowering the grade near the bridges, which need repair, so that the cost of rebuilding may be diminished.

The mayor's communication informed the members that, according to Engineer McGilvray's estimates, the cost of cutting off the roadway through the Point of Rocks would be approximately \$300,000 and for a sixty-foot road, approximately \$1,000,000. The extension and widening of Michigan street would cost about \$125,000. He said that the city would probably be able to do anything toward carrying out either plan for some time to come, but he urged the members to look into the necessity for the roadway in mind. The mayor also referred to the West Duluth bridges, which need repair, and put in repairs as soon as possible.

Alderman W. B. Getchell and David Sang, president of the board of public works, reported that the committee which had looked over the bridges between West Duluth and New Duluth, had found five bridges on Grand avenue, west of the car line, in need of repair. Mr. Getchell said the conference the bridges had had to hear the repair of the bridges and the work would be entirely completed by next spring. It was reported that the committee had expressed the belief that a passenger and freight car line between the city and West Duluth would be a great benefit to the crossing of the D. M. & N. railroad. It is a necessity and a committee consisting of P. H. Martin, J. J. Roy and Thomas Glavin, was appointed to bring the matter to the attention of the officials of that road.

J. A. Kennedy of Port Huron, Mich., Emil Menzer and Eugene Lewis of Duluth, and others, before the club and explained their project to establish a factory in West Duluth for the manufacture of cement brick from Lake Superior sand. They asked the assistance of the club in securing a site and getting a start and a committee consisting of E. J. Zault, C. F. Weaver and Louis Rasmussen was appointed to give them all the assistance possible.

**DON'T WANT POLES.**  
**Ramsey Street People Would Place Them in Alley.**

F. W. Joltz and other Ramsey street property owners are not yet altogether satisfied with the plans for the improvement of the thoroughfare and they are out today securing signatures to a petition to the Duluth Edison Electric company and the two telephone companies for the removal of the poles into the alley. Every property owner on Ramsey street and the portion of Oneota to be paved, who was interviewed this morning, signed the petition and it is expected it will go to the companies with the signature of everybody interested.

Mr. Joltz and other residents of Ramsey street have fought a good fight against the poles, but for some reason the matter was allowed to drop by the Commercial club and nobody else has taken it up, prior to this time. Now those interested are determined to keep right at it until they accomplish their object. They say the poles will spoil the entire effect of the pavement and they don't want them on the street.

**STOVES**

329-331 CENTRAL AVENUE.

stalled by the street railway company, as they will detract from the appearance of the street," said Mr. Joltz this morning, "but the crooked sidewalks must go, if there is any way of forcing them off the street. They are in the street in such number and in such a variety of length and thickness and color that the street will not be made to look any better than it does now, until they are set back in the alleys. We do not think the removal of the poles would injure the companies any, or impose any hardships on them when they are doing this job, may as well do it properly."

Mr. Joltz is backed up by the residents of the street and indignant citizens hope that their petition will be heeded by the companies.

**STREET CARS COLLIDE.**  
**Crews Become Confused and Cars Come Together.**

The inability of two street car crews to straighten out a simple situation resulted in a collision at the corner of Grand and Fifty-seventh avenues west last evening about 7 o'clock.

One Fifty-seventh avenue car was descending the hill, when the other reached the switch. The westbound car continued on the main track to allow the other to pass the switch. When a Seventy-first avenue car, bound west, crossed the switch also, the car descended the hill, passed the switch and continued on its way. The motorman of the Seventy-first avenue car backed past the switch, again and evidently thinking the other car was bound east, the conductor left his car, to turn the switch, run the Seventy-first avenue car west. The Seventy-seventh avenue allowed the other car to pass.

In the meantime, the other motorman was backing also, and when the Seventy-first avenue car stopped, the other collided with it. The front of the Seventy-first avenue car was smashed and nearly every window in the car broken. The rear lights and the vestibule of the other car were badly smashed. None of the passengers were injured.

**MANY HUNTERS.**  
**Ducks Having Strenuous Time Dodging Shot.**

The man who makes a trip up the St. Louis river tomorrow and does not come back with his hide full of birds, is lucky. For every boat will contain at least one hunter and from all along the shores the double-barreled shotguns will send out their killing shot.

Ducks are said to be fairly plentiful in the river, but more so than hunters. Every day since the season opened, West Duluth has sent out a party, and in nearly every case they have bagged a few of the waterfowl. An early morning is the favorite time, a start being made at 4 or 5 o'clock, returning early.

Tomorrow, many number of parties are planning on going up the river and the killing is expected to continue on the river down by a good deal.

**In West Duluth Churches.**  
At Asbury M. E. church, Sixteenth avenue west and Raleigh street, the Rev. Thomas Rice, pastor, will preach at both services Sunday. At the morning service at 10:30 o'clock, the subject will be "The Refinement of Christian Character," and at the night service at 7:45 o'clock, "A Reading of the Bible." Sunday school will meet at 11:45 a. m., and Epworth League at 7:00 p. m. Leader, Dr. H. W. Greeley.

At Holy Apostles' Episcopal church, Fifty-seventh avenue west and Elling street, Sunday school will meet at 10:30 and 7:30 o'clock. There will be evening prayer and sermon at 7:45 p. m., the subject of the evening being "The Father and the Son." Sunday school will meet at 12 and Christian Endeavor at 6:30.

At the Westminster Presbyterian church, Rev. W. J. Lowrie will speak at 10:30 and 7:30 o'clock. The subject in the morning will be "The Timely Warning," and the exposition of the Twenty-third psalm. Sunday school will meet at 12 and Christian Endeavor at 6:30.

At the Third Swedish Baptist church, Fifty-ninth avenue west and Ramsey street, morning service will be held at 11 o'clock and evening service at 7:45 o'clock. The pastor, Rev. Gleason Nylander, will be assisted at both services by Rev. Charles I. Peterson of Clay Center, Kan. Sunday school meets at 10:30 o'clock in the morning. There is the musical program for the evening service.

Organ prelude—"Adagio"....Beethoven Anthem—"The Prince of Peace"....Duncan Quartette—"Coming Home"....Lyon Male Quartette.

Offertory—"Kyrie From Twelfth Mass"....Mozart Anthem—"Scatter Sunshine"....Excel Choir.

Postlude....  
At Plymouth Congregational church tomorrow morning services will be at 10:30 o'clock. Rev. H. W. Johnson, the pastor, will preach on "God's Tools." Sunday school will meet at noon and there will be an evening service.

Rev. A. J. Hoag, the pastor, will preach both morning and evening tomorrow at the West Duluth Baptist church. In the morning, at 10:30 o'clock, his subject will be "A Study in the Realities," and in the evening at 7:45 o'clock, "Demonstrating God's will." Sunday school will meet at noon and E. Y. P. U. at 7 p. m.

At the Norwegian Lutheran Synod church, Fifty-seventh avenue west and Gosnell street, there will be evening services in the English language, conducted by Rev. E. Wulfsberg. Sunday school meet at 8:30 p. m.

**West Duluth Briefs.**  
Jens Daugaard has gone to St. Paul and Minneapolis to visit friends for a few days.  
Andrew Wilson and Hugh McDonald of New Duluth are in West Duluth today.

J. B. Frank of Norway, Mich., is visiting West Duluth friends for a few days.  
A large crowd heard Mme. von Pinkelstein Mounford at Westminster Presbyterian church last evening. Her subject was "Life in Jerusalem," and the lecture abounded with interesting and instructive facts.

Mrs. M. B. Miller of St. Paul is visiting friends in West Duluth for a few days.  
John J. Harvey and Frank Davis of Minneapolis are in West Duluth for a few days.  
Mrs. R. Harris and son, Walter, have returned to their home in Fargo, after visiting friends in West Duluth for about a week.

ter, have returned to their home in Fargo, after visiting friends in West Duluth for about a week.

Watch and jewelry repairing. Hurst, Mrs. George Brown of 322 Fifty-ninth avenue west left last evening for Saguay to visit her parents for a month.

Mrs. D. T. Johnson of 511 North Fifty-sixth avenue, west is entertaining her sister, Mrs. G. R. Moline, of Eau Claire, Wis.

**SEARCH FOR BROTHERS.**  
**Montreal Woman Has Not Heard From Them for Several Years.**

Mrs. Margaret Revitt of Montreal, Canada, is anxious to learn the whereabouts of two brothers, from whom she has not heard for three or four years. She wrote to friends in Duluth and they are now searching for the two men. The missing brothers are Joseph and Frank Patriand, aged about 35 and 45 respectively.

The two brothers formerly lived at Seaton and conducted a boarding house, but several years ago they moved away and their friends have not learned of their whereabouts. The address of the sister is 525 Notre Dame street west, Montreal, Canada.

**Happenings at the Duluth Business University**

105-7 WEST SUPERIOR STREET.  
The seventeenth annual opening of the college last Monday found the enrollment 40 per cent greater than at the previous year.

New day and night classes will be organized on Monday, Sept. 16. The college has a large number who could not begin at the opening.

The following young people have left the college to accept the following positions:

Peter Flimerty, stenographer and assistant bookkeeper for the Duluth Stove Repair Works.  
Lillian Kenny, bookkeeper for Kelly Furniture company.  
Annie Seaberg, bookkeeper for the Crescent Bakery company.  
William Drannen, stenographer for the Northern Pacific Railway company, Superior, Wis.  
Flora Flitt, stenographer for the Northern Shoe company.  
Mary Hanson, stenographer and bookkeeper for Detroit Lumber company, Detroit, Mich.  
Bessie Harsh, stenographer for the Howard Real Estate company.  
Clarence Turling, stenographer and bookkeeper for the Sun Building & Loan association.  
Herbert Deier, bookkeeper for Gibson Supply company.  
Mayne Knutson, stenographer for Duluth Commercial club.  
Nelle Smith, bookkeeper for Duluth Telephone company.  
Selma Wilson, bookkeeper for the Gate Supply company.  
Irene Moore, stenographer for Paine & Nixon company.

**DIRIGIBLE BALLOON MAKES MANY ASCENTS.**

Berlin, Sept. 14.—Maj. Parseval's dirigible balloon was virtually placed at the disposal of the public today at Tegel, near here, by the company which constructed it. In order that experimental voyages may be made to show the progress in the building of airships. About a dozen ascents were made successfully during the day. Each time the airship carried one passenger in addition to the aeronaut in charge and the engineers. Minister of War Von Eimern and other leading military officers, and ministers enjoyed voyages in the air during which every possible maneuver was carried out with precision. There was almost no wind blowing.

**New Day and Night Classes**  
Will be organized at the Duluth Business University on Monday, Sept. 16th.

**FALL SUITS and OVER-CATS**

Would appreciate very much to get your order for that Fall Suit or Overcoat, early.

Our establishment is also open evenings for busy people.

**Aug. Hagberg**

Who Makes Clothes for Cash Only and Saves You Money.

218 W. SUPERIOR STREET. Second Floor.

**FORGER AT WORK HERE**

**Clever Crook Succeeds in Passing Two Bogus Checks.**

**He Went at His Work in Systematic Manner.**

A clever forger is at work in Duluth and thus far the swindler has succeeded in keeping his identity a secret.

Last evening two checks signed with the name P. McDonnell, the well known contractor, were passed on business men, and proved to be forgeries.

One check, for \$25 was made payable to J. McLain and was cashed by John Gonska, who runs a saloon on Fourth street. This check was drawn on the American Exchange bank, was pronounced a forgery, and payment refused.

The other check was for \$10 and was made payable to the same "J. McLain" with the forged signature of P. McDonnell as maker. It was drawn on the City National bank and cashed by W. Thatcher. This was also pronounced a forgery when presented for payment.

To cover his deception and make the paper appear bona fide, the forger had written in the corner of one check, the following memorandum: "For work on Fourth street job." On the other check appeared the following: "For work fifty hours at 20 cents per hour, work on Fourth street."

Mr. McDonnell is in the habit of placing memoranda on the corner of his checks, stating for what the check is payable, and in this manner is able to keep a closer account on jobs and the payment for the same. The forger evidently knew of this custom of the contractor or had seen some of his checks. The notation in the corner of the checks drawn by the forger, however, in the two cases that they had been signed by the signature of Mr. McDonnell and the checks had every appearance of being good.

The police have been busily at work on the case since last evening, but thus far nothing has developed. The guilty party seems to have left no clew, and the police are at a loss to know where to look for him.

The forger has been busy at work on the case since last evening, but thus far nothing has developed. The guilty party seems to have left no clew, and the police are at a loss to know where to look for him.

The forger has been busy at work on the case since last evening, but thus far nothing has developed. The guilty party seems to have left no clew, and the police are at a loss to know where to look for him.

**GOVERNMENT APPEALS CASE.**  
**Objects to Paying Interest for Purchase Money For Lot.**

An appeal will be taken by the government against the decision of Judge Morris recently filed regarding the purchase of a lot which is to be part of a government site for the Duluth post office. The government objects to paying interest on the purchase money from the date of the board of appraisers report to the date of the sale of the lot. The government claims that it is unusual in such cases.

Another thing which the government objects to is ruling which makes it necessary for the money to be actually paid over to the owner of the lot before the title will be transferred.

The property referred to is the lot on the proposed site of the new postoffice on West First street and Fifth avenue. The board of appraisers was \$17,500.

**BETTY'S CHARMS**  
By Angelina W. May.

"Betty," said John Morton gravely, as he watched her pretty cousin twirling idly back and forth in the hammock, "I wish my friend, Elmer Fenley, could see you in such a mood."

Betty sat up straight and manifested a new interest in life.

"Why?" she demanded.

"Oh! because," and John sighed as if the topic was not attractive.

"Because what?"

"Why, nothing much. Only he says he is sure that love is a delusion, and his own ideal is so high that no girl could possibly come up to it. He says he doesn't know how she would look, for looks are of no consequence anyhow, but there are some things at which he does draw the line."

"What are they, pray?"

"One is," and John gave a tremendous yawn, "that she shall not have a pug nose."

"Oh! the occupant of the hammock tried to see the tip-up of her own small member. John chuckled silently over the success of his first shot."

"Well, what else?"

"Indeed!" sharply. "Anything more?"

"Well, it's funny, but he says he couldn't love—if there is such a thing as love—a girl who would allow herself to be called a nickname. For instance, he mentioned the quaint, stately name of Elizabeth, and said that he would never thing radically wrong with a person whose friends would persist in calling her Betty instead of her rightful cognomen."

Through half-closed eyes he surveyed the eyes of the girl. Betty's cheeks were flushed and she looked prettier than ever.

"You're the biggest rascal!" she said with indignation. "Why do you want to see me if he is so foolish?"

John smiled. "It would be such a good joke if he told you, with you, Betty. Betty is a right good fellow, if he wasn't so conceited. It would do him a world of good to be called a girl. You certainly have taking ways. If your nose does turn up and your hair is red, I'll bring him around after tea. Do you best for him, Betty."

"I shall hate him, I know. But you may

bring him," and Betty, sinking back among the cushions, spent the remainder of the hot afternoon in plotting against the stranger's peace of mind.

Fenley was a tall, thin young man, remarkable for the dignity of his manners and the gravity with which he regarded mankind. For women he had no leisure, regarding them as "dry trifles" changeable as the wind.

"Oh, by the way, Fenley, my cousin Betty and her little brother are visiting mother just now. I want you to meet the former. She's a lovely girl, I know."

"Betty?" Fenley lifted his eyebrows in mute deprecation. "I dislike the name, and I am not partial to jolly girls."

"I know, old fellow. But you'll like them. Everybody does. She's just splendid."

"I would only more on her little brother's opinion of that," was the quiet answer. "The small boy is apt to be a pretty good judge."

A few moments later Fenley was shaking hands with the young lady in question, conscious of a vague feeling of surprise and bewilderment. He saw a sweet merry face, from which a pair of dark eyes looked out frankly. He saw, too, that the soft, fluffy hair was red; prettiest shade to lean on.

The girl was an audacious mug, and yet, in spite of all these disadvantages, the girl was a dainty pretty, conscious of her own charms, and conscious, moreover, that Fenley, the dignified, Fenley, the cynical, was surveying her with something that certainly was not criticism.

He stayed an unconscionable time, and went home with his brain in a whirl. All his preconceived ideas had been shattered by a few glances from a girl's bright eyes.

"Her hair is red," said his judgment, coolly.

"It's awful pretty," replied fancy.

"And she has a pug nose."

"I like it, after all."

"But her name is Betty," urged judgment in triumph.

"A dear little name. It suits her. I do wonder what she thought of me."

It was wonderful how many grinds he made to his friend's house. Each time Betty's charms made a deeper impression upon him.

"Mort!" he said to his friend one day, "what does it mean when you dream of a certain person every night?"

"Mean, old fellow? Why, it means that you're in love."

Fenley meditated for a few moments. "You know more about such things than I do," he said, trying to look unconcerned. "That's why I asked you. There's a fellow, I know, who likes it, and I was thinking it was queer."

"Queer! I should think so, say, Elmer, who is that fellow? You'd better tell him the case is desperate."

But his companion had disappeared.

Six weeks later Fenley and Betty were walking homeward together at twilight. They had been out rowing, and the brisk breeze had loosened the girl's hair and made it still softer and fluffier. Her steel could have resisted no longer, and Fenley, who had long before acknowledged the reality of love, poured out his passion in burning words. Betty listened in silence.

"There are a great many objections," she said demurely when he had finished. "For instance, I have a pug nose."

"It isn't much of a pug," Fenley declared, adding hastily for veracity's sake, "Anyway, pug noses are the very nicest kind I think."

"And my hair is red," continued Betty, cruelly.

"It isn't real red. It's an awful pretty color," faltered poor Fenley, wondering

why he longed to kiss the soft curls.

"And my name, Elizabeth, what yet people will call me Betty, and there must be something wrong with a person like that," quoted the girl seriously. "It just suits you, dear," he murmured, yearning to look his absent friend's face. "I always thought he would be a doctor, to save my life." "In deep regret."

"And I thought he would be a doctor and know lots about medicine, so he could cure sick cats."

"Gracious!" Fenley shuddered at the mere sound of his tormentor. "There are several against you, too. You're not at all the kind of man I fancied I should marry. I always thought he would be a doctor and know lots about medicine, so he could cure sick cats."

"And then I was sure my husband would be generous and free-hearted, and would not bear to have cats. But the other way, I'm afraid you like to save money."

Fenley looked guilty. He felt a sense of depression as he bravely acknowledged his little faults. "I don't know, Fenley, Betty would never overlook so many disadvantages."

DULUTH EDISON ELECTRIC CO.,  
Both Phones 295. 216 W. Superior St.

"Duluth is the most civilized city of its size in the entire United States," said a commercial traveler the other evening, standing in front of the Lenox hotel and gazing eastward along Superior street. This complimentary remark was inspired by Superior street, brilliantly lighted, the Zenith City's Great White Way.

"I know of no city in the country, regardless of size, that has a street presenting a more metropolitan appearance at night than Superior street," continued the traveling man, whose duties carry him from ocean to ocean and from Canada to the Gulf of Mexico. "The thousands of electric lights present an inspiring spectacle, and are a great credit to Duluth. They give the stranger a remarkably good impression of the city, and are the best kind of an advertisement. They denote a progressive spirit and a stage of business activity that help explain the town's rapid growth and present advanced stage of development."

Any one spending a little time around the hotels can hear such expressions as these almost any night in the week. The brilliant electrical display along Superior street is one of the first things to attract the attention and comment of the newcomer. All are free in their expressions of surprise at the very metropolitan appearance of the thoroughfare after nightfall.

There is a city ordinance to the effect that all advertising signs overhanging the sidewalk shall be illuminated. The ordinance is observed in all parts of the city. Even if there were no such ordinance, the general effect would be much the same, for enterprising Duluth merchants have awakened to the value of illuminated signs, and are glad to put them up where they may be seen by all. An electrical sign always attracts the eye, and therefore it is a good advertisement.

Hundreds of them are in evidence along Superior street in the business district. From Sixth avenue west to Second avenue east almost every

building has its quota of illuminated signs. All are brilliantly lighted, and the resulting combination cannot fail to impress a person with the thought that Duluth's business men must be an unusually energetic and progressive set of individuals.

While the general effect is pleasing from any point along the street, the prettiest view may be had from East Superior street, in the residence district, where an elevation of the street gives a full view of the electric glare in the downtown district. The signs are of all sizes, and are placed at varying heights above the sidewalks. The lack of uniformity adds to the

charm of the scene, rather than detracts from it. It wasn't many years ago that the man who invested in an electric sign to adorn his place of business was looked upon as being ruthlessly extravagant. Brother merchants laughed at him. It wasn't long, however, before it began to be noticed that the amount of attention attracted by the display must have some advertising value, and other progressive merchants followed in the footsteps of the pioneer. Gradually the sign habit grew, until now almost all the Duluth merchants have it. Thus comes the "Great White Way."

Mexico, the increase of widows' pensions to \$12 a month, suitable memorial for the soldiers and sailors of the Union army who were in the South when the war began and did not join the Southern forces, and directing that widows of soldiers buried in National cemeteries may be buried beside their husbands.

Commander-in-Chief Burton's appointments include: Jere T. Dow, Kansas City; adjutant general; Charles Burrows, Rutherford, N. J., quartermaster general; Col. R. Stowitz, Buffalo, inspector general; L. W. Collins, Minneapolis, Minn., general advocate; J. G. Henry, Philadelphia, Pa., assistant adjutant general and customs records; J. Gorie Wines, Toledo, Ohio, senior aide-de-camp and chief of staff. Retiring Commander Brown was made chairman of the committee of pensions.

Miss C. Millie Leighton of Clinton, Mass., was elected president of the Daughters of Veterans today.

ASSIGN WORKERS.  
William A. Rice to Have Charge of Prohibition Work in This State.

Minneapolis, Minn., Sept. 14.—(Special to The Herald.)—William A. Rice of the University of Minnesota will have charge of the year's work of the Interstate Prohibition association in Minnesota, Iowa and Nebraska. The executive committee of the association, now in session in Minneapolis planning the campaign for the coming year, has assigned the workers.

D. Leigh Colvin, Columbia university, president; Harry S. Warner, Chicago university, general secretary, and traveling secretary William A. Rice of the University of Minnesota, and L. C. Brown of the University of Michigan, are attending. The meetings are being held in the local secretary's office in the Sykes block.

Aside from work in eighteen states in this country, the association has decided to join in the movement of associations in Europe where the study of the liquor traffic is being made.

## DUN'S WEEKLY TRADE REVIEW

### Retail Business Increases With the Opening of Fall Lines.

New York, Sept. 14.—R. G. Dun & Co.'s Weekly Review of Trade says: Retail trade increases at the leading cities as the vacation season closes, and the opening of the fall lines is attended with satisfactory results. As the staple crops are marketed there is a prompt improvement in mercantile collections throughout the agricultural districts, and the decline in prices was thereby helpful in stimulating export trade. There is still much conservatism in placing contracts for future business and decreased speculation is another factor that aids in restoring normal financial conditions.

Postponed business is coming more freely to the steel mills, and there is disposition to wait for favorable conditions. Structural steel shapes are constantly ordered, especially for bridge work and the railways seek all forms of supplies in larger quantities than was expected. There is still some disagreement regarding the price of steel rails under new specifications which call for a better quality. Bessemer iron is maintained by the small decrease in the output, several more furnaces being blown out for repairs last month. In the market for minor metals, the future was a further decline in copper stock as accumulating in the hands of producers, while many consumers waited for the fall of 15 cents. Primary markets for dry goods are seasonably quiet without any evidence of weakness. Manufacturers of cotton goods are in a strong position, having large orders on hand and prices are well maintained. Export trade is still stagnant and further reshipments have come from Europe. Contracts for men's wear wools appear slowly. Reports from worsted mills indicate full activity, but there is considerable idle machinery at wooden mills. Foot wear shipments are holding close to the highest movement ever recorded from Boston, but the winter season is not opening as well as most manufacturers anticipated. New business is small, many New England factories having only a few weeks' cutting ahead. The recent large sale of hemlock sold improved the market and there is no further support in the growing scarcity of heavy weights, which are held at fractionally higher prices. On the other hand, light stock

is neglected and accumulating and concessions may be necessary to move this variety. Some improvement is noted in the demand for hides, although last week's liberal sales supplied numerous buyers.

### MANY OPERATORS ARE GOING BACK TO WORK.

Cleveland, Sept. 14.—There was a decided break in the local telegraphers' strike yesterday when eight former striking operators, including the vice president of the local Telegraphers' union, returned to the Postal Telegraph & Cable company. Super Colins also said that the Postal company had within the last day or two been able to reopen several branch offices in the Cleveland division. The officials of the Western Union Telegraph company stated that they

### DON'T EXPERIMENT

You Will Make No Mistake If You Follow This Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Duluth. Follow the advice of a Duluth citizen and be cured yourself.

J. E. Watts, bricklayer, living at 911 Tenth avenue west, Duluth, Minn., says: "I have no reason to change the opinion of Doan's Kidney Pills which I expressed in a testimonial given in 1898. At that time it cured me of a bad attack of backache and lameness, which made me stoop and the pain was severe just over the kidneys and through the loins. Plasters and other remedies I used brought no relief. Doan's Kidney Pills were recommended to me so strongly that I decided to try them. I soon found that they were just the remedy for my case. In a few days the pain left me, and the cure has been permanent."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## WILL SURVIVE BAD TUMBLE

### John Gazley Falls Thirty Feet at Coal Docks.

As he was walking across some steel girders on a plank at the new Missabe coal docks, Twenty-seventh avenue west, last evening, John Gazley, an employee of the contractors, Barnett & Record, was suddenly precipitated to the ground below, a distance of about thirty feet and sustained serious but not fatal injuries.

The man's escape from death was almost a miracle. One of the timbers holding the temporary walk across the girders suddenly collapsed and Gazley pitched head foremost downward, turning in the air and striking partly on his side. His right jawbone was broken and body severely bruised. Fellow workmen picked him up unconscious and he was taken to St. Mary's hospital last evening, where he remained the greater portion of the night in a semi-conscious condition. He rallied this morning and regained his faculties. Harming complications it is expected that he will recover, as he is but 20 years old and in robust health.

### THE G. A. R. COMMANDER MAKES APPOINTMENTS.

Saratoga, N. Y., Sept. 14.—Veterans of the Grand Army of the Republic who have been attending the forty-first annual encampment of the organization concluded their business yesterday and adjourned till 1908. The encampment adopted the report of their committee on resolutions which recommended to congress the erection of a soldiers' hospital near the Gulf of

# THE THIRD TERM

By SAVOYARD.

(Copyrighted 1907, by E. W. Newman.)

On the fifteenth day of December, 1875, the house of representatives of the forty-fourth congress voted, 223 yeas, 13 nays, on the following resolution, offered by William M. Springer, then a member from the state of Illinois:

"Resolved, That in the opinion of this house, the precedent established by Washington and other presidents of the United States in retiring from the presidential office after their second term, has become, by universal concurrence, a part of our republican system of government, and that any departure from this time-honored custom would be unwise, unpatriotic and fraught with peril to our institutions."

No Democrat is recorded in the negative. Garfield, Hoar, Hale, Kasson and Kelley voted in the affirmative. Blaine and Cannon did not vote at all. The most distinguished names recorded in the negative were Jay Hubbell of Michigan and Page of California, reinforced by the colored members from the Southern states yet under the bayonet.

Gen. Grant was then president, but his administration was not successful or popular. Scandal attended its every step and corruption lurked in its recesses. It was the day of credit mobbing, of Sanborn, of Lee, of Stocking, of the whiskey and the Mulligan letters, of the Belknap impeachment. The active candidates for the succession were Blaine, Morton, Conkling and Brewster. Hayes was a receptive candidate. It was Blaine against the field, with Conkling the favorite of the colored members. Blaine would have been more than content with Morton. In some quarters it was feared that Blaine would get the nomination despite all opposition, and then it was that a third-term movement was set on foot. The Hayes regime was not only unpopular, but odious, due to the fraud and corruption of which it was the spawn. It took the bayonet out of the South and what of carpet-bagging that escaped the penitentiary fled from justice. Specie payments were resumed, and about that time the G. O. P. proclaimed the blasphemy that it was in partnership with Almighty God, and the American farmer who would have a good crop must vote the Republican ticket.

Not one intelligent man of a hundred, whatever his politics, supposed the Republican party had the slightest chance of electing their ticket in 1890. This belief was based on the expectation that the Democratic party had a little spark of sense left and would nominate Tilden and Hendricks. Then, in a fit of desperation, the elite, the old guard, the "Tenth Legion" of the Republican party, turned to Gen. Grant and set on foot a third term movement that was apparently irresistible. Conkling, Cameron, Logan and Carpenter were the leaders of it. The Democrats and the American farmer were behind them. Gossip said that many of the Southern Democratic leaders contemplated joining in the movement.

It failed by the narrowest accident. Grant got back from abroad two months too soon. The Republican convention drove a coach and four through the unit rule. Mart Carpenter was on his death bed. Edwin Washburn deserted Grant. There was treason in the New York and Pennsylvania delegations. Mr. chairman of the convention, was for everybody to beat Grant, for Grant's election meant Ben Butler's boss ship in Massachusetts. It was the greatest of our political conventions, with the possible exception of that at Charleston in 1860. Conkling could have had the nomination at any stage, and he would have been the nominee had he been made of the clay which Garfield was made. Sherman would have been the nominee if Blaine had not realized that Sherman was his own master. If Don Cameron, chairman of the national committee, had practiced the egotism Tom Reed practiced on the Fifty-first congress, Grant would have been nominated, and there was gossip for it that Cameron had complimented Winston on the day which Garfield was elected. Grant would have been nominated with a score of votes from the ranks of the 396 Grant would have been nominated.

Ben Blaine nominated Garfield, and Conkling elected him. Democrats, having accomplished the impossible and perpetrated the unpardonable in respect to the election over than Blaine kidnaped Garfield, and kept him in Oriental ward. The political destruction of Conkling was plotted and achieved. To do this the administration presented little Mahone's head to Ben Hill on a charger. The administration was going straight to destruction when the assassin's bullet did its awful work.

When the Republican national convention of 1890 adjourned it was supposed that this country would not again be agitated by the third term specter for a century, but in 1907 the most popular suggestion in American politics is a third term for Theodore Roosevelt, and if the Sixtieth congress should vote on the Springer resolution next December, it will be beaten overwhelmingly.

As in 1876 and 1880, there are numerous candidates for the Republican nomination in 1908—Taft, Knox, Cannon, Fairbanks, all active candidates. The respective include Foraker, Hughes, La Follette, Shaw, Cortelyou, Cummins, Root, and perhaps others; but if Roosevelt should give the wink, all competition would vanish. His would be the only name presented, and his nomination would be by acclamation. The chief concern of the convention would be to find out his wishes as to second place. That is the expected that is likely to happen. It is not a happy family, this G. O. P., notwithstanding its long string of successive victories. American politics is much more than two men—one old, one young, one Republican, one Democrat. Bryan and the other out-Roosevelts Roosevelt, and both succeed equally. Each says, "I will be the more versatile; Bryan is possible set a little digger." Roosevelt would put the octopus in jail; Bryan proposes that the octopus should get a national license to do business, with the stipulation that its rights and privileges should be canceled and its goods and chattels confiscated if it did more than two-thirds of the aggregate business in its line; Roosevelt proposes a national charter for the octopus, and Bryan answers that that is violative of states' rights though he favors the Beveridge child labor law, and Bryan answers that that is violative of states' rights, and the issue of ownership, which turns the republic into an empire, and the issue of reform, which is radical revolution of our governmental system.

These two men are the absolute masters of their respective parties. They wonder more than what makes a Democrat, and no wonder men marvel about what makes a Republican. There are no other American ever received. Though about the best administration of our history, the Hayes regime was not only unpopular, but odious, due to the fraud and corruption of which it was the spawn. It took the bayonet out of the South and what of carpet-bagging that escaped the penitentiary fled from justice. Specie payments were resumed, and about that time the G. O. P. proclaimed the blasphemy that it was in partnership with Almighty God, and the American farmer who would have a good crop must vote the Republican ticket.

Not one intelligent man of a hundred, whatever his politics, supposed the Republican party had the slightest chance of electing their ticket in 1890. This belief was based on the expectation that the Democratic party had a little spark of sense left and would nominate Tilden and Hendricks. Then, in a fit of desperation, the elite, the old guard, the "Tenth Legion" of the Republican party, turned to Gen. Grant and set on foot a third term movement that was apparently irresistible. Conkling, Cameron, Logan and Carpenter were the leaders of it. The Democrats and the American farmer were behind them. Gossip said that many of the Southern Democratic leaders contemplated joining in the movement.

It failed by the narrowest accident. Grant got back from abroad two months too soon. The Republican convention drove a coach and four through the unit rule. Mart Carpenter was on his death bed. Edwin Washburn deserted Grant. There was treason in the New York and Pennsylvania delegations. Mr. chairman of the convention, was for everybody to beat Grant, for Grant's election meant Ben Butler's boss ship in Massachusetts. It was the greatest of our political conventions, with the possible exception of that at Charleston in 1860. Conkling could have had the nomination at any stage, and he would have been the nominee had he been made of the clay which Garfield was made. Sherman would have been the nominee if Blaine had not realized that Sherman was his own master. If Don Cameron, chairman of the national committee, had practiced the egotism Tom Reed practiced on the Fifty-first congress, Grant would have been nominated, and there was gossip for it that Cameron had complimented Winston on the day which Garfield was elected. Grant would have been nominated with a score of votes from the ranks of the 396 Grant would have been nominated.

that conviction in the public mind. The hurrah crowd do not elect our presidents. The sober-thinking, sedate, sagacious, silent folk, make American presidents. That there is inveterate prejudice against a third term we all know, and there will never be a third term except as a choice of evils. Thousands of thoughtful men would like a third term president for the novelty of it—these are no laymen. Tens of thousands of thinking men look upon a third term with dread, and these are of the voters who make presidents.

Mr. Roosevelt is far into his second term. He has sailed with the current every moment. He is the most popular man of our history; but a third term would mean a walking of a tight rope, as high from the earth as the moon, for four years. It would be sending the pitcher to the well unnecessarily. John L. Sullivan can tell him about it. Humboldt went to Capau, Napoleon to Waterloo.

Why dare fortune with unnecessary and reckless audacity?

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven, however, that it is a constitutional disease and therefore it is taken internally in doses from ten drops to a teaspoonful, and acts directly on the blood and mucous surfaces of the system. In any case it fails to cure. Send for circulars and testimonials.

Sold by druggists, etc.

## NEWSPAPER WRECKED.

**Office of Joplin News-Herald Blown Up by Dynamite.**  
Joplin, Mo., Sept. 14.—Dynamite last night wrecked the press room, and composing room of the Joplin News-Herald, an afternoon Republican newspaper, which had been conducting a crusade against the city council and police department. The explosion occurred at 11 o'clock. Every window in the building, which is situated at Fourth and Joplin streets, in the heart of the business district, was broken, and the new Goss Perfecting press and four Linotype machines were destroyed. No one was injured, and no damage to the building was done. The explosion occurred beneath the press room, and the dynamite was placed in the building by the Joplin News-Herald. The explosion was caused by the dynamite being used by the Joplin News-Herald. The explosion was caused by the dynamite being used by the Joplin News-Herald.

**HUMANE SOCIETY**  
The Regular Annual meeting of the Duluth Humane society will be held at the City Hall, Wednesday evening, Sept. 18, at which time the officers will read their reports and the annual report of the directors elected for the ensuing year. A full attendance is desired.  
J. P. JOHNSON, Acting Secy.

## RAISULI MAKES GREATER DEMANDS ON THE BRITISH.

London, Sept. 14.—Raisuli, no longer asks for British or other protection in return for the release of Caid Sir Henry McLean, the Englishman who has been his prisoner since early in July, "tells" the London correspondent of the Telegraphs. The Tangier correspondent of the Daily News is more ambitious and is demanding that he be made governor of the hill tribes inhabiting the region of the Moroccan coast. Furthermore, he seeks compensation for a multitude of flocks and herds that his legions have been taken from him, and his relatives, insists that some of his former friends be put in chains and executed. Raisuli has been armed with machine guns and ammunition.

"Sir Henry McLean," the correspondent continues, "is now has his own text and servants."

## OFFICERS ELECTED BY THE UNITED TEAMSTERS.

Rochester, N. Y., Sept. 14.—The delegates to the annual convention of the United Teamsters of America are returning home today. The following is the result of the annual election:  
President, John Sheridan of Chicago, vice president, Charles J. Connelley of St. Louis; Val Hoffman, New York; John Maston, Rochester; George Prescott, New York; Thomas Martin, New York; Frank Ray, Chicago; Alfred Spencer, Chicago; general secretary-treasurer, Chicago; W. K. Ashton, New York.

## BRIEF TELEGRAMS.

The grand jury of Brewer county, Iowa, Friday returned indictments against fourteen physicians and one nurse for the state anti-trust law fees some time ago.

The order just issued by the war department assigning the Twenty-fourth infantry (colored) to Madison barracks is received with enthusiasm by residents of that section.

The convention of the International Machinists association decided Friday to assess each member one day's pay each year until \$17,000,000 is raised for defense. It expects that the plans will bring in \$200,000 yearly.

At a secret meeting at Mexico City, Friday, of the ministers of the Central American republics, Washington was decided upon as the place for the conference by which it is hoped to bring peace to Central America. Some ballots were cast for Mexico City, but wealthy Central American influence prevented the choice of that city.

Virginia Reed, the negro woman, who, according to Charles E. Lettice, the defaulting tax clerk, had received about \$20,000 out of the \$100,000 or more he stole, attempted to commit suicide by jumping into the bayou St. John. She was rescued.

# UNION LABOR NEWS

## MAY SECURE NEW TEMPLE

**Prospect of Establishing Labor Headquarters is Again Bright.**

**New Building on West Second Street Offered Organizations.**

Again there is a possibility of Duluth labor organizations establishing a general headquarters or labor temple in a single central hall, and this time the possibility seems to have a good chance of realization.

At the meeting of the trades assembly last evening at Kalamazoo hall, a communication was read from a well known real estate firm, announcing that a new building is to be erected on a good location on West Second street and if an agreement can be reached with the labor organizations the second floor, or the greater part of it, will be constructed for hall and reading room purposes.

The communication stated that if the organizations wished it the main hall could be made about 50 by 80 feet in size and there would be several small rooms for committee and reading chambers. The building, it is proposed, will be ready for occupancy about the first of the year.

Last spring, at the time the move was made from the old Labor World hall to the Kalamazoo block by the trades assembly and several other organizations, there was talk of a labor temple or headquarters, but at that time no suitable building for this purpose could be secured.

In case the trades assembly thinks the building would be suitable for a labor headquarters and if the other organizations can be induced to engage the new hall as a meeting place it is likely that this will be made the headquarters of the movement.

No report concerning the profits made by the Labor day committee at the big celebration was made last evening, and it is understood that the committee has not yet completed the collections from the advertisers in the Labor day program and there are also a number of other bills to be collected. A check for \$50 was handed to the assembly treasurer, C. W. F. Hegg, by a member of the Labor day committee, and the balance of the amount borrowed by the committee several months ago from the trades assembly.

A communication from the Brotherhood of Railway and Shipbuilding of Duluth was received at the meeting of the union for a visit of two representatives of the trades assembly at the next meeting of the union on Sept. 20. The assembly decided to send three representatives, and a committee composed of Delegates Shartel, Olmstead and Walsh was appointed.

After hearing a statement of the facts in the local strike from Richard Jones, secretary of the Commercial Telegraphers, and the delegate from that union to the assembly, the trades assembly voted to appropriate \$100 for the strikers in the struggle being waged by the telegraphers.

In his address Mr. Jones dwelt on the fact that the strike was practically over. He stated that in Duluth a total of twenty-eight men went out on strike and that these are still out every one.

## WE ADVOCATE TEMPERANCE

Over-indulgence in any good food is highly detrimental to the system. This is no more true of beer than of any other food. We assert, and our assertion is confirmed by good physicians everywhere, that a temperate use of

## FITZGER'S BEER

is very beneficial. The tonic properties of its malt and well cured hops build up the tissues wasted by nervous strain and its very small amount of alcohol (3 1/2 per cent) is an acknowledged aid to digestion.

Use it temperately in your home and you will be stronger in both body and mind.

Order a case today.

**Fitzger & Dunning Co.**

of them. Twelve of these have secured other work and all are bound to remain out permanently, if the strike is not settled.

Delegate Perrault who used to be known as the guardian of the assembly treasury, made the motion to appropriate the \$50 and there was not a dissenting vote when the question was put up to the assembly.

Delegate Baker, chairman of the committee which looks after the progress of the Society of Equity, reported that several officers of the society in Minnesota had been in the city this week for the purpose of taking the first steps toward establishing an exchange here.

Mr. Baker said that the sum of \$2,000 must first be subscribed in the venture great value of brotherly love and that the state officers were quite optimistic about the prospects and aims of organizing an exchange here soon.

J. T. Armstead, proprietor of a well known laundry house of Duluth, was introduced by Delegate Shartel as the speaker of the evening, and gave an intelligent and interesting address on the prospects and aims of organizing an exchange here soon.

Although not a member of union laque, Mr. Armstead had been asked to speak at the assembly meeting in order that the views of an outsider might be made known to the members. Nine years ago Mr. Armstead and organized labor in Duluth, were bitter enemies, but the feeling between them seems to be better now.

Mr. Armstead said that he is in sympathy with the labor movement generally, but does not believe in the use of the methods of organized labor in making the fight for advancement. He declared he did not believe in the "closed shop," but thinks that all should take note of what has already been done for the betterment of the workmen and should compare the conditions at present with those which existed half a century ago. In concluding he reminded the members of the fact that they should have much from this.

Mr. Armstead was given a vote of thanks by the assembly when he had taken his seat.

Credentialed were presented by four new delegates last evening and they were obligated. The new members of the assembly are as follows: J. T. Gilliland, stationary engineer; T. R. Woster, plumber; W. H. Cooper, typographer; and George Kirk, freight handler.

## ORGANIZES COAL DOCKMEN.

**Charter Has Been Applied for by New Unionists.**

J. G. O'Neill, vice president of the International Longshoremen, organized the coal dock workers of the Head of the Lakes at a meeting held Tuesday evening at Kalamazoo hall. President Hunt and Secretary Peters of the trades assembly addressed the meeting. About 100 coal dock workers were present at the meeting, and a charter has been applied for. The union was organized by J. G. O'Neill, who is the strongest in Duluth in the movement.

Mr. O'Neill has announced that the meeting of the new union, to be held tomorrow, will be called at Columbia hall, in the West end, at 2 o'clock. Large attendance is expected to be present.

**Returners From Hibernia.**  
After having been at work for the past few weeks on the range at Hibernia, George M. Davis of the Carpenters' union returned to the city this week. He reports that everything at Hibernia is quiet, although the strikers are holding out very well.

**Telegraphers Give Party.**  
A dancing party was given Wednesday evening of this week at the pavilion as Lector Park by the members of the Commercial Telegraphers' union. L. P. Sullivan, Richard Jones and E. A. McConville composed the committee which had the affair in charge. A large number attended the party, and the report is that everyone had a good time.

**Headquarters in Minneapolis.**  
Frank Fisher, district president of the National Electrical Workers, has opened headquarters at the National hotel, in Minneapolis, and intends to do some active organization work. He is now being about the poor organization of the electrical workers of the Twin Cities, whose union went to pieces some time ago, and later expected to organize the cigarmakers there.

**Vice President Logue Active.**  
James Logue, vice president of the State Federation of Labor, and a prominent member of the Cigarmakers' union of Fairbault, Minn., reports to Secretary McEwen of the federation, that he has successfully organized a new union of cigarmakers at Owatonna, and is also the organizer of the Painters' union at Fairbault.

**Sang Olcott's Song.**  
Just as the high school clock struck the midnight hour last night, the sweet strains of "My Wild Irish Rose" were

## HUGHES BOBS UP AS FIRST RIVAL

**New Yorker Shows Great Strength as Second Choice.**  
Chicago, Sept. 14.—During the middle of the summer the Chicago Tribune began collecting reliable statistics from Republican leaders all over the United States in regard to their probable choice for president next year. Aug. 13 there was published in tabulated form a recapitulation of the ballot in the West. The results of the ballot have been coming in daily and it is a remarkable fact that practically the same condition of public sentiment is indicated in North, South, East and West.

Taking New England as a whole, the canvass suited the findings reached in the central West, and a remarkable degree of agreement is indicated in North, South, East and West. ## FINAL PAYMENT.

**Butte-Ballaklava Company Early in Settling Property.**  
The Butte-Ballaklava Copper company yesterday made the final payment of \$215,000 for its property at Butte, Mont., and a warranty deed was filed for record. The final payment really does not fall due for a year, but the directors decided that, as long as they had the money on hand, they might as well settle the whole affair at once.

The company is now averaging three feet a day in the large, and is sinking at the rate of three feet a day. It is expected that commercial ore will be struck within sixty days.

## TOO MUCH DYNAMITE.

**It Wrecked the Bank Building, But Did Not Shatter the Safe.**  
Farmington, N. D., Sept. 14.—(Special to The Herald.)—The yegmen who tried to wreck the Dakota Farmers' bank here Thursday night were evidently amateurs in the art of using dynamite as a safe opener, and it did not accomplish its purpose.

It almost wrecked the building, but had no effect on the safe, and the noise of the explosion was so loud that it aroused the town and frightened the robbers away.

# NEWS OF THE NORTHWEST

## MINNESOTA

### JUDGE ACTS AT BEMIDJI

Several Minor Cases Are Disposed of by Judge Spooner.

### Parties Awaiting Action of Grand Jury Allowed to Plead.

Bemidji, Minn., Sept. 14.—(Special to The Herald.)—During the week Judge M. A. Spooner in chambers, disposed of a number of cases and pronounced sentences on guilty parties.

John Johnson, who stole a quantity of liquor from a freight car in the Great Northern yards, was arrested in North Dakota and brought to this city to await the action of the grand jury, was allowed to plead guilty to petit larceny. Judge Spooner sentenced Johnson to be imprisoned in the county jail for sixty days.

Hugh McDonald and Richard Collins, who recently robbed a mail here, pleaded guilty to petit larceny in the second degree, and were each given a ninety-day sentence.

Sarah Harwood was granted a divorce from her husband, Harrie Harwood, on the grounds of cruel and inhuman treatment.

Zoe L. Cochran was given a decree of absolute divorce from her husband, H. Cochran, on the grounds of alleged cruel and inhuman treatment.

In the case of A. J. Herber against the M. & I. railroad, the company, by not appearing in the case, being in default. The railroad company two years ago killed one horse and severely injured another, both of which belonged to Herber.

### UNLUCKY FRIDAY.

It Brought a Bolt of Lightning Into Cloquet Man's House.

Cloquet, Minn., Sept. 14.—(Special to The Herald.)—The home of F. P. McKay on Twelfth street and Carlton avenue, was struck by lightning Friday morning about 9 o'clock. A part of the house was badly damaged. Mrs. McKay, who was in that part of the house at the time of the accident, was knocked unconscious by the shock, but regained consciousness a few minutes later.

### DAIRYMEN TO MEET.

Annual Gathering to be Held in Crookston Early in November.

Crookston, Minn., Sept. 14.—(Special to The Herald.)—Preparations are now being made for the annual meeting of the Red River Valley Dairymen's association, which will be held in this city Nov. 6 and 7. L. Street of the Farmers' Institute at Fairmount and J. R. Morley of Owatonna, secretary of the association, are among the prominent men who have been secured to speak at the meeting.

### LAND GOING UP.

Farmers Around Roosevelt Embarking in Dairying Business.

Crookston, Minn., Sept. 14.—(Special to The Herald.)—Attorney E. D. Clough has returned from Roosevelt, where he has been for several days looking after business interests. He states that land in that vicinity is worth more today than it ever was in the history of that section of the country, and the farmers are all going into the dairying business. They are finding that the country is specially adapted for dairying and state that land, while exceptionally high, will never be any cheaper, but will constantly increase in price.

### MINNESOTA IN BRIEF

East Grand Forks—Fire, believed to have been of incendiary origin, yesterday destroyed the residence of Miss J. McCullum, and damaged the residence of Ole Lukkason. The loss on the McCullum property is \$8,000, and on the Lukkason residence, \$1,000. There was insurance of \$2,000 on the McCullum residence, and \$2,000 on the Lukkason residence.

Grand Marais—School opened Monday, with Levi Isherwood as principal and teacher of the seventh, eighth, ninth and tenth grades. Miss Nell Kline, Miss Maud Small and Mrs. Isherwood teaching the other grades. Miss McGowan, who was engaged to teach, has not arrived. Mrs. Isherwood simply substituting until a regular teacher is secured.

Lamberton—Rev. P. Schlumers, pastor of St. Joseph's Catholic church of this city, is the exclusive heir to the estate of his uncle, Gen. Von Thullen, who died three months ago at Kyll, Germany. The estate is valued at about \$50,000.

Stewartville—Carroll, the owner of the First National bank received a telegram of the nature at Newport, R. I., of Peter Polin, who, three months ago, forged the name of his employer, Ben Engle, to a check for \$200 and successfully passed it upon the First National bank.

Lake City—A stranger giving his name as Pat Noon, and his residence as Toledo, Ohio, threw himself under the wheels of the attempted suicide. He was badly hurt. Despondency over his unsuccessful attempt to stop drinking is the cause of the attempted suicide.

St. Paul—Insurance Commissioner John A. Hartigan has left for St. Paul, where an examination of the United States Fidelity & Guaranty company is being conducted. The examination is under the supervision of the insurance departments of Minnesota, Maryland and Virginia.

## WISCONSIN

### DYNAMITE IN GRAIN.

Several Persons Injured and a Threshing Machine Wrecked.

Chippewa Falls, Wis., Sept. 14.—An explosion of dynamite injured five men and wrecked a threshing machine Friday on the farm of Peter Peterson, near here. Investigation developed the fact that sticks of dynamite had been placed in several bundles of grain. The miscreant has not been located.

### COL. WING'S SISTER IS HIS PRINCIPAL HEIR.

Washburn, Wis., Sept. 14.—(Special to The Herald.)—The will of the late Col. Isaac Wing of Bayfield was read yesterday afternoon. The will was executed in New York May 19, 1900, and disposes of between \$50,000 and \$100,000, consisting largely of stock in the Chicago & Alton railroad, coal and farming lands, mining property in Utah and cash in different banks. The executors are Charles E. Rittenhouse of Jamestown, N. D., W. T. Shaw of Ashland, Wis., and Amos E. Jefferson of Hudson, Wis. The bulk of the estate is left to his sister, Mrs. Alphonse T. Benjamin of Oakland, Me. About \$125,000 is divided among nineteen other relatives. There was one codicil to the will executed in May, 1901, adding \$10,000 to the amount previously willed to Henry Perkins of Oakland, Me., a nephew.

It was expected that following his well known policy during life Col. Wing would have left a large sum to charity, but this seems not to have been the case. He died about three weeks ago and in accordance with his wish, his body was cremated in St. Paul, and the ashes are at present in a safety deposit vault in that city.

### WAS ROTTEN EGGED.

Surging, Wis., Sept. 14.—A. H. Zechel of Appleton, the state Anti-Saloon league leader, was rotten egged at Gillett Sunday night. He arrived there on a morning train and registered at the Hamilton hotel, and, the evening after, after stopping in the slot machine situation, preached in the Methodist church. While returning to his hotel, after preaching, accompanied by two ladies, he was attacked by men throwing eggs. His clothes were completely smeared with eggs. He left early Monday morning, between trains, without causing any arrests.

### WISCONSIN IN BRIEF

Ashland—Rev. H. C. Munson of Duluth preached at the Emmanuel M. E. church Sunday night, and the evening witnessed a very profitable hour. Mr. Munson preached again Friday night at St. Joseph's.

Edgerton—Mrs. Fred Zahn was run down by a Milwaukee street car, and suffered internal injuries from which she died. Three days after the accident, she left the body and arm badly injured.

Iron River—Ole Jacobson of Hibbing, Minn., is visiting in this city with his brother, Peter, and his sister, Mrs. J. J. Bogie.

### GOOD BUSINESS IN RED RIVER VALLEY

Duluth Traveling Salesman Tells of Fine Conditions There.

Crookston, Minn., Sept. 14.—(Special to The Herald.)—Q. Roemer, who is traveling representative for the Kelley-How-Thomson company of Duluth in this part of the country, reports that the amount of business that is being done by the commercial travelers this year in the Red River valley is the highest in the history of that section. The amount of business is being done by the commercial travelers this year in the Red River valley is the highest in the history of that section. The amount of business is being done by the commercial travelers this year in the Red River valley is the highest in the history of that section.

### CAME FROM STILLWATER.

Mike Brennan, New Arrival at Cloquet, Dies Very Suddenly.

Cloquet, Minn., Sept. 14.—(Special to The Herald.)—Mike Brennan, an employee of the Knife Falls Boom company, was found dead in his bed at the boomhouse, Friday morning. He showed no signs of illness the night before. Mr. Brennan came to Cloquet from his home in Stillwater, since he has only been here a short time, but it is understood that he leaves three brothers and two grown up sons in Stillwater. Coroner Nyquist will conduct an inquest some time today.

One of the worst features of kidney trouble is that it is insidious disease and before the victim realizes his danger he may have a fatal malady. Dr. F. C. Pollock's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. Sold by all druggists.

## UPPER MICHIGAN

### MANY SEEK JOB IN MARQUETTE

Five Candidates Named for Position of City Recorder.

Marquette, Mich., Sept. 14.—(Special to The Herald.)—For an office paying but \$900 a year, the Marquette city recordship is proving a plum for which an unusually lively scramble is in progress. The incumbent elected to the post last spring has resigned in consequence of formal charges alleging non-performance of duty, a special election will be held Sept. 17 for the selection of his successor. There were seven candidates in the field, and five of these have been nominated by different political factions and will now fight out the battle at the polls. The men aspiring to the office are: John J. McCarthy, Arthur W. Moore and Harry L. Siegel. Each apparently possesses a large following, and the outcome of the canvass is in much doubt.

### AGAINST MACHINE

If Atwood Runs Things, Governor Warner Will be Candidate Again.

Menominee, Mich., Sept. 14.—(Special to The Herald.)—Governor Fred M. Warner and staff arrived in this city Thursday to be present at governor's day at the Menominee County fair. Three companies of the National Guard gave a sham-battle and competitive drill. The governor and Celon C. Little, state dairy food commissioner, addressed 10,000 people on dairymaking and political questions. The fine weather made it possible for 15,000 people to visit the fair yesterday. The governor stated that in case the Atwood machine placed in nomination of the former, that he will become a candidate for a third term.

### NEW OFFICE PLEASURES.

Position of Sanitary Inspector of Schools Gives Satisfaction.

Calumet, Mich., Sept. 14.—(Special to The Herald.)—The newly created office of sanitary inspector of schools has more than come up to the expectations of the school board and others interested in the health of the city. The new inspector, Miss Nina Luttrell, a graduate nurse of the Maryland general hospital, was the appointee of the board. She is a school nurse and has been in the position of the Maryland general hospital, where she has been in the position of the Maryland general hospital, where she has been in the position of the Maryland general hospital.

### FORESTERS ELECT.

High Court for Northern Michigan Holds Meeting at St. Ignace.

St. Ignace, Mich., Sept. 14.—(Special to The Herald.)—At the meeting of the high court Independent Order of Foresters held here this week, the following officers were elected: Past chief ranger, C. D. Dolg, Grand Marais; high ranger, John McMahon, Munising; high vice chief ranger, William M. Dolg, Soo, Mich.; high secretary, C. E. Lehoucq, Marquette; high treasurer, William Clark, Raber; high physician, Dr. Trueman, Munising; high counselor, George W. Smith, Soo; high auditor, W. J. Shipper, Manistique; L. E. Iversen, St. Ignace.

The following officers holding the minor offices, they were appointed by the High Court Ranger John McMahon. High journal secretary, Joel Deane, Brimley; high orator, Edward Jones, Soo; high organizer, Retta Anthony, De Tour; high messenger, George Kiehl, Munising; high marshal, Ella J. Van Dusen; high conductor, E. E. Kelsey, Manistique; senior woodward, John McMahon, Marquette; junior woodward, Andrew Taylor, Pickford; senior beadle, R. H. Watson, De Tour; junior beadle, W. A. Lehoucq, Marquette.

### PENINSULA BRIEFS

Calumet—At a meeting of the board of directors of the State hotel, Charles J. Wickstrom, the fine street merchant, was elected a director of the hotel, succeeding M. E. O'Brien, recently resigned. Mr. O'Brien is president of the First National bank of Laurium.

Hancock—Contractors Johnson & Carlson are pushing the construction work on the erection of the new post-office and store building for Postmaster Joseph W. Hubbel. The sandstone foundation has been completed and the first floor built.

Houghton—The University of Michigan will, as usual, claim a good share of the young people of Houghton. A number will leave next Friday to continue their work for last year while it is expected that the university will claim many freshmen.

Marquette—Mike Hanley, aged 22, a well known resident of L'Anse, met with a fatal accident. Hanley had been employed at Breckenridge, and was on duty when he was struck by a car. He was caught between two poles and was badly crushed, dying in a short time.

Several new typewriters have been sold to the high school and the university is now one of the most thoroughly equipped in the Northern peninsula.

As the result of a habeas corpus action brought against his father-in-law, Prof. Seidel, a farmer living in the Port Huron area, has been legally entitled to reclaim his own.

### How to Avoid Appendicitis.

Most victims of appendicitis are those who have been habitually constipated. Orinax Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restoring the natural action of the bowels. Orinax Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Sold by all druggists.

## DAKOTAS

### WORK OF FIREBUGS.

Kensal, North Dakota, Suffers Heavily by an Incendiary Fire.

Valley City, N. D., Sept. 14.—Fire Friday destroyed six buildings at Kensal, a town ten miles from Valley City, on the Minneapolis, St. Paul & Sault Ste. Marie railway. The loss is estimated at \$100,000. The insurance will not exceed \$100,000. All the buildings, but one, in the retail part of the town were burned. The buildings destroyed were the Central hotel, the Farmers' Mercantile company, the Peterson hardware store, the Holmes drug store, the Evans harness shop and the Benson dry goods store. The fire is thought to have been incendiary.

### TRAVEL ON HANDCAR.

South Dakota Bank Robbers Adopt Novel Means of Locomotion.

Aberdeen, S. D., Sept. 14.—Three bank robbers took to the "flat" Sunday morning early Friday morning at Leola, wrecked the safe and escaped with \$1,200. The robbers were seen by the watchman, but no accurate description can be given. They went through Weetoka in a box car, it is believed, and made their escape on a handcar, coming in the direction of Aberdeen.

### CHURCH IS BURNED.

Residence of Priest, Adjoining, is Also Destroyed at Wimbledon, N. D.

Wimbledon, N. D., Sept. 14.—Fire did heavy damage here, Thursday evening, when it destroyed the Catholic church and the priest's residence. The total loss will be about \$10,000, covered by \$5,000 insurance. The fire started in the residence of the priest, which had not been completed. The cause of the blaze is unknown. A new church and residence will be constructed as soon as possible, which will probably not be until next year.

### EXPERTS FOOLED.

Homestake Mine is Pumped Out Sooner Than They Estimated.

Lead, S. D., Sept. 14.—(Special to The Herald.)—The task of unwatering the Homestake mine, which it was believed by many experts would require at least six months, is completed and the mine is now being pumped out. The mine is the largest gold mine in the world but 100 days to lower the water from the 2,600-foot level to the 1,600-foot level. Eight skips which bore the brunt of the unwatering and forced the water down to the 1,600-foot level, where it is out the Savage tunnel, have been removed, and the big pumps on the 1,600-foot level are in commission again and will have the water down to the 1,400-foot level again in a few days, where it will be kept.

### ROBBERS CRACK SAFE.

Get Little for Their Trouble in Entering Railroad Depot.

Fargo, N. D., Sept. 14.—(Special to The Herald.)—Early Thursday robbers entered the Great Northern station at Gardner, N. D., a small station, about nineteen miles northwest of this city, and cracked the safe, taking all that was in it. The safe contained only a small amount of money, which was used in making change, the other money having been deposited elsewhere. Among the things taken was a \$250 gold piece, which, being a very scarce coin, will possibly lead to the crime. As yet, no clues have been discovered, and the police and other authorities over the country have been notified.

### LARGE WOLVES ARE WORRYING SHEPHERDS.

Custer, N. D., Sept. 14.—So bold have the large buffalo wolves that infest the western part of this country become that the ranchers here find it necessary to appeal to the government for protection for their flocks and cattle. Reports from the country lying between Newcastle, N. D., and the Canadian border, indicate that in years have the wolves been so plentiful or so vicious, and it is estimated that some \$100,000 worth of stock has been lost in this section of the country. The ranchers have appealed to the state and private bounties for wolves amounting to \$40 per head, yet nothing has been done. The ranchers have appealed to the supervisor of the Black Hills forest reserve, J. F. Smith, and that official has asked the forestry department to hire at the government's expense Howard Wicker, an expert trapper, to kill off the wolves.

### DAKOTAS IN BRIEF

Fargo, N. D.—Fargo will have a high school football team this season, which should make a record for itself. Prof. Kalchauer has about thirty young men he is drilling every evening after school, and they are developing nicely, and a good, strong team will be picked out of this bunch.

Medina, N. D.—Early Thursday fire destroyed the building and contents of the general store of Anderson & Hart, on this place. The loss is estimated at \$5,000, stock \$15,000 and building \$5,000, with a total loss of \$25,000. The cause of the fire is unknown.

A large barn on the farm of William Watt, residing six miles northwest of here, was totally destroyed by fire Thursday. Mr. Watt saved all of his stock. The loss entailed is \$2,000, covered by \$2,000 insurance.

Grand Forks, N. D.—The state board of North Dakota Sunday School association will convene here at 10 o'clock on Tuesday, Sept. 24, at 8 p. m.

Mitchell, S. D.—Next Monday, Sept. 16, Dakota Wesleyan university will open its doors for the beginning of the fall term and with an outlook for attendance that surpasses any previous year in the history of the institution.

Fargo, N. D.—A land deal involving over \$100,000 was consummated here, Sunday, Sept. 9. The deal was consummated by the purchase of a large tract of land by the Farmers' Loan and Trust company.

Grand Forks, N. D.—The state board of North Dakota Sunday School association will convene here at 10 o'clock on Tuesday, Sept. 24, at 8 p. m.

## WILL ERECT NEW BLOCK

Watterworth & Fee Plan \$45,000 Improvement on Second Street.

### Floor Space is Leased to Prominent Local Manufacturing Concerns.

The predictions of Duluth's real estate men that the new block would some day be one of the business arteries of a growing city, is in the way of being realized.

Monday morning next Watterworth & Fee, the well known firm of general contractors, will begin the excavation for a substantial business block, with ground dimensions 50 by 140 feet and three stories high on the lower side of West Second street, adjoining the new M. C. A. building on the west. The new block will be constructed of pressed brick and stone and will cost in the neighborhood of \$45,000.

The first and second floors have already been leased for a period of five years to two well known local manufacturing concerns. The basement, which will extend under the whole building, is as good as leased and negotiations are now under way for the leasing of the third story.

The lot on which the improvement is being made is one on which Watterworth & Fee have had an option for some time past. They purchased it recently, got out the plans for the new structure and have made practically all the leases in advance before beginning work on the site.

A party wall contract has been made with the parties owning the property on the west side of the lot purchased by Watterworth & Fee.

### Ormond Hotel

Now open for business; modern in every particular. The only first-class hotel in the city. Steam heat, electric light and bath on every floor. 222 Lake avenue south. Humphrey & Gleason, proprietors.

### GREAT LAKES TAR IS WELL MARKED

Little of His Anatomy That Has Not Been Tattooed.

Minneapolis, Minn., Sept. 14.—(Special to The Herald.)—There is little doubt about John Joseph Clark, aged 25, formerly a sailor on the Great Lakes, who has enlisted as a fireman in the United States navy, having designed on himself or of his being a marked man. An examination by the examining surgeons, disclosed a world of pin pricks into which colored ink had been inserted.

Clark's scarred inch of his body has escaped the needle. On his breast, in the national colors, are unfurling the stars and stripes of the United States flag, and there is a lightning bolt casting a warning to an approaching battleship headed for the rocks.

A large shield, another ship, his initials and an anchor occupy the right forearm and snake is wound about the wrist, while just above the wrist-band appears a hand with a bouquet. The left arm is tattooed with a light house, a dagger and an eleven-pointed star cover the left forearm. Anchors, wolf heads, Indian heads and streamers are scattered about in profusion. Even the arches of his feet are tattooed with heads and snakes. Strangely a color is omitted in the designs.

### BULLISH LETTER ON WHEAT

Ames-Brooks Company Says Conditions War-rant Higher Prices.

In a market letter just issued, the Ames-Brooks company of Duluth is quite bullish on wheat. Following is the letter in part:

It seems quite true, from all the information available, that foreign needs, especially of wheat from America the coming year, promise to be larger and more urgent than in some years.

In the first place, the great surplus-producing state of North Dakota suffered in its production this year. Late seeding, extreme warmth in the early spring, and extreme cold throughout the growing season, with frost exposure just before harvest, have combined to give North Dakota the poorest yield in a large section that she has ever had.

Conditions also across the line in the spring wheat territory of Manitoba and the Northwest have been similar.

The letter in part:

## One More Performance.

Chauncey Olcott will bring a record breaking engagement in Duluth to a close this evening.

Mr. Olcott will have given seven performances of "O'Neill of Derry" at the Lyceum when he leaves Duluth tonight, and at practically every one of them the "S. R. O." sign has been hanging. Probably a larger percentage of Duluth people have seen Mr. Olcott in the present engagement than ever witnessed any attraction ever given at the Lyceum.

Hunt's Perfect Baking Powder and Extracts are pure; always the same, the same, the same. The same pure ingredients, the same satisfactory results.

CASHIER HAD NERVE.  
Fires at Robbers Trying to Rob Bank Beneath His Bedroom.

Waconia, Minn., Sept. 14.—(Special to The Herald.)—Three masked robbers, who broke into the Waconia State bank here, early Thursday and blew the safe, were scared away before they got anything.

The cashier, who gave chase, firing at the fleeing robbers, who had taken flight when the cashier approached.

Two of the bandits jumped into a waiting carriage and escaped. The third, presumably wounded, took to the railroad track, escaping from the cashier.

A posse was formed and gave pursuit.

The First Thing after rising take a glass of TARRANT'S. It's an efficient saline draught very cooling and refreshing. Cleans the stomach, relieves the bowels and clears the brain.

**TARRANT'S**  
Seltzer Aperient  
(Reg. U. S. Pat. Office.)

prevents or promptly relieves indigestion, biliousness, headache, constipation and liver troubles.

It keeps the body in good condition. Tastes like soda water. Children enjoy it. 62 1/2 cents each.

Nothing like it at any price.  
At druggists 50c. and \$1.00 or by mail from  
The Tarrant Co.

## COBALT STRIKE DYING OUT

**Men Who Went Out Returning to Work and Mines  
Busy---Big Deal in Lake Abitibi Likely to  
be Consummated.**

[illegible]

**In Capote Mine of the Greene-Cananea---October  
Production Expected to Exceed 7,000,000  
Pounds---The Strike at the Fay.**

up to twenty weeks between 7,000,000 and 8,000,000 pounds. The only thing that may delay this is slow delivery of equipment from the manufacturers.

"The drift will probably be made up of a couple of weeks ago continues to look bigger as development gets into the ore body," Manager Daugherty went on to say. "The drift will be about two feet returning to the city will start some new work, it being the intention to make the drift an ore body in ore. The drift will tell something of the extent of the body, which has been exposed by the shaft and by the ledge showing on the surface at a distance of 200 feet from the shaft."

"While the ledge shows, however, it is likely that it makes any such big slide in that direction near its location in the shaft shows, unless it is found to be very shallow. It is now in ore for sixteen, from depth of 156 feet to depth of 174. The grade is about 10 percent, and the ore contains values which have prevailed from the first."

Mr. Bostwick returned last week from Los Angeles, where he was for several weeks, with reference to mining business. Mr. Bostwick will shortly return to his home town, where he is secretary in Chispa district, which he has under development in association with the American Development Co., Inc. Recent reports had by Mr. Bostwick from this and other properties in the lower country all seem to be going

**Goldfield Consolidated Company Will Drop \$15,000,-000 of Unissued Treasury Stock---Initial Dividend to be Announced at Early Date.**

Goldfield was deemed a sufficient cause by the directors to postpone the announcement of the good news to this date. The directors of the company would resign at the company's mines.

Had it not been for the strike and the fact that the company's assets would have been declared April 31, The rate was to have been for the entire year of 1934, and the company would have been able to pay the dividend. While the amount of this dividend is known yet owing to pledges made to the company, the company has decided to close until an official announcement of the declaration was made by the public relation men of the company.

Sufficient facts may be presented, however, to show that the rate of the rate will be, there is now in the treasury of the Goldfield Consolidated company, and the company's assets, the mines working again, this surplus should be added to at the rate of \$500,000 per year, and the company's assets, \$5,000,000, applicable for dividends for the past year. The mine management has decided to pay the dividends on the new equipment installed, it can with thirty days, produce ore equal to

**Phonolyte Dykes Around Mineral Hill District to be Exploited---Operations at Two More Properties, to be Resumed Soon.**

Some high-grade gold ore, much of it containing free gold. Others have found rich float which they traced to a large lunge ore discovered but unopened by the Indians. The ore is being covered with a conglomerate mass of silt. Some Spanish men are working on the surface of the section, developing the dikes and the new ledge.

Two of the most prominent mining men in the South African group workings, W. A. Caldecott and W. Fisher Wilkinson, have just completed an important survey of the Home State Mining company in Guyana, and will be returning to the Home State mine treatment and innovations in mining, with a view toward adopting the same in the new workings in this country. Mr. Caldecott is the metal-

(Continued on page 7, 1st col., 2nd sec.)

**B**UNDLING the college people off to the East and readjusting the household after their departure is occupying the attention of a large portion of society. The other portion is settling down to the inevitable, which in the majority of cases, turns out to be a few tables of bridge, and the brave are still planning river trips and dinners at the Spirit Lake branch of the Boat club. The autumn days make the clubs especially attractive. The Country club is the scene of much formal and a great deal of informal social activity and all during September the out-of-town visitors will be the guests of honor at delightful functions at the club.

The number of Duluth young people, who will study abroad, in the Eastern colleges and finishing schools and at the state university, is this year larger than ever before. Those who are to enter the Minnesota university have already gone, and next week will see the majority of the Eastern college people started on their way. Many of the Duluth women will be much interested in club work, which will be started by the first of October, and until then the fall and of the summer festivities will hold sway.

One of the most delightful affairs of the week was the dinner and reception at the Country club, Thursday evening, at which Mr. and Mrs. L. W. Lethbridge were hosts. The guests were seated at six tables, upon each of which a distinct color scheme was followed. Purple asters were the effective decorations of one table, red sweet peas, yellow daisies, pink roses and lilies being the other decorations. Covers were laid for sixty. The collection was danced in the ballroom of the club, and the figures were led by W. L. McLennan and D. G. Cutler.

Mrs. R. N. Marple has invitations out for a bridge reception, Thursday and Friday afternoon of next week.

Mrs. D. G. Douglas, Jr., will be hostess at luncheon, Tuesday, at the Country club.

Miss Elizabeth Morris, who was so seriously ill during the summer, has sufficiently recovered to go to a Wisconsin health resort.

Mrs. B. F. Meyers' London road entertained at an informal reception Wednesday, at her home, in honor of the girls, who will leave next week for school in the East and abroad.

Mrs. Graham D. Fitch entertained at tea Tuesday afternoon, at her home, 1414 East Superior street, in compliment to her guest, Miss Fitch of Chicago.

Mrs. W. M. Brindley entertained at luncheon Monday, at the Country club. Bridge was played in the afternoon.

Capt. and Mrs. J. H. Pearce and Miss Bertha Pearce left today for New York, and from there they will sail for England, where they will pass the winter. They will tour the Continent before their return to this country.

Miss Juanita Williams is visiting friends at Cloquet for a few days. James Manley has returned to the university.

Miss Vogt, who has been the guest of Mr. and Mrs. Bert Fessler of Lester Park for several weeks, has returned to her home at Thorpe. John Monaghan has returned to the university, where he will continue his studies.

Mrs. C. L. Lewis of St. Paul, who is visiting in the city, entertained at a luncheon party up the river Thursday. The table decorations were in autumn leaves, and the guests were: Mesdames—A. L. Agatlin, C. A. Gregory, J. E. Lovett, W. L. Underhill, A. M. Miller, Jr., Mr. W. L. McLennan.

Mrs. E. T. Buxton has as her guest at Eden Hall, Miss Lee of Detroit.

Miss Arnold, who was the guest of Mr. and Mrs. George C. Stone for a few days, returned during the week to Meadowlands.

Mr. and Mrs. C. W. Andrews and Miss Andrews spent the week end at Deerwood.

Mr. and Mrs. Warren Earl Greene returned the first of the week from their wedding trip.

Mrs. C. Poirer of East Second street, has as her guest, Mrs. L. J. Flynn of Mandan, N. D.

Mrs. Leo W. Farmer was the guest of honor at a luncheon Wednesday at the Country club, at which Mrs. F. C. Cotton was hostess. A graceful basket of golden silver formed the centerpiece, and covers were laid for twenty-two.

Miss Ensign of 505 East Second street, returned the first of the week from a visit at Chicago and Grand Rapids, Mich.

Mrs. D. A. Duncan and Miss Mabel Duncan left during the week for a two weeks' visit in Canada.

Mr. and Mrs. F. E. Fregan of 1009 East First street, have as their guest, Miss Marion Tuttle of Fall River, Mass.

Mr. and Mrs. Charles Riss returned the first of the week from their wedding trip abroad.

Mr. and Mrs. James Wainess of 1610 East Superior street, have returned from a two weeks' visit in the East and Canada.

Mrs. P. L. Barrows was hostess at

Mrs. George Fox of Fargo, N. D., is visiting Mr. and Mrs. W. F. Hurst of West Duluth.

Miss Althea Butters of West Duluth, is visiting her parents at Thompson, Minn.

Mrs. Robert Paulson, who was the guest of friends at West Duluth, has returned to her home at Center City, Minn.

Mrs. F. A. Kohlhaas of Calumet, is the guest of her sister, Mrs. E. Bergan, of 631 East First street.

Misses Ethel Phillips, Bessie Garvie and Nan Holmes left the first of the week for a visit at the Twin Cities.

Mr. and Mrs. H. G. Gibson and daughter of 411 East First street have returned from an outing at Deerwood.

Miss Anna Wilson and son, Clayton, left during the week for a visit with friends at Alpena, Mich.

Miss Helen T. Kiley and Miss Minnie DuSall returned during the week from a visit at the Twin Cities.

Mrs. Frank Babanks and Mrs. Atkinson, Margaret, of St. Paul, are the guests of the Misses Brown of 313 Sixth avenue east.

Announcements were received in this city during the week of the wedding at Portland, Or., Sept. 4, of Mrs. Florence May Mickelson, daughter of Mr. and Mrs. C. Mickelson of this city, and Charles Henry Mackinnon, formerly of this city. Mr. and Mrs. Mackinnon will be at home at 437 East Fifteenth street north after a wedding trip to Honolulu.

Mr. and Mrs. H. Kohnen and daughter returned the first of the week from a European trip.

Mrs. William D. Murphy and Mrs. Bernard Healy returned the first of the week from a visit with friends at Ashland.

Mrs. John Sinclair and daughter, Viola, have returned from a two-months' visit in the East.

Mrs. George Harkness of 401 East Sixth street, left Wednesday for a trip down the lakes and a month's visit with her parents at Marine City, Mich.

Mr. and Mrs. Harry Mines of Park Point returned the first of the week from a visit at the Twin Cities.

Mr. and Mrs. Garfield Blackwood of James McCullough and son left

Tuesday for a month's hunting trip at Prairie Lake, Minn.

Miss Florence Winchester, accompanied by Miss Loughton and Miss Mathews of Marshall, Minn., left Tuesday evening on the James E. Richardson for Oberlin, where they will attend school during the coming year.

The wedding of Miss Ella Johnson and Ernest Isenberg, both of Cloquet, took place last Saturday at the home of the bride's sister, Mrs. J. R. Anderson of First avenue east. The wedding service was read by Rev. Campbell Coyle of the First Presbyterian church. After Oct. 1 Mr. and Mrs. Isenberg will be at home in Cloquet.

The wedding of Miss Hazel M. Borman and Alonzo H. Spaulding, both of Minneapolis, took place last Saturday evening at the parsonage of the Pilgrim Congregational church, the services being read by the pastor, Rev. Alexander Milne. Mr. and Mrs. Spaulding returned to Minneapolis, where they will be at home.

Mr. and Mrs. Sands Van Wagner entertained Saturday evening at their home at the West end in honor of Mr. and Mrs. L. Crawford and their guest. Five hundred was played and the favors were won by Mrs. Crawford and Mr. Bennett. Those present were: Mesdames—M. J. Durkan, Charles Fagle, Charles Richmond, Charles McMillen, of Chicago, Albert Overman, Mesdames—Storck, Bennett, Crawford.

Miss Lena Kirs of 225 West Third street, returned the first of the week from a week's visit at the Twin Cities.

Mr. and Mrs. E. F. Burg and son of 213 West Third street, returned Monday from the state fair.

Mrs. G. L. Douglas, Jr., has returned from a trip down the lakes.

Mrs. D. A. Blakeney and children have returned from an outing at John Springs.

Mr. and Mrs. Asa Dailey were pleasantly surprised last Saturday afternoon by the guests of their daughter, Miss Myrtle Nordson of Sauk Center, Minn., who was the guest of her sister, Mrs. R. T. Johnson of West Duluth. The affair being planned in honor of their fortieth wedding anniversary. The guests were:

Mesdames—Patterson, Holstrom, Robinson, Swen, Lloyd, Rindlin, Laux, Charles Dailey, Misses—Minnie Stinson, Josephine Dailey, Frances Dailey, Mr. and Mrs. E. H. Hout.

Mrs. Hartwick O. Hanson entertained at a parcel shower Wednesday evening at her home, 211 West Third street. The affair was in honor of

ALEX ENNA.

Alex Enna, tenor robusto, who has been heard in concert during the summer, and who has settled in Duluth permanently, has had the best training offered by the Danish and German capitals.

He studied under Waldemar Lincke of the Royal Opera of Copenhagen, and Julius Spengel, the royal court singer of Hamburg. Mr. Enna is a

nephew of the well-known Italian composer, August Enna, and a nephew of Emil Enna, director of the Enna Conservatory of Music, Des Moines, Iowa.

His voice is a robust tenor of fine musically quality, and combined with dramatic power, his appearance in Duluth musical circles a welcome one.

Miss Anna Hanson, whose wedding will take place this month.

Mrs. Daniel Cavanaugh of West Duluth left the first of the week for a visit with friends at Stillwater and the Twin Cities.

Mrs. Mark Sargent, who was the guest of Mr. and Mrs. E. Warner of West Duluth, left Monday for her home at Osceola, Wis.

## MISS THE TANK.

High Diver May Forfeit His Life for Daring Act.

Winona, Minn., Sept. 13.—Harry Gillette, who slides down a wire from a tower eighty feet high, and plunges into a tank of water, as the feature attraction for Winona's street fair, yesterday, in full view of 10,000 people, missed the tank and was dashed to the pavement. His injuries may prove fatal.

While racing down Second street two automobiles collided with a buggy in which were Dr. and Mrs. Holden. Mrs. Holden was perhaps fatally hurt, and Dr. Holden was badly injured.

Chamberlain's Cough Remedy One of the Best on the Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended. Sold by all druggists.

## SHIPPING WHEAT.

Great Northern Has Begun Handling North Dakota Crop.

Devils Lake, N. D., Sept. 13.—(Special to The Herald.)—The Great Northern this week commenced shipping wheat East from stations along the line in Northern North Dakota. By the last of the week it is expected that the movement will be heavy. No difficulty like that last year is anticipated. More cars are available and the road is in much better shape to handle the crop.

GOURDAIN PLACED IN GOVERNMENT HOSPITAL.

Washington, Sept. 13.—Louis A. Gourdain, the eccentric millionaire convict of Chicago, who attracted much attention some time ago by the method he employed to be admitted to the federal penitentiary at Joliet, Ill., was delivered today by the Alabama authorities, where he was transferred last June, to the government hospitals for the insane here. A preliminary examination was made of Gourdain by Dr. White, the superintendent of the government hospital, for the insane, and he was sent to quarters assigned him.

SWEDISH BAPTISTS MEET IN BOSTON.

Boston, Sept. 13.—The annual conference of the Swedish Baptists of America, continued today with two interesting sessions, both of which were well attended.

In the forenoon the principal address was by Rev. J. E. Ringberg of New Britain, Conn., upon "Charity of a Christian Basis." The discussion which followed was led by Carl O. Dahlin of Chicago.

The rest of the session was taken up in hearing reports of the organizations affiliated with the denomination.

ARE A NOVELTY

### Large Hats the Thing— Mushroom Shapes On the Decline—The Slightly Rolled Brim—Craze for Fancy Feathers— Flowers Revived—Fa- vorite Colors.

There was no escaping the eccentric hat this summer. One simply had to wear a monstrosity or go hatless. And so the majority of us accepted the conditions with what grace we could muster, and donned a huge mushroom or cloche shape of startling proportions, like every other fluffly buffoon on the Avenue, and imagined ourselves attractive, or at any rate stylish.

Now comes Fall, and presto! change. We may again be hatted becomingly and sanely without losing caste in the world of fashion. There is a variety in the fall hats—shapes that turn up here and there, and shapes that turn down there, and shapes that turn neither up nor down; which all means that various faces and figures may readily be suited in millinery matters.

We may classify all the dresser hats in one generally sweeping term of "large." There are, to be sure, some small hats, but they are the exception that serve to point the rule. Beyond this one general classification there is infinite variety.

The mushroom shapes have by no means died out with the summer, but the fall variety are more modest in their proportions than their summer ancestors. There is a sloping brim shape that dips sharply in a point in front, and which has a soft tan crown. This is not really new, for something very like it was worn by a few eccentrics in the late summer; nevertheless it is worthy of classification among the fall favorites.

But the hat whose brim turns up is the new thing. The turn often is directly in front. Again it is at the left side; still again, directly in the back, this latter being the smartest of all. The turn does not bring the brim up against the crown, but is a turn of only the very outer edge of the brim, a matter of say two inches. Straight brims are again in favor, and any number of new picture hats of the Heubrandt type, and there are smart small toques and turbans, these depending on the novelty of their trimmings for their charm.

Felt and velvet will be about equally popular this winter as material for the dresser hats. Then there are various beavers, and the rich velvet hats that look to the uninitiated like corded silks. A new point is the deep two inch binding noticed on many of the new models. Sometimes this binding is but an inch wide on the lower brim, and again it is equal width upper and lower side.

Another characteristic of the fall millinery is the extensive and very general use of fancy feathers. The hats are a perfect riot of them. Cassowary, gouras and crest feathers, and a score of styles impossible to classify, may be noted by the most casual glance into any of the smart millinery shops. Most of these feathers can be worn by the conventional woman without qualm since they are frinkly of the "muted" variety. While feather crowns are seen, and crowns covered with feathers trailing down to the shoulders in the back. Not so much ostrich is noted as for several seasons past, its place being taken by these fancy feathers.

There is a revival in the use of hand-some flowers this winter. The black velvet hat with wreath of roses in shades of pink and red is again welcomed in by the scores of women who know full well that it is both becoming and economical. Morning glories, in all their rich shades of purple and blue and the reddish-pink tints; chrysanthemums, asters and

FEATHER FELT WITH GOURAS  
PLUMES

the iris, in fact most of the large flowers will find representation in the dressy fall hats. Ribbons are seen in abundance, wide soft scarfs of them. Buckles and ornaments of all kinds are used with a lavish hand.

The black velvet with a touch of color is very popular, as noted above. Purple in all its tones and variations of violet and eggplant and mauve are right to the fore in millinery. Bronze greens and brilliant emerald greens are used, the latter more as a trimming than for the whole hat. There are brown hats and dull smoked grey hats that match costumes; these being especially good with the striped broadcloths that usually include for their body color either grey or brown.

There certainly should be no great difficulty in selecting a becoming hat this season from the variety shown. It is well to remember, however, that the matter of the hat is a serious one and can make or mar the general good appearance of a toilette. Its selection should be given due time and deliberation.

#### One Way of Trimming the High Crown Shape.

One of the new ways of using ribbon in millinery is shown in this illustration. The wide soft satin ribbons are folded into pleats and looped, the pleated loops being treated exactly as though they were one breadth of ribbon. The effect of a handsome ribbon used in this way is extremely rich. In the particular hat we show here the color is blue and the ribbon used is three shades of blue. The hat is a high crown shape with a brim of medium breadth slightly rolled to the left. The ribbon trimming is placed in front and reaches quite to the top of the high crown, the lighter tone of the blue being placed at the hat brim. There is a cluster of three full and rather short ostrich tufts—these in the medium tone of blue. A bandeau is necessary to adjust this hat properly to the head, and it is rather a shallow one. There is a flat ribbon bow

made from the pleated ribbon loops, on the bandeau.

#### Moire Silk Hats Are a Novelty.

Some of the smartest of the fall hats are covered with heavy moire silks. These silks are in tones that harmonize with the leading color of the costume the hat is to be worn with. The high crown and rather straight brim shape here illustrated is covered with a brown moire, and trimmed with a wide crushed scarf of the moire, which ends in a broad bow in front. In the center of this is set a fancy feather the coloring in shades of brown with tips of dull blue. This hat would be excellent with any matching brown costume or with any of the new fancy striped broadcloths or silk serge in combination of brown and blue.

#### The Extreme Side Roll.

An excellent example of the turbed up brim is here illustrated. The hat is a semi-dress affair of deep champagne colored felt finished with black velvet and the brim edges bound with a black gros-grain ribbon somewhat in tailored effect. The crown is rather high and the brim towards its outer edge is rolled up smartly and gracefully at the left side, the turn extending well towards the front. The hat is worn quite far back on the head. About the crown is a broad band of black velvet finished on the right side with a large flat bow, and at the left there is a huge plume cockade of cone feathers, from the center of which springs a full bunch of Paradise plumes. There is a jaunty air about this hat that is extremely becoming to a certain type of face.

**Green Sun Pickles.**—Use a cupful of salt to a peck of whole cucumbers or green tomatoes, sliced. Put in layer in stone jars, with the salt, cover with cold water and let stand overnight. Drain off the brine in the morning, scald and again pour over the vegetables. Let stand a second time and drain. Scald enough vinegar to cover the pickles, with four green or red peppers, a piece of horse-gall and two tablespoons of whole cloves. Add the pickles and when scalded store in jars.

## The Care of the Tailor-Made.

A fashion authority tells us that we may be well dressed this season in three tailor-made suits—a short practical one of serge or cheviot for mornings, a somewhat dressier suit of plain or striped broadcloth for afternoon, and a simple cotton shirt style for luncheons and the like. Of course this does not take into consideration evening parties and such affairs, but it is really a statement that contains much truth. There will be a plenty of women this winter who will depend on tailor-made suits for almost all their public appearances.

With the very marked prominence the tailor-made is receiving this year, it behooves women to know something of its proper care. It is by no means enough to go to a smart custom tailor and order a suit at anywhere from \$85.00 to \$200.00, or purchase some of the shops that carry the effective, though less expensive, tailor-made that range from \$25.00 to \$75.00 in price. Either one of these methods, according to one's purse, is a good start towards one's smart winter appearance, but it is only the beginning.

First remember that the tailored suit for the street should be worn only on the street. If you would be well dressed and get suitable service from your tailored suit, make a point of removing it as soon as you reach your home. A tailored suit should never be lounged in. There are endless bargains in attractive materials

that may be made up into little house gowns at comparatively little expense, and it is these frocks you should wear indoors and not your very best tailored suit, which should, and will with care, go through a twelve months' satisfactory service. It is better to spend \$40 for a tailored suit and reserve \$10.00 or \$15.00 for its care during the season than to spend \$55.00 on the initial purpose and let the suit take care of itself, once it is bought. Do not attempt to press your tailored suit yourself. It requires a competent tailor to successfully press a cloth gown. The heavy frocks that they use mould the garment into shape in a way that no ordinary ironing in the hands of a woman of ordinary strength can do. Don't trust a coat to a tailor who is not experienced in pressing women's coats. If you do, you may find that the perfect fit of your garment is spoiled to the pressing.

Even the short skirts of this season should be protected with a dress braid. If it is whipped on by hand, leaving a narrow eighth of an inch edge extending below the hem, it protects the skirt hem and may be readily replaced at home with a few hours work.

Do not hang the skirt of your tailored suit on a coat hanger. Get the light wooden trouser hangers that may be had in the 5 and 10 cent stores, and clip these on to double skirt belt. They will

hold the skirt in place without sagging and will do away with the stretching on the hip line made by using a coat hanger for skirts. Of course coats should always be hung on a hanger and never by the sleeve hole or a loop.

Many of the coats of this season are lined in dark and medium colored silks and satins. This, in a measure, obviates one of the little difficulties to suit freshness that we have had for many a season—that is, the soiling of the light colored lining at the collar. Where a coat is lined with a light colored silk or satin, a little chloroform or benzine sprayed on will remove any slight soiling without having the entire garment cleaned.

Coats provided with pockets get out of shape quicker than the pocketless variety, because one uses the pockets more or less, if only to "pose." The number of times a suit must be pressed during the season depends, of course, upon the amount and character of the service required of it. If you are caught in a shower, or out on a particularly damp day, you may be sure that your suit will need a trip to the tailor to restore its new look. It isn't that a suit wears out usually, but that it suffers from neglect. Buy your fall tailor-made with the resolution that you will not only select it carefully, but care for it well once you have it.

## Thoughts You Cannot Think.

Mankind seems to slip along in an easy groove and the average individual doesn't worry much beyond house rent and the grocery bill, nevertheless, now and then some individual is found, usually in a half crazed condition, who has ventured to turn from the ordinary things in life to ponder on some of the big mysteries by which the world and its inhabitants are surrounded. For instance there is a number known and named by mathematicians called a quintillion. To the average man in the street a quintillion is a fanciful object for contemplation. It is safe to say only one man in a hundred thousand has ever heard of a quintillion. A quintillion is a quadrillion quadrupled. If the whole earth were split up into its atoms, there would not be a number equal to a quintillion in the whole lot of them. A quintillion is a wee, little bit of a number compared to a quadrillion. The only people who use quintillions as a number are astronomers and they merely use it as a figure of speech. Nobody knows what it means. Nobody has any real conception

as to what a quintillion of dollars or of bricks would mean. A quintillion of bricks would reach all the way to the sun over a million times and then have a pile as big as the earth left over.

Then there is the abstract idea of space. What is space? How big is it? Nobody can imagine. If you shot away from the earth a billion years at the rate of a billion miles a minute you would go a long distance, but it would be just like walking across the room so far as getting to the end of space. How far would you go if you went on forever at the rate of a million miles a minute? You wouldn't be any nearer the end of infinite space than when you started.

Going the other way. What is the smallest thing? Microscopes have gone on revealing smaller and smaller things until the smartest discovered could hang on a pin point by the billion. What is the smallest thing? There must be a smallest thing, but nobody can imagine what it is. It is just as far to the smallest possible thing as it is to the end of infinite space, however far that may be.

Mathematics are all right until they get into plus and minus infinity and then anybody will admit that it is impossible to the human mind to do more than simply wonder what it all means.

#### Small Toque Trimmed With Huge Wings.

There are many occasions for which the small toque is the most appropriate hat, and there are many women who find it the most becoming of all headwear. For these times and these people the milliners have made due preparation in the smart, little toques for fall. These are usually of velvet made very soft with drapings and shirtings over cords. Though the hat is small, the trimming is often as heavy as what would ordinarily be on a larger shape. In the illustration we show a toque of smoked grey velvet trimmed with four large shaded grey wings. The wings are arranged to give an exceedingly smart line to the hat, one pair being placed almost upright.

LARGE VELVET  
SHAPES ARE TRIMMED  
WITH OSTRICH

### Fashion Notes.

The typical summer girl might well be mistaken for a veiled woman of the East, so completely is her head swathed in tulle and chiffon. The days when one courted tan are past. It is not only the immediate effects that are disagreeable, but the lasting injury to the delicate skin caused by too long exposure to wind and sun. The ounce of prevention is worth far more than the pound of cure where the skin is concerned. Women of fashion are growing more and more particular about their complexions every year. Paint and powder are largely superseded by careful treatment and skilful massage. At least two veils are considered necessary on any sort of outdoor jaunts. One of very simple thread diamond mesh, or mesh with a tiny chabille dot, is placed over the hat, the upper part of the ends caught with a clasp or pin on the back of the hat brim, and the lower ends fastened into the hair just below the brim. This is the veil that holds the hair in place and keeps the appearance trim and "finished." Then for all drives and boating, and outings generally, everything in fact save the briefest town trips from house to house, one adjusts a chiffon veil to hang straight down from the hat brim, catching the upper ends only on the brim in the back with a veil pin. The accepted fashionable length for this chiffon veil is a yard and a half. It is termed the Newport veil, from the fact that this particular form of adjustment was first introduced by the smart set at Newport.

The color of veils is a matter of nice moment. Physicians tell us that for actual protection from sunburn the red veil is the best, but it is doubtful whether even the most poorly skinned woman would care to risk the attention a red veil would surely draw, or the unbecoming effect it is bound to produce. Next to the red veil it is said that the brown is the best protecting color for the skin. The black veil should always be avoided during the summer, since it absorbs the color rays, and likewise the heat rays. White veils are attractive and far more suited to the delicate summer costumes than the heavier looking brown veils.

Scarfs are to be vastly important in the fall fashions. These were introduced last year in Paris, and their use is now almost universal there. Sometimes the scarf is of the material of the costume, this of course when the costume is of some sheer or semi-sheer fabric, as marquisette and chiffon cloth. Then there are separate scarfs of Marquisette with satin stripes running over them or bordering the four sides. These are proper for evening wear in light shades of blue and pink, maize and lavender. The printed chiffon scarfs are most effective, and are really inexpensive considering their beauty. Lace scarfs are also seen. One of the novelties is a spangled scarf, which has the spangles applied sparingly in the center and to form a heavy border at the edge.

#### Large Velvet Shapes Are Trimmed With Ostrich.

The fad for fancy feathers, while it has lessened the use of ostrich, has by no means driven the latter beautiful feather from the field, and we find many of the most artistic picture hats of the season trimmed with sweeping ostrich plumes. A shape with a medium high crown, sharply rolled on the brim, is covered smoothly with green velvet and trimmed with two long full plumes in the new old gold shade, which is so fashionable at the present moment in Paris. There is a pompon in fancy feather effect in green tipped with old gold, and green ribbon is draped about the crown and arranged in an extremely smart bow on the high bandeau which lifts the hat on the left side.

#### French Felt Trimmed With the Fashionable Gouras Plumes.

The gouras feather is one of the distinctive styles noted of the season. It is "feather" in the extreme, and has an air of fragile and delicate lightness, although it is in no sense what one might call a perishable trimming. The hat illustrated is of violet felt with a wide binding of violet velvet about the brim. The crown is of medium height and is swathed about with a violet velvet over-laid with a band of silver and violet trimming. Gouras feathers in a delicate shade of grey, tipped with white, form a perfect forest about the crown. This hat is adjusted to the head with a very shallow bandeau, which is made with a back opening that fits it down to the hair. These slashed bandeaus are noticed in many of the new hats. They adjust the hat to a closer line of the head than the all round bandeau, we are told.

#### COULDN'T AFFORD IT.

Lorraine—How did you manage to escape hay fever this year, Grace?  
Grace—I didn't. Papa managed it.  
Lorraine—How?  
Grace—He said he couldn't raise the money to send me to the mountains.

London is to have a dress exhibition next February, at which dresses, furs and lace to the value of at least \$100,000 will be displayed.

Queen Alexandra has just opened in London several new buildings of the Hotel of St. Luke, a charity intended for sick clergy.

# News of the Theater

## AT THE LYCEUM

**"In Old Kentucky" Will Return to Duluth Thursday, Friday and Saturday—Mack-Leone Company During the First Half of the Week.**

It's altogether likely that when all Madges that have been bred "In Old Kentucky" swings across the yawning chasm at the Lyceum next week some folks memories will go skipping back to a dozen maybe fourteen years to compare the prettiness, the cleverness and brilliancy of some Madges that have gone before.

The now famous play was first presented in Duluth, Dec. 8, 1893, and since that time almost every year has returned for an engagement of three or four performances. The first of all the Madges was Marion Elmore (Mrs. Frances Loebe). She "created" the part. It was when Jacob Litt's players—that group of brilliant actors—Louis James, Julia Edwards, Frank Loebe and the elder Elmore were appearing in stock at the Grand Opera House, St. Paul, Thursday, Aug. 4, 1892, was Madge's birthday. Marion Elmore—she still adorns the stage—played the part only four performances, when the play was temporarily withdrawn. A year later, Aug. 1893, Madge reappeared at the Bijou theater, Pittsburgh, to be practically recreated by Bettina Girard. From the smoke of Pittsburgh she flitted in a week to the sunlight of Broadway. The Lyceum had something new to talk about as the academy of music, richly enlivened by a pickaninny band "In Old Kentucky" was pleasing 2,300 people nightly and Broadway's own Betty Girard nightly spurred Queen Bess to victory. Early in the season Madge went on touring and of course she halted for a short stay in Duluth. There was the financial panic of '93 and the Chicago Worlds Fair to pull against, but Lula Tubon, who was the first Madge to appear here filled the theater each night.

As many in Duluth still hold pleasant memories and nearly every year Madge and Queen Bess are here for an engagement, these visits have introduced at the Lyceum many noted players. But outshining the host of all her successors, the name of the late Bettina Girard. Fourteen years ago she was still new in the theater, the daughter of an army officer, a belle in the most exclusive social set in Washington, the victim of an unhappy marriage, the heroine of a divorce—she was new, but she was already famous. Some of the other Madges who have followed Bettina Girard were: Laura Burt, afterwards Sir Henry Irving's leading woman, perhaps the most brilliant one of them; Alice Warner, clever daughter of the noted comedian; and Nell Varner, another "Kentucky Girl," a more recent Madge was Elsa Ryan.

Now a light in the comic opera, and Nella Callahan was a little Madge, as was Marion Shirley. Alice Treat Hunt, who afterwards played "Leads" at the Lyceum, was quite the most serious little jockey that ever rode Queen Bess; the Gypsy looking Bijou Fernandez had a try at the part, too. But the Madge that will never be forgotten is sweet Bessie Bariscale, a mere child when she came to Duluth, though she's since grown up and married and is rapidly climbing to theatrical fame. Marie Quinn, a mite of a Canadian girl, rode Queen Bess last year and in the wake of these always charming, sometimes brilliant Madges, comes May Stockton. She's clever, they say, and of course she's pretty. They always are sweet and pretty those "In Old Kentucky" girls—one reason why Duluth is always so glad to see them.

### "SAGE BRUSH."

**Mr. Mack's Own Comedy Will be Presented.**

One of the most interesting productions that The Mack-Leone players will offer during the winter is "Sage Brush," which springs into instant favor upon the occasion of its initial presentation. It is the product of the versatile Willard Mack's pen. Mr. Mack was happy in the selection of his locality upon which to build a story and it contains all the elements that go to make a success. No section of America holds a stronger fascination for the tourist than does the great West with its great wide plains and interesting characters. Mr. Mack has laid his story in Wyoming, the famous "cattle country," where many stories could be told of fortunes made and lost. He has cleverly converted actual occurrences and scenes to stage uses, and how well he did his work will be demonstrated in six performances at the Lyceum starting with a matinee Sunday afternoon. "Sage Brush" will be the offering until Wednesday with the usual ladies' matinee on Wednesday. The popular Mack-Leone prices will prevail.

### Lyceum Notes.

S. Kent in "Raffles," the Amateur Cracksmen" will be at the Lyceum Sept. 23 and 24.

"The Heir to the Hoohah" will return to Duluth at an early date.

"Checkers" will be seen at the Lyceum again this month.

Sousa's band will be heard on Nov. 24 at the Lyceum.

## AT THE METROPOLITAN

**"The Rollickers" Under the Same Management as the Famous "Wine, Women and Song" Show Will Open a Week's Engagement in Duluth.**

Something theatrical that is even better than the New Century Girls, the Lady Birds, or the other companies that have pleased theatergoers this season, is promised in The Rollickers, who will open a week's engagement at the Metropolitan with a matinee tomorrow afternoon. The usual matinee on Tuesday, Thursday (ladies' day) and Saturday will also be given.

The Rollickers are under the same management as the "Wine, Women and Song" show which started out last season as an Empire circuit attraction, but which made such a hit at the Circle theater, New York, that it remained there throughout the season and never

reached Duluth. Mortimer M. Thelie is the man behind and he says that The Rollickers is just as good an organization as the "Wine, Women and Song" company.

The company is presenting a two-act musical comedy called "B. Dune Good & Co.," which is said to be a scream. The lines, lyrics and music were written especially for the organization and the members were chosen with great care.

Prominent in the company are Joseph K. Watson and Will H. Cohan, the well-known Hebrew comedians; Ed Norton, the comic singer, who made a big hit on the Madison Square roof garden, New York, last summer; Kathryn

Pearl, prima donna soprano; Violet Pearl and Grace Patton, petite soupirantes; Alfred Hall and Joseph Mills, eccentric comedians and dancers and Eddie Barto, the singing and dancing bell boy.

A quartet of clever instrumentalists also contribute to the general joy.

In addition to the long list of principals, there is a chorus that is said to be perfectly good. The young women have some good songs to sing and they are backed up by gorgeous scenic equipment.

## AT THE BIJOU

**Many Unique Features on Vaudeville Bill Next Week ---Trained Macaws and Cockatoos Head Program ---Comedy Playlet Entitled "Tangled Relations" Will be Presented.**

One of the prettiest and most unique novelties that has yet been seen at the Bijou will be Rosa Naynon's troupe of trained tropical birds, consisting of 100 beautiful plumed and colored macaws, parrots, and cockatoos. The brilliant plumage of the birds make a beautiful stage picture, and their performance is a continuous round of surprises. They introduce all sorts of tricks at the command of Miss Naynon, obeying her with all the promptness and seeming willingness of the most obedient dog. Its very originality and striking beauty ought to make it one of the most popular novelties that ever has been shown on the local stage.

Many other attractions of merit will be seen, among the foremost of them being the Ackley Comedy company, consisting of five clever artists, who present Robert Whittier's great New York vaudeville success entitled "Tangled Relations," a comedy playlet that is full of brilliant dramatic and high class comedy situations. "Tangled Relations," such well known artists as Franklin Salisbury, late of Charles Frohmant's Ulysses company; Miss Grace Ferrand, the leading lady of "Mrs. Wiggs of the Cabbage Patch," also Miss Bessie Sheldon and E. D. McMillan, a noted comedy note, will be seen. Special scenery and settings are carried for the production of this playlet.

A novelty of much credit will be offered by Amos, the juggling expert, whose feats of juggling are of the most difficult kind. Amos comes direct from New York, where he has been a big hit, according to the press of the Eastern cities.

One of the best comedy acts ever seen at the Bijou will be offered by Dan Gracy and Ada B. Burnett, two of the best known comedy sketch artists on the vaudeville stage, who offer a comedy skit that keeps the audience in roars of laughter.

A good musical act will be offered by Owen and Camber, who play various instruments, featuring their two-man band, which is said to be one of the best things in the musical line. H. E. Parkhurst will render the beautiful home-ballad, entitled "Back to Mother and the Old Home." A song that is illustrated with beautiful colored views.

The moving pictures for the week show "The Wild Boar Hunt" and the roaring comedy film, entitled "The Runaway Motor Car," which offers a continuous laugh and plenty of excitement. Matinees are given daily at 2:45 and evening performances at 8 and 9:30. Seats may be reserved by either telephone. A special school children's matinee will be given on Saturday afternoon at 2:30, when all pupils under 14 years of age will be admitted for 5 cents to see Miss Naynon's trained birds, and a special program for the little ones. Regular performances are given on Sunday afternoon and night.

Elise Leslie are to have the leading parts. Circle-Adolf Phillips in his own musical comedy "From Across the Pond."

These are some of the most important productions yet to come: "A Grand Army Man," David Warnard; September, Emil Fabre, "La Rabouilleuse," Otis Sennar, Charles Klein, "The Step-Sister," Crystal Heaton, "The Thief," Bellow and Illington; September, Alfred Sutra, "John Jay's Honor," J. K. Hackett; November, Augustus Thomas, "The Witching Hour," John Mason, Edwin Milton Royle, "The Struggle Everlasting," Arthur Byron, November, Franz Lehar, "The Merry Widow," December, Edward Gernon, "Tom Jones," December, Zancarlo, "The Jesters," Maude Adams, January, Bunyan and MacArthur, "The Christian Pilgrim," Henrietta Crossman, January, William J. Locke, "The Morals of Marry," Maria Leno, George Ade, "Father's Boys," W. H. Crane, January, Clyde Fitch, "Plutty Ruffles," Hattie Williams; spring, Henry Arthur Jones, "The Right of Way," Guy Standing, Henry Arthur Jones, "The Gallican Victory," Howard Kyle.

Something new under the sun has come at last in the Aerial Dove Ballet, the piece de resistance in a feast of good things at the Hippodrome. While designed to cause thrills of secret joy to the heart of hundreds of thousands of bald-headed men it is no less pleasing, in another way, to their wives, sisters, daughters and sweethearts.

In Michael Angelo's great paintings you see clouds of angels floating on the wings, high above the earth, moving easily and gracefully. The aerial ballet floats just as easily in the air, each angel, a girl, apparently as much at home as the birds. Of course, these must be the sharpest eye. While the nymphs of the ballet cleave the empyrean blue hundreds of dove doves, released from the highest balcony perch on their heads, arms and shoulders.

The season of Klav & Erlanger advertisement, which was given in the last week, when seventeen house in the United States and Canada opened for the season. According to the news received at the firm's offices, all the houses were crowded at both performances. The cities outside of New York in which the firm owns or controls houses are St. Louis, Kansas City, Philadelphia, two houses, Pittsburgh, Boston, Montreal, Springfield, Worcester, Mass., Hartford, Conn. and Louisville. Four others are in course of preparation for the Auditorium in Chicago; the Hippodrome in Cleveland; the Bait in Rochester, and the New Alexandra in Toronto.

The true story of Carmen, the operatic heroine, has been unearthed in London, where her great granddaughter, Mintz, published a sensational story on the stage. She was the victim of an attempted murder by poisoning by members of her tribe for having deserted the tribe.

The real Carmen's name was not Carmen, but a name no given name, but Ar. Mintz, signifying "The Tresser," or "The Unfathomable." Nor was she a cigar maker at a Seville factory, as in the opera, but she was a woman who with her smuggling husband having been killed in a fight with the customs officers. The real Don Jose is described as a dissolute, brutal man, who had been a priest, but who had to leave his clerical appointment. His romance with Carmen was of short duration. He treated her cruelly, and finally killed her in a fit of jealousy. Mintz Naushka, who is married to a Frenchman, is descended directly from Carmen on her mother's side. Her father was a brilliant, brilliant, brilliant man stationed at Gibraltar, and her mother the daughter of Don Jose, a wandering singer, who married the daughter of Carmen.

Augustus Thomas's Western play, "The Ranger," written for Dustin Farnum, and in which the young actor was presented in New York last week by Charles Frohmant, does not seem to be a decided hit. In this connection it seems that the man taking the biggest chances was the star, Farnum, who has several seasons played "The Virginian" with marked success. It has been intimated that he enjoyed a percentage of the net profits, and these were considerable. He threw this certainty over his shoulder, and he came to New York, in order to get a New York hearing under such astute management as that of Charles Frohmant. In case the play pulls through, Farnum will come out big, but thus far its start has been rather dubious.

Frank Mayne was taken by surprise the other day when a lawyer thrust some peculiar looking papers into his hands. He looked at them for a moment, then caught napping by a process server, but it later developed that it was a check for \$1,000 as first payment of an inheritance of \$90,000, left to the actor by an aunt. Mayne is playing in the Ziegfeld revue, "The Follies of 1907," but says it's awful hard to keep working with 60,000 simoleons in the bank.

With vaudeville salaries doing Knaben-shues in the way of elevation, it took more than an automobile smash-up to keep Ethel Levey out of the running. The song that induced the little singer to return to the two-days was sung by Oscar Hammerstein, and she will enter the foot again this week. Miss Levey picked up a couple of new songs while abroad, and will introduce them to this country.

A. H. Woods, who was hustled off to Saranac Lake to rest up from the strain of producing about twenty melodramatic offerings that are now touring the country, has recovered his health entirely, and will take up the work of putting out more thrillers from now on.

While Mrs. Fliske is devoting the early part of her season to a repertoire on her first Southern tour in year, Harrison Gray Fliske has booked a second company in a tour of "Leah Kleschna," which is to given in cities that have heretofore not been touched. The former independent, long busy with their struggle in the bigger cities, have the past two seasons found out that a virgin field was being overlooked by them. It is in this account that we see David Belasco, Fliske and others going in for No. 2 companies, and they are reaping a golden harvest in the strictly one-night stands that were never reached before by them.

Miss Virginia Harnoe, who, after a short season in New York, will tour in Anna Karenina, has just had an experience with flashlights which was annoying. At New Haven pictures were being taken of the big production. When the flash came it shocked her optic nerves and she was compelled to cancel the next night's engagement. She recovered quickly, however, and opened her season as scheduled.

"The Girl Rangers" put on in Chicago at the Auditorium last week, turn out to be a mixture of music, spectacular, sensational, and Lincoln J. Carterism. It is of that modern theme, the West, which is

big enough not to be overdone. There is ample room for it on the stage of Chicago's vast playhouse, and when little Lincoln Carter cannot fill a stage, no matter what may be its dimensions, it is time to begin giving the sensational drama tonic. In "The Girl Rangers" he has elaborated his startling effect, a race between an automobile and a locomotive, which was the striking thing in the play, "Bedford's Hope," put out not long ago by Stair and Havlin. The big feature of time to begin giving the sensational drama tonic. In "The Girl Rangers" he

(Continued on page 8, 6th col., 2nd sec.)

## GOSSIP OF THE RIALTO

**Conried Announces Great Array of Song Birds For the Opera Season in New York--Hammerstein Again Building Theaters.**

New York, Sept. 14.—These cool evenings naturally bring on talk of the next grand opera season. The first announcement comes from Heinrich Conried of the Metropolitan. It may be said in passing that Mr. Conried's stay in Europe has greatly improved his health and he will come back to New York prepared to put up the battle of his life for operatic supremacy. He announces a company of artists which will be hard to beat anywhere in the world.

Soprano—Miss Bessie Abbott; Miss Julia Cavallari; Miss Fames; Miss Geraldine Farnum; Miss Rita Le Fort; Miss Olive Fremstad; Miss Johanna Gadski; Miss Anne Girard; Miss Martha Leffler-Borckard; Miss Lucille Lawrence; Miss Lucy Lee; Miss Marie Matfield; Miss Berta Marona; Miss Marie Rappold; Miss Marcela Sembrich and Miss Marion Wood.

Mezzo-sopranos and contraltos—Mme. Louise Homer; Mme. Josephine Jacoby; Mme. Frida Langender and Mme. Kiroby-Lonn.

Tenors—Julius Bayler, Alessandro Bonci, Alois Burgstaller, Carl Burian, Enrico Caruso, Andrew Dippel, Heinrich Kneke, George Lucas, Riccardo Martin, Giovanni Parlon, Alfred Reiss, Charles Rousseau and Giuseppe Teccol.

Barytones—Bernardus Begue, Giuseppe Campanini, Eugene Durtiche, Otto Goritz, Adolf Machlman, Antonio Scotti, Franz Schuler, Riccardo Sinicciari and Antoni Van Rooy.

Bassos—Raffaele Barocchi, Robert Blaes, Theodore Chappellier, Rene Jourmet, Vittorio Navarini and Pol Plancon.

Conductors—S. Boy, Edouardo Ferrari, Alfred Hartz and Gustav Mahler. Assistant Conductors—Paul Elsie, Hans Morgenstern, Kurt Schneider and Tullio Voshera.

Technical Director—Eugene Castel-Bert.

Stage Directors—Eugene Durtiche and August Scherell.

Stage Manager—Frank Rigso.

Oscar Hammerstein, who will have to be up and doing to go against this galaxy, Mr. Hammerstein knows the game, however, and is not to be frightened by famous names. When the time comes it can be confidently expected that he will be in the ring with an equally formidable array of song birds.

In the meantime Mr. Hammerstein seems to be very busy considering plans and proposals for the building of opera houses in other cities. Boston, Philadelphia and Pittsburgh already are on the list of cities said to be negotiating with the impresario, and to the present he is emulating their pace and is "laying low," sayin' nuffin.

Hardly a night now but sees a group of playhouses through open their doors for the season. For this week the list of the most important follows:

Broadway—"The Ragged Dicks" Brothers in Panama, a new musical comedy.

Herald Square—Virginia Harnoe in "Anna Karenina," Thomas W. Brodurst's dramatization of Tolstol's novel of the same name.

Wallack's—Dustin Farnum in Augustus Thomas's new play, "The Ranger."

Academy of Music—Eleanor Hobson in Paul Armstrong's play, "Salomy Jane," enlarged for bigger stage.

Bijou—Alla Nazimova in "Contessa Comquette," with a new leading man, Walter Hampton.

Hacked—"The Movers," a new play by Madison Morton, with Dorothy Donnelly in the leading part.

Madison Square—"The Man on the Case," a new comedy, by Grace Livingston Furness. Jameson Lee Finney and

Elise Leslie are to have the leading parts. Circle-Adolf Phillips in his own musical comedy "From Across the Pond."

These are some of the most important productions yet to come: "A Grand Army Man," David Warnard; September, Emil Fabre, "La Rabouilleuse," Otis Sennar, Charles Klein, "The Step-Sister," Crystal Heaton, "The Thief," Bellow and Illington; September, Alfred Sutra, "John Jay's Honor," J. K. Hackett; November, Augustus Thomas, "The Witching Hour," John Mason, Edwin Milton Royle, "The Struggle Everlasting," Arthur Byron, November, Franz Lehar, "The Merry Widow," December, Edward Gernon, "Tom Jones," December, Zancarlo, "The Jesters," Maude Adams, January, Bunyan and MacArthur, "The Christian Pilgrim," Henrietta Crossman, January, William J. Locke, "The Morals of Marry," Maria Leno, George Ade, "Father's Boys," W. H. Crane, January, Clyde Fitch, "Plutty Ruffles," Hattie Williams; spring, Henry Arthur Jones, "The Right of Way," Guy Standing, Henry Arthur Jones, "The Gallican Victory," Howard Kyle.

Something new under the sun has come at last in the Aerial Dove Ballet, the piece de resistance in a feast of good things at the Hippodrome. While designed to cause thrills of secret joy to the heart of hundreds of thousands of bald-headed men it is no less pleasing, in another way, to their wives, sisters, daughters and sweethearts.

In Michael Angelo's great paintings you see clouds of angels floating on the wings, high above the earth, moving easily and gracefully. The aerial ballet floats just as easily in the air, each angel, a girl, apparently as much at home as the birds. Of course, these must be the sharpest eye. While the nymphs of the ballet cleave the empyrean blue hundreds of dove doves, released from the highest balcony perch on their heads, arms and shoulders.

The season of Klav & Erlanger advertisement, which was given in the last week, when seventeen house in the United States and Canada opened for the season. According to the news received at the firm's offices, all the houses were crowded at both performances. The cities outside of New York in which the firm owns or controls houses are St. Louis, Kansas City, Philadelphia, two houses, Pittsburgh, Boston, Montreal, Springfield, Worcester, Mass., Hartford, Conn. and Louisville. Four others are in course of preparation for the Auditorium in Chicago; the Hippodrome in Cleveland; the Bait in Rochester, and the New Alexandra in Toronto.

The true story of Carmen, the operatic heroine, has been unearthed in London, where her great granddaughter, Mintz, published a sensational story on the stage. She was the victim of an attempted murder by poisoning by members of her tribe for having deserted the tribe.

The real Carmen's name was not Carmen, but a name no given name, but Ar. Mintz, signifying "The Tresser," or "The Unfathomable." Nor was she a cigar maker at a Seville factory, as in the opera, but she was a woman who with her smuggling husband having been killed in a fight with the customs officers. The real Don Jose is described as a dissolute, brutal man, who had been a priest, but who had to leave his clerical appointment. His romance with Carmen was of short duration. He treated her cruelly, and finally killed her in a fit of jealousy. Mintz Naushka, who is married to a Frenchman, is descended directly from Carmen on her mother's side. Her father was a brilliant, brilliant, brilliant man stationed at Gibraltar, and her mother the daughter of Don Jose, a wandering singer, who married the daughter of Carmen.

Augustus Thomas's Western play, "The Ranger," written for Dustin Farnum, and in which the young actor was presented in New York last week by Charles Frohmant, does not seem to be a decided hit. In this connection it seems that the man taking the biggest chances was the star, Farnum, who has several seasons played "The Virginian" with marked success. It has been intimated that he enjoyed a percentage of the net profits, and these were considerable. He threw this certainty over his shoulder, and he came to New York, in order to get a New York hearing under such astute management as that of Charles Frohmant. In case the play pulls through, Farnum will come out big, but thus far its start has been rather dubious.

Frank Mayne was taken by surprise the other day when a lawyer thrust some peculiar looking papers into his hands. He looked at them for a moment, then caught napping by a process server, but it later developed that it was a check for \$1,000 as first payment of an inheritance of \$90,000, left to the actor by an aunt. Mayne is playing in the Ziegfeld revue, "The Follies of 1907," but says it's awful hard to keep working with 60,000 simoleons in the bank.

With vaudeville salaries doing Knaben-shues in the way of elevation, it took more than an automobile smash-up to keep Ethel Levey out of the running. The song that induced the little singer to return to the two-days was sung by Oscar Hammerstein, and she will enter the foot again this week. Miss Levey picked up a couple of new songs while abroad, and will introduce them to this country.

A. H. Woods, who was hustled off to Saranac Lake to rest up from the strain of producing about twenty melodramatic offerings that are now touring the country, has recovered his health entirely, and will take up the work of putting out more thrillers from now on.

While Mrs. Fliske is devoting the early part of her season to a repertoire on her first Southern tour in year, Harrison Gray Fliske has booked a second company in a tour of "Leah Kleschna," which is to given in cities that have heretofore not been touched. The former independent, long busy with their struggle in the bigger cities, have the past two seasons found out that a virgin field was being overlooked by them. It is in this account that we see David Belasco, Fliske and others going in for No. 2 companies, and they are reaping a golden harvest in the strictly one-night stands that were never reached before by them.

Miss Virginia Harnoe, who, after a short season in New York, will tour in Anna Karenina, has just had an experience with flashlights which was annoying. At New Haven pictures were being taken of the big production. When the flash came it shocked her optic nerves and she was compelled to cancel the next night's engagement. She recovered quickly, however, and opened her season as scheduled.

"The Girl Rangers" put on in Chicago at the Auditorium last week, turn out to be a mixture of music, spectacular, sensational, and Lincoln J. Carterism. It is of that modern theme, the West, which is

big enough not to be overdone. There is ample room for it on the stage of Chicago's vast playhouse, and when little Lincoln Carter cannot fill a stage, no matter what may be its dimensions, it is time to begin giving the sensational drama tonic. In "The Girl Rangers" he has elaborated his startling effect, a race between an automobile and a locomotive, which was the striking thing in the play, "Bedford's Hope," put out not long ago by Stair and Havlin. ## AT THE LYCEUM

**"In Old Kentucky" Will Return to Duluth Thursday, Friday and Saturday—Mack-Leone Company During the First Half of the Week.**

It's altogether likely that when someone says "In Old Kentucky," the first thought that comes into the mind of all Madges that have been bred "In Old Kentucky" swings across the yawning chasm at the Lyceum next week some folks memories will go skipping back to a dozen maybe fourteen years to compare the prettiness, the cleverness and brilliancy of some Madges that have gone before.

The now famous play was first presented in Duluth, Dec. 8, 1893, and since that time almost every year has returned for an engagement of three or four performances. The first of all the Madges was Marion Elmore (Mrs. Frances Losee). She "created" the part. It was when Jacob Litt's players—that group of brilliant actors—Louis James, Julia Arthur, Frank Losee and the older Edson were appearing in stock at the Grand Opera house, St. Paul, Thursday, Aug. 4, 1892, was Madge's birthday. Marion Elmore—she still adorns the stage—played the part only four performances, when the play was temporarily withdrawn. A year later, Aug. 1903, Madge reappeared at the Bijou theater, Pittsburgh, to be practically recruited by Bettina Girard. From the smoke of Pittsburgh she fitted in a week to the sunlight of Broadway. The Rialto had something new to talk about as the academy of music, richly embellished by a pickaninny band, "In Old Kentucky" was playing. Early in the season Madge went a-touring and of course she halted for a short stay in Duluth. There was the financial panic of '93 and the Chicago World's Fair to pull against, but Lula Tabor, who was the first Madge to appear here filled the theater each night.

As many in Duluth still hold pleasant memories and nearly every year Madge and Queen Bees are here for an engagement, those visits have introduced at the Lyceum many noted players. But outstanding the list of all her successors, stands the name of the lamented Bettina Girard. "Fourteen years ago" she was still new in the theater. The daughter of an army officer, a belle in the most exclusive society set in Washington, the victim of an unhappy marriage, the heroine of a divorce—she was new, but she was already famous. Some of the other Madges who have followed Bettina Girard were: Laura Durt, afterwards Sir Henry Irving's leading woman, perhaps the most brilliant one of them; Alice Warner, clever daughter of the noted comedian, and Nell Varner, another "Kentucky Girl." A more recent Madge was Elsa Ryan.

## AT THE METROPOLITAN

**"The Rollickers" Under the Same Management as the Famous "Wine, Women and Song" Show Will Open a Week's Engagement in Duluth.**

Something theatrical that is even better than the New Century Girls, the Lady Birds, or the other companies that have pleased theatergoers this season, is promised in The Rollickers, who will open a week's engagement at the Metropolitan with a matinee tomorrow afternoon. The usual matinee on Tuesday, Thursday (dances) and Saturday will also be given.

The Rollickers are under the same management as the "Wine, Women and Song" show which started out last season as an Empire circuit attraction, but which made such a hit at the Circle theater, New York, that it remained there throughout the season and never

reached Duluth. Mortimer M. Thelie is the man behind and he says that The Rollickers is just as good an organization as the "Wine, Women and Song" company.

The company is presenting a two-act musical comedy called "The House of Mirth," which is said to be a scream. The lines, lyrics and music were written especially for the organization and the members were chosen with great care.

Prominent in the company are Joseph K. Watson and Will H. Colman, the well known Hoboken comedians; Ed Morton, the coon shouter, who made a big hit on the Madison Square roof garden, New York, last summer; Kathryn

Pearl, prima donna soprano; Violet Pearl and Grace Patton, petite sou-brettes; Alfred Hall and Joseph Mills, eccentric comedians and dancers; Eddie Barto, the singing and dancing ball boy.

A quartet of clever instrumentalists

also contribute to the general joy. In addition to the long list of principal characters, there is a chorus that is said to be perfectly good. The young women have some good songs to sing and they are backed up by gorgeous scenic equipment.

## AT THE BIJOU

**Many Unique Features on Vaudeville Bill Next Week—Trained Macaws and Cockatoos Head Program—Comedy Playlet Entitled "Tangled Relations" Will be Presented.**

One of the prettiest and most unique novelties that has yet been seen on the stage will be Rosa Naynon's troupe of trained tropical birds, consisting of 100 beautiful plumed and colored macaws, parrots, and cockatoos. The brilliant plumage of the birds make a beautiful stage picture, and their performance is a continuous round of surprises. They introduce all sorts of tricks at the command of Miss Naynon, obeying her with all the promptness and seeming willingness of the most subservient dog. Its very originality and striking beauty ought to make it one of the most popular novelties that ever has been shown on the local stage.

Many other attractions of merit will be seen, among the foremost of them being the Ackley Comedy company, consisting of five clever artists, who present a comedy playlet, entitled "Tangled Relations," a comedy playlet that is full of brilliant dramatic and high class comedy situations. In "Tangled Relations," such well known artists as Franklyn Salisbury, late of Charles Frohman's Lyceum company, Miss Grace Ferrard, late leading lady of "Mrs. Wiggs of the Cabbage Patch," and Miss Bessie Sheldon and E. D. McMillan of musical comedy note, will be seen. Special scenery and settings are carried for the production of this clever playlet.

A novelty of much credit will be offered by Amos, the juggling expert, whose feats of juggling are of the most difficult kind. Amos comes direct from New York, where he has been a big hit, according to the press of the East.

One of the best comedy acts ever seen at the Bijou will be offered by Dan Gracey and Ada R. Burnett, two of the best known comedy sketch artists on the vaudeville stage, who offer a comedy sketch that keeps the audience in roars of laughter.

A good musical act will be offered by Owen and Camber, who play various instruments, featuring their two-man band, which is said to be one of the best things in the musical line. H. E. Parkhurst will render the beautiful home-hall, entitled "Back to Mother and the Old Home." A song that is as beautiful as the scenery, and which is said to be one of the best things in the musical line. H. E. Parkhurst will render the beautiful home-hall, entitled "Back to Mother and the Old Home." A song that is as beautiful as the scenery, and which is said to be one of the best things in the musical line.

The moving pictures for the week show "The Wild Boar Hunt" and the "Runaway Motor Car," which offers a continuous laugh and plenty of excitement. Matinees are given daily at 2:45 and evening performances at 8 and 9:30. Seats may be reserved by telephone. A special school children's matinee will be given on Saturday afternoon at 2:30, when all pupils under 14 years of age will be admitted for 5 cents to see Miss Naynon's trained birds, and a special program for the little ones. Regular performances are given on Sunday afternoon and night.

Stage Directors—Eugene Dufreche and Anton Scherdt.

Stage Manager—Frank Rigo.

Oscar Hammerstein surely will have to be up and doing to go against the galaxy. Mr. Hammerstein knows the game, however, and is not to be frightened by famous names. When the time comes it will be in the ring with an equally formidable array of song birds.

In the meantime Mr. Hammerstein seems to be very busy considering plans and proposals for the building of opera houses in other cities. Boston, Philadelphia and Pittsburgh already are on the list of cities said to be negotiating with the impresario, high up to the present he is negotiating with Fox and is "laying low," says a rumor.

Hardly a night now but sees a group of phonies throw upon their doors for the season. For this week the list of the most important follows:

Broadway—"The Rogers Brothers in Panama," a new musical comedy.

Herald Square—"The Rogers Brothers in Panama," a new musical comedy.

Wallack—"The Rogers Brothers in Panama," a new musical comedy.

Academy of Music—Eleanor Robson in "Paul Armstrong's play, 'Salomy Jane,' enlarged for a bigger stage.

Bijou—Alla Nazimova in "Comtesse Coup-de-tete," with a new leading man, Walter Hampden.

Hackett—"The Movers," a new play by Martha Morton, with Dorothy Donnelly in the leading part.

Madison Square—"The Man on the Case," a new comedy, by Grace Livingston Furness. Janssen Lee Finney and

Technical Director—Eugene Castel-Bert.

Supranos—Miss Bessie Abbott, Miss Lina Cavalieri, Miss Bessie, Miss Geraldine Farrar, Miss Rita Le Forna, Miss Olive Fremstad, Miss Johanna Bonelli, Miss Anne Girard, Miss Martha Lottier-Borckard, Miss Louella Lawrence, Miss Lucy Lee, Miss Marie Matfield, Miss Berna Marenna, Miss Marie Rappold, Miss Marcella Semich and Miss Naynon.

Mezzo-sopranos and contraltos—Miss Louise Homer, Miss Josephine Jacoby, Miss Frida Landendorff and Miss Kirby-Lynn.

Tenors—Julius Dayer, Alessandro Bonci, Alois Burgstaller, Carl Hoffman, Enrico Caruso, Andreas Duppel, Heinrich Korte, George Lucas, Riccardo Martin, Giovanni Persoli, Albert Reiss, Charles Rossiniere and Giuseppe Tecci.

Barytones—Bernard Regue, Giuseppe Campanari, Eugene Dufreche, Otto Goritz, Adolf Mehlmann, Antonio Scotti, Franz Siner, Riccardo Stracciari and Anton Van Rooy.

Basses—Raffaello Barocchi, Robert Dicks, Theodore Chappaline, Marcel Journet, Vittorio Mercantini and Vol Planchon.

Conductors—S. Hoxy, Rodolfo Ferrari, Alfred Hartig and Gustav Mahler. Assistant Conductors—Paul Elser, Hans Morgenstern, Kurt Schindler and Tullio Vecchia.

Technical Director—Eugene Castel-Bert.

Elise Leslo are to have the leading parts. Circle—Adolf Phillips in his own musical comedy "From Across the Pond."

These are some of the most important productions yet to come: "A Grand Army Man," David Warfield; September, Emil Fabre, "La Rabouilleuse," Ots Skinner.

Charles Klein, "The Step-Sister," Crystal Heart.

Henri Bernstein, "The Thief," Bellew and Hilmont; September.

Alfred Siro, John Clayde's Honor, J. K. Hackett; November.

Augustus Thomas, "The Wilting Hour," John Mason.

Edwin Milton Royle, "The Struggle for Leadership," Arthur Byron, November.

Franz Lehar, "The Merry Widow," December.

Edward Gernon, "Tom Jones," December.

Zamacois, "The Jesters," Maude Adams; January.

Bunyan and MacArthur, "The Christian Pilgrim," Henrietta Grossman; January.

William J. Locke, "The Morals of Marcus," Mario Dory.

George Ade, "Father's Boys," W. H. Crane.

Clyde Fitch, "Fluffy Ruffles," Hattie Williams; spring.

Parker and Presbury, "The Right of Way," Gay Standing.

Howard Kyles, "The Galliano's Victory," Howard Kyles.

Something new under the sun has come at last in the Aerial Dove Ballet, the place do resistance in a feast of good things at the Hippodrome. While designed to cause thrills of secret joy to the heart of thousands of thousands of bald-headed men, it is no less pleasing, in another way, to their wives, sisters, daughters and sweethearts.

In Michael Angelo's great paintings you see choirs of angels floating on the clouds, high above the earth, moving easily and gracefully. The aerial ballet moves as easily in the air, each angel, a girl, apparently as much at home as the birds. Of course, they must be clever, and they are invisible to the sharpest eye. While the nymphs of the ballet dance in the air, blue hundreds of five doves, released from the highest balcony perch on their heads, arms and shoulders.

The season of Klav & Eplanger advanced vaudeville ended with a rush last week, when seventeen houses in the United States had opened for the season. According to the news received at the firm's offices, all the houses were crowded with performances. The list is outside of New York in which the firm owns or controls houses are: St. Louis, Milwaukee, Kansas City, Philadelphia, two houses; Pittsburgh, Boston, Hartford, Conn., and Louisville. Four others are in course of preparation for opening: The Auditorium, in Chicago; the Hippodrome in Cleveland; the Baker Hotel, and the New Alexandra in Toronto.

The true story of Carmen, the operatic heroine, has been unearthed in London, where her great-granddaughter, Mintz Sedgwick, a spy dancer on the stage, was the victim of an attempted murder by members of her tribe for having deserted the gypsy life.

The real Carmen's name was not Carmen, but a gypsy would have, but Ar Mintz, signifying "The Tigris," or "The Danubius." Nor was she a circus worker at a Seville factory, as in the opera, but she led a nomadic life with her tribe, and her husband was killed in a fight with the customs officers. The real Don Jose is described as a dissolute, brutal man who had been a priest, but who had to leave his clerical appointment.

His romance with Carmen was of short duration. He treated her cruelly, and finally killed her in a fit of jealousy. Mintz Sedgwick, who is named to a Frenchman, is descended directly from Carmen on her mother's side. Her father was Harry Grossman, a British artilleryman stationed at Gibraltar, and her mother was the daughter of a wandering singer, who married the daughter of Carmen.

Augustus Thomas's Western play, "The Ranger," written for Dustin Farnum, and in which that young actor was presented in New York last week by Charles Frohman, does not seem to be a devoted hit.

In this connection it seems that the man taking the biggest chances was the star Farnum, who for several seasons played "The Virginian" with marked success. It has been intimated that he enjoyed a percentage of the net profits, and those were considerable. He threw this certainty away, however, to take chances with "The Ranger" in order to get a New York hearing and such a big company as that of Charles Frohman. In case the play pulls through, Farnum will come out big, but thus far his start has been rather dubious.

Frank Mayne was taken by surprise the other day when a lawyer thrust some peculiar looking papers into his hands. He thought at first he had been caught napping by a process server, but it later developed that some of the papers were check for \$100 as first payment of an inheritance of \$2,000, left to the actor by an aunt. Mayne is playing in the Ziegfeld revue, "The Follies of 1907," but says it's awful hard to keep working with 20,000 simoleans in the bank.

With vaudeville salaries doing Knahe-shoes in the way of elevation, it took more than an automobile smash-up to keep Ethel Levey out of the running. The song that induced the little singer to return to the two-city was sung by Oscar Hammerstein, and she will enter the fold again this week. Miss Levey picked up a couple of new songs while abroad, and will introduce them to this country.

A. H. Woods, who was hustled off to Saranac Lake to rest up from the strain of producing about twenty melodramatic offerings that are now touring the country, has recovered his health entirely, and will take up the work of putting out more thrillers from now on.

While Mrs. Fiske is devoting the early part of her season to a repertoire on her first southern tour in year, Harrison Grey Fiske has booked a second company in a tour of "Leah Kleschna," which is to be given in cities that have hitherto not been touched. The former independent, busy with their struggle in the bigger cities, have the past two seasons found out that a virgin fold was being overlooked by them. It is on this account that we see David Belasco, Fiske and others going in for 20-c companies, and they are reaping a golden harvest in the strictly one-night stands that were never reached before by them.

Miss Virginia Hamond, who, after a short season in New York, will tour in "Anna Karenina," has just had an experience with flashlights which was annoying. At New Haven pictures were being taken of the production. When the flash came it shocked her optic nerves and she was compelled to cancel the next night's engagement. She recovered quickly, however, and opened her season as scheduled.

"The Girl Rangers" put on in Chicago at the Auditorium last week, turns out to be a mixture of music, spectacular, sensational, and Lincoln J. Arthur. It is of that modern theme, the West, which is

big enough not to be overdone. There is ample room for it on the stage of Chicago's vast playhouse, and when little Lincoln Carter cannot fill a stage, no matter what may be its dimensions, it is time to begin giving the sensational drama tonic. In "The Girl Rangers" he

has elaborated his startling effect, a race between an automobile and a locomotive, which was the striking thing in the play. "Bedford's Hope," put out not long ago by Stair and Havlin. The big feature of time to begin giving the sensational drama tonic. In "The Girl Rangers" he

immensely to his prestige in Iowa and made the success of his newspaper a certainty. The "broad sheet" was on the street just as the churchgoers were going home from evening service. Parker had several boys out, each with a big bundle of the sheets under his arm, with instructions not to sell, but to give them away to any who wanted them. This feature of the enterprise was the one thing needed to make it a perfect hit with the villagers, and in the long run no doubt brought in a good deal more money than it cost. Mr. Parker has made many contributions to the best magazines and reviews on both sides of the ocean, and for a long time was a special American contributor to the London Times, but he has had little time for writing in some years.

**Some Friends of His Later Years.**

Thomas Spratt of Ogdensburg, N. Y., is one of the ex-president's most recently acquired friends. Spratt is of the legal profession, and so typical an old-fashioned country lawyer that in Ogdensburg they call him "Toni Spratt." Cleveland knew him first when president. Spratt was then the law partner of "Dan" Magone—whom Cleveland appointed collector of the port of New York in 1889—and made so great an impression upon the chief executive that he suggested him for an Equitable director two or three years ago.

It may be that Spratt's old-fashioned qualities fail to impress every-

in the country districts make holders of first grade normal certificates find the demand brisk at \$60 per month. Nearly all the graded schools of towns and cities have been supplied with teachers.

**REFUSES TO WED**

**And Sweet Signora Must Pay Cost of Her Voyage.**

Steubenville, Ohio, Sept. 12.—Maris Antonelli, a sweet-faced Italian girl of 26 years, shed bitter tears in justice court, when ordered to pay the expenses incurred in coming from Italy to this city, where Rosario Pentti was waiting to make her his bride.

According to pretty Maris's story, told through trembling lips, she did not like the looks of Rosario, whom she saw for the first time when she arrived here. "I just can't love him," she cried. "If I don't love him, how can I marry him?" she asked, her large, brown eyes gazing appealingly at the court.

No one present seemed able to answer

around intimate today, and a more frequent guest at Princeton than any one else. Richard Olney of Boston is another close friend, and so is Judge D. Cady Herriek of Albany.

**Fleuty of Knobs on Bryant.**

Not so often figuring in print as in the old days, Dr. Joseph D. Bryant, "the president's physician" in the early nineties, is still the same close friend of the former president that he was then.

Dr. Bryant is now 62, a big, tall, broad man, "with more knobs on him than you'd find on one man in a million," as one of his admirers describes him. His relations with Cleveland began when the latter, as

# WHAT IS THAT IN THE COACHING WORLD?

## By Naughton and the Sporting Scribe.

### Back From the Minors.

There's food for reflection in the list of drafted players to be taken on by the major league clubs next year. The names of old stand-bys like Joe Kelly, Buck Freeman, Tip O'Neill, Gus Dunton and others appear in the lists, once more to return to the company from which they were banished.

Strange, indeed, is the career of the professional ball player. He may be a star of the major leagues. He has a slump. "Back to the minors," yell the fans. And back to the minors it is. Then

shake them up in a hat, draw one, and put all his money on the draw. He stands just about as much chance as if he depends on his judgment. Soon, the American league race will be over. In fact, those sportingly inclined and not wanting to take too long a chance on the American league show are putting their money, American against National, regardless of winners. The Americans are favorites, but it's a good gambler's chance either way.

Whether the American league is stronger than the National is a question. Some think the Sox didn't prove it conclusively last year. They or some other team, will have a chance to show the country this year. As to which team will be able to do it most effectively, the present season's play to show. Here's the way a St. Louis sporting writer says it up:

"It is the opinion of yours truly that there is a good thing for the A. L. if the Athletics fly the flag. Left-handers and right-handers are the pitchers the Cubs don't like."

"Waddell and Plank are two mighty left-handers, while Little League is there nineteen years from the ace when it comes to pitching up the dump pellet. "Waddell, Plank, overworked, made the Athletics look foolish. But those who were down East know how to throw out and how much underweight Edie Plank was. Then, the whole country knows that 'Rube' Waddell never appeared in the series."

"It was that rank show put up by the Sox that got him in bad with Mack, and which eventually got him off the team. Plank, overworked, made the Athletics look foolish. But those who were down East know how to throw out and how much underweight Edie Plank was. Then, the whole country knows that 'Rube' Waddell never appeared in the series."

Joe Gans, champion, has done won't an' done it again. The white man's son, Jimmy Britt, wasn't there. After boxing Battling Nelson, the one possible live opponent for Gans, Jimmy looked like a four time

ed to remark that the Baltimore chocolate drop is rather a lucky individual. Perish the thought. One has only to look at the two schools interested in the football schedule.

It must be all very nice for the University of Michigan to send runners East in the spring to compete on Eastern tracks with the pick of the big universities. The hearts of the supporters of the maize and blue don't seem to be as they read the eulogies of the peerless Wolverine athletes in the eastern press. And the trophies of track and field contests are doubtless given places of honor in Michigan halls of athletics.

But it is none too cheerful for Michigan adherents to see the Chicago and Minnesota schedules made up of big

important game on the Michigan schedule. Michigan Agricultural College, Case school, Notre Dame and Vanderbilt, do not sound as formidable, nor interesting, as Minnesota, Chicago and Wisconsin. Michigan may be satisfied, but the great West develops a team for one big game is just the evil Michigan wanted to avoid in withdrawing, and the evil is present this year.

Minnesota people are willing to have the Cornhuskers in the Western conference, while football schedules such as the University of Wisconsin, Nebraska, Nebraska, Chicago, Wisconsin and Carleton should be pretty good opponents. The followers of the Minnesota team will find plenty in the developments of the year to make their blood flow more swiftly and what is football for but to arouse enthusiasm and college spirit?

Rah for Schuchnecht. A dispatch from Waterloo, Iowa, states that the brawny captain of the Minnesota football eleven, John Schuchnecht, of Bremer county, has been undergoing a strenuous campaign to harden his muscles, and finds himself in fine fettle. Last season he won the plaudits of football fans in Iowa, and he is confident that, next fall, will see his star further in the ascendancy.

Young Schuchnecht has been doing all sorts of hard work. He shoveled tons of coal with his axe, and he shoveled tons of dirt with his shovel. He worked in the Waverly best factory, where he found diversion in lifting the heavy machinery work in a stone quarry put the finishing touches on his muscles and made them like chilled steel.

Chicago, beware! A man who'll do that to get in condition for a dangerous opponent for Stagg's Maroon warriors. Watch Schuchnecht.

Mr. Grillo is Joking. Says Ed Grillo: "It is possible to make money faster than ever in the baseball players than it can be made on the stock market, and it has playing the races better all around."

Mr. Grillo may be right, when the present condition of the stock market is considered, but it is doubtful if he doesn't want to go back on any major league salary list.

And pay railroad fares for about thirty alleged ball players during the season, and keep each one about two weeks before handing out the big ticket.

And have about ten people to a game and a magnificent Sunday crowd of 100 or so.

And find star men jumping the team salary list, and some jumping the list of worst-out camps in the league.

And have the ball players clamoring for the star men to be put in the line, and find himself at the end of the season, with a bunch of men to meet, a bundle of worst-out camps in the league, and not a ball player on the list.

Michigan May Be Satisfied. games, while Michigan will play but one contest, which will excite any interest outside of the two schools interested in the game. The game with Pennsylvania, to be played at Ann Arbor is the only really

player will come into his own among a certain portion of the sport-loving public. There must be something all the time to keep the sporting blood flowing. If not baseball, football is the rage. When football goes, something else must come up. The sporting blood of the nation demands stimulation, and it usually gets it.

Basketball has been coming more into popularity. Clifford W. Hahn, who took the Chicago Metros on an 8,000-mile tour in 1906, has a scheme for the third year which surpasses that in magnitude. He proposes to take eight players and a manager from Los Angeles, through the South, up to New York for a tournament in April, through Eastern Canada, down the Middle West, when a Chicago tournament will be staged, then across the continent to British Columbia, completing the trip through Oregon and Washington.

If the United States stands for that trip and the citizens of the City of Angels don't have count the ties home, basketball may be regarded as a firmly established branch of sport in the country.

The Schedule Question. Question—What profiteth it a college to withdraw from the Western conference and lose all important games from its football schedule?

It must be all very nice for the University of Michigan to send runners East in the spring to compete on Eastern tracks with the pick of the big universities. The hearts of the supporters of the maize and blue don't seem to be as they read the eulogies of the peerless Wolverine athletes in the eastern press. And the trophies of track and field contests are doubtless given places of honor in Michigan halls of athletics.

But it is none too cheerful for Michigan adherents to see the Chicago and Minnesota schedules made up of big

important game on the Michigan schedule. Michigan Agricultural College, Case school, Notre Dame and Vanderbilt, do not sound as formidable, nor interesting, as Minnesota, Chicago and Wisconsin. Michigan May Be Satisfied. games, while Michigan will play but one contest, which will excite any interest outside of the two schools interested in the game. The game with Pennsylvania, to be played at Ann Arbor is the only really

know very much about football, but they're willing to learn, and to all appearances their teacher will have no trouble installing in them the principles and practice of the game.

Negotiations are now on with Al Cummings, the former high school star and one of the best gridiron men Duluth has ever produced, to lead the boys through this season. Al will probably take up the work and in his hands the athletic interests of the school will be safe. He knows the game, too, not only in theory, but in practice, and he has been successful before in shaping a crowd of youthful athletes into a team, fighting football machine. The supporters of the high school team would like to see him placed in charge of the squad, for they feel certain he can get all that is from it.

The captain of the team has not yet been elected, but he will be some evening next week. There are several of the veterans who would make good leaders, and the boys, using good judgment, will be able to select a capable captain.

sums are spent in hiring and training football players. Every little village has its football team. They have their leagues, just as do the bush league, baseball towns in the United States. Larger towns branch out into professional, and professional football is on a much heavier basis than is football in the United States, considering the fact that they only play one game a week.

The season opens Sept. 1 and continues until May 1 and the teams play every Saturday, rain or shine. Immense crowds turn out to the games. The football season is a holiday in England, and it is a holiday in the United States on a day when there is a football team in town is a gross injustice. Many a clerk would quit his job if he were required to work all Saturday afternoon, when his heart is set on seeing a football game.

This competition is between England and Scotland. The different leagues in the two countries play during the season and toward spring, the competition narrows down. Champions are picked from the best teams of the two countries and they are brought together for the international contest. Thousands of dollars are spent in training the men for the match. They are put up at the best resorts, given expert trainers and paid large sums in salary. Sometimes the match is played in England, and sometimes in Scotland, but regardless of where it is played, there is an immense crowd. Forty to fifty thousand people turn out to see the cracks of the two countries play and the enthusiasm is unmatched by anything in the United States, unless it be the world's series between the pennant winners of the two major leagues.

M'MAHON MAKES SWEEP. Takes Two Big Evens at Wisconsin State Fair.

Milwaukee, Wis., Sept. 10.—Temper Fug, driven by Dick McMahon, of Chicago, had an easy time winning the Chicago, of \$5,000 in the 2:20 trot; time 2:14; 2:14; 2:12.

Litador, another of the McMahon string also had her own way in the 2:26 pace at the closing day of the state fair. Time, 2:07; 2:09; 2:08. Both horses were not in either race and had they gone their pace the distance had would likely have been some of the other contenders. There were only four starters in the hotel purse and three in the 2:06 pace. The weather was warm and the track very fast. Better time, classes were won in some of the lesser events.

DANDELION DEFEATED. Brookdale Nymph, 4 to 1, Wins the Omnium Handicap.

Sheephead Bay, Sept. 10.—Brookdale Nymph, 4 to 1 shot, won the Omnium handicap here yesterday, defeating the favorite Dandelion in a drive by half a length. Nicol, who rode Dandelion, claimed a foul, which was not allowed. As the race was a handicap, the odds were 4 to 1 in favor of Dandelion. He stepped the distance in 2:38 1/2. The previous time was 2:30 1/2.

Hutchison is Coach. Lincoln, Neb., Sept. 10.—The polo ground of Wyoming, where the Hutchison of St. Joseph, Mich., in the fourth round here last night. The fight was scheduled for ten rounds.

Morrison Defeated. Denver, Sept. 10.—Muggsy Sholes of the Denver team, who was defeated by Morrison of St. Joseph, Mich., in the fourth round here last night. The fight was scheduled for ten rounds.

Will Take Up Soccer. Duluth Devotees of Game to Get Busy This Year.

Revival of Sport is Going On Throughout the Country.

The association football players of Duluth are talking of getting together soon, organizing a team, or a number of teams, if there is a sufficient number of players available, and getting into the game with full force this fall.

The soccer game has been neglected to a certain extent in Duluth in recent years, although it has many warm devotees in the city. There has been a time when it was played quite generally on the corner lots, but it gradually died away, until for some time past, there has been very little association football played.

Association football is a good game, and it is warm devotees of it, and they would rather see the game than the best matches of the American variety. The Duluth adherents of the game are mostly from Canada, or across the sea in England and Scotland, where the game ranks above all other sports, and they will make an effort to get it firmly established among the sports of Duluth.

There is a revival of soccer football going on throughout the entire country. It began a few years back and has gradually spread, until the game is being taken up by colleges in some points and has been used by prominent football coaches as a training exercise for their rugby players. Nearly every city of any consequence now has its association football team, and the supporters show just as much enthusiasm as the most rabid college crowd over an American football game.

Soccer football, in general principles, is similar to the American game. It calls for the placing of a ball into a goal for a count, but the mode of attack and defense are different. The ball is not carried. It is kicked, or dribbled along on the ground. A route being used, instead of an oval, and the material is the same as that used in the rugby ball. As the game is played only on Saturday afternoons, but the support accorded it and the enthusiasm shown make it a game of the American public toward baseball in summer.

In England and Scotland fabulous

it was to observe the distress of others. Mr. Grillo may be satisfied with the amount of money he has made from baseball, but for every one of his kind, 99 people, who have hovered around the flame of baseball and been singed, rise up to remark that Mr. Grillo is a contented man.

Kelly's Predicament. Joe Kelly's mad. He's real angry because George Devoy of the Boston Nationals wants to draft him.

Mr. Grillo has arisen to a point where he doesn't want to go back on any major league salary list.

And pay railroad fares for about thirty alleged ball players during the season, and keep each one about two weeks before handing out the big ticket.

And have about ten people to a game and a magnificent Sunday crowd of 100 or so.

And find star men jumping the team salary list, and some jumping the list of worst-out camps in the league.

And have the ball players clamoring for the star men to be put in the line, and find himself at the end of the season, with a bunch of men to meet, a bundle of worst-out camps in the league, and not a ball player on the list.

Michigan May Be Satisfied. games, while Michigan will play but one contest, which will excite any interest outside of the two schools interested in the game. The game with Pennsylvania, to be played at Ann Arbor is the only really

know very much about football, but they're willing to learn, and to all appearances their teacher will have no trouble installing in them the principles and practice of the game.

players into rowdies, Gee, I wish Duluth had a rowdy manager."

I didn't know Hibbin' was as sporty as Houghton, but that is to score a close second to anything de Sox committed in de Copper country."

De La Crosse papers say: "Treezy stuck his mit eight feet in the air and appeared the thro' Pleasant memories of a sorrowful season."

De Minneapolis cops might be good at catchin' thieves, but de Duluth cops ain't 'tves an' dey wouldn't be caught."

If dere ain't no broken bones on 'busted nugs at de University of de Sox, de de football season, it won't be de schedule's fault. Gee, a man dat'll go 'ru dose games wit' a whole skin out't be able to lick Jim Jeffries without tryin'."

De Cubs an' de Unknowns is de way dey'll hafta bill de championship series, if de American league show keeps up much longer."

De say dat w'den 'Puhbin' an' Virginia plays ball together dere's more smoko grin dat w'den de ore trains go up de hill de Duluth."

If de St. Paul team in de outlaw league next year's de like de one in de American association dis year, let's stick to de Copper country."

Gov'nor Johnson says dere ain't gona be no more fights on de river. What's de matter wit' tryin' a few on de land?"

Spose Joe Gans'll hafta make anudder trip 'ru de country now, to take con-gratulation an' 'tain dat's is'n' around loose."

If dere's no Northern league next year, w'd'll Virginia do for a baseball team after de first of September?"

ditton and men of his weight will find him an interesting opponent.

The first preliminary was between the two heavyweights, and the match was the heaviest and threw his lighter opponent around almost at will, getting the first fall in 14 minutes. The little fellow stalled in the second round and stood the fall for eight minutes, when he was pinned with a fullelson.

Rudolph Fraze and Neil Nygard gave a miserable exhibition of stalling. In the first, they gave the crowd hopes of seeing a good match, making things pretty lively. Fryk getting a fall in 4 minutes. The second round was a declaration of the offense on the side of the Danes. He might have thrown Nygard again, but he didn't make any show at aggression, and after they had been at it for minutes, they were called off the mat.

Maxine and Ernie, who was present, and challenged the winner of the Fryk-Nygaard bout before the match was finished. No winner was declared. Har-ri is also on the trail of some of the other men in last night's match, and he will probably get on with some of them soon.

The winner of the main event, is in good shape now and is counting on the second round to make a killing. He is also on the trail of some of the other men in last night's match, and he will probably get on with some of them soon.

POOL MAKES BIG KILLING

Syracuse Combination Backs Daniel and He Wins.

Syracuse, N. Y., Sept. 11.—While pools are not sold on the ground of the state fair there were many persons in the grounds at the grand circuit races yesterday that were financially interested in the race of the Syracuse combination made a killing on Clinton Snook's gelding, Daniel, with a quick Harvey Ermet, who was straight from a field that comprised some performers as Tokio, Marjorie, Burns Girl and Ossiveliers. A small force of champions on the result. Daniel outwitted the

## Powhatan and the Virginians

Powhatan was ruler over thirty Indian tribes, and his dominion covered the vast region now known as the Virginias. He was one of the wisest, craftiest and most tactful chiefs that ever lived. He lived in what might have been called royal style for an Indian. He had two homes in different parts of his country and hunting cabins—where he might rest while hunting far from home—scattered about through the forest. Whenever he went on long expeditions he was attended by fifty picked and fierce braves.

Of all Powhatan's numerous children his daughter Pocahontas was said to have been his favorite. (The story of Pocahontas, brave deed is familiar to all who have read the history of the settling of this country by the English.) When Powhatan received visitors he was dressed in a gorgeous garment of racoon skins, and his face, arms and shoulders were painted in a most striking manner. About his neck and wrists he wore strings of ornaments made from fish bone, glistening pebbles, shells and elk's teeth. On his head was a crown, or head-dress, made of birds' feathers and claws.

It was during Powhatan's reign that the Englishmen sailed up the James River and settled in the great chief's country. On their first coming the red men were very friendly to them, giving them of corn to eat and of skins to dress themselves in. Then, leaving many men, women and children in the "New Country" the ships of the "Pale-faces" went away, their captain and crew feeling that those left behind on strange shores would be safe till their return from England with supplies of food and clothing.

But the following year, when again the ships of the Englishmen came sailing up the James River, the captain, to his horror, found not one white person living to tell the tale of their conflict with hunger, cold and savage Indians. In vain did John Smith endeavor to find some trace of the colony that had been planted on the shore. He sought for the "Lost Colony," but in no manner was he ever made to give a sign of knowledge of the little band of people whose houses were found in ruins and whose bones were scattered far and wide.

But soon Powhatan became hostile to the white men that threatened his territory. And he caused the settlers to little anxiety and trouble by his treatment of them. Had it not been for fear of these wonderful dreamers in the possession of the pale-faces, which remained a fearful mystery to Powhatan, and for the fact that for his favorite child, Pocahontas, fell in love with and married the young Englishman, John Rolfe, there is no reason to doubt that he would have waged a relentless war on the colonists. But under the circumstances he made a treaty with the pale-faces and kept peace with them.

Nine years after Captain John Smith landed at Jamestown, Powhatan, old and gray, died a natural death, and was deeply mourned by his many wives and thirty tribes.

His beloved child Pocahontas, went to England, with her husband, and there she spent her life and was buried there.

Did you ever, ever, ever, In your land, land, life, See a Indian girl, a Indian girl, With a bow, bow, bow?

Did you ever, ever, ever, On a ship, ship, ship, See a Indian girl, a Indian girl, With a bow, bow, bow?

Did you ever, ever, ever, On a ship, ship, ship, See a Indian girl, a Indian girl, With a bow, bow, bow?

Did you ever, ever, ever, On a ship, ship, ship, See a Indian girl, a Indian girl, With a bow, bow, bow?

## How a Family Feud Started in Bearville.

BY MAUD WALKER.

Bearville was a delightful place situated at the foot of a lovely mountain. Right through the streets of Bearville flowed a most beautiful mountain stream filled with trout which the inhabitants of Bearville caught with hook and line for their breakfast.

As the name would signify, Bearville was a little city of bears. But were you to visit the town you would find it built of the coarsest little cottages your eyes ever fell upon. The special kind of bears that settled here and built the town of Bearville does not wander over the face of the earth, and those of the readers who would see how the town was built by these little people must visit this locality—this peculiar and interesting village—to do so.

And the way the bears of Bearville talked would astonish any one not accustomed to talking bears. Indeed, they had mastered the English language sufficiently to carry on the most interesting conversations and their business was conducted just like that of two-legged folk.

The mayor—or "Chief Bear" as he was called in Bearville—was a very knowing old fellow, indeed, and his wife and daughter and small son were courted by the best bears of the town, the daughter being the belle of the younger set in society. (Oh, yes, of course the bears of Bearville had their grades of society just as do the two-legged folk.)

Now, the name of the Mayor—or Chief Bear—was Sharpnose. He was always addressed as "Your honor, the Chief." And his wife was the honorable Mrs. Sharpnose; their daughter was Miss Flopsy Sharpnose, and their son was Master Cute Sharpnose.

Across the street from the Sharpnoses lived a lady bear by the name of Softfur. She was a wealthy widow with an only son, a young bear just reaching his majority. It was the wish of the Sharpnoses and Mrs. Softfur to make a match between Mrs. Softfur's son—his name Bruno—and Miss Flopsy Sharpnose. And the young bears were not averse to each other. On many a moonlight night did the young and gallant Bruno Softfur take his guitar and station himself beneath Mrs. Flopsy's window where he would play the most heart-rending strains in recompense to some well-sung dittie composed by himself. And Miss Flopsy would peer from her vine-covered window with a smile, to her gallant admirer a rose which she had been wearing over her ear. And so did the friendship between the Sharpnoses and the Softfurs strengthen and knit stronger and stronger with each visit of the love-lorn Bruno to the window of Miss Flopsy.

Now, in Bearville there were some very naughty little boys, for all the world like the naughty boys among the ordinary two-legged folk. These wayward cubs would resort to many unwholesome tricks to torment their neighbors and towns-bears. One day, a couple of these mischievous cubs set out to "have fun." And the fun consisted in ringing door bells and tapping on window panes. Then, before the dwellers of the houses could in his big play grow tired of his own home, when one day he overheard two cubs talking. He listened to their conversation as he heard his father's name mentioned. The cubs were acquaintances of Cate's, and were sitting outside the hedge that surrounded Cate's play ground. They were just aware of Cate's presence, then. One was saying: "Don't it make a bear laugh to hear of all this feud between two of the best families of the town, and all through such a silly mistake? And to think that it was you and me, cub, that set the whole thing going. We'd been ringing Mrs. Softfur's bell till she got tired of it, so she had her maid pour water down on what she supposed to be our heads. And to think that we saw it all! By the holy bear of all my grandfathers, but it's funny what fools smart people will make of themselves, isn't it?"

And Cate heard the other cub say: "You bet. But it would never do for us to tell it. We'd be skinned alive."

Cate made tracks to the house and ran to his parents and told all that he had heard.

The Chief and his honorable wife listened dumbfounded. They now understood it all. Quickly dressing in their best they went across the home of Mrs. Softfur and politely begged her forgiveness.

Within an hour the joyous news was spread that the Sharpnoses and the Softfurs had "made up." And you'd better believe there were gay times the following week. The Softfurs and the friends of the Sharpnoses presented Cate with a fine new set of silver mounted roller skates in token of their appreciation of his having brought the feud to an end.

And that same night Bruno played and sang beneath the window of Miss Flopsy, she smiling down and tossing him a rose from her ear.

There are two morals to this story. Do you understand them?

"Oh, yes, let's go to the moon!" cried Katie, clapping her hands. "Yes, I just love a tall-ho," exclaimed Katie. Then, her face becoming serious, she asked: "But what's that a tall-ho, sister? Is it like anything I ever saw?"

"It's a big body of land," informed Marie. "It's surrounded—or nearly so—by water. North America is a continent."

"And shall we cross North America?" asked Jack, his eyes full of happy anticipation. What a journey, indeed! And then to say it by a trip to the moon!

"Yes, we can either cross North America, or South America, whichever we choose," said Marie. She was a bit proud—and justly so—of her knowledge of geography.

"Which is the nicer of the two?" asked Jack who was always intensely interested in the scenery they were traveling through.

"Well, since we live in North America—and know how it looks—suppose we go across South America," said Marie.

"Yes, I'd like that very much," declared Katie. "And let's hurry, or we'll be too late for the tall-ho."

There was a long and heavy lava bench in the yard. This was chosen for the tall-ho. Three footstools, brought from the house, were placed on the

street corner, laughing softly as they watched the questioning faces of house-maids or lady bears that peered forth from the doors.

And it so happened that they went on the steps of the house of Mrs. Softfur just as the honorable Mrs. Sharpnose set out from her own house to make some social calls. The naughty cubs rang the bell of the Softfurs, then scampered away, hiding behind a thick clump of shrubbery in the yard. Mrs. Softfur herself opened the door to find no one there. She knew instantly that some mischievous cubs had rung the bell, so she turned to the laundry where Perle is doing the family washing and bring a pitcher of warm suds up here. When those cubs ring again—which they are sure to do within a few minutes—you shall pour the suds down all over them. You may station yourself at my chamber window upstairs, which overlooks the front-door steps, and as soon as you hear the bell ring throw the water down as quickly as you can."

Better, a stupid sort of house-maid bear, did as she was ordered; but had she possessed the slightest bit of good sense a lot of trouble would have been avoided. She stationed herself by her mistress' chamber window, which was open, and

pretty soon there came a long, loud peal of the bell. Even while it was ringing Mrs. Softfur, in her library, called out so loudly that her voice could be heard by the person ringing: "Betty, toss out the suds, quickly!" And without first looking down to see whom she might be dressing Betty poured the contents of the pitcher out of the window, it going all over the honorable Mrs. Sharpnose who was standing on the steps ringing the bell. She had come to pay her respects to her friend, Mrs. Softfur. With an exclamation of surprise and horror the honorable Mrs. Sharpnose shook the suds from her spotted hat and beautiful gown. She was dripping from head to foot; and looking up towards the window from which the deluge came she rang again, peal upon peal, intending to bring some to the door or whom she might ask—indeed, demand—an explanation. But a voice from downstairs—which she knew to be that of her friend, Mrs. Softfur—came to her ears. It cried: "Betty, pour more water down there and tell that peat to get away or I'll call for the police!"

But before Betty, the stupid, could procure more water the outraged honorable Mrs. Sharpnose was hurrying across the street towards her own magnificent home. She was so angry that at first she could not find voice to explain her predicament

to her maid who let her in. Then, finding voice she exclaimed: "Simpson, go at once for your master, the Chief. I've this day been mortally insulted. Never before have my feelings been so outraged. That woman shall be made to suffer for her outrage on me. And to think that I could hear her voice directing her maid to throw dirty water down on me, and later to hear her call me a peat and to say unless I got away from there she would call the police! Oh, how dared she? Oh, what an outrageous insult! I, the honorable wife of the Chief Bear of Bearville, to be drowned in hot suds; my splendid gown ruined and my beautiful hat forever spoiled. Well, that old mean thing—Mrs. Softfur—shall pay dearly for this work!"

How long the enraged lady bear might have kept up her angry threats against her innocent neighbor across the way is not known, but she was stopped by the hasty appearance of her husband and daughter. They arrived together, having been en route homeward when the servant met them to bid the Chief come home.

To say the Chief Bear was angry does not express his outraged feelings. He slumped away, and swore to take this not only as a personal insult to his wife and family, but as a political insult to himself. Ah, he knew the reason for Mrs. Softfur's unpardonable conduct! She wanted

to ruin him in the coming election; wanted to have her own son, Bruno, made Chief Bear of the city! She had thought to place the honorable wife of the Chief Bear in a most ludicrous and humiliating light. Who might not have been passing at the moment when the water was poured over the head of the honorable Mrs. Sharpnose? Suppose some of their envious enemies had been in the street at the moment! Horrible! The honorable Mrs. Sharpnose could never have held her head up after being seen in such a plight! But, thanks to her lucky stars, there had been no witnesses to behold the wretched lady bear's pitiable condition.

That evening the Chief Bear called into consultation several of his warmest friends and lay the matter before them. A committee was appointed to call upon Mrs. Softfur and demand a public apology from her, or in the event of her refusing to grant it, to be told that she and her son should be fought by the Sharpnoses and their kin so long as Bearville should last.

Mrs. Softfur was dumfounded when told that her friend had met with such treatment at the hands of her stupid servant. In vain did Mrs. Softfur protest that it had been an accident; and in vain did she tell the committee that she had been annoyed by some mischievous cubs, and that she thought it was they who were ringing at her bell. And she explained just how the water came to be poured over the head of her friend, the honorable Mrs. Sharpnose. To all of which the committee shook their heads, saying: "You must make a public statement that you did this thing—or had your servant do it—and also make an humble apology."

Then it was Mrs. Softfur's turn to get angry. She declared she would do no such thing as plead guilty to an offense which she did not commit. She furthermore declared that since the committee—at the instigation of the Sharpnoses—had seen fit to insult her by refusing to accept her word as truth, and to allow her to explain, and to express her sincerest regrets that so grave an accident should have happened to a friend, and that on her own doorstep, she would herself demand of the Sharpnoses an explanation of their strange resentment towards her, and then she would then for having sent to her a committee so wanting in courtesy and good breeding.

But the two who suffered the most were Miss Flopsy and her lover, the gallant Bruno. They were forbidden by their little parents to meet each other, and the two sadly pined away.

Just how much more serious the matter might have become is not known, but it had been stopped just when it was. Little Cate Sharpnose was playing about in his big play ground, and of his own home, when one day he overheard two cubs talking. He listened to their conversation as he heard his father's name mentioned. The cubs were acquaintances of Cate's, and were sitting outside the hedge that surrounded Cate's play ground. They were just aware of Cate's presence, then. One was saying: "Don't it make a bear laugh to hear of all this feud between two of the best families of the town, and all through such a silly mistake? And to think that it was you and me, cub, that set the whole thing going. We'd been ringing Mrs. Softfur's bell till she got tired of it, so she had her maid pour water down on what she supposed to be our heads. And to think that we saw it all! By the holy bear of all my grandfathers, but it's funny what fools smart people will make of themselves, isn't it?"

And Cate heard the other cub say: "You bet. But it would never do for us to tell it. We'd be skinned alive."

Cate made tracks to the house and ran to his parents and told all that he had heard.

The Chief and his honorable wife listened dumbfounded. They now understood it all. Quickly dressing in their best they went across the home of Mrs. Softfur and politely begged her forgiveness.

Within an hour the joyous news was spread that the Sharpnoses and the Softfurs had "made up." And you'd better believe there were gay times the following week. The Softfurs and the friends of the Sharpnoses presented Cate with a fine new set of silver mounted roller skates in token of their appreciation of his having brought the feud to an end.

And that same night Bruno played and sang beneath the window of Miss Flopsy, she smiling down and tossing him a rose from her ear.

There are two morals to this story. Do you understand them?

"Oh, yes, let's go to the moon!" cried Katie, clapping her hands. "Yes, I just love a tall-ho," exclaimed Katie. Then, her face becoming serious, she asked: "But what's that a tall-ho, sister? Is it like anything I ever saw?"

"It's a big body of land," informed Marie. "It's surrounded—or nearly so—by water. North America is a continent."

"And shall we cross North America?" asked Jack, his eyes full of happy anticipation. What a journey, indeed! And then to say it by a trip to the moon!

"Yes, we can either cross North America, or South America, whichever we choose," said Marie. She was a bit proud—and justly so—of her knowledge of geography.

"Which is the nicer of the two?" asked Jack who was always intensely interested in the scenery they were traveling through.

"Well, since we live in North America—and know how it looks—suppose we go across South America," said Marie.

"Yes, I'd like that very much," declared Katie. "And let's hurry, or we'll be too late for the tall-ho."

There was a long and heavy lava bench in the yard. This was chosen for the tall-ho. Three footstools, brought from the house, were placed on the

street corner, laughing softly as they watched the questioning faces of house-maids or lady bears that peered forth from the doors.
